WISE AND OTHERWISE

Doctor—He'll be up in a day or two Mrs. Jones. Why all this distress?

Apprehensive Wife—I was so afraid, doctor; all night he was practising the harp on the bed-rails.

Only the uninformed endure the agony of corns. The knowing ones apply Holloway's Corn Remover and get relief.

Fortune Teller—You wish to know about your future husband?

Customer—No; I wish to know about the past of my present husband for future use.

She—See that girl at the third table. Don't you think she's awfully young to wear such a decolette gown?

He—Well, she certainly is a stripling.

Recognized as a leading specific for the destruction of worms, Mother Graves' Worm Exterminator has proved a boon to suffering children everywhere. It seldom fails.

"Well, sir," began the talkative salesman, "they say silence is golden and speech is only silver—"

"Yes," put in the busy business man, "and please make your speech quick-silver."

"Sir, I have not eaten for two days."

"Splendid, my friend, I congratulate you. If everybody had your will power, the cost of living would undoubtedly go down."

For Burns and Scalds.—Dr. Thomas' Eclectric Oil will take the fire out of a burn or scald. It should be at hand in every kitchen so that it may be available at any time. There is no preparation required. Just apply the oil to the burn or scald and the pain will abate and in a short time cease altogether.

Rogers was walking with an absent-minded friend.

"Yesterday," he said, "Mrs. Fulsome half recognized me. She asked me if my name was Rogers."

"And was it?" asked his friend.

For Frost Bites and Chilblains.—Chilblains come from undue exposure to slush and cold and frost-bite from the icy wind of winter. In the treatment of either an excellent preparation is Dr. Thomas' Eclectric Oil, as it counteracts the inflammation and relieves the pain. The action of the oil is prompt and its application is extremely simple.

A Frenchman learning English said to his tutor: "English is a queer language. What does this sentence mean: 'should Mr. Noble, who sits for the constituency, consent to stand again and run he will in all probability have a walkover'?"

Miller's Worm Powders are a prompt relief from the attacks of worms in children. They are powerful in their action and, while leaving no injury to the child as a worm expellant, have an invigorating effect upon the youthful system, remedying fever, biliousness, loss of appetite, sleeplessness and other ailments that follow disorders caused by worms in the stomach and bowels.

A Belgian woman, who lost her husband in a railroad accident, received from the company $2,000 by way of compensation. Shortly afterward she read of a traveller getting twice as much for the loss of a leg. She went to the company and protested that the difference was unfair.

"Madam," said the official, "the two awards are perfectly fair. Four thousand dollars won't provide the man with a new leg, but for $2,000 you can easily get a new husband."

"I say, Geddsby," said Mr. Smith, as he entered a fishmonger's with a lot of tackle in his hand, "I want you to give me some fish to take home with me. Put them up to look as if they had been caught to-day, will you?"

"Certainly, sir. How many?"

"Oh, you'd better give me three or four—make it look decent in quantity without appearing to exaggerate, you know."

"Yes, sir. You'd better take salmon, though."

"Why? What makes you think so?"

"Oh, nothing, except that your wife was here early this morning and said if you dropped in with your fishing tackle I was to persuade you to take salmon, if possible, as she liked that kind better than any other."

WITH BEES IN SPRING

Managing the Wee Workers at the Crucial Time.

First See That They Are Well Fed—Examine Hives Carefully for Foul Brood—Clip the Queen's Wings—Making and Controlling Increase.

(Contributed by Ontario Department of Agriculture, Toronto.)

Unless the beekeeper gave each colony an abundance of feed in the fall, not less than fifty pounds per colony, the first manipulation in early April should be to feed all colonies which do not have at least twenty-five pounds of stores left in the hive. Many colonies starve in the spring and many others remain weak because there is not sufficient food in the hive to allow the queen to lay to capacity. One frame of honey is required to produce one frame of brood and to be in condition to give a good surplus honey crop there should be not less than ten frames of brood by June 15th. The syrup for spring feeding should be two parts water and one part sugar. Care must be taken against robbing when feeding the syrup.

The entrances of all colonies should be reduced so that only a few bees can enter the colony at one time. This tends to prevent weak colonies from being robbed and also keeps the colonies warmer, which permits an expanded brood-nest.

Queenless colonies and colonies which do not cover two frames thickly, should be united with strong colonies. The simplest method of uniting colonies in early spring is to place the very weak or queenless colonies on top of strong queen-right colonies, with one sheet of newspaper between the two brood chambers. This should be completed in the evening. The bees will quickly gnaw through the newspaper and unite peacefully. If American foul-brood is present in the apiary, colonies must not be united unless to other colonies having American foul-brood.

When the colonies have been united and have sufficient food, they need no further manipulation until the period when dandelions and fruit trees bloom. This is a very important time and a little attention given to the bees will result in increased profit.

The three manipulations which should be completed during the dandelion and fruit bloom period are (1) Clip the wings of queens; (2) Examine every colony for foul-brood; (3) Give all strong colonies extra room.

We clip queens' wings to control the swarm, also that the age of the queen may be known. A part of the two wings on one side are removed with the aid of a small pair of scissors. The reason for clipping the wings of the queens during this period are as follows: (1) Queens are easily found; (2) There is little likelihood of clipping virgin queens; (3) During a honey flow queens are less liable to be killed; (4) The operation is completed before the swarming season commences.

The brood-chamber of every colony is examined for American and European foul-brood. If the colonies became infected the previous fall or secured infected honey through robbing or otherwise in early spring, American foul-brood will most likely be found at this examination and preparations can be made for treating the diseased colonies either at once or at the beginning of the main flow in June.

If European foul-brood is present it can be easily detected at this time and preparations completed so that it cannot do serious damage. While American foul-brood is apparently only contagious, European foul-brood is highly infectious and endemic where black or hybrid bees are kept. Resistant strains of Italian bees, strong colonies and an abundance of stores will rob European foul-brood of its menace to beekeeping.

The third manipulation at this time is to add an extra brood-chamber to every reasonably strong colony. No queen-excluder is used and the queen has the use of the double brood-chamber until the colony honey flow has nicely commenced. In some seasons when the weather is favorable the stronger colonies may even need a third hive-body above an excluder, as a super for surplus honey from fruit bloossoms and dandelions.

While swarming does not usually occur until late June and early July, the swarming fever commences in many colonies during the fruit bloom and dandelion period because they are crowded and have not sufficient room to store surplus honey and enlarge the brood-nest.

When the clovers begin to yield, it is time for the beekeeper to crowd the queen into the lower brood-chamber. Take enough frames of the youngest brood, unsealed and eggs, and place these in the upper brood-chamber. Then place the remaining combs and queen in the bottom brood-chamber and place a queen-excluder on top. Next place on an empty super and the full hive-body of brood on top of the super.

If the beekeeper wishes to make increase, this body of brood can be removed to a new stand ten days after it was placed on top of the super. Unless the honey flow has stopped, ripe queen-cells will be found and all the brood will be sealed so that when the field-bees have returned to the parent hive, there will be little danger of chilling the brood. The increase should be examined in three weeks to be sure the queen is laying.

If the beekeeper does not wish to make increase, all queen cells should be destroyed within a week after the brood was placed on top and the bees will fill the combs with honey as the bees emerge.

Much honey is lost to the beekeeper because of lack of room and colonies should be examined at least once a week during a honey flow and supers added whenever the last one added is one-half to two-thirds filled.

THIS WOMAN'S MISERY

Ended by Lydia E. Pinkham's Vegetable Compound. Remarkable Recovery of Mrs. Church.

Smiths Falls, Ont.—"I suffered with falling of my organs, pains around my heart and in bowels and down my legs, neuralgia in my face and head, and that terrible sinking feeling. I felt that I could not live and would fix my house in order every night as there would be no trouble if I dropped off in the night. My husband went to the druggist to get the best remedy he had and he gave him Lydia E. Pinkham's Vegetable Compound. I took six bottles and felt a lot better. I will always recommend the Vegetable Compound, and you can use these facts as a testimonial."—Mrs. J. G. CHURCH, Box 845, Smiths Falls, Ont.

The success of Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, is unparalleled. It may be used with perfect confidence by women who suffer from nervous prostration, displacements, inflammation, ulceration, irregularities, periodic pains, backache, bearing-down feeling, flatulency, indigestion and dizziness. Lydia E. Pinkham's Vegetable Compound is the standard remedy for female ills.

If there are any complications about which you need advice write in confidence to Lydia E. Pinkham Medicine Co., Lynn, Mass.

IN MEMORIAM.

In loving memory of William H. Yates, who departed this life March 30th, 1920.

Sadly the sun is gleaming
Upon your silent grave,
Where thou sleepest, dearest Willie,
Which we loved but could not save.
One long year since that sad day
God called the one we loved away;
His memory is as fresh today
As at the hour he was called away.

Sadly missed by Father and Mother
Sister and Brothers. 13ap

IN MEMORIAM.

In loving memory of Henry M. Loyst, who entered into rest April 1st, 1915.

Alone in my sorrow and sad tears do flow,
Stretch a dream of sweet long ago;
And, unknown to the world, he stands by my side,
And whispers these words death cannot divide.

I pictured his face returning,
I longed to clasp his hand,
But God has postponed the meeting
Till we meet in the Promised Land.

He has climbed the hill to the pearly gate,
Where the band of angels constantly wait,
And passed in through with staff and rod,
Forever at home in the City of God.

13ap —Wife.

IN MEMORIAM.

In sad and loving memory of dear father, Peter Davis, who departed this life on April 1st, 1920.

Oft I think of my dear father,
And as dreams another year,
In my lonely hours I ramble,
Thought of him are always near.
Though his loving voice is silent,
And his true heart ceased to beat,
Yet we miss his well known footsteps
And his face we used to greet.

13ap —Son Wesley.

Wall Paper.

We kindly invite the Public to call and see our stock of Wall Paper, which for designs and patterns have never before been equalled or surpassed in Napanee. Prices to suit purchaser from 25c. per roll up to $3.00. Our papers are principally 22 and 20 inches wide. We have a few samples of the 18 in. stock of last year, but 18 in. paper is now a back number. We wish to draw your attention particularly to our 22 in. paper, which some one states you pay more for. We grant you pay more per roll for it. Why? Because it covers more surface. They both contain the same number of yards (8) in a single roll. It is very easy then to see why the 22 in. paper costs more. We think you will agree with us when taking everything into consideration that it will not cost any more to paper a room, if as much, with the 22 in. paper. For example, take a room which will take ten rolls of 18 in. paper, eight rolls of the 22 in. will do. You have less strips to hang, therefore your paperhanger does his work more quickly. However, call and see us before purchasing elsewhere.

The Wall Paper Trade

For the season has started early, owing to the mild weather. We are ready to supply all the requirements of householders, having now on hand the very largest stock ever, in point of variety of patterns and designs. We can safely guarantee the very lowest prices, as we bought our present stock before the recent advances by the manufacturers. We have the different widths from 18 inch to 30 inch. If you buy the 22 inch paper you pay more for it than for the 18 inch. The manufacturer must pay more for the extra raw material, and for the colors that make the pattern. Every honest dealer will acknowledge that. Our prices run from 15c. per roll up. We are satisfied from the sales we have already made that our stock and prices are right. We have already been obliged to re-stock some of the leading lines, particularly the Oatmeals and their Borders.

We invite intending purchasers to see our samples and get our prices before buying.

Chevrolet Motor Company Deals With Price Problem in Logical Way

The Chevrolet Motor Company in a recent announcement deals with the present price problem in a most sensible and logical way.

It seems that a part of the company's program is based on the production of 50,000 Model "Four-Ninety" cars. This model is well known and there are about 500,000 in use. The company proposes to build the 50,000 before August 1st, 1921, and if it reaches this number, and it has every reason to believe that it is going to be successful, each purchaser of an open car of the "Four-Ninety" type will receive a refund of $70, and those who buy closed cars of this type will receive a refund of $100.

A certificate setting forth the terms of the plan will be given to each retail purchaser and the total number of Model "Four-Nineties" produced by Chevrolet factories during the period which governs the proposed plan, will be published not later than August 10th, 1921.

Those who purchased Model "Four-Ninety" Chevrolets under the Chevrolet Motor Company's price guarantee of last October, benefit by the refund plan.

During the period of readjustment the Chevrolet Motor Company, mindful of its duties to its employees, its patrons and the general public alike, refrained from making any impulsive price change. They knew that a drastic cut, based on a guess as to future conditions could have only one effect—the destruction of the nation's buying power. It would tear down public confidence and stagnate the movement of crops and merchandise. It would slash wages and visit suffering and hardships on millions of people.

But conditions have changed. Raw material prices have found new low levels. Inventories have been readjusted to the bottom of the market, and it is therefore possible for the company to make a definite proposition based on quantity production.

—Fred Wilson shipped in the last three weeks five cars of stock from Napanee and Marysville.

—Mr. J. F. Smith brought to our office on Tuesday a wood violet, picked in the woods on March 29th.

—Mrs. Davison, widow of the late Andrew Davison, died at Picton on Saturday. Mrs. Davison is a sister of Mrs. A. A. Hewett, Napanee.

"The Great Adventure"

—H. Tinney and Leslie Davis shipped a load of good horses to Montreal, which was a credit to the buyer who bought them, as well as to the farmers.

—Mrs. Blanche Gamble has been granted a decree of divorce from William Herbert Gamble; separate maintenance or alimony was not asked for nor received.

—Mr. and Mrs. Angus McQuaig and family wish to thank their many friends and neighbors for the kindness shown them during the sickness and death of their son, Malcolm.

—The members of the W. C. T. U. will attend Trinity Church on Sunday morning next at 10.30 o'clock to hear the Rev. Dr. Shorey's address. All members are asked to be present.

Strand Theatre

—John Cassidy, Centreville, received a bad cut on the hand from coming in contact with a buzz saw operating on his own farm. Several stitches were required to close the wound.

—A new class for beginners will be started in the Napanee Public Schools after the Easter vacation. It is desirable that children wishing to join this class commence on the first day. Another class will commence in September.

—On Easter Monday night the Bachelors and Benedicts of Napanee gave a very charming dance at the Armouries. Garrett's Orchestra, of Brockville, furnished the music. A committee of gentlemen saw that everyone had a good time.

To-night.

H. W. Kelly has all sorts of Potted Plants in bloom; also Ferns, all varieties and sizes, for Easter gifts. Also a fresh lot of Candy or bon bons, in 1 lb. boxes, he is selling for 50c. Try it. He has a fresh lot of Kellogg's Bran in packages, for muffins. 12b

—Mrs. Jas. Bailey, of Odessa, has rented her house and lots in Odessa to Mr. Dwight Frink, General Merchant, of Kingston, and recently sold her other house and two lots to Mr. T. Griffiths, and left on Saturday last to spend the summer with her daughter in Cunsecon.

—The Easter meeting of the Sillsville Woman's Auxiliary has been postponed from Easter Monday until Thursday, April 7th. The Easter Thankoffering and election of officers in addition to an interesting programme make it desirable that all members and those interested be present, at Sillsville Church at 2.30 p.m.

—The Easter services at St. Mary Magdalene's Church were exceptionally impressive. The number of communicants at the two morning services was very large, and the congregations good throughout the day. The Easter music was well selected and tastefully rendered by a choir of forty voices. The Vicar preached on "Heaven" in the morning and "The Unsealed Tomb" in the evening.

—On Friday evening, March 25th, a happy gathering of nieces and nephews assembled as a surprise at the home of Joseph B. Lucas, Montreal, to congratulate him on having reached the 84th milestone and wish him many more happy birthdays. After a short address and presentation, followed by speeches, dainty refreshments were served and the evening passed very quickly. Cards and greeting messages were also received from many distant friends.

—His Honor Judge Lavell heard the case of Wakelin, farmer, plaintiff, vs. Wilson, dealer, defendant, in the Division Court on March 9th, to recover the price for a cow. His Honor reserved his judgment on that day to further study when the ownership was transferred. D. H. Preston, K.C., Esq., for plaintiff, contended that the ownership was transferred at the time of sale and deposit paid. His Honor gave judgment on the 18th inst., for Plaintiff, with costs. D. H. Preston, K.C., for plaintiff; W. S. Herrington, K.C., for defendant.

—The Parsonage of Queen Street Methodist Church, Kingston, was the scene of a quiet but pretty wedding at the noon hour on Thursday, March 24th, when Mr. Ernest LeRoy Amey, general merchant and auctioneer, of Vergha, was united in marriage, by Rev. W. S. Lennon, B.A., B.D., with Miss Jean Rogers Grant, of the same place, who was given away by her brother, Mr. J. A. Grant, of Englehart, Ont. A small group of friends of both parties witnessed the ceremony. The happy couple left immediately on a wedding tour to Toronto, Wallaceburg, and other western points, previous to taking up their residence in Verona.

—Easter Festival services at St. Mark's, Deseronto, were inspiring and uplifting and well attended. A record number made their Easter Communion. The Easter lilies were lovely, a memorial gift from Mrs. John Berry and family. The organist, ably assisted by the choir, rendered a beautiful musical service, and many complimentary remarks were made by the members of the congregation about the Easter music. The offerings were liberal. The musical portions of the service will be repeated Sunday, April 3rd. "And now comes Easter morning." Every guess and dream and hope becomes suddenly lighted up with certainty. Death is not the end of all things. It is worth while to struggle for there is a to-morrow coming."—Phillip Brooks. Good Friday services were well attended and appreciated.

Bob Taylor (holding a post-mortem)—All I needed was a king to—

Jack Potter (interrupting snappishly)—Well, why didn't you advertise in a Swiss newspaper?

"No one has yet been successful in filming an actual murder," states a picture-goers' journal. It certainly does seem a pity that our murderers are so terribly self-conscious in the presence of a cinematograph man.

LENNOX AND ADDINGTON PURE BRED CALF CLUB

A County Pure Bred Calf Club has been organized under the joint auspices of "Lennox and Addington Agricultural Societies", the various County banks", and the Lennox and Addington Branch of the Ontario Department of Agriculture. The breeds to be promoted by this Calf Club are Holsteins and Shorthorns. The purpose of the Calf Club is to assist and encourage boys and young men to keep pure bred cattle on their farms. Nearly 70 per cent. of the cattle kept in Lennox and Addington to-day are grades. Hence the necessity of the pure bred Calf Club. Boys or young men of 12 and under 25 years of age, also the members of the Junior Farmers' Improvement Associations in the County are eligible to join the Calf Club. Anyone interested in this Club should write the Agricultural Office and secure a copy of the circular on which they may record their application. When the application is received, the agricultural representative will select a calf for the member upon the approval of the parent or guardian. In order to secure calves, which will be a credit to the breed and an asset to the farmers of the County, we have stipulated that all calves must possess individuality in addition to the pedigree, and breeders supplying calves to the members of the Calf Club must have the animals tested by a qualified veterinarian and a certificate issued to the effect that they are free from tuberculosis. We realize that it is most important that calves supplied to this Club be perfectly healthy in addition to being pure bred. The co-operation of farmers and breeders interested in better live stock for this County is solicited and we hope that they will do their best to encourage the future farmers to get started with pure breds.

Any inquiries regarding this Club will receive our careful and immediate attention. The price of these calves will range anywhere from $35.00 to $100.00, depending upon their ancestory and individuality.

The Musical and Literary Club of Napanee will present their big drama, "THE GREAT ADVENTURE." This will be well worth seeing. Not a moving picture. Watch for hand bills for particulars.

Tuesday, Apr. 5

Select Pictures present one of their best 6-reel special pictures, "A SCREAM IN THE NIGHT." Here is the season's newest melo-drama sensation. A startling disproof of Darwin's theory that man emanates from monkey. A special attraction that thrills you to the marrow. All star cast, headed by beautiful RUTH BUDD, the screen's daring aerial star. Also good comedy.

Wednesday and Thursday, Apr. 6-7

Final Episodes 14-15 of William Duncan and Edith Johnston in "THE SILENT AVENGER." Also a good feature.

OBITUARY

Austen Hartin.

Austen Hartin, a highly esteemed resident of the Township of Richmond, departed this life on March 24th. He was in his fifty-second year. He had been in failing health for some time, and the end was expected. He was the only son of the late Joseph and Margaret Hartin, of Centreville. He leaves a widow, nee Sarah Haynes, of Enterprise, to mourn his death. Mr. Hartin was an ex-Councillor of Richmond Township, and had a very large circle of friends. On Easter Sunday morning, after a short service at his late residence, on Lot 17, 10th Concession of Richmond, the funeral procession was formed and proceeded to Roblin Methodist Church, where an appropriate and impressive service was held. The commodious auditorium was not large enough to accommodate all who desired to enter. The musical service, under the leadership of the Choir and assisted by Mr. and Mrs. George Brooks, of Overton, was fully appreciated, and the message by the Pastor, Rev. C. J. Wilson, from 1 Cor. 15:55-58, was in keeping with the day and the event. After the church service, the procession re-formed and continued to Centreville, where interment in the family plot completed the tribute of respect to the mortal remains of one who went to his rest in the firm assurance of a blissful resurrection.

LIVING LAMPS IN OCEAN.

Fish Live In Light Created by Themselves.

"Suppose it were possible for you to descend to the bottom of the deepest sea in a diving-bell, and you forgot to provide yourself with any form of light. Would you find yourself in a vast chamber of eternal darkness?" asks Pte. Hitz.

Sunlight is of no use to fish inhabiting the deeper portions of the sea. In the waters off the coast of Porto Rico, where the depth is about five miles, day and night are the same, and it was originally believed that fish lived in perpetual darkness.

It has now been discovered that this is not so. Although there are certain portions of the ocean where light never penetrates (and where fish, in accordance with nature's economical rule, are provided with no eyes), the inhabitants of deep sea regions are by no means left in total darkness. In many cases they provide their own lights.

Sometimes a fish has only one lamp, which may be on a level with or somewhat above the eye. It derives its power of light through the agency of bacteria. The organ in which the bacteria are cultivated is a sac or bag, which either side like the portholes of a ship. This bag is provided with lenses and reflectors, and the power is exerted by the fish's own will, which opens or closes the conducting ports at pleasure.

At a depth of 2,000 fathoms, the pressure of water upon fish is twenty-five times greater than that required to crush a railway tunnel. Such deep-sea fish are, we have been brought to the surface, although retaining some of their phosphorescent properties, are doomed to pass into the greater portion of their inflame.

One's imagination finds it difficult to grasp what the great, artistically-lit water chambers must be like. Far below the ocean levels are enormous watery domes, ice cold, soundless, yet as brilliantly illuminated as though the sun were pouring upon them.

These illuminated spheres are not stationary. They move, as the living lamps move, before lighted them in utter darkness.

One of the most remarkable of these fish is the deep-sea angler fish. Like its shallow water relative it has an enormous mouth with only a few regular teeth, and a pendent tentacle by which it catches its prey. But whereas the latter's tentacle is designed to resemble something edible, the deep-sea angler has a "Will-o'-the-Wisp" light, which teases and attracts prey into the waiting mouth. The deep-sea angler fish is found at a depth of 14,700 feet.

The deep-sea fish has a strong resemblance to some species of fish inhabiting the waters above them, apart from their quality of luminosity. This suggests that fish migrate from one depth to another, acquiring in the course of time the physical characteristics necessary to their new environment. The nearer the surface they get, the less they shine—another example of nature's logic.

But these migrations must be very gradual affairs, for a sudden transition from one depth to another is not fatal to a fish as it would be, say, to a Laplander who suddenly took up his abode on the Equator.

"Anybody hurt in the wreck?" "One gentleman, I believe." "Bones broken?" "I think it was his heart. He sat down by a leaking suitcase and shed tears."

Old Hilton had strong ideas on many things, and never hesitated to voice them. One day he was accosted by a healthy looking individual, who begged for a copper to buy food. Hilton eyed the man sternly.

"Why do you waste your time begging?" he said, coldly. "You ought to be working."

The supplicant drew himself erect. "How you ever begged?" he demanded in return.

"Of course not!" snapped old Hilton, angrily.

"Then you don't know what work is!" the beggar retorted.

MACDONALD'S CUT BRIER

¶ MACDONALD'S "BRIER" has become a Canadian institution. Smoked by the men who made history. In the bush, on the trail, in mining camps, prospectors' huts, factory yards, on trains, steamships, in the luxurious homes and downtown clubs of our Canadian cities—Macdonald's has always been recognized as *the* smoke.

¶ MACDONALD'S CUT "BRIER"—the same tobacco but in new form—maintains every Macdonald tradition since 1858, and gives to smokers—*more tobacco for the money.*

The Stamp Of Edison's Genius

is clear and unmistakable. It places Edison's Amberola so far above "talking machines" and ordinary phonographs that there is no comparison. You don't have to be a musical expert to realize that the Amberola is the world's greatest phonograph value. Anyone who likes music cannot fail to note the tremendous difference.

EDISON'S NEW DIAMOND AMBEROLA

has such a *pure, musical tone,* that once you've heard it, no metallic sounding phonograph or shrill "talking machine" will ever please you again. The genuine *Diamond Point Reproducer* does away with needles. The practically indestructible *Amberol Records* outlast ordinary fragile records by many years!

Name your own terms and learn how surprisingly easy it is to own an Amberola, thanks to Mr. Edison. NOW—can you refuse to visit our store and listen to the Amberola? Come right away—don't forget—please.

THE TORTURES OF RHEUMATISM

Happily Stopped When He Began To Take "Fruit-a-tives"

2 OTTAWA ST., HULL, P. Q.

"For a year, I suffered with *Rheumatism*, being forced to stay in bed for five months. I tried all kinds of medicine without relief and thought I would never be able to walk again.

One day while lying in bed, *I read about "Fruit-a-tives"* the great fruit medicine; and it seemed just what I needed, so I decided to try it.

The first box helped me, and I took the tablets regularly until every trace of the Rheumatism left me."

DENBIGH.

Most of our farmers are now kept more or less busy in their sugar bush, and some have reported very good runs of sap, while others have not had very good results so far.—River-driving has begun on the Madawaska River and tributary creeks. Considerable pulpwood has to be moved on them from this vicinity this spring.—Messrs. Ay Kolbner, Otto Kliem and Wm. Warlich made a business trip to Napanee and called on some friends in town and on their way home.—Gustav Berndt and David Plitz, who worked in a lumber camp in New Ontario during the winter, have arrived home, but on their homeward way they also stayed over in Napanee a few days visiting friends. Roy Chatoth and Vernon Lane, who were also employed at lumbering in New Ontario, are home again and have resumed farming.—The Misses Lillian and Elnora Rodger have left for Ottawa, where they intend to enjoy city life for a while, having secured good situations.—Herbert Warlich is away in Tweed, partly on business and visiting friends, former neighbors and Denbigh citizens, who have made their homes there.—Mr. John Topper, Principal of our village school went to Toronto to enjoy the Easter vacation with his parents there. Miss M. Adam, who is attending High School in Renfrew, has arrived to spend the vacation with her parents here at home, and Miss Olive Stein, another Renfrew High School pupil, is enjoying her vacation visiting relatives in Ottawa.

STELLA.

The boy is again clear of ice, the earliest in some years.—Hugh Glenn made the first trip to the city with his motor boat with freight on Tuesday.—W. J. McKee is also making regular trips by boat to and from Millhaven with the mail. Burleigh I.O.L. No. 482, held an oyster supper in Victoria hall on Thursday evening, March 10th, for the members of the order and their wives. Sandwiches and cake were provided by the ladies. After supper S. S. Pringle was appointed chairman and a short programme was rendered by some of the members, Rev. W. McIree also helped to entertain the audience. A play was given in Victoria hall on Friday evening last under the auspices of St. Paul's Presbyterian Church, entitled "The New Minister", by twenty members comprising the cast. It was well attended and about $85.00 was realized. W. S. MacDonald left last week for Buffalo, N.Y.

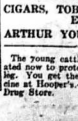
HOW many new houses, purely from sentimental motives, tempting elders for their family home. The old house that is well preserved is always a delight, because each year seems to add to its treasured associations, as well as to its natural value.

The greatest agent of preservation against deterioration and decay is good paint.

Brandram's Genuine B.B. White Lead

is a thoroughly tested and supported article—one it has held its world supremacy for almost 200 years.

For those who prefer to mix their own, Brandram's Genuine B.B. White Lead, thinned with turpentine and Pure Linseed Oil, as in B.H "English" Paint, makes a most satisfactory paint, for it easily outclasses all other white leads in covering capacity and permanency.



For those who prefer a prepared paint, Brandram's Genuine B.B. White Lead can only be secured in B.H "English" Paint.

As a speaker, she possesses an easy and confident manner and her tactful and assuring personality inspires the confidence and attention of her audience. The Society asks all to reserve the date of April 26th for the meeting.

Death of E. Page Cameron.

The body of a former highly respected young man of Allliston, E. Page Cameron, reached here Tuesday noon, by C. P. R., from Winnipeg, and was interred in the family plot in the Union cemetery. Mr. Cameron, who was a son of the late W. H. Cameron, died in Winnipeg Hospital on the 16th inst. The remains were brought East by his young wife and her parents, Mr. and Mrs. Knight, of Winnipeg. Deceased's mother, Mrs. R. A. Beard, of Napanee, and his brother, John, of Toronto, were here for the funeral. Besides his wife and mother, he is survived by one sister, Mrs. H. A. Hunter, of Wingham, and John Cameron, of Toronto, formerly of Napanee. E. Page Cameron was well known as he went to High School here, later to the University of Toronto, taking up mining and drafting, which he worked at till about two weeks before his death. His High School chums carried him to his last resting place, they being all members of the A. F. A. M., of which Order he was a member. The flowers were numerous and beautiful. He was a member of the old Lacross team that brought glory to Alliston some years ago. The bereaved widow and friends have our deep sympathy. A large crowd of friends were at the station to meet the train. His sister, Ethyl, died a year ago.—Alliston Herald.

OBITUARY

Mrs. Elizabeth Gibson.

Mrs. Elizabeth Gibson, widow of the late Hugh Gibson, Amherst Island, passed away suddenly at the residence of her son, Dr. William Gibson, 85 William St., Kingston, on Saturday morning. The late Mrs. Gibson was sixty-five years of age, and spent her life at Amherst Island and Kingston, where she was widely known by her pleasing and sympathetic disposition, and her death is the occasion for expressions of deep regret and sympathy with the bereaved family. She is survived by two sons, Dr. William Gibson, Kingston; Hugh, Howe Island, and one daughter, Mrs. R. Y. Foley, Watertown, N. Y. The funeral took place from 85 William St. to St. Mary's Cathedral, on Monday morning.

THE BALLOT

The ballot is an extremely simple one. A single question is to be answered:

"Shall the importation and the bringing of intoxicating liquors into the Province be forbidden."

To Secure Total Prohibition

A majority of the voters in the Province must place an X opposite the YES on the Ballot.

Every Man and Woman in the Province Has a Vote:

Who is a British subject, full age of 21 years.
Has lived in Canada for a year before Feb. 1st, 1921.
And who has lived in Ontario two months before Feb. 1st, 1921.

The 1919 Provincial Lists are to be Used

In the rural municipalities a qualified voter whose name is not on the list must be sworn.

The Procedure is as Follows:

1. Go to the nearest Polling Booth.
2. Have a resident vouch for you.
3. Take an oath that you are entitled to vote.

Mark Your Ballot with an X Opposite YES

YOUR TEETH.

By Rea Proctor McGee, M.D., D.D.S. Editor of Oral Hygiene

DO IT NOW.

It is very encouraging to think that "it is never too late to mend," but when mending is postponed too long there is so much damage done that there is nothing left but the repair.

The best way to avoid damage is to take care in the first place. If a child is taught to take care of his baby teeth from infancy, those teeth will do their work and give comfort, health and beauty.

The teeth, the gums, the tongue and the cheeks of every child, should be brushed thoroughly twice each day.

Every child should have its own brush and a can of good tooth powder or a tube of tooth paste.

The brush must be kept very clean. When the teeth are to be washed, the brush should be wet in running water and the paste or powder placed on the brush.

Then the chewing surface of the teeth should be thoroughly brushed, both above and below.

Wet the brush again and brush thoroughly the lingual or tongue side of the teeth.

First, scrub them well with a circular movement, then place the brush at the gum margin on each tooth in turn and brush straight to the chewing surface, paying particular attention to cleansing the spaces between the teeth.

Repeat this on the labial, or outside, surface of the teeth, using plenty of water and dentifrice.

After these movements have been completed, brush the inside of the cheeks and lips, then the gums and finally the tongue.

Rinse the mouth with clean water or a mild mouthwash, then wash the tooth brush and hang it up to dry until it is time for the next "tooth bath".

Don't put two or more tooth brushes in one container.

Hang up every brush by itself so that it will not be touched by any other.

"WAY DOWN EAST" COMING TO KINGSTON.

"Mr. Griffith uses splendid judgment in the selection of music for his picture," said the director of the symphonic orchestra that is at the Grand Opera House, Kingston, three days commencing Monday, April 11th, to play the score accompanying the showing of Griffith's "Way Down East", "and that is the reason all his productions have smoothness which is lacking in the unfolding of the ordinary photo play in a theatre where the leader or the pianist or organist endeavors to suggest the mood of the incident on the screen. It is impossible to get the desired effect without careful and painstaking rehearsal and there must be nothing haphazard in the playing. There must be real synchronizing and moreover there must be just the right emphasis or the proper shading. Each Griffith picture is thematic in the musical score. There is a theme for each important character. Take for instance 'Way Down East' which has a particularly good and appropriate score. The theme for Anne Moore, played by Lillian Gish, is in one case, 'A Little Bunch of Violets', again it is 'Believe Me If All Those Endearing Young Charms'. The love scenes are made the more ingratiating by 'Believe Me If All Those Endearing Young Charms'. The love scenes are made the more ingratiating by 'Believe Me' and 'Down by the Old Mill Stream'. Quite appropriate is 'Rock-a-Bye Baby' to surround the nursery of Anne's child and 'Abide With Me' is pathetic when the child dies. The themes are many. When Vivia Ogden, the gossip, comes on the screen there is a tune that makes everyone fiendish and that indicates at once that she is on the way. 'He's a Devil' is a talented song that is identified with Rebecca and 'The Old Gray Mare' is most appropriate for the role played by Geneve Neville and for the nag that he drives. Out of the original play has come 'All Bared Round with a Wooden String' that is played for the barn dance. Then there are very good old-fashioned melodies such as 'Jingle Bells' for the sleigh ride; 'In the Gloaming' for the neglected scenes and which with 'Over a Song at Twilight' are some of the greatly beloved songs. But most impressive of all is the Overture to 'The Flying Dutchman' and 'Liszt's Les Preludes' that make the storm scenes take on a meaning that is unsurpassed. Mr. Griffith is the musician of it all, making selections of music and even designing new tunes to carry out his splendid ideas."

"W— Down East" will be presented in this vicinity again this year.

A man who had been running a dubious business failed and at a meeting of his creditors all but one agreed to accept his four months' note for ten cents on the dollar. The debtor took this man aside and by promises to make him a preferred creditor he won him over.

When the others had departed the man said, "Well, now I should like what's coming to me."

"Oh," replied the debtor, "you won't get anything, any more than the others."

"But I thought I was a preferred creditor."

"So you are. Those notes won't be paid when they fall due, but it will take the others four months to find it out—you know it now, so you see you are preferred."

WEDDINGS.

PAUL—YORKE.

A quiet wedding took place at 11.30 a.m. on Saturday, April 2nd, 1921, in St. George's Cathedral, Kingston, when Rosa Campbell, second son of Mr. W. J. Paul, M.P., and the late Mrs. Paul, of Tamworth, was united in marriage with Margaret Laura, only daughter of Mr. and Mrs. James Yorke, of Parham, formerly of Tamworth. The ceremony, which was performed by the Rev. S. E. Harrington, M.A., Rector of Christ Church, Tamworth, was witnessed by a few intimate friends, the bride, who was unattended, looking very pretty in her travelling suit of navy tricotine with navy georgette blouse and small taupe hat. After congratulations and the signing of the register, the party repaired to the Earlsdale Hotel, where a dainty luncheon was served. The happy couple took the 4.50 train for Ottawa, where they will spend their honeymoon. They will be followed by the best wishes of a host of friends in their native town where both are very popular.

McCONELL—HOWE.

On Easter Monday, at Syracuse, N.Y., in St. Mary Cathedral, Miss Loretta McConell and Mr. Clifford Howe were quietly wedded. The bride is a post graduate and held a lucrative position at Onondago Sanitarium, Syracuse, N.Y. Miss McConell is the eldest daughter of Mrs. E. McConell, of Watertown, N.Y., and the late E. McConell, formerly of Harrowsmith, Ont. The bride and groom left at 11 p.m. for a tour in the South, and on return will reside at Syracuse, where the groom holds a responsible position. The many Canadian friends of the wedded couple wish them bon-voyage. — Kingston papers please copy.

What Lydia E. Pinkham's Vegetable Compound Did for Mrs. Baker and Mrs. Kiever.

Vancouver, B.C.—"I am pleased to say that Lydia E. Pinkham's Vegetable Compound has done me a lot of good. I can now walk about without the aid of a support and feel real strong again. A nurse advised me to take Lydia E. Pinkham's Vegetable Compound and it certainly helped me. It seems like Heaven to be relieved after months of pain."—Mrs. H. W. Baker, 1034 Ave. West, Vancouver, B.C.

Alberta, Sask., B.—"I have taken Lydia E. Pinkham's medicines and they have done me a lot of good. Before I knew I was able to do my housework and I have a lot of work to do as we live on a farm. Seeing your advertisement in the papers was what made me think of writing you. I feel so much that I can't help some one else."—Mrs. Wm. B. Baker, Upper New Horton, Alberta, Can., N.B.

The reason women write such letters to the Lydia E. Pinkham Medicine Co. and tell their friends how they are helped is that Lydia E. Pinkham's Vegetable Compound has brought health and happiness into their lives. Freed from their illness they want to pass the good news along to other suffering women that they also may be relieved.

If there are any complications you do not understand write to Lydia E. Pinkham Medicine Co., Lynn, Mass.

FOLKS, I'VE COME TO SAVE YOU MONEY

I have a very important message to tell you folks who are tired paying high prices for necessities. A few days ago Mr. M. Saad wrote to me. "Come," said he, "put on a sale for me, before I go to Europe, that will be the one big, startling sensation of the season. Make it a sale so full of human interest that it will be the talk among people for miles around. Take charge of my stock—hunt high and low—here—there—everywhere—unearth bargains—find goods people want. Then slash—smash—slaughter prices; forget the cost because I want to make this a record-breaker," said Mr. Saad. I have taken him at his word. If you will read this big advertisement carefully you will see what remarkable bargains I am giving you from Mr. Saad's stock. I have cut prices in a ruthless and shameful manner, and if you come to this sale you can buy cheaper and save more good dollars than you ever thought possible.

Yours for Low Prices,

WISE AND OTHERWISE

Restaurant Patron (whispering)—Waiter, can you serve an omelette with a kick in it?

Waiter (whispering)—Wait until you get the bill.

There may be other corn removers, but you will not be completely satisfied until you have used Holloway's Corn Remover.

Young 'Un—I'm taking political economy at college.

Old 'Un—That's a useless course. Why learn to economize in politics? It's not being done.

Sweet and palatable, Mother Graves' Worm Exterminator is acceptable to children, and it does its work surely and promptly.

"Cancel my order at once," came the telegram to the factory. The owner perpetrated the only new joke in the millennium. His telegram in reply read:

"Your order cannot be cancelled at once. You must take your turn."

Time Has Tested It.—Dr. Thomas' Eclectric Oil has been on the market upwards of fifty years and in that time it has proved a blessing to thousands. It is in high favor throughout Canada and its excellence has carried its fame beyond the seas. If it were double the price it would be a cheap liniment.

"How long did it take you to learn to run a motor car?"

"Oh, three or four!"

"Weeks?"

"No, motor cars!"

Farmer Giles—Allus be oop 'and doin', my boy—allus be oop and doin'!

Son, educated in the city—Up to what, father? And doing whom?

For Catarrh.—It is one of the chief recommendations of Dr. Thomas' Eclectric Oil that it can be used internally with as much success as it can outwardly. Sufferers from catarrh will find that the Oil when used according to directions will give prompt relief. Many sufferers from this ailment have found relief in the Oil and have sent testimonials.

A telephone call office has been opened at Mumps Postoffice.—Official Notice.

Subscriber — Can you give me Mumps?

Operator—No; but I have a bad cold, if that is any use to you.

Miller's Worm Powders, being in demand everywhere, can be got at any chemist's or drug shop, at very small cost. They are a reliable remedy for worm troubles and can be fully relied upon to expel worms from the system and abate the sufferings that worms cause. There are many mothers that rejoice that they found available so effective a remedy for the relief of their children.

At the wrong end.—An English schoolmaster asked a new boy his name.

"John Thompson", was the blunt reply.

"Sir!" shouted the schoolmaster, who was a stickler for politeness. "I want you to put a 'sir' to it."

"Sir John Thompson", said the boy, innocently.

IN MEMORIAM.

In sad and loving memory of my dear husband, William H. Yates, who died March 30th, 1920.

Just one year has passed away, dear,
Since you left me so alone;
Now the moonlight is softly falling
Over your grave so dear to me.
My home is dark and lonesome
Without your loving smile,
But I trust to meet you, dear,
In the perfect land where loved ones never part.
It was hard to lose one I loved so dear,
But God who knoweth best,
Took you to a better place;
But I who loved you, sadly miss you,
As it dawns another long year.

Sadly missed by his lonely Wife. 14ap

Couldn't Stand It.

A little boy in Napanee refused to go with Christmas baskets this year. He remembered his last year's experience.

Following her usual custom last year, his mother sent a basket to one of her beloved neighbors. In the basket were placed candy, nuts and, on this occasion, some candy animals she found which had been given her own children on the previous Christmas. The little daughter and son were dispatched with the basket and on arriving were invited in. Following their childish inclination, they eagerly looked on while the contents of the basket were opened and admired.

Especially did the children seem to appreciate the candy animals. They were in the act of eating them when the little boy to whom the therefore this pleasure had been denied, could stand it no longer.

"Oh," he exclaimed pathetically, "those are the ones mumma gave us last Christmas."—Indianapolis News

Tweed Raincoats

The Sunny Day Coats for Rainy Day Wear

The chief difference between a Tweed Raynster and a Tweed Spring Overcoat, is—that a Tweed Raincoat is wind-proof and waterproof.

In style and appearance our "Raynsters" have the effect of cloth garments. They give you the double service of a reliable Raincoat as well as a stylish Spring Coat.

For the man who drives, either a car or horse, they're almost indispensible.

Cotton Tweed Raincoats $9.75

Double texture fine cotton Tweeds, in very neat patterns of Grey and Fawn, with small Check and Stripe, made in Belter style with slash pockets. A splendid serviceable Coat for growing youths and young men. Our former $14.00 and $15.00 lines, reduced to $9.75.

Double and Single Texture Tweed Raincoats $14.75

This Grey Bannock Tweed with heavy rubberized back makes a Coat of the right weight for service and comfort. Other Coats at the same price are made from Double Texture Cloths of a Medium Grey ground with spot effect, and in Browns of a Heather nature. All greatly reduced to $14.75.

Fine Tweed Raincoats $17.45

This specially priced line contains Double Texture Cloth of Oxford Grey, with fine Royal Stripes, Olive Green, and Fawn, in small bannock patterns, and in Single Textures you will find heavy and medium weight single textures with extra quality rubberized backs. A fine assortment of good Coats, $17.45.

A Bargain in Grey Spring and Fall Coats $19.75

A rich shade of Oxford Grey Cheviot, made in Single Breasted Chesterfield Fly Front style. The cloth and make will please the big majority of men. These $30.00 Light Overcoats now reduced to $19.75.

OUTSTANDING CEREALS

O.A.C. Bred Varieties of Oats, Barley and Wheat.

In Actual Competition They Lead All Rivals—This Means an Annual Gain of Millions of Dollars to the Country.

(Contributed by Ontario Department of Agriculture, Toronto.)

Approximately five million acres are devoted annually to the grain crops in Ontario. About three-fifths of this acreage is used for oats.

Oats.—Although there are about one hundred varieties of oats grown in general cultivation in Ontario about two-thirds of the entire oat crop consists of two varieties, viz., the Banner and the O. A. C. No. 72.

The Banner variety of oats was introduced at least two score years ago under the name of Vick's American Banner. It was the leading variety of oats in Ontario for a number of years, and is still prominent in some localities.

The O. A. C. No. 72 variety of oats originated at the Ontario Agricultural College from a single seed in 1903. It has been included in the regular College experiments for the past thirteen and in the co-operative experiments over Ontario in each of the past seven years. The average results for the thirteen-year period, in bushels of grain per acre per annum, has been 86 for the O. A. C. No. 72 and 75 for the Banner. In each of the past nine years the O. A. C. No. 72 variety has given a higher yield per acre in the average results than any other kind with which it was tested throughout Ontario. Within the past four years the standing field crops of the O. A. C. No. 72 oats have taken from three to four times as many first prizes as those of the Banner variety in the Field Crop Competitions throughout Ontario. The grain of the O. A. C. No. 72 variety of oats has taken the Championship prize at the Ontario Provincial Winter Fair in each of the past five years.

The O. A. C. No. 2 variety of oats is about ten days earlier than the Banner, produces a medium length of straw and grain which has a lower percentage of hull than any other named variety tested at the College. It is particularly well suited for mixing with barley when it is desirable to grow these two grains in combination, a practice now being followed by many stock farmers throughout the province.

Barley.—Forty years ago the Common Six-rowed barley was grown almost exclusively in Ontario. In 1889 the Mandscheuri barley was tested at the College for the first time. After proving its worth in an experimental way it was distributed throughout Ontario, through the medium of the Experimental Union, and became generally grown over the province. This was a decided improvement over the former variety.

The O. A. C. No. 21 barley originated at the Ontario Agricultural College from a single seed in 1903. As the then popular Mandscheuri was an improvement over the Common Six-rowed so the O. A. C. No. 21 is an improvement over the Mandscheuri. Largely through the introduction of these varieties the average yield per acre of barley has increased 26 per cent. in the last eighteen years as compared with the eighteen years previous.

Spring Wheat.—The Wild Goose variety of spring wheat which has been grown in Ontario for many years is a high yielder of grain. It is, however, a durum wheat, and is more suitable for the manufacture of macaroni than for bread production.

The Marquis variety of spring wheat is a hybrid which originated at the Central Experimental Farm, Ottawa, from crossing the Calcutta Hard Red and the Red Fife. It is not only a good yielder, but it is a wheat of excellent quality for bread production, and one which is increasing substantially in the Western Provinces and in Ontario. In the Experiments at Guelph it occupies fourth place in average yield per acre of twelve varieties of spring wheat grown for flour production over a period of six years.

Winter Wheat.—The Dawson's Golden Chaff variety of winter wheat was started from a single seed in 1881, and has been grown extensively throughout Ontario for many years. It has a stiff straw, beardless head, red chaff, and white grain of only medium quality for bread production. It is, however, a high yielder and has been very popular with the farmers of Ontario.

The O. A. C. No. 104 variety of winter wheat originated at the Ontario Agricultural College as a cross between the Dawson's Golden Chaff and the Bulgarian varieties. It possesses a tall comparatively stiff straw, bearded head, red chaff and red grain of good quality. It is a vigorous grower, and in the experiments at Guelph has given a larger yield per acre and has killed out less in the winter than either of its parents. In the co-operative experiments throughout Ontario for the last four years it has proved decidedly the most popular of the five varieties tested, and has headed the list in yield per acre in each of these years.

It is generally recognized that in a comparatively new country such as Ontario there is a tendency for a gradual decrease in crop production per acre owing to the natural depletion of soil fertility. It is interesting and suggestive to note, however, that according to the best information obtainable there has been an actual increase of from ten to twenty per cent. in yield per acre of three of the principal farm crops of Ontario for the last eighteen years as compared with the previous period of eighteen years. This increase in yield per acre for these three crops, reckoned at market prices, has made an estimated increase in money value of over one hundred and thirty million dollars.—Prof. C. A. Zavitz, O. A. College, Guelph.

GO TO EXTREMES

Health Faddists Apt to Become a Nuisance.

Hard to Deny That There Are Many Like the Unfortunate Jiggins, Who Literally "Dumb-Bell" Themselves to Death.

The following editorial from the Gary Times is printed by the Journal of the American Medical Association as a lesson to health faddists:

There is a great deal of truth in the satirical story of Jiggins, who had the health habit. Jiggins lived 20 years too, and health was a disease with him. The Dallas News says that Jiggins took a cold plunge every morning. He said it opened the pores. After it he took a hot sponge. He said it closed the pores. He got so that he could open and shut his pores at will.

Jiggins used to stand and breathe at an open window for half an hour before dressing. He said it expanded his lungs. He might, of course, have had it done in a shoe shop with a boot stretcher; but, after all it cost him nothing this way. And what is half an hour?

After he had got his vest on, Jiggins used to hitch himself up like a dog in harness and do shadow exercises. He did them forward, backward and hindside up.

He could have got a job as a dog anywhere. He spent all his time at this kind of thing. In his spare time at the office he used to lie on his stomach on the floor and see if he could lift himself up with his knuckles. If he could, then he tried some other way until he found one that he couldn't do. Then he would spend the rest of his lunch hour on his stomach perfectly happy.

In the evenings, in his room, he used to lift iron bars, cannon balls, heavy dumb-bells and haul himself up to the ceiling with his teeth.

He liked it.

He spent half the night slinging himself around his room. He said it made his brain clear. When he got his brain perfectly clear he went to bed and slept. As soon as he awoke he began clearing it again.

Jiggins is dead. He was, of course, a pioneer; but the fact that he dumb-belled himself to death at an early age does not prevent a whole generation of young men from following in his path.

They are ridden by the health mania.

They make themselves a nuisance. They get up at impossible hours. They go out in silly little suits and run marathon heats before breakfast. They chase around barefoot to get the dew on their feet. They hunt for ozone. They bother about pepsin. They won't eat meat because it has too much nitrogen. They won't eat fruit because it hasn't got any. They prefer albumin and starch to huckleberry pie and doughnuts. They won't drink water out of a tap. They won't eat sardines out of a tin. They won't use oysters out of a pail. They won't drink milk out of a glass. They are afraid. Yes, sir, afraid. Cowards!

And after all their fuss they presently incur some simple, old-fashioned illness and die like anybody else.

Endurance Test.

The setting for the title is La Jolla, a small town near San Diego. It is a place that boasts of great swimming and many other attractions, besides a museum. A little maiden, whom we will call Nellie, was perusing the museum with her mother. Both were newcomers in the town and were taking their first sightseeing tour. Nellie glanced up at the sign in front of the museum: "Man-eating shark. Fifteen cents admission." So the two passed on.

Two or three hours later mother and daughter came back by the same route and again passed the museum. The sign, of course was still there. Nellie could not be silenced. "Is that man still eating the shark?" she asked. "I should think he would get tired."—Pittsburgh Chronicle-Telegraph.

Bootleggers and Whiskey Smugglers are Disgracing Canada

On April 18 Abolish Importation by voting YES

Since January 1, 1920, thousands and thousands of gallons of Whiskey, Gin, Brandy and High Wines have been shipped into Ontario.

Express shipments alone for a long period averaged *four to six cars per day*, and have run as high as eight!

Four car loads a day means at least 19,260 quarts daily, or over 5,000,000 quarts per year. And yet the people of Ontario voted to make prohibition the permanent law!

This imported "Booze" is the stuff which enables the "Bootlegger" to carry on his illegal trade, and allows "Rum Runners" and "Whiskey Smugglers" to disgrace Canada.

Officers of the law are set at defiance.

Read what the Chairman of the Board of License Commissioners says himself.

Importation Makes Law Enforcement Difficult

"After an experience in the administration of the Ontario Temperance Act covering the period from its first coming into force in September, 1916, I am in a position to state that importation is seriously hampering its effectiveness. The War Measures Act was repealed in January 1920, and the Dominion Orders-in-Council under the Act were rescinded. Heavy shipments of liquor into the province began at once. The number of cases of breach of the Ontario Temperance Act have increased in even greater proportion."—From a Statement by the Chairman of Board of License Commissioners for Ontario.

Shall the importation and the bringing of intoxicating liquors into the Province be forbidden? NO

Shall the importation and the bringing of intoxicating liquors into the Province be forbidden? YES X

VOTE—and vote "YES"

Roof Preparedness

Pelting rains. Driven snows. Ice-laden roofs. All of the stormy weather trials. Is your roof prepared to resist these trying conditions? Will your home be dry and snug during stormy months?

If not, investigate the Vulcanite Self-spacing Shingle and Hexagon Slab Shingle. In them you will find qualities that insure complete weather protection. They are attractive, durable, fire-resisting and weathertight.

These two exclusive Vulcanite Shingles are made from tough, fibrous felt thoroughly saturated with asphalt.

Big Sale

To Start this Friday, April 8th

MR. LOW PRICE, our new salesman, who has taken the place of MR. HI PRICE, will assume full control of all merchandise in the store, and he will offer a demonstration of values that has never before been tendered to the people of Napanee.

It is needless to mention the prices, as a call to the store will convince you that we must reduce our stock, so you will get a bargain in everything.

The price of new goods is down, so we will have to get rid of the old stock to make room for the new.

Set your own price. No reasonable price refused.

Air Parcel Post.

Among the national requirements waived by delegates to the late Pan-American financial congress in Washington was the suggestion by the Brazilians that there be established an international training ground for development of an aviation service between the Americas, to be used for parcel post services. The conference voted to request the governments of the United States and Brazil to appoint a joint commission to study possibilities of communication.

Death of an Aged Resident.

One of the oldest, if not the oldest, residents in Napanee passed away at the Hotel Dieu, Kingston, on Monday, April 4th, 1921, in the person of George O'Hara, at the advanced age of 89 years. Deceased was born in the Province of Quebec. He came to Napanee with his parents at an early age, and has resided in this district continuously up to the time of his death. He was a kindly old gentleman who had a good word for everybody. Deceased leaves surviving, his daughter, Mrs. Silas Woodcock, and two sons, George, of Syracuse, and James, of Canastota, N.Y. Mr. Wm. O'Hara, of Napanee, is a brother of deceased.

M. Saad Ready for Long Journey Homeward.

M. Saad, the popular Dry Goods merchant of Napanee, will leave for New York City April 17th, and immediately sail for Europe. He will land at Paris, and thence go by rail to Marseilles, from whence he will take a boat through the Mediterranean Sea landing at Beirut, Syria; thence by rail to Damascus. Mr. Saad is going home to visit his parents, whom he has not seen in twelve years. Mr. Saad has placed his store in the hands of a sales conductor who will hold a big sale, and attempt to close out the stock, before Mr. Saad leaves. The sale is advertised elsewhere in this issue.

General MacDonell Coming Next Week.

Good lectures have become so common in Napanee through the good offices of the Historical Society that many people in the town do not appreciate the privileges that are open to them. Next week the series of addresses for the season will conclude with an illustrated lecture by Sir Archibald MacDonell on "The North West Mounted Police." It has long been claimed that this was the most efficient military organization in the world. For illigent work, endurance, integrity and perfect discipline they have no equal. The story of their brilliant achievements forms one of the most interesting chapters in the history of Canada. Come and hear about their thrilling adventures from one who speaks from first-hand knowledge. Historical Hall, Friday evening, April 15th. No admission fee is charged.

"The Deacon".

"The Deacon", a comedy-drama, in five acts, will be presented by the Y. P. A. of St. Luke's Church, in the Parish Hall, Camden East, on Tuesday evening, April 12th. Music will be furnished by Napanee Orchestra.

Body of Rockwood Patient Found at Cataraqui Bridge.

The mystery surrounding the disappearance of Miss Amelie Earle, a patient at the Rockwood Hospital, who wandered away from that institution on February 19th, was solved Wednesday morning, when her body was found in the marsh near Cataraqui bridge on the Front Road. William Gibson, 155 Nelson Street, who was trapping in the marsh made the discovery. The woman had stepped off the bridge into the open water. The body had been carried out some distance when the ice broke and then the heavy winds drove it into the swamp. The remains were brought to Napanee and the burial service was held yesterday from the residence of her sister, Mrs. W. H. Dunbar, Thomas Street.

RECALLED BIG "SHOWS" ON FIELDS OF FLANDERS

Reminiscences of the different "shows" on the battlefields of France and Flanders were exchanged last night at the second annual re-union banquet of the Third Canadian Divisional Ammunition Column, No. 2 Section, in the blue room of the Carls-Rite Hotel. Of the fifty-three members present, thirty-five were members of the original unit, and included representatives from Hamilton, Guelph, Peterboro' and Streetsville.

Mr. S. S. Campbell, the President, was toastmaster. After honoring toasts to "The King" and "Fallen Comrades," speeches were delivered by Messrs. T. C. Wood, K. S. Ham and T. Fieldhouse. Mr. Kenneth Ham replied to the toast of "Canada and Our Empire". The unit was engaged in service for over three years on the battlefields of France and Flanders and participated in all the principal scraps. The President announced that next year the unit plan holding a re-union on an extensive scale.—The Mail and Empire, Toronto, April 2nd, 1921

The Wall Paper Trade

For the season has started early, owing to the mild weather. We are ready to supply all the requirements of housekeepers, having now on hand the very largest stock ever, including the very latest in the different kinds. We can safely guarantee the very lowest prices, as we bought our present stock before the recent advances by the manufacturers. We have the different widths from 18 inch to 36 inch. If you buy the 22 inch paper you pay more for it than for the 18 inch. The manufacturer must pay more for the extra raw material, and for the colors that make the patterns. Every honest dealer will acknowledge this. Our prices run from 15c. per roll up. We are satisfied from the sales we have already made that our stock and prices are right. We have already been obliged to re-stock some of the leading lines, particularly the Oatmeals and their Borders.

We invite intending purchasers to see our samples and get our prices before buying.

To the Electors

THE people of this County have voted for the largest possible measure of Temperance Reform on each occasion when they have been permitted to express an opinion at the polls.

In 1919 a huge majority was rolled up against any weakening of the existing bone-dry conditions. Since then the right to import intoxicating liquor has been renewed. This has, to a large measure, hindered the effectiveness of the Ontario Temperance Act. The question is again before the elector for the form of a proposition—

"Shall the importation and the bringing of intoxicating liquors into the Province be forbidden ?"

The sentiment of the County, we believe, is still strongly in favor of the prohibition of intoxicating liquors for BEVERAGE PURPOSES.

That sentiment may, however, be defeated in two ways—

1. By the indifference of the elector.

2. The possibility of the best intentioned voter incorrectly marking the ballot.

The Referendum Committee would urge every elector to exercise his or her franchise, and if you are in favor of prohibiting the importation of intoxicating liquors for beverage purposes,

Mark Your Ballot with an X Opposite YES

ADDRESS AND PRESENTATION.

On the evening of April 8th about sixty friends and neighbours gathered at the home of Mr. and Mrs. Alfred Scrimshaw, Frederick-ville, the occasion being a very successful one, especially spent in games, music, etc. A very dainty lunch was served by the ladies after which Ex-Lieut. H. E. and Mrs. Page were called forward and presented with a beautiful oak rocker. The presentation was made by Mrs. Ray F. Perry, while the following address was read by Mrs. Arthur Curtis:

Mr. and Mrs. Henry R. Page.

Dear Friends—It is a happy occasion indeed, which brings us together to-night, in honor of you, as friends and groom. To the charming bride's cup of happiness, already full to the brim, we wish to add another drop of joy. Your cheerful consent to render assistance in any of our community affairs, has endeared you to us, and we are happy that you are still to remain as one of our number. We feel assured that in your husband will find one capable of sharing the varied responsibilities of every phase of life that will come to you by his side like a true helpmate. The coming years be an unbroken story of sweet content.

We congratulate you, the worthy groom, on securing the capital prize in life's lottery. One of the first to answer its call to arms in defence of all that is right in the late war, we deem it a honour to pay you a tribute of praise for the splendid way in which you benefitted yourself through the long months of terrible conflict as Lieutenant in His Majesty's ranks. You have deserve the fair, and heartiest congratulations are yours, and now we ask you to accept this token as an expression of our felicitation, and we want it ever to remind you of the sentiments of your friends here. May the sunshine of God's smile be always upon you both.

We lose the glass of time and turned it in his glowing hands,
Every grain that fell shaken, runs
Itself in golden sands.

Signed on behalf of this circle of friends.

Mrs. Arthur Curtis,
Mr. and Mrs. Ray F. Perry,
Miss Anna G. Breault.

Mrs. Page replied on behalf of himself and Mrs. Page, thanking all for their kind remembrance. All joined in singing, "For They Are Jolly Good Fellows," and dispersed home, leaving behind their best wishes for a long, happy, prosperous journey through life.

The seed grain and potatoes should be treated with Formaldehyde to control smut and scab. You get the Government Standard strength at Hooper's.—The Medical Hall.

NAPANEE CITIZENS FINED.

Saturday afternoon last about thirty citizens of the town made their appearance at the Council Chamber in the Town Hall, and before a court composed of Inspector J. W. Coffey of the Ontario Department of Marine and Fisheries, and R. W. Carson, of the Patrol Service of the Department of Marine and Fisheries, were assessed five dollars each for fishing at the falls with a dip net without license. There were no denials of the offence, but the charge was a surprise to each and every one of the offenders.

In the spring of each year, shortly after the ice leaves the river, jack pickerel, black suckers and red-fin suckers (in the order named) make their appearance at the Napanee Falls and spawn in the swiftly running waters.

For the past sixty years, or as far back as the oldest citizen can remember, the citizens of the town have been in the habit of visiting the falls and with dip nets succeeded in securing some of these fish, some for the sport of the thing and at the same time getting a few choice fish for their own use, while a few of our citizens took this method of securing the fish and selling them to other citizens who could not otherwise get them.

Never before, since Napanee was Napanee, have our citizens been molested or interfered with in this particular. Former local inspectors have even visited the scene of operation and seen scores of the boys and men at work getting the fish, and in no way interfered with them, or intimated to them that they were breaking the law or pointed out to them the way these fish could be legally caught.

After these citizens were hailed in West Yard court, they were informed that by securing a license they might fish at the falls. They were informed there were two kinds of a license. For those who wished to fish for sport, and secure fish for their own use, a "Domestic License" might be had for $2.00; for the citizen who wished to sell some of his catch, a "Commercial License" could be secured which would cost him $5.00.

KINGSTON S. A. BAND GAVE RARE MUSICAL TREAT

"Say, Captain, when does the band come in?" Something like this came piping from a small boy near the station just before the arrival of the splendid band of musicians, about twenty-five in number, identified with the Kingston Salvation Army, on Monday evening last. It had been arranged by Mr. Geo. Gibbard, Chairman of the local S. A. Self Denial Campaign, for the Band to visit the Town Hall and give some of their choice marches and selections. A capacity crowd greeted Bandmaster Granger and his musicians. The musical numbers given on the main street previous to the meeting could not were listened to by a great crowd. The music rendered inside was from some of the S. A.'s latest Musical Journals, and interspersed were short addresses given by Adjt. Geo. Goodhew, of Kingston, who spoke of the S. A. work at the Portsmouth Penitentiary; Adjt. N. E. Trickey, Organizer for the Self Denial Campaign, of Toronto; who referred to S. A. work in the larger cities, and Staff Captain A. Layman, Y. P. Secretary, of Montreal, spoke of the world wide effort of the several agencies of the S. A. It was pointed out by the speakers that the work of the Army was as important in times of peace as in times of battle. To accomplish this work the great annual appeal was being made during this month. Napanee is asked for $600.00 as its share, and the following are conducting a canvass of the town: Geo. Gibbard, Chairman; T. B. Germain, Treasurer; J. E. Madden, U. M. Wilson, F. W. Smith & Bro., J. H. S. Derry, W. J. Wiggins, J. E. Allison, J. Pollard, Alex. Mac-Gregor, A. E. Paul and others. Everyone is asked to contribute to this most worthy cause. The following mentioned Chairman outlined the plan of campaign.

In moving a vote of thanks to the Band and visiting Officers, Mr. U. M. Wilson said a very fine tribute to the Army. The motion was seconded by Mr. Harrison, and unanimously carried by the great crowd present.

Ensign H. Rix, of the local Corps, expressed his hearty appreciation of the splendid co-operation of all classes in helping with the annual S. A. appeal.

HOUSING PROBLEM SERIOUS.

The high cost of building material, the rapidly increasing population, and the enormous annual destruction of dwelling houses, in which there were 5,644 fires last year in Ontario, have combined to make the housing problem one of most serious and acute proportions.

Ontario is noted for its extravagance through unnecessary fire waste, which is nothing short of an economic crime, caused chiefly through our careless habits and indifference.

Statistics show that 64 per cent.-or practically two out of every three fires which occur, are in our homes; eighty per cent. of which are preventable.

The Ontario Fire Prevention League, in affiliation with the Provincial Department, has inaugurated a Province-wide publicity campaign for the purpose of conserving our homes as well as our lives from destruction by fire. The boys and girls of the Province will be called upon to assist in this most desirable and patriotic movement. Through the principals and teachers of our schools, the League will distribute 250,000 copies of a "Home Inspection Blank" so that the pupils with the help of their parents, may answer the questions. The primary object is to clean up attics, cellars, back yards and remove hazardous conditions. The underlying thought being to prevent fires by removing the cause and thus save our homes.

NAPANEE SCHOOL BOARD.

Council Chamber,
Napanee, April 11th, 1921.

Napanee Board of Education met in regular session on Monday evening, in the office of the Secretary, Chairman Mr. Alpine Wood presiding.

Present — Messrs. Woods, Craig, Thompson, Gleeson, Wiseman, Pollard, Miller, Boyes, and Thompson.

The minutes of the March meeting were read and confirmed.

A communication from Miss Margaret Mitchell, Newburgh, thanking the Board for use of room in West Ward School for teachers' meeting, was filed.

Miss Hazel L. Vanalstine made application for a position on the staff of the Napanee Public Schools after the summer holidays. On motion the name of Miss Vanalstine was placed on the waiting list.

Account of Napanee Express was on motion ordered paid.

The chairman of the Property Committee reported that the committee had considered the matter of Mr. Walker's application for an increase in salary and recommended an increase of $100 per year, to $600 per year.

The Property Committee reported that Mr. Kirkpatrick has resigned his position as caretaker of the Collegiate and Model. Henry Root had been appointed in his place at the same salary, $300.00 per year.

On motion the walks at the West Ward School were ordered repaired.

On motion a letter was ordered sent to Mr. Fowler, asking him to draw the attention of the Minister of Education to the Truancy Act in reference to High Schools.

The Management Committee reported that it had been found necessary to form another primary class in West Yard School on account of about 36 new pupils coming to the school after Easter, and that Mrs. McCormick had been engaged as teacher until the summer holidays. The action of the Management Committee was on motion confirmed.

Principal Tremouth reported: Number of pupils in public schools 443; average attendance 409; percentage of attendance 92.3.

The matter of fees for non-resident pupils attending Napanee public schools was referred to the Finance Committee.

Mr. R. A. Beard was granted $6.00 as caretaker for Board meetings in 1920.

On motion, Mr. Hall's account for postage, $9.00, was ordered paid.

On motion Board adjourned.

ODESSA COMMUNITY CLUB.

Hurrah! Our reporter has once more been aroused from his mid-day nap and appointed to duty.

The last regular weekly meeting of the Odessa Methodist Community Club was held Tuesday evening, April 5th, in the Sunday School room of the Odessa Methodist church. The programme was arranged by the Literary Committee, and the chairman was the leader of the social. A large crowd was present and all enjoyed themselves.

A one-act farce was staged by Mrs. Nelson Smith, Master Harvey Smith and Mr. Herschel Snider. Mr. Snider played the part of a busy station agent, who was making a report on a train wreck of a few days prior. Mrs. Smith, a lady unacquainted, suddenly arrived at the station to take the train to-nurrow. She was accompanied by her son, Jimmie, and all her personal belongings from her small to her large trunks, but barring an umbrella. Much to the disgust of the station agent she persisted in telling all her troubles and her good qualities. While awaiting the arrival of the train she became very hungry and demands his ginger bread. All baggage was searched and finally the ginger bread was found, but just at that moment the train arrives. All departed, leaving the station agent sighing the joyful audience in a fit of laughter and applause.

The two selections rendered by the Fourth Concession Quintette were: "Sweet Adeline" and "Auld Lang Syne," all shall be pleased to hear Messrs. Horace, Cecil and Karl Denyes and Miss William and James Robson on some future occasion.

The most interesting feature of the evening was a debate, resolved "That reading has done more for the intellectual development of the people" and has observation." The affirmative side was upheld by Mrs. Fraser and Mr. Cecil Denyes, while the negative was argued by Miss Ada Nickle and Mr. D. F. Aylesworth. An hour of real fun was enjoyed, with enthusiasm at fever heat. Mrs. Hartman, of Wilton, Miss Myrtle Brown, of Bath, and Mrs. Harvey Lucas, of Odessa, acted as judges. Mr. Hartmer, in bringing in their decision, pointed out that reading was the affirmative side was a little more eloquent in speech and words, they advanced too large a list of authors, but the negative side reading and not arithmetic or physiology whereas the negative side stuck close to their subject and proved it conclusively. Here the Club singers developed a fine quintet and we all agreed that it was not the first time that Mrs. Smith is to act as judge and try to please all.

The High School boys put on a song for the entertainment. They did real well, considering they were under a severe handicap, their teacher and trainer, Miss Howitt, was unavoidably absent.

Mrs. Geo. Noble, President of the Club, and who presided over this social gathering, in a few well chosen selected words, thanked the people for their support and said that her task had been a real pleasant one as none on the executive had tried to shirk his duty, but rather, went at it with a determination to do something.

Now, dear readers, because this was our first regular meeting, don't get the idea that our Club is dead. Far from that, as we can assure you you will hear from us again before long.

SOLDIERS' WORK FOR SALE

Toronto, March 18th, 1921.

Miss Edna G. Richardson,
United Empire Loyalists' Chapter, I. O. D. E.
Napanee, Ontario.

Dear Miss Richardson,—

Remembering your interest in the sick and wounded Soldiers through all the months of War and during this last short time of peace, I am writing to let you know that since October last we have had the Sale of Soldiers' Work in this Branch of the Department.

I can hardly tell you what the work itself has meant to the men who have suffered so much in mind as well as in body and also what the financial returns from the Sales have meant by way of cheer and health.

You would find the articles most satisfactory for gifts for Easter, birthdays or weddings — they are most reasonable in price—and should you desire to obtain any of them, we shall be so glad either to write more descriptively or to send the articles C. O. D. to you. The Supervisor of each Hospital sets the prices for the articles and the money goes back to them, twice a month, for the men. Please notice the accompanying list.

Going through the Hospitals, as we do regularly, not only through the Province of Ontario, but in other parts of Canada, we realize all that the patriotic efforts put forth by so many women in the Dominion have meant to the Soldiers who are still in the Hospitals in such large numbers. We are often asked whether Soldiers' Comforts will accept donations either in money or comforts articles, and our answer is that we are glad beyond words to be a link between the patriotic workers and the sick men. We get requests regularly in from the Hospitals and naturally know where little luxuries and extra comforts are welcome. Therefore, we will have pleasure in making distribution for your members, should they desire us to do so.

With a happy remembrance of your united efforts and generosity in the past, believe me,

Yours sincerely,
GERTRUDE VANKOUGHNET
Hon. Supt.

Where's the Zam-Buk?

Is there a box of this famous herbal healer on the shelf ready for emergencies? It always pays to have Zam-Buk handy as it heads off skin troubles. Smeared at once over any cut, letter, burn or sore, it soothes and heals like nothing else can. It is Canada's swiftest, cleanest and most perfect antiseptic skin healer.

HERE'S A SCALD—Mrs. A. B. Lloyd, of Baby Creek, B.C., writes:—"I have found Zam-Buk fine in injuries, particularly for a bad scald I got recently. The prompt use of Zam-Buk took all pain and fire out of the wound and left me fit to use my hand. More Zam-Buk healed the scald completely."

A CUT THUMB—Mrs. W. Campbell, Jemmy River Station, N.B., writes:—"My husband, who is a railroad man, badly cut his thumb on the no fastener of a box car door. Though the wound was severe, dressings of Zam-Buk healed it in about a week's time."

OR A SPRAIN—Mr. Clarence D. Black, Legal Dept., Transcontinental Railway, Ottawa, writes:—"I have often used Zam-Buk and always with satisfactory results. The last occasion was when I fell from a street car and badly sprained my ankle. Zam-Buk speedily took out pain and inflammation and put me right in no time."

If you have not already tried this wonderful healer, send a 1c. stamp (for return postage of sample) to Zam-Buk Co., Toronto. 50c. box all dealers.

Drive Launched Against Tobacco

Objective of Women's Organization Is Smokeless U. S. A. by 1925.

New York—The National Woman's Christian Temperance Union has launched a drive against tobacco. The object is a smokeless U. S. A. by 1925.

"To disclose our campaign plans now would play into the hands of the liquor interests who are seeking to disregard our prohibition enforcement fight by the blue law bugaboo," said Mrs. Ella Boole, vice-president of the national organization, to-day, to the United Press. "But you may say we are opposed to all narcotics and tobacco is a narcotic."

Nevertheless, officials of the local headquarters indicated that their plans include no rough and direct methods such as were used in the case of John Barleycorn.

Propaganda is being sent all over the country advising members to create public sentiment against girls and women using tobacco, petition colleges and clubs to abandon entertainment smoking, work for prohibition of smoking in markets, stores, polling booths and public places.

Thus by subtle means will a guerilla warfare be waged on nicotine until the would-be smoker is caught in the tangles of so many anti-smoke regulations that he will welcome out and out prohibition.

At first heavy artillery will be unlimbered only on the cigarette. Juvenile addicts will receive premier attention. Signs labelled "Important to Boys" and quoting the New York penal law forbidding minors to smoke, are being printed by thousands for public display in this State.

But the "siren of the Sumatra wrapper, as well as the cork-tipped flapper" will be shelled in the final barrage preceeding "over the top for a smokeless U. S. A. in 1925," it was said.

PRAY TOBACCO OUT.

Chicago.—Miss Bertha Bowman, "Lady Anti-Nicotine," called on 100,000 members of the Women's Christian Temperance Union to-day to pray tobacco out of existence.

"It took forty years of prayer to bury John Barleycorn," said Miss Bowman. "Now we are praying that Lady Nicotine be placed in the grave next to him."

The W. C. T. U. goes about its business, and its business is to make the world a better place, in a quiet manner, explained Miss Bowman.

"We don't have campaigns, we have movements," she said. "Hatchet-swinging methods of militant reform only makes the reform longer in coming. The prayers of the righteous are more potent than shouts."

In conjunction with the prayer, members of the W. C. T. U. are striving to carrying records under 21 years of age the harmful effect of smoke-filled lungs and tobacco filled cheeks.

For Both Horse and Stable.—There is a good deal of similarity, physically speaking, between human beings and the lower animals. Both are subject to many ailments arising from inflammation and to all manner of cuts and bruises. Dr. Thomas' Eclectric Oil is an entirely reliable remedy for such ailments and mishaps in both human beings and the lower orders of animals.

HOW WOMEN AVOID SURGICAL OPERATIONS

Some Are Extremely Necessary, Others May Not Be

Every Woman Should Give Lydia E. Pinkham's Vegetable Compound a Trial First

Chicago, Ill.—"I was in bed with a female trouble and inflammation and had four doctors but none of them did me any good. They all said I would have to have an operation. A druggist's wife told me to take Lydia E. Pinkham's Vegetable Compound and I took 22 bottles, never missing a dose and at the end of that time I was perfectly well. I have never had occasion to take it again as I have been so well. I have a six room flat and do all my work. My two sisters are taking the Compound upon my recommendation and you may publish my letter. It is the gospel truth and I will write to any one who wants a personal letter."—Mrs. E. H. HAYDOCK, 6624 St. Lawrence Ave., Chicago, Ill.

A Vermont woman adds her testimony to the long line of those fortunate women who have been restored to health by Lydia E. Pinkham's Vegetable Compound, after it had been decided an operation was necessary:

Burlington, Vt.—"I suffered with female trouble, and had a number of doctors who said that I would never be any better until I had an operation. I was so bad I could hardly walk across the floor and could not do a thing. My sister-in-law induced me to try Lydia E. Pinkham's Vegetable Compound and it certainly has helped me wonderfully. I keep house and do my work and have a small child. I have recommended Vegetable Compound to a number of my friends and you may publish my testimonial."—Mrs. H. R. SHARON, Apple Tree Point Farm, Burlington, Vt.

In hospitals are many women whose there for surgical operations, and there is nothing a woman dreads more than the thought of such an operation, and the long weary months of recovery and restoration to strength if it is successful.

It is very true that female troubles may through neglect reach a stage where an operation is the only resource, but most of the commoner ailments of women are not the surgical ones; they are not caused by serious displacements, tumors or growths, although the symptoms may appear the same. When disturbing ailments first appear take Lydia E. Pinkham's Vegetable Compound to relieve the present distress and prevent more serious troubles. In fact, many letters have been received from women who have been restored to health by Lydia E. Pinkham's Vegetable Compound after operations have been advised by attending physicians.

Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women" will be sent to you free upon request. Write to The Lydia E. Pinkham Medicine Co., Lynn, Massachusetts. This book contains valuable information.

RE REFERENDUM.

In order to clear up some difficulties as to voting and registration, I wish to inform the public that "every British subject is entitled to vote if he or she:—

(A) Is 21 years of age, and

(B) Has resided in Canada for one year before the 1st day of February, 1921, and

(C) Has resided in the Province of Ontario for two months before the 1st February, 1921, and

(D) Is not (except as noted in the next paragraph) an Indian ordinarily resident on an Indian reservation, and

(E) Is not one of the other classes of persons disqualified by Section 30 or 31.

"The exception to clause (d) of the last paragraph is that an Indian may vote notwithstanding that he is ordinarily resident on an Indian reservation if he served in the naval, military, or air forces of Canada in the late war."

"Every voter may vote at the polling station of the polling division upon the list of voters for which his or her name so appears and at no other (Section 57).

"Every person who having been once registered to his (or her) knowledge, under this Act, as a voter entitled to vote at a pending election applies to be again registered in the same electoral district as a voter entitled to vote at the same election shall be guilty of the offence of "personation" and liable to the penalties imposed in this Act upon persons guilty of that offence." (Sub-section 9, Section 32).

Any person qualified to vote on the 18th day of April, and who is not on any voters' list of 1919, may apply to be registered under Section 63 on election day to the Deputy Returning Officer at a poll, other than in Napanee, where the voter resides. After takign the necessary affidavits, the Deputy Returning Officer shall record his or her name on the voters' list, placing opposite the name the word "Sworn", then he or she is entitled to receive a ballot and vote as an ordinary voter, having the name recorded in the poll-book and also marked "Sworn".

The Chief Election Officer has ruled as followawss—

Change of Residence.—"A qualified voter who has, since the Provincial list was prepared, moved from a rural polling division to an urban, or from one urban polling division to another, may, as a matter of convenience, be placed upon the list for the urban polling division in which, at the time of his application, he resides, but such registrations should be confined to cases in which the distance between the voter's former and his present polling division is such that he cannot readily vote in the former. A qualified voter on the list in a polling division other than that in which he at the time resides, is not, by his change of residence, prevented from voting where his name appears on the list and every consideration is in favor of his voting there unless to require him to do so would involve real inconvenience."

"A voter who has moved from one rural polling division to another may vote either in the rural polling division on the list for which his name appears, or may be vouched for under Section 63 and have his name added to the list for the polling division in which he resides on polling day."

"Any voter who has moved and applies to be put on the list in a new polling division should be warned that under sections 83 and 84 he is liable for voting twice to a fine of $2000 and costs and to imprisonment for two years."

I have been asked so many questions as to the above that I are giving this information for the benefit of the public.

A Real Bicycle For a Real Boy

"WHY don't you ride your bicycle to school any more, Bill?"

"Well, Dad, everybody laughs at it. The other boys ride rings round me, and call it the old boneshaker."

"Hmm! How long have you had it?"

"Why, it's three years, now. You got it second-hand, Dad—remember?"

"That's right! What kind of bicycles have the other boys?"

"They're nearly all C.C.M.'s. The best ones are, anyway."

"I see. What make would *you* like best?"

"Why, of course, a C. C. M., Dad, every time!"

Dad Offers Him One for Passing

"Well, now, look here, Bill. If you'll pitch in at school and pass your exams., I'll get you one of those C. C. M. Bicycles. How does that strike you?"

"Dad, I'd do almost *anything* for a C. C. M. You just watch me!"

"That's the stuff! I've heard C. C. M. Bicycles well spoken of, and one should be a prize worth winning."

"It sure is. C. C. M.'s look so snappy and ride so easy. Pewee Bowman has one of the new models and it has the C. C. M. *Triplex* Crank Hanger. He loaned it to me yesterday for five minutes. Gee, it was just like riding on air!"

"Why, what difference does the *Triplex* Hanger make?"

BOWLING MEETING.

The second annual meeting of the Napanee Lawn Bowling Association was held in the Club House, on Wednesday evening, April 13th, 1921. A large attendance of members and enthusiasts were present. In the absence of the President and Vice-President, Mr. J. W. Robinson occupied the chair. The report of the business for the past season was read and adopted, and the finances were found to be in a healthy condition, and the prospects for the coming season appear exceedingly bright.

During the coming season the Bowling Club will conduct and conclude all matters in connection with the Club, as arrangements have been made to rent the premises from Curling-Bowling, Limited. The fee for the year was fixed at $10.00, and it is to be hoped that all old members will see their way clear to join the Club and the Club will welcome all new members.

The election of officers for the year 1921 resulted as follows:—

Hon. Pres.—His Worship Mayor Graham.
President—J. H. Moffatt.
1st Vice-Pres.—W. S. Herrington, K.C.
2nd Vice-Pres.—J. E. Robinson.

Free-Will and Prohibition

The following is a letter written to The Mail and Empire by Miss Stephanie Jarvis, daughter of Canon A. Jarvis, Rector of St. Mary Magdalene Church, now living in Toronto to —

Sir,—Several of your correspondents have remarked lately that prohibition is not a religious question at all, but a social matter, and should be treated as such. For people who do not believe in God or religion, this is a perfectly honest and defensible attitude; but those who love God must always look on prohibition as first and foremost, a religious question; for this reason—prohibition, as an attempt to improve on the plan of creation, is a direct defiance of God Himself.

God created the world, and everything that He created is good in itself; but because Satan brought sin into the world and spoils God's plan, everything in the world can be put to a wrong use. There are no exceptions; there is nothing so entirely harmful that it hasn't some good use; there is nothing so holy that it cannot be degraded. Out of thousands of examples, let us take the greatest of God's creations, man himself.

Man, body, soul and spirit, was created for God, and with God's grace he can rise higher than the angels and become one with God Himself; but man, body, soul and spirit, by rejecting God's grace, can descend into depths of vileness worse than hell, and become an agent of the devil. Man, by using his body aright, can make it a thing of vigor, beauty and usefulness, a temple fit for the Holy Ghost; man, by abusing his body, can degrade it into a loathsome spectacle he can make it, stunt it, or even, usurping the function of God, kill it. By using his mind as God would have him, man may give to the world treasures of art, literature or miracles of science; but that same God-given mind can plot the blackest of shameful treachery. And so with the soul. By voluntary co-operation with God, the soul may become an instrument for the salvation of the world; but the soul, by choosing the devil, may lose Christ's little ones to hell. And the reason for this is free-will.

God could have made man a puppet and forced him to obey His will; for He could have created new things entirely good and some entirely bad, and prohibited those that were evil; but that was not His plan. God willed that man should follow Him from love and not from fear. And so God created man in His own image; He placed him in a world where all things are capable of a good or an evil use. He pointed out the right use, and left the man free to choose. God's "prohibitory laws" the Commandments, were a way of pointing out the right and the wrong way of life; man's own conscience was another guide, if he never left in doubt as to the right, but he was always left free to choose.

In giving man free-will, God, as it were, parted with His Divinity, and so God could not, even if He would, force man, against his will, to follow Him. His Divine man Divine guidance sufficient to overcome every temptation, but He could not force him to take it, nor could He redeem the world, but He could not force the world to receive Him. Free-will is not an empty name, it is a reality.

We see, then, that the Divine plan of creation is conscience, grace and free-will.

In Christian countries laws are framed to carry out this Divine plan. God does not point out cross-drains and for the protection of citizens, provide punishments for their infringement. Thus, as well as laws against murder, we have laws regulating motor traffic, both designed for the protection of human life. Now, there are three points to be noticed, both in the law of God, and also in those good laws which follow the Divine plan. First, the law does not interfere with free-will. A man can commit a murder or run amock in a motor if he so chooses; he is only deterred by conscience or fear of the consequences. And there is nothing to prevent a man from blaspheming or denying his Saviour except the love of God or the fear of hell. Secondly, such laws are universally supported by man's own conscience. Even the man who commits a burglary admits that theft is wrong and the law against it puts the man who deliberately rejects God above that he merits eternal separation from God. Thirdly, these laws punish the guilty, and not the innocent. A motor man for murder, and fine those who exceed the speed limit, but we do not confiscate all motors in order to save children from being run over, nor do we imprison men for violent temper or reeding forebodes in the hope of preventing murder.

How does prohibition stand this three-fold test? In all three cases prohibition directly opposes the Divine plan: Prohibition takes away free-will. Man is no longer free to choose whether he will use wine temperately or intemperately; he is forbidden to use it at all. Prohibition is not supported by man's conscience. Say what you will, every man knows in his heart that moderate drinking is not a sin, and nothing can make it so; yet prohibition classes moderate drinking with foul crimes and punishes it accordingly. Lastly, prohibition not only punishes the innocent as well as the guilty, but puts them both in exactly the same class. Prohibition penalizes alike, the ruffian who craves to drink himself into insensibility and the unfortunate wretch who wants to rub his back with alcohol.

Now there are some people who consider that prohibition does follow the Divine plan. Leaving aside those intemperate people who speak of wine and liquors as "the curse of the world," sane prohibitionists contend that liquor, though useful occasionally as a medicine, is not intended as a beverage. Admitting that there is a right and a wrong use for everything, they say that the wrong use of drink is to drink it. If this statement be true, then it should be able, as in other cases, to stand the test of God's commands and man's own conscience. Opium, for instance, though invaluable as a drug, is degrading and deadly as a habit; and is, therefore, very properly prohibited by law except for the right use. Is liquor, like opium, a drug? Is its moderate use as a beverage the wrong use of drink? We turn to God's prohibitory commands, and we find drunkenness, like murder, solemnly forbidden, but wine allowed, commended and blessed. We find our Blessed Lord using wine Himself as a beverage, and providing wine for joy and festivity at the marriage feast of Cana. Would our Pattern and Example have chosen the wrong way to use one of His creations? Turning to science, we find the greatest doctors and scientists agreeing that the moderate use of intoxicating liquors is beneficial to the health. This evidence is weighty, but it is not all. Some people only believe those parts of the Bible which fall in with their personal opinions; others care nothing for the pronouncement of science. What then? We still have an infallible guide—man's own God-given common-sense.

If liquor as a beverage is harmful, its injurious effects should be patent to the average observer. We do not need elaborate statistics nor heated arguments to prove that carbolic acid as a beverage is harmful; no one disputes it. A sufficient dose of strychnine will always injure the system; there are no exceptions. If then, liquor as a beverage is injurious—so injurious in fact that it

—The Kingston Salvation Army Band was in Napanee Monday evening and furnished the music at the mass meeting held in the Town Hall that evening. The Army Band is an excellent organization, and for a short time before the meeting they delighted our citizens with some fine selections on the street corner.

—The death took place this week of Miss Bess Ready, second eldest daughter of Mr. and Mrs. Joseph Ready, Deseronto. Miss Ready, who had been in charge of the Bell Telephone Central for some time, contracted a cold which developed into pneumonia. During the week Miss Ready's condition grew worse and despite all that loving care could do for her, she passed away.

—Clem Freeman, a son of Mr. and Mrs. J. Freeman, Deseronto, was severely scalded on the right arm and left leg when the crown sheet of a locomotive upon which he was employed as a fireman, blew out, twenty-five miles from Capreol, on March 26th. Mr. Freeman, whose escape from death, was nothing short of miraculous, was blown from the cab. He reached Deseronto on the C. N. R. passenger that jumped the rails east of Napanee on the morning of the 24th. The young man's friends will be pleased to learn that he is now rapidly recovering.

Free-Will and Prohibition

(Continued from page 4.)

must be stamped out as the blackest of crimes—then moderate drinkers should show unmistakable signs of mental, physical and spiritual inferiority to those who do not drink. If we can produce even one case of a moderate drinker who is physically, mentally and spiritually the equal of non-drinkers, the whole prohibition case falls to the ground. If wine, beer and whiskey are the poisons that prohibitionists say they are, there should be no exceptions to the visible results of drinking. But are there? The British are a race of moderate drinkers; the Turks are strong prohibitionists; yet it must be conceded that the British are at least the equals of the Turks. It may be argued that the non-drinkers of England, by their superhuman virtue, leaven the whole lump and so save the day for the old Empire. I doubt this very strongly, but let it pass. Are there any individuals to disprove the prohibitionist case? Out of many I will choose one. This "test case" being a clergyman, it would be only courteous to take his moral character for granted; his professional calling proves his mentality at least equal to the average, and physically he could beat most men of his age with a heavy handicap. He is over seventy, has never been in bed more than two or three days at a time in his life, and can still do a day's gardening that would put many a younger man to shame. Yet he has been a moderate drinker all his life.

This case can be multiplied by the thousand. Prohibitionists may quote statistics till doomsday, but they cannot alter the evidence of man's eye-sight. Let the average man but compare the moderate drinkers of his own acquaintance with his non-drinking friends, and his own common-sense shows him the absurdity of the prohibitionist argument. Prohibitionists contend that liquor as a beverage is so deadly that it must be abolished. Conscience and common-sense alike proclaim that statement erroneous. We cannot get away from facts. Prohibitionists must admit that everything in the world can be used for evil as well as for good, and yet God has allowed them to remain. Prohibitionists must admit that in every single case, God has pointed out and commanded the right use, and yet has always left man free to choose. Prohibitionists must admit that God has given man free-will, even to choosing Heaven or hell. Prohibitionists, if they are honest, must admit that temperance is the right use of liquor.

Since, then, God's eternal plan is conscience and free-will, and prohibition puts its trust in force, we cannot escape the conclusion that prohibition is a defiance of God. Worse than that, it is an accusation of God. God saw fit to allow man to be tried and strengthened by temptation; prohibition, in superior wisdom and love, seeks to remove that which may be a temptation from man's path. Prohibition sets up to be greater than God.

Yours, etc.,
STEPHANIE JARVIS.

Grandmother came to this House a Bride

SHE came into it perhaps 60 years ago, she enriched it with all the romance of youth, the experience of maturity and, thanks to its wonderful preservation, she was permitted to spend the evening of her life amid the old familiar walls.

And to-day it still stands—a trifle old-fashioned in architecture perhaps—but in every essential, a home rich in memories and a silent tribute to the wisdom of protection against decay.

Shall the importation and the bringing of intoxicating liquors into the Province be forbidden? YES X

Your Vote Will Decide

You Voted against the SALE—
—Vote Now against the IMPORTATION

THE people on April 18th decide by the ballot reproduced above whether liquor for beverage purposes shall be allowed to come in, or whether the door shall be shut.

Earnestly we ask you to vote—vote to clinch your former vote.

By your last vote against the Sale of liquor you made Ontario safe from within.

Now vote against Importation, to make Ontario safe from without.

Prohibition should apply to all alike.

Take nothing for granted. Every temperance vote is needed. Every temperance vote must be cast.

See that your wife and every member of your household, with a right to vote, gets to the polls.

Let us roll up a decisive majority today and settle this question.

School opened last Monday with the same staff of teachers.—The L. O. L. met at Mrs. Sidney Sprowle's last Wednesday afternoon, and was largely attended. Delicious refreshments were served to about thirty-five ladies.—The U. F. O. held their meeting in the Township Hall last Monday night.—Sheldon Hawley has purchased the dwelling and property, part of the late John Walpole's estate on the corner of Ferguson Avenue and Centre Street, and intends moving in the near future.—Mrs. Charles Timmerman has returned from spending the past two weeks with her daughter, Mrs. (Dr.) H. E. Day, Kingston.—Albert Judge, who has been spending his holidays with his parents, has returned to Smithville.—Mrs. John Mancur returned last Saturday from visiting her sister, Mrs. R. Lee, Toronto.—Miss Lennie Snider returned Monday from spending a week with friends in Kingston.—Mrs. T. J. Kelly and Miss Mary Webster, Bannockburn, who have been guests of Miss Eliza Toomey, left Saturday for Niagara Falls.—A baby boy arrived last week to make his home with Mr. and Mrs. Fred Sharpe.—Mrs. McPherson, Belleville, is visiting her daughter, Mrs. Shelly Denyea.—An interesting and instructive temperance address was delivered in the Township Hall last Sunday afternoon by Judge Lavell, Kingston. The hall was filled to capacity. Quite a number of Kingstonians were present.

Miller's Worm Powders were devised to promptly relieve children who suffer from the ravages of worms. It is a simple preparation to destroy stomachic and intestinal worms without shock or injury to the most sensitive system. They act thoroughly and painlessly, and though in some cases they may cause vomiting, that is an indication of their powerful action and not of any nauseating property.

LEMMON—STEVENS.

A very quiet but pretty wedding took place on Wednesday morning, March 23rd, 1921, at the home of Mrs. Annie Lemmon, Wilton, when her eldest daughter, Marion, became the bride of Mr. Asthur Stevens, adopted son of Mr. and Mrs. Walter Snider, Odessa. The bride wore a dainty dress of white crepe-de-chene with silver lace. The bridesmaid, Miss Edna Lemmon, wore a very becoming white voile. The bridegroom was attended by Mr. Walter Lemmon, brother of the bride. The ceremony was performed by the Rev. A. S. Dickinson, Rector of Camden East. After the dinner Mr. and Mrs. Stevens left for Toronto, the bride wearing a blue serge suit and fashionable hat to match. The groom's gift to the bride was a purse and to the bridesmaid a gold breast pin. Their many friends join in wishing them a prosperous and happy life.

Dry Cleaning

Lowe Brothers

This paint film is less than 1\100 of an inch thick. What does that mean to you?

When you stop to realize that a two-coat film of paint is less than 1-100 of an inch in thickness, and that this thin film stands between your house and the weather, you can see the vitalness of buying the right kind of paint.

Lowe Brothers High Standard Paint forms a tougher film than any other paint we know of. It is elastic. It will not crack with the weather's changes. It is both weatherproof and waterproof.

It costs a little more than most paints, but it always covers more surface, therefore less paint is required and you actually save money at the very start. This fact, coupled with its long lastingness, makes it really an investment paint.

If you want to prevent future trouble, come in and talk over your paint problems with us.

Face Badly Injured.

Friday morning last, Mr. Roy Moore, an employee at the Gibbard Furniture Factory, was the victim of a most painful accident. He was engaged in putting a belt on a planer which he had been operating, when the swiftly revolving belt broke and struck him in the face. The left side of his face and forehead was badly lacerated and the eye was also injured. At first it was feared the sight of the eye was destroyed, but we are pleased to state that a later examination showed that the sight of the eye was not injured. Although suffering considerable, Mr. Moore is getting along nicely.

WEDDINGS.

The Wall Paper Trade

For the season has started early, owing to the mild weather. We are ready to supply all the requirements of housekeepers, having now on hand the very largest stock ever, including the very latest in the different kinds. We can safely guarantee the very lowest prices, as we bought our present stock before the recent advances by the manufacturers. We have the different widths from 18 inch to 30 inch. If you buy the 22 inch paper you pay more for it than for the 18 inch. The manufacturer must pay more for the extra raw material, and for the colors that make the pattern. Every honest dealer will acknowledge that. Our prices run from 16c. per roll up. We are satisfied from the sales we have already made that our stock and prices are right. We have already been obliged to re-stock some of the leading lines, particularly the Oatmeals and their Borders.

We invite intending purchasers to see our samples and get our prices before buying.

Polling Day Monday, Apr. 18

THE issue before the people of Ontario is clear cut and definite.

There is only one question--

"Shall the importation and the bringing of intoxicating liquors into the Province be forbidden?"

If the majority answer YES, importation will cease. It will still be possible, however, to get liquor for medicine, for sacramental and industrial purposes.

If a majority vote No, conditions will remain as they are, with boot-legging and rum-running.

Vote YES, and vote for the greatest happiness to the greatest number.

TENDERS FOR COAL.

Sealed Tenders addressed to the undersigned and endorsed "Tender for Coal for the Dominion Buildings, Ontario and Quebec," will be received at his office until 12 o'clock noon, Friday, April 29th, 1921, for the supply of Coal for the Dominion Buildings throughout the provinces of Ontario and Quebec.

Combined specification and form of tender can be obtained from the Purchasing Agent, Department of Public Works, Ottawa, and from the Caretakers of the different Dominion Buildings.

Tenders will not be considered unless made on the forms supplied by the Department and in accordance with the conditions set forth therein.

Each tender must be accompanied by an accepted cheque on a chartered bank payable to the order of the Minister of Public Works, equal to 10 p.c. of the amount of the tender. War Loan Bonds of the Dominion will also be accepted as security, or war bonds and interest if required to make up an odd amount.

By order,

R. C. DESROCHERS,
Secretary.

Department of Public Works,
Ottawa, April 15th, 1921. 16a

The Purebred Imported Percheron Stallion Glenco, No. 5533, foaled April 29th, 1914. Imported from Indianna February, 1914. This young horse has already commenced to show his quality and registered in the Percheron Stud Book. It is a well known fact that this young percheron horse is the most valuable breed ever brought to this country, and his merits should be carefully investigated by anyone intending to breeding draught or farm horses, as he is one of the best Percheron horses in these counties. His Spedigree will prove that he is not from a family dating back to the first years of the Percheron horse. He has proven himself to be the best stock getter in these counties. He has colts that have never been beaten at the Picton shows, and they have been exhibited there the past three years. Glenco is a surprising travveller for a horse of his size. He is a Dapple Grey, weighs about 1800 lbs. when in condition, over 16 hands high, has a slightly dished face, shows big great intelligence. The head is of medium length and wide between the eyes. The neck is arched and muscular, the back is short and strong, body round and close ribbed. The hind-quarters are broad and strong, the shoulders very muscular, breast clean flat legs with plenty of action; hoofs hard and sound and free from disease, which is seldom seen on heavy horses.

Will be at P. D. Marsh's stables every Saturday during season.

Terms, mare proving in foal, $18.00 payable 1st of February next. Mares not returned to the horse each week will be charged one-half insurance. Parties disposing of mares before foaling time must produce mares or pay insurance. All accidents at owner's risk.

Owner.

H. L. CLAPP, SR., DIED AT HIS HOME AFTER LONG ILLNESS

Henry L. Clapp, one of the oldest settlers, died Sunday, March 13th, 1921. Mr. Clapp was born in Adolphustown, Canada, November 2nd, 1840. He was the son of Durland H. Clapp and Eleanor Huffman Clapp. He moved with his parents to Warrentown, N.Y., in 1840, and to Omaha, Nebraska, in 1856. At this time he was not satisfied with the prospects for Nebraska and so he travelled on to investigate conditions in several of the western states, but returned to Nebraska and in 1867 took a homestead five miles northwest of the present town of Elmwood. Mr. Clapp's father was one of the original homesteaders of this community and lived to a ripe old age, passing away in 1909 at the age of 96. His mother died in 1894. He was the oldest of four children, a sister, Minerva Clapp Robinson died in 1906. A brother, Charles D., died in 1919, and Smith J. now living in Logan, Kas. Mr. Clapp's father and brother, Charles D., helped to build some of the first houses in Lincoln, and in many of the smaller towns in the western part of the State.

On October 9th, 1872, Mr. Clapp married Jennie Sones, of Greenwood, Nebraska, who survives him. He also leaves a daughter, Mrs. Blanche C. Harger of Chicago and one son, Henry L., of Elmwood, and two grand children, Marion and James Harger. Mr. Clapp's estate still retains the original homestead, although in 1884 he moved to another farm two miles south of the old home, and in 1894, he moved into Elmwood, where he has since made his home. Mr. Clapp was stricken with his last illness in December, 1919, and was confined to his home and most of the time to his bed since then. Through all his long and trying illness he was patient and cheerful and sought to make the lot of his nurse and wife as pleasant as possible. In business life he was known throughout eastern Nebraska, and was the epiteme of honor and was greatly respected. At the request the funeral was held at the family home on Tuesday, March 15th, by his pastor, Rev. F. E. Sale, and was laid to rest in the Elmwood cemetery.

Ontario Strong For Prohibition

Majority Will Probably Reach 200,000

The Province of Ontario on Monday pronounced itself strongly in favor of total prohibition, the returns received showing a sweeping "dry" victory. The aggregate majority so far compiled is over 150,000, but will likely reach 200,000. It is estimated that about 50 per cent. of the available vote was polled, or about 700,000.

Thirteen cities voted "dry" and eleven "wet", while the rural districts were invariably "dry".

The Town of Napanee polled a vote of nearly 3 to 1 in favor of the "drys", while the County voted nearly 3½ to 1 "dry".

WILTON

On Saturday morning, April 16th, death claimed another one of Wilton's citizens, when Josephine, wife of the late George Simmons, passed away, after a few days illness of pneumonia. Funeral services were held on Sunday afternoon, in the Presbyterian Church, services being conducted by the Rev. W. J. Parsons. She leaves to mourn her loss two sons, Stewart and Archie, both of Wilton, also three sisters, Mrs. B. B. Shibley, Mrs. W. Babcock, of Wilton, and Mrs. B. Caton, Toronto. The remains were placed beside those of her husband in the Wilton Dramatic Club, entitled "Willow Dale", was a decided success in every way. The young people are to be congratulated in the excellent manner in which the play was given, as all parts were exceptionally well taken. Proceeds amounted to $85.00. —Our village put on a lively appearance on Monday, as everyone showed considerable interest in the election for prohibition. Number of votes polled were: for prohibition 232, against 19.—Mr. Erwell Miller has purchased a new Studebaker car. —Mr. Anderson and bride, of Bealton, spent a few days at the home of Mr. James Davey.—Miss Grace Asselstine and niece, Miss Harriet Asselstine, of Fernie, B.C., at the home of Mr. W. A. Asselstine.—Mr. W. B. Storms, New York, with his sister, Mrs. Sperry Shibley.—Mr. W. Jordan, Mr. Luman Jordan and Mrs. Shapton, of Campbellford, are visiting with friends in Wilton.—Mr. Charles Stever is spending a few weeks with Mr. Glass, at Morven.

Address and Presentation.

On the evening of March 22rd, a number of friends and neighbours of Switzerville gathered at the home of Mr. and Mrs. Bridon Weese to spend a social evening before their departure for their new home. The following address was read and the presentation made by Mr. E. Switzer.

Mr. and Mrs. J. B. Weese and Family.

We your neighbours and associates, have gathered here to spend a social evening before your departure to your new home. It was with deep regret that we learned of your decision to remove from our midst, for in you we have found a friend of surpassing qualities.

As the social life of a community depends upon the young people in it, our loss will be inestimable when we are bereft of you. We will miss your genial countenance, and as you go from us to your new home we pray God watches over all. With this assurance, and as a slight remembrance we ask you to accept this gift, which we hope you will live many years to enjoy. We wish you God speed the pace of life that it will serve as a constant reminder between you and your friends at Switzerville.

Signed on behalf of the neighborhood.

EMMA A. CROZIER,
SELINA WILSON,
EWART SWITZER.

TAMWORTH.

Mr. R. Rogers, of Napanee, has been engaged to teach in the Continuation School here, Miss Ross having resigned, because of illness.

The Rev. Rural Dean McTear, of Bath, visited at the Rectory this week.

The hour of service in Christ Church, Tamworth, will be at 2.30 p.m. instead of at 7, and in St. Paul's, Enterprise, at 7 p.m. instead of at 2.30.

The voting on Monday drew a large crowd to the village. The ladies were ever on the alert and saw that everybody voted, the result being 176 in favour of the measure.

A gang of men are now at work erecting the steel structure for the bridge at Beaver Lake.

The remains of the late Mrs. John Polmateer arrived at the village on Wednesday, and were interred in the Methodist cemetery.

Mr. Argell is now sporting a new car.

Hexall Corn Solvent removes the soreness, and the corns, too. Sold only at Wallace's.

McLEAN.

Moving seems to be the order of the day at McLean.—Alex. Embury has moved on the D. Kirk farm; Milford Wagar on the Davie Heath farm; Richard Beverley in the Geo. Smith house.—On Monday evening, April 11th, a number of the friends and neighbors of Mrs. Alf. Cousins gathered at her home, in honor of Mrs. Cousins' birthday. The evening was enjoyably spent in games and music. At midnight a dainty lunch was served, after which the party dispersed to their several homes, wishing Mrs. Cousins many more happy birthdays.—R. Beverley gave a farewell dance on Wednesday night. A very pleasant time was spent. Mrs. Albert Lephart, of Adams Centre, N.Y., is visiting her mother, Mrs. Parker.—Mr. Charlie Brown, Mrs. Thomas and Mrs. Rawley, all of Kingston, spent the week end at Mr. J. Ransforth.—The sheet of snow after his illness.—Mrs. E. Eckhardt has returned from visiting friends at Switzerville.—Mrs. Harry Barry is in Kingston with Mrs. A. Alcombrack whose little girl is ill in the General Hospital.

MOUNTAIN GROVE.

The weather has turned quite cold again.—We had a heavy fall of snow on Saturday, which will delay seeding for a few days.—W. Barr and Masters Arch and Gordon Barr motored to Kingston last week.—Messrs. Creek, Flynn and Whalen made a business trip through here.—D. Drew has just been receiving new car.—Mrs. Walter Barr returned home from Kingston General Hospital on Saturday, where she had been receiving medical treatment.—R. Hartwick was hurt quite badly at McDonald's saw mill Saturday, by a board hitting him in the back.—Mr. Seret, Kingston, was in town Saturday in connection with school fair work.—The Farmers' Club held a super social and dance in the Town Hall on Friday night, which was well attended.—Mr. and Mrs. Andrew Heller called on Mrs. W. Barr on Sunday.

"The Beaver's" New Home

After residing at its present location for the past quarter of a century, The Beaver is to-day removing to its new home on John Street, one door south of the Postoffice, where permanent quarters have been erected to meet the growing demands of our job and newspaper plant. The Beaver has out-grown the available floor space of its present location, and it has been known for some time that larger premises would have to be secured. While our new home will not be entirely completed for some days yet, we invite you all to come in and see us when we get settled. The plant in the new premises is being located for greater efficiency, and we expect to be able to serve our many customers more expeditiously than ever.

CAMDEN EAST.

The past week was quite cold, but it is warming up again.—Mrs. Cyrus Edgar, Yarker, Mrs. Wm. Skinner, Montreal, and Mrs. S. Greenaway were guests of Mr. and Mrs. John Skinner on Wednesday last.—Mrs. W. Patterson, Hamilton, arrived on Thursday of last week to visit friends in the village for a couple of weeks.—Mrs. John McGarvey and her mother, Mrs. Macdonald, returned home from Port Colborne on Thursday of last week, where they were called to the bedside of the latter's daughter, Mrs. Kilpatrick, who has been seriously ill in the hospital for weeks.—Mr. Jackson, of Lake City, Iowa, arrived on Sunday last to visit his daughter, Mrs. Wm. Brooks, for the summer.—Mrs. A. Guy returned home from Winnipeg on Monday last. She has spent the past six months there with her sons; also her daughter, Miss Mary Guy.—The majority for the no referendum vote in Camden East was 80 dry, and all are well pleased with the large majority for a dry Ontario.—The play "The Deacon", which was given by the Y. P. A. of St. Luke's Church, was a decided success. The parts were all well taken, and the concert generally was fully enjoyed by the large audience. The music by the Napanee Orchestra is worthy of special mention, their playing being greatly enjoyed by all. The Y. P. A. will give the play in Bath on Tuesday evening, April 26th.

BETHEL.

Many farmers are busy working on the land.—Mr. Will Hinch is tearing down their old house, preparatory to building a new residence.—We are glad to say most of the voters turned out on the election day here.—Mrs. Charles Emberley died on Monday afternoon, after a short illness. The funeral was held on Wednesday at the house, her pastor, Rev. J. E. Everson, having charge. The remains were taken to Napanee vault to await burial. Mr. Emberley still continues very low.—Mrs. Will McWilliams has somewhat recovered from her recent illness.—Miss Helena Anschutz spent the week end at her home.—Mr. Gordon Dickinson called on Mr. Elgin McWilliams on Sunday.—Mrs. Will Jackson spent Friday with her mother, Mrs. John Simmons, of Camden East.—Mr. and Mrs. Walter Day spent Monday in Napanee.—Mr. Elmer Alkenbrack, Gretna, called at Mr. Levi Salisbury's, on Monday.

COLEBROOK.

The Ladies' Aid held their regular meeting on Friday night at Mrs. George Riddle's.—Mrs. C. N. Garrison has been making the rounds.—Mrs. W. S. Exley, County Licence Inspector, paid a visit here recently.

LENNOX AND ADDINGTON HISTORICAL SOCIETY

At the Historical Society on Friday evening, the Annual Meeting was held. The President, in a brief address, reviewed the work of the year. Five public meetings have been held during the winter. The attendance has been good throughout, and the speakers, the very best obtainable. One of the fine features of the Society he pointed out, is its growing reputation, as an attentive and interested audience, and the consequent ease, with which speakers of a high order can be secured to address the Society.

The Secretary Treasurer reported having done all the work pertaining to his office, and presented the Annual Financial Statement.

The election of Officers then followed, and the same officers were re-elected, with one exception. Mr. Checkley, who for some years has been identified with the work of the Society, on account of change of residence, has been forced to sever his connection with it. Mr. E. J. Corkill was elected a member of the Council in his stead.

The speaker of the evening was then introduced, Sir Archibald McDonnell, the commandant of the Royal Military College, who for many years was associated with the Royal North West Mounted Police and it was on this topic that he addressed the Society.

He began by quoting a foreword written by himself for "Scarlet and Gold", the official publication of the R. N. W. M. P. He then gave a brief account of the history of the Organization from its inception to the present time. By numerous stories well and vividly told, he portrayed conditions in the large scattered districts of Canada over which it was their duty to uphold honor and respect for British law.

The discipline is the most elastic of any constabulary in the world, and yet the most effective. The "esprit de corps" is of the very highest, and the character of the organization the very best. This was due largely to the exceptional type of men who had been in charge of it throughout its history, and had established the reputation and tradition for honest dealing with the Indian and all others, and for obedience to law and duty; such men as French, Irvine, and Steel and Perry, and though he did not say so, we ought to include the speaker himself.

One of the finest tributes ever paid to the organization is that of Sir Wm. Vanhorne, who said that great railroad could never have been built, but for their assistance.

Their sphere of operations had widened, until it included all the Prairie Province, British Columbia, the Yukon, and finally the great hinterland of the Arctic Circle, and was now known as a Dominion Mounted Police.

In the South African war the organization supplied all the officers for the 2nd Battalion of the first C. M. R's, 60 N. C. O's for the Strathconas, and 24 N. C. O's for the second C. M. R's. In the great war they had supplied 180 officers and 900 men.

Throughout the whole of its existence, the N. W. M. P. had achieved a record second to none other. They had succeeded in keeping among all classes of people in those great unorganized portions of Canada a genuine respect for British law and order.

The lecture was accompanied by lantern slides, and these with the intimate stories told by the speaker from first hand knowledge, gave the audience an insight into the working of the N. W. M. P. they could have received in no other way.

After the thanks of the Society had been given to the speaker by the President, the meeting adjourned with the National Anthem.

SLEET STORM DOES GREAT DAMAGE

The sleet storm which started on Saturday afternoon about 3 o'clock, and lasted until Sunday evening, did a great deal of damage in this district. Many telephone and telegraph wires were broken as a result of the storm. On Monday morning the Bell Telephone Company reported that a great deal of damage had been done to poles and wires. In some places the poles were broken off close to the ground.

The Canadian National Telegraph Company reported that the storm had not affected their lines around here.

The Canadian Pacific Telegraph Company stated that the Kingston-Toronto line was damaged between Kingston and Napanee, and any messages received in Kingston had to be brought round by way of Montreal. It was expected that the damage would be repaired by night.

The Bell Telephone Company reports that the storm was decidedly severe. The line between Kingston and Napanee was out of business. Along this line there were sixty poles broken off and the wires were down on the road. On the Seeley's Bay line, which connects Kingston with Ottawa, seventeen poles are broken and the service is out of business.

On Sunday a large gang of men employed by the company was busy clearing the broken poles from the roadway. Calls for help were sent to Montreal and Ottawa, and on Monday at an early hour two gangs of linemen arrived in Kingston and immediately commenced work.

Reels of emergency cable were sent from Montreal, Brockville and Ottawa and this was put in place on Monday. It will take some weeks to replace the broken poles so the emergency cable will be put into service in the meantime. The large poles which were broken carried twenty pairs of wires.

WOULD PLACE BAN ON HEARST PAPERS

MEMBER FOR LENNOX GIVES NOTICE OF MOTION IN LEGISLATURE

A resolution protesting against the admission into Canada of any of the Hearst publications is to be moved in the Legislature by R. A. Fowler, member for Lennox, who will ask the House to memorialize the Government of the Dominion to prevent further entry of Hearst papers.

Mr. Fowler's resolution, of which notice has been given, reads:

"That whereas the Province of Ontario has under its care the training and education of the youth of the Province which has for its object the development of the highest type of citizenship and the maintenance of British connection, and,

"Whereas certain American magazines and newspapers known as "The Hearst Publications" are permitted to circulate in Canada, and,

"Whereas these publications are anti-British in tone and attitude and subversive of the ideals of Canadian citizenship and our connection with the British Empire, this House believes that they should be excluded from circulation in Canada.

"Therefore be it resolved that this House memorialize the Government of Canada to prevent the entry of the Hearst publications into Canada."

THE POWASSAN CASE AND NOW NAPANEE

A day or two ago The Star protested against such law and such law enforcement as was used against John Nesbitt, a settler near Powassan, who was fined $25 for shooting bears while out a hunting license. He had seen an old bear and three yearling cubs in his sheep-field, and got his gun, and shot them. No settler, since the days when David tended his flocks, would have done otherwise.

If this man was rightly fined under the law, then the law is most unjust to settlers. If this is the law then we feel constrained to say that the law is as absurd as it is unjust.

Another surprising case occurred at Napanee last Saturday. Some thirty persons were called to appear before a couple of fishery inspectors and pay $5.00 each for having, contrary to law, dipped suckers from the river without having secured a license to do so. They had used dip-nets below the falls near the town, as they and their fathers and their grandfathers have done every spring at that same place for the past seventy years. They did not know—nobody knew—that it was necessary to take out a license at a charge of $2.00 if you wanted to dip for suckers, or $5.00 if you proposed to sell the suckers after having caught them.

If this ancient right of the people of Napanee was to be interfered with, a notice posted in town or at the falls where the dip-netting is done, would have prevented the infraction of the law. As it is, those who paid $5.00 fines are bound to feel that they were unfairly trapped.

One has a right to protest against any law unless it is a general law, holding good against all persons everywhere. While these youths at Napanee have been fined others have been dip-netting for suckers all over the province—in the Don, the Humber, the Etobicoke, the Pickering river, and many others—without possessing licenses and without interference from fishery inspectors. What, then, is the meaning of this raid on the Napanee crowd? Is it a stroke of policy meant to act as a warning for the future to the entire province, or is the law one which any inspector can enforce or not as he chooses?

The fire-arms amendment to the federal criminal code is such a law—a law that the police, evidently, can enforce or not as they see fit. They can enforce it in one locality and not in another, or they can convict one man under it and not bother another man with it. There is grave danger under such laws of justice falling into abuse, and of ill-will and petty tyranny being used. In the Ontario legislature and in the Ottawa parliament the people's representatives ought to be alert in these matters.—The Toronto Daily Star, April 18th, 1921.

ORCHARD CULTIVATION

It is a well known fact that growth in the orchard tree is made during the months of June and July, after which the growth fills out and ripens. It is also known that early cultivation stimulates growth. The loosening up of the earth aids in the warming of the soil and makes it possible for soil organisms which liberate plant food to become active earlier; air will penetrate better and these organisms will become active to a greater depth than if cultivation is not given. Hence the importance of early spring cultivation to furnish suitable soil conditions for the tree and the organisms upon which the tree is dependent for the liberation of plant food.

Uncultivated areas may be made suitable for the tree by supplying nitrogen in an available form early through the use of Nitrate of Soda and by using a mulch to conserve moisture, but on the whole the practice most suitable for general orchard areas is early cultivation followed by frequent cultivation at intervals of a week or ten days to the middle of June or July 1st after which orchard cultivation should cease.

The first cultivation may be the plow pulling, four to five inches deep, after which surface cultivation with the disc and smoothing harrow to maintain a surface mulch of fine earth is all that is required. Deep cultivation is not desirable, as the feeding roots naturally grow in the surface soil and deep cultivation may injure them. Shallow cultivation prevents the formation of a surface crust; thus checking excessive evaporation of moisture and retaining it for continuous growth of fruit, and insuring a proper moisture supply for the tree later in the season. As soon as the ground is dry enough after rain it is wise to start the harrow, producing thereby a dust mulch.

After the middle of June a cover crop should be seeded to occupy the ground during the fall; take up excess plant food, and develop humus for the following spring. The common vetch seeded at the rate of 1¼ bushels per acre is the best cover crop. This plant can extract nitrogen from the air and increase the store of nitrogen as a result. This crop makes vigorous growth on most soils but will do better if the soil is limed. It is a crop fairly easily turned under and it is satisfactory at picking time, as it flattens down after making considerable growth. This cover crop may be plowed under in the fall or not until the following spring, but the usual practice is to fall plow and work with the disc harrow in the spring, which is considered the best method.

The tree close to the base of the tree looks better if kept well cultivated; but the cultivation of this area is not necessary and very often much injury is done to the main roots from plowing too deeply around the tree. It usually is better to leave this space untouched and keep the grass cut to give a neat appearance.

IS WOMAN'S RIGHT

Leap-Year Privilege Has Long Been Accorded.

Custom by Which She Is at Liberty at That Time to Choose Her Life Partner Is Ancient and Honorable.

According to an old myth, a girl aspiring to matrimony in leap year is at liberty not only to choose her life partner, but should the man of her choice by any chance feel indisposed to wander by her side he is under obligation to soften her disappointment by proffering a silk gown and a kiss.

In these days, when the prices for raiment of any material, not to mention silk, have soared to such inconsiible heights, it might be advantageous for a man "to cherish and obey," repent and rue, for the rest of his quota on earth rather than produce the price for an all-silk gown.

An old law, said to have existed in Scotland in the year 1288 may afford additional comfort to skeptical spinsters of today, even to the extent of rejuvenating their hopes for securing during the coming year a spouse, a silk gown, a kiss, or all three; at all events, it will doubtless instill further assurance as to the veracity of this timeworn but none the less tender privilege. This law reads:

"It is ettled and ordaint that during the rein of her maist blessit Majestie, for ill yeare knowne as lepe yeare, ilk mayden leidy of bothe highe and lowe estait, shall hae liberte to bespeke ye man she likes, albeit he refuses to tak her to be his lawfut wyfe, he shall be mulcted in ye sum ane poundis or less as his estait may be; excepit and axis gif he can make it appeare that he is betrothit ane ither women, he then shall be free."

A few years later a similar law in France received the approval of the king. It is also said that before Columbus sailed on his famous voyage a like privilege was granted to the maidens of Florence and Genoa.

A curious little book entitled "Love, Courtship and Matrimony," published in London in 1901, contains the following contribution apropos to the subject:

"Albeit it nowe become a part of the common lawe in regard to social relations of life, that as often as every leap yeare doth return, the ladyes have the sole privilidge during the time it continueth of taking boye, either by wordes or bookes, as to them it seemeth proper, and, moreover, no man will be entitled to benefit of clergy who doth in any wise treat here with slight or continuely."—New York Evening Sun.

Flathush—You say your wife went to college before you married her?

Benoshurst—Yes, she did.

Flathush—And she thought of taking up law, you said?

Benoshurst—Yes; but now she's satisfied to lay it down.

Clean-Up Paint-Up

Let your home show the pride that is within you. Plant flowers and grass seed. Trim up the shrubbery and vines. Paint your house with Lowe Brothers High Standard Liquid Paint.

You can always bank on the quality of the paint bearing the Little Blue Flag trademark on the label. It may cost a little more per gallon than other paints, but it spreads further and easier, so you'll save money at the start on both your material and labor bills.

This paint also holds its color and lasts longer than most other paints. That means you will not have to repaint as often as formerly.

We will be glad to show you that the difference between Lowe Brothers and other paints is more than a mere difference of opinion. Ask for color card and interesting literature.

NOTICE.

Notices of "In Loving Memory" are charged for at the rate of 50 cents an insertion; when a verse of four lines is added the charge is 75 cents. "Cards of Thanks" are 50 cents. Unless the money accompanies these notices when sent in, they will not be inserted.

IN MEMORIAM.

In loving memory of the late Geo. S. Richardson, Deseronto, who died April 21st, 1920.

A year has passed, our hearts still sore,
As time goes on we miss him more.
One of the dearest, one of the best,
We miss him most who loved him best.
Oftimes we sit and think of him,
When we are alone the tears will flow.
For memory is the only thing
That grief can call its own.
Some day we hope to meet him,
Some day we know not when.
We shall clasp his hand in a better land,
And never part again.
—Mother, W. H., Grace and Clayton. 16ap

IN MEMORIAM.

In loving memory of Guy Chapman, Corporal 90th Biles, Winnipeg, 8th Battalion C. E. F., killed at Langemarck, April 22nd, 1915.

Their country writes their names upon its roll of honor, because they died for her;
God writes them in the Book of Life because they died for Him.
16ap —Mother and Sister.

He had shot at sheasants, but had never hit one. He had tried Partridges with similar lack of success. He had had no luck in securing wild ducks, he had tracked rabbits, but his prey had always been too clever for him, and his first twelve months had been a blank.

Then a friend reminded him that his hunting license had expired.

"Eh? What's that?" exclaimed the novice.

"Your game license expires to-day", repeated his friend.

"Let it!" said the novice. "It's the first thing I've missed to expire since I bought this gun."

A negro was brought before a Justice of the Peace. He was suspected of stealing. There were no witnesses, but appearances were against him. The following dialogue took place:

"You've stolen no chickens?"
"No, sah."
"Have you stolen any geese?"
"No, sah."
"Any turkeys?"
"No, sah."

The man was discharged. As he stepped out of the dock he stopped before the justice and said, with a broad grin, "Fo' de Lawd sake, if you'd said ducks, you'd 'a' had me!"

By holding our "Down The Bannister" Sale in January and February we were able to liquidate our stocks to a very low margin. Hence we were and are able to buy our Spring stocks at lowest possible market prices. These lowered prices, along with the many special sale values we are offering from time to time give our patrons many golden opportunities to save much money on their Spring requirements. We believe this is a good way to manage a store under present conditions. We invite your inspection of our numerous departments which are all working on the same value giving idea. Read our Specials for this week.

Women's and Misses' Suits at $21.50

CHOOSE FROM SERGE OR JERSEY

We will venture this assertion, "that even the keenest value seeker will be amazed at this special suit value". People who doubted the possibility of such a price on a Suit have been just as enthusiastic about them as we are. They are made from Navy Blue Serge in an extraordinary fine quality. The Coat is cut with the approved shawl collar, has a narrow string belt and is further improved by a neat clever arrangement of Black Braid trimming. The Coat is lined with a good wearing material.

The Skirt follows the rule of suit skirts, plain in general appearance, but smart and attractive when on.

Three Jerseys in good appearing styles are also to be had at $21.50 each.

(On Sale in our Ladies' Suit Section).

The Wall Paper Trade

For the season has started early, owing to the mild weather. We are ready to supply all the requirements of housekeepers, having now on hand the very largest stock ever, including the very latest in the different kinds. We can safely guarantee the very lowest prices, as we bought our present stock before the recent advances by the manufacturers. We have the different widths from 18 inch to 20 inch. If you buy the 22 inch paper you pay more for it than for the 18 inch. The manufacturer must pay more for the extra raw material, and for the colors that make the pattern. Every honest dealer will acknowledge that. Our prices run from 15c. per roll up. We are satisfied from the sales we have already made that our stock and prices are right. We have already been obliged to re-stock some of the leading lines, particularly the Oatmeals and their Borders.

We invite intending purchasers to see our samples and get our prices before buying.

WEDDING TAKES PLACE TO-NIGHT.

In the Old South Church, Miss Elizabeth Warner Will Be Married to Percival Gilbert, Who Takes His Bride to California on a Wedding Journey.

In the Old South Church in Copley Square there will take place this evening the wedding of Miss Elizabeth Warner, daughter of Mr. and Mrs. Clarence M. Warner, of 496 Commonwealth Avenue, Boston, and Percival Gilbert, son of Mr. and Mrs. George E. Gilbert, of 10 Kenmore Street, Boston. The ceremony, which will be at a quarter before eight o'clock, will be performed by Rev. George A. Gordon, D.D., minister of the Church.

In the bridal group will be, as maid-of-honor, Miss Nan Maclin, of Petersburg, Va., and as bridesmaids, Miss Alice Belcher, of Cambridge, a cousin of the bride, and Miss Maude Jennings, of Bridgeport, Conn.

The bride will wear white lace over white chiffon, with a girdle of orange blossoms and a satin train. Her tulle veil, in cap effect, will have a garniture of orange blossoms. A bouquet of mixed white orchids will be carried. The maid-of-honor wears embroidered pink chiffon and carries a bouquet of pink heather, pink roses, sweetheart roses and gardenias. The bridesmaids will be in pink chiffon dresses and their bouquets will be of pink heather, pink roses and sweetheart roses.

Arthur H. Gilbert, of Boston, brother of the bridegroom, will serve as best man, and the ushers will be: Rodney W. Brown, of Reading; Josiah B. Chase, of Brookline; Benjamin W. Estabrook, of Boston; Louis B. Harding, of Brookline; W. Warner Lang, of Toronto, and William E. Stanwood, of Wellesley Hills.

Following the ceremony at the Old South, a reception will be held at the Hotel Somerset. Mr. Gilbert and his bride go to California for a wedding journey and on their return are to make their home in Boston, at 54 Pinckney Street, where they have taken an apartment.

The engagement of Miss Warner to Mr. Gilbert was announced late in February. Miss Warner is a graduate of Miss Guild and Miss Evans' School and later studied at the Garland School. Mr. Gilbert is a member of the class of '08, at Harvard, and is now a partner in the New York banking firm of Spencer Trask & Co. His clubs are The Country, Essex County, Myopia Hunt, Tennis and Racquet, Brae-Burn, Harvard, Exchange, and the Harvard Club of New York. For years he has been one of the foremost amateur golfers in Massachusetts, and in 1909 won the State amateur championship. — Boston Evening Transcript, April 16th, 1921.

Was Highly Pleased.

In the recent visit of Dr. James L. Hughes to Sydenham, he embraced the opportunity to visit the Public School. As former Inspector of Toronto Public Schools, he was well qualified to judge of both the material and pedagogical sides of education. In his address to the children, whom he pleased so highly, he was lavish in his compliments on the building and site as well as on the efficiency of the work of the staff, Mrs. Alkenbrack, principal; Mrs. Young and Miss Lake, intermediate and junior teachers.

Our Story This Week is About Balls And Accessories

We approach the subject fearlessly and impartially, because we know nothing absolutely about the game, its rules or equipment. The Base Balls look good, handle well, and we have been assured by experts that the quality is A. 1. The Bats are of the highest grade. Tennis Balls and Racquets are in the same class. Almost every variety of Rubber Balls known to the Trade.

In China and Glassware we are pleased to note the quality is much improved in our latest importations.

RINSO—not a cake soap, not a chip soap, not a "washing powder", but fine granules that soak the dirt out of your clothes.

—the dirt is soaked out, not rubbed out by main force!

Children's rompers, grimy from the playground—kitchen aprons, curtains, towels—things you dread washing because they need so much rubbing—pile them into a tub of the rich bubbly RINSO suds. RINSO harms nothing that pure water may touch. Let them soak over night.

Then—just rinse them, either in warm water or cold. Your clothes are gleaming white and CLEAN. RINSO has done all the work. For anything particularly dirty it will be necessary to rub, such as soiled cuff edges, etc. It has saved the weary hours at the washboard wearing out your clothes and yourself too. Do not wash the old way any longer. Get a package of RINSO, and do your washing the new and easy way.

At night—soak the clothes with RINSO. Morning—rinse them out. That's all.

If you have a washing machine—

Soak the clothes overnight in the usual Rinso way. The cleansing suds loosen every bit of dirt. In the morning operate the machine for a few minutes and the clothes are perfectly clean—even the most soiled spots.

Children Like Zam-Buk

for its magical soothing power over pain and soreness. Mothers praise Zam-Buk for its wide range of usefulness and absolute reliability. With this pure herbal Zam-Buk always handy, you're ready prepared for any skin trouble or injury.

The boisterous youngsters are always getting cuts, scrapes, and bruises that need Zam-Buk's instant attention. The same with the burns and scalds that happen about the house. Then Zam-Buk has remarkable disease-dispelling power that makes it invaluable for the skin and scalp diseases that children contract from playmates. Scores of other ways Zam-Buk's antiseptic healing saves anxiety and doctor's bills.

"My little three-year old girl suffered severely from scalp-eczema," writes Mrs. A. Gardike, of 465, Amherst St., Montreal. "It defied everything until we began to use Zam-Buk. This healer quickly reduced the inflammation and irritation and gave the child great ease. In less than a fortnight from first commencing with Zam-Buk, the disfiguring disease was completely cleared away."

WISE AND OTHERWISE

Mable—Did Percy propose to you in flowery language?

Martha—Yes, but I nipped it in the bud.

There's a draft coming in the window", said his wife.

"Put it in the safe," muttered the business man drowsily.

If one be troubled with corns, he will find in Holloway's Corn Remover an application that will entirely relieve suffering.

Man—So your brother is sick? Lad—Yes; he got an awful bump. We had a bet on as to which one could lean out of the window the farthest, and he won.

"Does your union authorize you to sing to-night?"

"Well, yes; but only to sing off key."

Mistress—Have you swept under the carpet?

Maid—Yes, mum! I sweep everything under the carpet.

Protect the child from the ravages of worms by using Mother Graves' Worm Exterminator. It is a standard remedy, and years of use have enhanced its reputation.

"Terribly rough, isn't it?" said the stranger on the ocean liner.

"Wal," replied the man from the farm who was going across for the first time, e' twouldn't be so rough if the cap'n would only keep in the furrows!"

J. B. M. has revived and revamped a trick question that was popular in Grover's day. "How far would the names of our Presidents reach if they were placed one after the other?" The old answer was "from Washington to Cleveland." The revised answer runs "from Washington to Harding" (a town in West Virginia).

Excellent for Croupy Children. — When a child is suffering with croup it is a good plan to use Dr. Thomas' Eclectric Oil. It reduces the inflammation and loosens the phlegm giving speedy relief to the little sufferer. It is equally reliable for sore throat and chest, earache, rheumatic pains, cuts, bruises and sprains. Dr. Thomas' Eclectric Oil is regarded by many thousands as an indispensable of the family medicine chest.

A bishop was rebuking a curate for indulging in the worldly sport of fox hunting.

"But," said the curate, "it is no more worldly than the dance you attended some time ago."

"Ah," said the bishop, "but I was never within three rooms of the dancing."

"And I," was the reply, "am never within three fields of the fox."

A Powerful Medicine.—The healing properties in six essential oils are concentrated in every bottle of Dr. Thomas' Eclectric Oil, forming one of the most beneficial liniments ever offered to the use of man. Many can testify as to its power on allaying pain, and many more can certify that they owe their health to it. Its wonderful power is not expressed by the small price at which it sells.

May and Peter, while out walking, met a vicious bulldog, and Peter's conduct in the next few moments left much to be desired.

When they had passed safely May turned to him and said reproachfully:

"Why, Peter, you said you would face death for me."

"I know I did," answered Peter, "and I meant it. But that bulldog wasn't dead."

The hobo had asked the hard-faced woman for something to eat.

"Yes," she replied, "I'll fix you some supper if you'll saw and split some wood, sweep off the walk, fix that hole in the fence, tidy up the yard and burn that rubbish piled up at the cellar door."

"Lady," said the hobo, as he started away, "I'm only a hobo. I ain't your husband!"

Many infants are infested by worms which cause great suffering, and if not promptly dealt with may cause constitutional weaknesses difficult to remedy. Miller's Worm Powders will clear the stomach and bowels of worms and will so act upon the system that there will be no recurrence of the trouble. And not only this, but they will repair the injuries to the organs that worms cause and restore them to soundness.

"Well, Old Nigger, cotton has gone to the dogs."

"Yassuh, Boss, dat's what I heard."

"And you don't make a nickel this year."

"Nossuh, I 'spect not."

"And I've lost what money and grub I furnished you."

"I'm mighty 'fraid you is, White Folks."

"Well, confound your picture, it don't seem to worry you any."

"Lawd, Boss, don't you knew there ain't a bit of use in the world in me and you both worrying about the same thing?"

Long Distance Service Is Now Classified

THE Classifications on long distance telephone calls in effect from midnight, April 20th, are of interest to all users of that service. It is possible, by a study of your long distance requirements, to effect savings in your long distance bills that are well worth while.

Station-to-Station Service

Station-to-Station service should be used when you are willing to talk to ANYONE at a distant telephone — that is, when you do not need to get a *particular person* on the line.

Station-to-Station service is not only cheaper, but more rapid and accurate than Person-to-Person service. On Station-to-Station service the call can be completed as soon as the distant telephone is answered, while on a Person-to-Person call the particular party wanted must be located and summoned to the telephone.

The charge for a Station-to-Station call cannot be reversed — that is, it cannot be charged to the telephone called, for in that case the telephone operator would have to locate a particular person to approve the charge, which would make it a Person-to-Person call.

Person-to-Person Service

When you make a call specifying that conversation is desired with a particular person at a given number, *Person-to-Person* service is used.

As this service requires greater operating labor and circuit time than a Station-to-Station call, the rate is about 25 per cent greater.

Examples of Different Rates

Following are examples showing the station-to-station and person-to-person rates for distances up to sixty-four miles:

Miles	Station-to-Station Rate	Person-to-Person Rate
0-12	$0.10	$0.15
12-18	.15	.20
18-24	.20	.25
24-32	.25	.30
32-40	.30	.40
40-48	.35	.45
48-56	.40	.50
56-64	.45	.55

Appointment and Messenger Service

Appointment calls and *Messenger calls* are special kinds of person-to-person calls.

An APPOINTMENT CALL rate, which is about 50 per cent higher than the station-to-station rate, is quoted for service when an appointment is made by the calling party to talk at a particular time.

When a person who does not have a telephone is called over long distance and a messenger must be sent to summon the party to the telephone, the MESSENGER CALL rate, which is about 50 per cent higher than the station-to-station rate, is charged, and to this is added the necessary messenger charges.

The Report Charge

When you place a call for a particular person or persons and for any reason they cannot be reached the same day at the address given, or will not talk, or if you make a call and you are not ready to talk when the other person is ready within an hour, a REPORT CHARGE is made. The report charge is about one-fourth the station-to-station rate. It is intended to cover part of our expense of handling the uncompleted call.

Special Evening and Night Rates

The EVENING rate, between 8.30 p.m. and 12 midnight, on station-to-station calls, is about one-half the day rate. The NIGHT rate, between midnight and 4.30 a.m., is about one-fourth the day station-to-station rate.

However, no evening or night rates are quoted on station-to-station calls where the day rate is less than 25 cents. On such short-haul calls the day rate applies. For longer distances special evening and night rates are quoted.

Because it is difficult to reach particular persons at night, when many are away from their homes and places of business, there are no special *evening or night rates* quoted for person-to-person calls. They apply only on station-to-station calls.

Address and Presentation

The members of the Young People's Bible Class and the Community Club of the Odessa Methodist Church met at the home of Mr. and Mrs. Albert Hartman, one evening recently, to spend a pleasant evening, and bid farewell to their son, Capt. W. J. Hartman, who has bought a fruit farm at Vineland, in the Niagara district, and has since taken up his abode there.

The weather, although not very favourable, did not keep quite a number from attending. The evening was spent in old fashioned games which afforded much amusement to everyone.

The following address was read by Miss Annie Smith:—

Dear Wilford,—It is with genuine regret that we are called upon to say farewell to one of our most enthusiastic workers in our Methodist Community Club and in our Young People's Bible Class.

As a lifelong member of this Community you have cast your lot with ours. When dear old Mother England wanted her Canadian sons to help her maintain her position, and to avenge the blood of an innocent people, you quickly offered your services, and spent three years amid the fierce scenes in France, helping to drive back the forces of enemy invaders, and then came back unscathed, to again throw in your lot with us, for a time. Since then you have worked faithfully in our various branches of Church work.

That we sincerely appreciate your services both at home and on the field of battle is a lame expression; and we would like in some way to express our appreciation by asking you to accept from the M. C. C. this tie pin, and from the Y. P. B. C. this ring, hoping that the virtues for which they are emblematic will serve to remind you of the sincere friendship we bear you.

With all best wishes that your new home, new life and new duties will be very successful.

Signed on behalf of the M. C. C. by Mrs. Geo. Neville, Pres.; and on behalf of the Y. P. B. C., by Annie Smith, Pres.

The presentation was made by Mr. S. W. Clark. Capt. Hartman responded in a few well chosen words, and also gave such a pleasing description of the new locality, where he was to live, that all will be pleased to accept his very kind invitation to visit him there.

After a few short speeches from others, a friendship circle was formed and all joined in the singing of "Blest be the Tie That Binds".

Catarrh Can Be Cured

Catarrh is a local disease greatly influenced by constitutional conditions, and therefore requires constitutional treatment. HALL'S CATARRH MEDICINE is taken internally and acts through the Blood on the Mucous Surfaces of the System. HALL'S CATARRH MEDICINE destroys the foundation of the disease, gives the patient strength by improving the general health and assists nature in doing its work.

LETTER FROM MRS. WAKELIN

Tells Remarkable Story of Sickness and Recovery.

Toronto, Ont.—"I suffered greatly from weakness, used to be tired all the time, and had no ambition to do anything or any place. My nerves were in bad shape, I could not sleep at night, and then came a breakdown. I read about Lydia E. Pinkham's Vegetable Compound in the newspapers and several of my friends advised me to use it, and it surely put new life into me. Now I am quite able to do all my own work, and I would strongly advise every suffering woman to give Lydia E. Pinkham's Vegetable Compound a trial."—Mrs. CHARLES WAKELIN, 272 Christie St., Toronto, Ont.

The makers of Lydia E. Pinkham's Vegetable Compound have thousands of such letters as that above—they tell the truth, else they could not have been obtained for money. This medicine is no stranger—it has stood the test for more than forty years.

If there are any complications you do not understand write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass.

YOUR TEETH.

By Reg Proctor McGee, M.D., D.D.S. Editor of Oral Hygiene

SCURVY AND THE TEETH

At the Lester Institute in London, years of experiments in the study of scurvy have shown that the slightest trace of this disease results in definite changes in the structure of the teeth.

We have long known that the mere presence of bacteria does not mean infection. To have bacteria become active we must have a point of entrance and a lowered resistance.

Scurvy lowers the resistance of the teeth by causing changes in the tooth structure, and so encourages the activity of the bacteria of decay. In addition, the lowering of the vitality of the membrane surrounding the tooth, causes a loosening of the teeth in their sockets, which will result in their total loss if the disease is not checked.

Scurvy is a disease that is caused by lack of proper nourishment. We usually think of this disease as one that was commonest in the Civil War days and that it is not likely to occur in our own time.

But, strange as it may seem, in times of peace, and in all parts of the world, scurvy is a prevalent disease.

There is a very common form, known as latent scurvy, that is difficult to recognize except by the condition of the gums and teeth. This is particularly prevalent in under-nourished children. The causes of this disease are: insufficient food, food that may be eaten in sufficient quantity but that does not provide the right elements for nourishment, food that may be sufficient in quantity and quality but that is not properly masticated and consequently does not completely digest.

In fact, it is not the quantity of food that counts; it is the nourishment derived from it that gives strength. The condition of the teeth and gums may be either the cause or the result of this disease of undernourishment.

If the child's teeth decay rapidly and the gums are inflamed and the bony process around the teeth begins to absorb, giving the appearance of premature ageing, it is time to have the child treated by both the physician and the dentist.

Every child is entitled to the privilege of growing up healthy and strong.

Don't wait for your child to "outgrow" this condition. Help the little fellows to get all there is out of food and out of life.

LETTER OF SYMPATHY

To Mrs. Richard Marlin and Family.

We, the officers and members of L. O. L. No. 1113 wish to express our sorrow and sympathy to you in your sad bereavement in the death of your husband and father, which occurred on December 15th, 1920.

He was one of the oldest Orangemen in this district, having been the first member initiated in this lodge and was in good standing at the time of his death. He always took great interest in the welfare of the lodge.

By request of deceased, the Rev. J. F. Everson, a former Pastor, assisted by Rev. C. J. Wilson, conducted the service. The text was 2nd Timothy 4th chapter and 7th and 8th verses.

Deceased will be greatly missed by the Lodge, and also by the community in which he lived so long. We commend you to the care of Him who alone can sustain you, and trust that we may all meet in that better Home where there is no parting.

The Stranger Foiled.

The Desoronto Post says: A stranger—believed to be a clever swindler, struck this town on Saturday, and by way of a $20 bill, a small purchase at a store and a slick transfer of change, got away with $10 that didn't belong to him. The victim of the game followed his man, cornered him and got his money back, but not until after threats of arrest had been made. The stranger, who came to town with a woman in a large Studebaker sedan car, was a slight built man, evidently of French descent.

"The Deacon".

The Anglican Young People of Camden East presented their play, "The Deacon", in their hall there last week to a crowded house. The audience was kept in good humour as was clear from the peals of laughter that greeted the comedians in their various roles. This Comedy-Drama takes two and a half hours to stage, and in it there are fifteen characters. It will be given in the Masonic Hall, Bath, on Tuesday evening, April 26th, under the auspices of the Ladies' Guild of St. John's Church. This is the first time "The Deacon" has been presented in Bath. Don't fail to see this interesting and amusing performance. Tickets 50c. and 25c. These prices include the War Tax.

TOWN COUNCIL

Council Chambers,
Napanee, April 19th, 1921.

Council met in regular session on Monday evening, Mayor Graham presiding.

Members present — Reeve Boyes, and Councillors Roblin, Paul, Wilson, Steacy and Hartman.

The minutes of the last regular meeting were read, and on motion were confirmed.

A communication was received from Harold V. Brown, asking for a pool and billiard room license.

Moved by Councillor Wilson, seconded by Councillor Hartman, that no further pool room licenses be granted at present. Carried.

A communication was received from the E. A. James Co., suggesting that the town call for tenders for paving Dundas Street and get the contract in shape.

Moved by Councillor Steacy, seconded by Councillor Hartman, that the engineers be instructed to call for tenders on two or three different kinds of pavements for Dundas St. Carried.

Tenders for street sprinkling were received as follows:—George Grieve, $5.00 per day; O. Powell, $5.00 per day; John Chatterson, $5.50 per day.

Moved by Reeve Boyes, seconded by Councillor Wilson, that we accept Mr. Grieve's and Mr. Powell's tender for sprinkling at $5.00 per day, and that the wages for teaming be fixed at $5.00 per day. Carried.

Moved by Councillor Roblin, seconded by Reeve Boyes, that the price per day labor be fixed at 30c. an hour. Carried.

Councillor Roblin, Chairman of the Streets Committee, reported as follows:—

Your Committee has inspected the streets of the town and would recommend that the following streets be built this year:—

1. John Street, from Dundas to Mill.
2. One block, from Queen's Hotel to Centre Street.
3. Robert Street, two blocks, Graham to Ann.
4. Isabella Street, one block, Robert to West.
5. Simcoe Street, one block, Bridge to Thomas.
6. Thomas Street, one block, Simcoe to the Park.
7. Bridge Street, from Adelphi to Grand Trunk bridge.

We would recommend that the following streets be repaired:—

1.) Dairy Avenue, re-surfaced.
2.) East Street, from Thomas to G. T. R.
3. West Street, from Thomas to G. T. R.
4. Graham Street, from Robert to Belleville Road.
5. Simcoe Street, from Dundas to Bridge.
6. Bridge Street, from Adelphi westerly, as needed.
7. Market Square, west of Town Hall.
8. Graham Street, from John to Robert.

We would also recommend that an approach be built to Chas. Hambly's field next the Park.

We would further recommend that Robin's Hill be oiled from the iron bridge easterly 400 feet, and that Centre Street be oiled from the swing bridge southerly to Ontario street, at an estimated cost of $375.00, cost to be charged to propertied benefited.

Your Committee recommend that the petition from Belleville Road residents for sewer be left over until next year, as the Public Utilities Commission have all they can handle for this year.

On motion the report was received and adopted.

A communication was received from Roy Ferguson, Proprietor of Hay Bay ferry, asking for a bonus of $150.00. Referred to the Finance Committee.

BASEBALL AT ODESSA.

Odessa 3, Yarker 2.

With a high wind blowing, and rain after the first innings, the Odessa and Yarker Junior teams clashed for their first battle in three innings at Odessa, on Saturday, April 16th. The high wind made pitching impossible, and the rain made the grounds such that good playing could not be put up by either team. Yarker did their scoring in the third, while Odessa did their tallying in the first and second. They did not take the third. The return game will be played at Yarker next Saturday. Anyone wishing to arrange for further games with Odessa should write or phone Ross Clark at once.

NAPANEE CHAUTAUQUA DATES WILL BE JUNE 24th, 26th, 27th, 28th, 29th AND 30th.

Chautauqua has been called the travelling University of the common people. Certain it is that it caters to no particular group, class or sect. It aims to bring to each community a program so varied that there will be something of special interest to each and every member of that community.

To meet and satisfy these varied tastes with the best in every line, has always been the difficult task of the Chautauqua program builder. The program offered this year demonstrates that the Dominion Chautauqua Company has more nearly approached this ideal than in any of its previous efforts.

All Tastes Gratified.

The person who believes the best thing on the program is the humorous lecture will this year be well satisfied. He who prefers to listen to the discussions of serious problems will find his wishes fulfilled. The lover of the inspirational lecture has not been forgotten, and those who prefer the education given by the illustrated lecture of a noted traveller will find their wishes gratified.

Interspersing these lectures are musical companies, both instrumental and vocal, whose offerings will meet the most varied tastes. There will appear a small Symphony Orchestra, a Light Opera Company, a brilliant violinist with assisting artists, and last but not least, a splendid Mixed Quartet, giving the old songs of bygone days.

The entertainment features are as varied as the lectures and the musical selections. The Punch, which has attracted such large audiences and which has been a feature of Chautauqua for ... years, will appear ... Another ... will be ... Chautauqua platform ... Yes, and ... will be ... Chautauqua platform ... Yes, and ... will be ... Chautauqua platform ... Yes, and

Help Save the Home!

To Principals and Teachers,
Scholars and Parents,

We will send "Home Inspection Blanks" to the teaching staff throughout Ontario for distribution among their pupils.

As patriotic Canadians, your sympathetic co-operation is sought in the important work of conserving the lives and property of our people from destruction by fire.

The inspection is planned to take place throughout the Province during the week of May 2nd. The primary object of this inspection is to draw attention to hazardous conditions in the homes and have the fire menace removed or corrected by the householders.

The housing problem makes the protection of dwellings of paramount importance.

CLEAN UP

Prevent fires by removing the cause.

The booklets, "Conservation of Life and Property from Fire," and "Lightning, its Origin and Control," may be had for the asking.

YOUR TEETH.

By Rea Proctor McGee, M.D., D.D.S.
Editor of Oral Hygiene

GOITER.

In speaking of the diseases and infections of the body that arise from the teeth, it is not intended to give the impression that the teeth are invariably the cause of infection, but these cases are explained in order to show the results of neglecting mouths

Until recent years we had not realized the danger of neglecting the mouth and teeth—because digestion was so seriously interfered with, by the inability to chew, and because appearance and distinct speech were ruined, and because pain of many kinds and of great intensity was a very frequent occurrence, and because broken roots and open cavities retained decomposing food and mucus, with a resulting bad breath. These were a few of the things that caused the more cultured people to have their mouths put it order.

The researches of the great institutions that are devoted to the study of disease have shown us that the results of neglected mouths are far more serious than we had at first believed; and there is just one way to avoid these serious results. That is to take care of the mouth in time.

Begin with the children, and if the child is trained to have its mouth in good condition and to know the comforts that follow a good mouth condition, the child will make very strenuous efforts, in later life, to have those same physical comforts.

One of the most embarrassing as well as serious of the widespread diseases of this country—a condition that is becoming more and more frequent—is goiter, which is the enlargement of the thyroid gland which lies in the interior portion of the neck.

A swelling of this gland produses a very unsightly enlargement of the neck, many times causing a series of what is known as thyroidism.

Thyroidism is attended with sleeplessness (or insomnia), nervousness and excitability, twitching and rapid heart action.

It was found that in large numbers of goiters the infection in the thyroid gland was a certain bacteria that is found in abscess sacs at the ends of roots of diseased teeth in the mouth of the patient; and in many instances the treatment of the teeth, or the extraction of the teeth and scretting of the sockets, relieved the goiter entirely.

It is therefore advisable to have a careful X-ray examination of the mouth in all goiter cases.

"Copyright 1921, by Rea Proctor McGee."

A small, henpecked, worried looking man was about to take an examination for life insurance.

"You don't dissipate, do you?" asked the physician, as he made ready for the tests. "Not a fast liver or anything of that sort?"

The little man hesitated a moment, looked a bit frightened, then replied in a small piping voice: "I sometimes chew a little gum."

Your Home Medicine Chest. — Among the standard household remedies that should always be on hand in your home medicine chest, none is more important than Dr. Thomas' Eclectric Oil. Its manifold usefulness in relieving pain and healing sickness is known by many thousands throughout the land. Always use Dr. Thomas' Eclectric Oil for relieving rheumatic and sciatic pains, treating sore throats and chests, coughs, burns, scalds, cuts, bruises and sprains.

"Dobbs says art is no longer appreciated. He painted a picture called 'Greedy Fellow', showing a pig eating corn, and—"

"Why, he sold that picture, I'm sure?"

"Yes, but he has just heard that the model sold for more than the painting."

LUX

for Voiles, Linens, Batistes, Cottons

Do not think of LUX as a cleanser for only georgettes, chiffons, tricolettes, crepe-de-chines. The bubbly LUX lather means double life to anything you can wash —anything that pure water will not harm. Chiffon or linen, it's all the same — use LUX.

Figure It Out For Yourself

Honestly now! Could you get for 50c. any other prescription which would give the same all-round service and satisfaction that a box of Zam-Buk does?

Zam-Buk is a combination of powerful, healing, herbal extracts, so refined and compounded that wherever there is any kind of soreness of the flesh, or diseased tissue or abnormal condition (such as inflammation, festering or blood-poisoning) it almost immediately soothes and heals. It stops bleeding. It is highly antiseptic —kills disease germs. It is suitable alike for the hardened skin of the worker or the tender sensitive skin of a child.

Zam-Buk is 100% pure herbal medicine. It contains no animal fat nor mineral impurity. It cannot go rancid.

"For seven years we have used Zam-Buk in our home" writes L. B. Andersen, of 1407, E. 22nd. St., Minneapolis. "We simply could not get along without it. Whenever any of the children, my wife or I, happen an accident, we promptly apply Zam-Buk. It saves many a doctor's bill."

ROD AND GUN IN CANADA.

Among the other interesting stories and articles of outdoor life in Canada that appear in Rod and Gun in Canada for May, is one entitled "A Wonderful Salmon Expedition." This describes an expedition after the "big fellows" in Newfoundland. For the fisherman there are two other stories: "Falling From Grace" and "The Heart Cure" in this issue of Canada's outdoor magazine. "Hunting the Black Duck" and "The Parson Goes Hunting" as the titles indicate, are hunting stories that will appeal to the devotee of rifle and shot gun Great interest is being shown in the big game hunting articles written by A. Bryan Williams; one installment of his splendid series of articles appears in this issue. Fishing Notes and Guns and Ammunition Department, as well as the other departments, are up to their usual high standards. Rod and Gun in Canada is published monthly by W. J. Taylor, Limited, Woodstock, Ont.

AND WE VOTED "YES"

'Twas a balmy summer's evening
And a goodly crowd was there;
Such dope we got in days gone by,
But now it seems threadbare.

No more gin rickys can we have,
Or highballs when we choose;
Since the old bartender lost his job,
We've kissed them fond adeaus.

The sawdust and the polished rail,
Departed with a shock;
And bums in back lanes whisper now
Do you want to buy a crock.

PLAIN TALK NO. 5

Dear People,—No doubt you will be a little surprised at us for our past methods of advertising; especially our old customers, for they know us well and expect something out of the ordinary. We must apologize for repetition, as business is always more than brisk at this season and calls for our efforts so urgently that we scarcely find time to eat. Now, there is a reason for our success, and let us briefly state we mean to stick to our ideals. Our leather and workmanship is, and always will be, of the very best. We work on a small margin and give satisfaction to all. As you are aware, there are several grades of leather and it is possible to have boots fixed at a very low cost, but, not so with us; we handle nothing inferior in quality, and best by far, so compare our work with others and be convinced. Our prompt service is also an item worthy of mention for we do everything same day as received. So all work left in the morning can be had that evening. We also carry the only unbreakable Shoe Laces in town. Don't ask for five cent laces for we would not handle them. Some good second-hand Boots for sale, cheap. Rubber Heels in a very few minutes. Yours for neatness and despatch.

There Is A Gold Mine In Your Garret

Unless your garret is different from the average, it has a lot of old discarded furniture in it, too shabby to use. Furniture, such that love nor money couldn't buy today. It's altogether too good to have up there.

Bring it down and restore its youth with Versinol Varnish stain. Whether it's mahogany, oak or walnut, matters not, there is a Versicol finish for each.

No trick to use it. Goes on with a brush just as easy as spreading butter on hot toast. It sure does make things do by doing them over.

Versicol is sold by only one dealer in each town. We have it. Come in and see the sample panels and ask for literature.

Long Distance Service Is Now Classified

THE Classifications on long distance telephone calls in effect from midnight, April 20th, are of interest to all users of that service. It is possible, by a study of your long distance requirements, to effect savings in your long distance bills that are well worth while.

Station-to-Station Service

Station-to-Station service should be used when you are willing to talk to ANYONE at a distant telephone — that is, when you do not need to get a *particular person* on the line.

Station-to-Station service is not only cheaper, but more rapid and accurate than Person-to-Person service. On Station-to-Station service the call can be completed as soon as the distant telephone is answered, while on a Person-to-Person call the particular party wanted must be located and summoned to the telephone.

The charge for a Station-to-Station call cannot be reversed — that is, it cannot be charged to the telephone called, for in that case the telephone operator would have to locate a particular person to approve the charge, which would make it a Person-to-Person call.

Person-to-Person Service

When you make a call specifying that conversation is desired with a particular person at a given number, *Person-to-Person* service is used.

As this service requires greater operating labor and circuit time than a Station-to-Station call, the rate is about 25 per cent greater.

Examples of Different Rates

Following are examples showing the station-to-station and person-to-person rates for distances up to sixty-four miles:

Miles	Station-to-Station Rate	Person-to-Person Rate
0-12	$0.10	$0.15
12-18	.15	.20
18-24	.20	.25
24-32	.25	.30
32-40	.30	.40
40-48	.35	.45
48-56	.40	.50
56-64	.45	.55

Appointment and Messenger Service

Appointment calls and *Messenger calls* are special kinds of person-to-person calls.

An APPOINTMENT CALL rate, which is about 50 per cent higher than the station-to-station rate, is quoted for service when an appointment is made by the calling party to talk at a particular time.

When a person who does not have a telephone is called over long distance and a messenger must be sent to summon the party to the telephone, the MESSENGER CALL rate, which is about 50 per cent higher than the station-to-station rate, is charged, and to this is added the necessary messenger charges.

The Report Charge

When you place a call for a particular person or persons and for any reason they cannot be reached the same day at the address given, or will not talk, or if you make a call and you are not ready to talk when the other person is ready within an hour, a REPORT CHARGE is made. The report charge is about one-fourth the station-to-station rate. It is intended to cover part of our expense of handling the uncompleted call.

Special Evening and Night Rates

The EVENING rate, between 8.30 p.m. and 12 midnight, on station-to-station calls, is about one-half the day rate. The NIGHT rate, between midnight and 4.30 a.m., is about one-fourth the day station-to-station rate.

However, no evening or night rates are quoted on station-to-station calls where the day rate is less than 25 cents. On such short-haul calls the day rate applies. For longer distances special evening and night rates are quoted.

Because it is difficult to reach particular persons at night, when many are away from their homes and places of business, there are no special *evening or night rates* quoted for person-to-person calls. They apply only on station-to-station calls.

IN MEMORIAM.

In loving memory of dear little Marie Funnell, who died April 20th, 1920.
The bud the Gardener gave us,
A pure and lovely child,
He gave it to our keeping,
To cherish undefiled.
Just as the bud was opening
To the glory of the day,
Down came the Heavenly Gardener
And took our bud away.

"Millinery" For Late Spring Days and For The Summer Days That Are Sure to Follow

Variety is the keynote of our present assemblage of new Hat models. People choosing their early Summer wearing apparel should not overlook the "style-value" of these large dressy Mohair Hats, or these models with Crowns of Flowers or small Hats with Flower brims. Shapes and styles are in evidence that will suit every requirement.

Navy and White, or Black and White Combinations are newest.

At present we are featuring a very wide assortment of Children's Headwear, ranging from models for tiny tots to models for big sisters. The models, which are just a wee bit hard to get are very becoming for respective ages.

Carhartt Overalls

MY Carhartt Overalls bring you the same solid sense of satisfaction that you get from the use of a good implement. The one big thing you will like about my Carhartt Overalls is that they are thoroughbred all the way through, and that means thoroughbred service, neat and finished tailoring and heavy denim cloth. Every seam is double stitched; every button is reinforced. Sizes are correct; extra-large handy pockets, high back, high bib and generous seat. Behind it all is my guarantee of satisfaction and 25 years of knowing how.

Our Story This Week is About Balls And Accessories

We approach the subject fearlessly and impartially, because we know nothing absolutely about the game, its rules or equipment. The Base Balls look good, handle well, and we have been assured by experts that the quality is A. 1. The Bats are of the highest grade. Tennis Balls and Racquets are in the same class. Almost every variety of Rubber Balls known to the Trade.

In China and Glassware we are pleased to note the quality is much improved in our latest importations.

The volume of business in MUSICAL INSTRUMENTS is steadily growing and becoming increasingly interesting.

It is with sincere regret we are losing the nearby companionship of The Beavers.

ADOLPHUSTOWN.

The Dramatic Club of S. Alban's Church scored a great success last Friday evening, when they staged two plays, "A Poor Married Man", and "More Blunders Than One". In the latter play the part of Old Melbourne, wealthy uncle from India, was well taken by Mr. Claude Gallagher, and Young Melbourne, his nephew, was correctly impersonated by Mr. Fred Douglas. Larry, his servant, kept the audience in a happy mood by his humourous Irish dialect. Mr. Patrick Lavock took this important part. Susan, his sweetheart, Miss Catharine Gallagher, delighted the audience by her winsome manner, as did also the debonair little maid, Letty, Miss Hilda Mallory. Trap, the Bailiff, Mr. Fred Wilson, acted his part well, and Miss Hazel Smith cleverly impersonated Louise, a fashionable young lady of considerable fortune.

In the play that immediately followed, "A Poor Married Man", Mr. Alex. Allen, as Prof. John B. Wax, completely captivated the spectators as an unhappy victim of matrimony. In the difficult role of mother-in-law, Miss Edith Allen, as Mrs. Iona Ford, displayed histrionic talents, which were a revelation to many of the audience, and far out-classed ordinary amature work. A fair young bride was Zoie, Miss Agnes Smith, and she acted her part to perfection. Rosalind Wilson, as Reporter, for the "Beaver", gave a clever write-up for her paper. This part was well done by Miss Gertrude Chalmers. Rev. H. Pringle and Miss Lola Allen very sympathetically acted the role of Dr. Graham and his daughter, June, and Billy Blake, Mr. Roy Johnston, proved himself an acter of ability in the part of College Student. Mr. Albert Chalmers, won much applause by his inimitable personification of Jupiter Jackson, the Coloured Gentlemen"; and "Speedy Smith", as "Socrates" and "Mother's Precious", completed an all-star cast. Walters' Orchestra, Napanee, furnished the music which was greatly appreciated. The proceeds amounted to $128.75.—Miss Bruner, Windsor, is visiting her sister, Mrs. Parker, Allen.—The many friends of Mrs. C. P. Allen regret her serious illness, and hope for a speedy recovery.—Master Jack Garvin had the misfortune to scald his arm badly with boiling water, last week.—Miss Jeanette Smith, who has been visiting in Trenton for the past few weeks, has returned home. — Miss Johnston, Bath, spent the week end with her sister here.—Sunday School will be held in S. Alban's Church next Sunday at 2.30.—Mrs. Milling, Odessa, visited relatives here last week.—Mrs. Lake Trumpour, Napanee, was here last Friday for the play.

Copalline your floors, linoleums and furniture, and you'll get the finish that wears longest, stands water best and keeps its gloss; won't darken either. Copalline Varnish is sold in Napanee only at Wallace's.

ELMBROOK.

Mr. and Mrs. Willis Silfs and daughter, Nina, of East Lake, spent Tuesday evening with his parents, Mr. and Mrs. H. E. Silfs.—Mr. and Mrs. Alonzo Potter and Misses Norma and Elma Potter called Tuesday evening at Mr. and Mrs. H. E. Silfs'.—Mr. and Mrs. D. S. Davis and Mr. and Mrs. G. Chambers visited Wednesday evening for tea at Mr. and Mrs. H. E. Silfs'.—Miss Lucille Chambers spent Wednesday night with Miss Carrie Delong.—Rev. and Mrs. Rufus Garrett visited Thursday for tea with Mr. and Mrs. Frank Moore; also Mrs. Levi Moore.—Mrs. H. E. Silfs called on Saturday to see Mrs. Herman McQuaid. She is getting along nicely at time of writing.—The W. M. S. met at the home of Mrs. Isaac Cole in Picton on Thursday afternoon.—Mr. and Mrs. Isaac Cole, of Picton, visited Sunday with Mr. and Mrs. Ogilvie Cole and Mrs. Richard Cole.—Mrs. Taylor, of Picton, spent a few days with Mrs. Richard Cole and returned home on Thursday of this week.—Mr. and Mrs. Ethan Unger and son, Stanley, motored to Belleville on Saturday.

Miller's Worm Powders prove their value. They do not cause any violent disturbtnces in the stomach, any pain or griping, but do their work quietly and painlessly, so that the destruction of the worms is imperceptible. Yet they are thorough, and from the first dose there is improvement. Yet they are thorough, and from the first dose there is improvement in the condition of the sufferer and a cessation of manifestations of internal trouble.

ALBERT SMITH'S SHOP.

"What's this 'Triplex' Stuff I Hear So Much About, Ed?"

"THAT'S it, right there on that bicycle.

"It's as simple as A. B. C.

"But it means as much to a bicycle as the whole alphabet does to the English language."

"How's that, Ed?"

"Just this way:—

"The crank hanger is

the power plant of your bicycle.

"If your crank hanger turns just a little stiff or hard, that means more effort for you.

"If the hanger develops those mean 'tight and loose' spots, it means more friction and less power.

"But the 'Triplex' was designed and is built to overcome those faults.

"It is made of such fine steel and to such close limits of accuracy that it always runs smoothly. It makes your bicycle run so easily you'd think you were riding down grade.

"It takes a lot more time and better workmanship to construct such an accurate hanger."

"Well, well! I never thought a crank hanger was so important. I see now that

it is really just as important to have a good crank hanger on a bicycle as a good engine in a car."

"That's right. The 'Triplex' is sure some power plant.

"Were you thinking of buying a new bike, Charlie?"

"Yes, I was thinking something about it, Ed. You know I bought a cheap one against your advice last year and I'm sick of pushing the old cart along. Besides, it's always wanting repairs."

"What you need is one of those new C. C. M. Bicycles. They're built to stay out of the repair shop. I know of many C. C. M.'s that are giving good service after ten to fifteen years riding over all kinds of roads."

AGRICULTURAL INSTRUCTION IN ONTARIO.

From the grant of $1,100,000 made annually by the Dominion for agricultural instruction, the Province of Ontario receives $336,326 for the purposes contemplated. Of the latter amount, $115,000 was devoted in 1919-20 to the agricultural college and to the agricultural school and farm at Kemptville, $126,000 to the agricultural representatives, and $40,000 to elementary agricultural education, including household science and manual training as applied to work on the farm. The remaining $55,303 is used in various ways, such as demonstrations and instruction in vegetable growing, the encouragement of co-operation and instruction in marketing, the development of women's institute work, the extension of short courses, demonstrations with vegetables and hardy fruits in New Ontario, and in other ways, all tending to the advancement of agriculture and improvements in rural life. How the progressive work coming within the province of the Act has been fostered is illustrated by the fact that while five years ago there were no live stock shipping clubs in the province, there are now three or four hundred; by the creation of egg circles and the extension of co-operation in the marketing, not only of eggs and poultry, but of many other farm products; by the extension of the agricultural representative system to practically every county in the province; by the increase of agricultural co-operative associations, from 102 with a membership of 2,850 and a business turnover of $281,255 in 1914, to 329 associations with a membership of 15,123 and a business turnover of $5,278,106 in 1918; by the expenditure in five years from the grant of $691,215 on the Ontario Agricultural College and the Agricultural School at Kemptville; by the extension of short course teaching; by the development of school and home gardening; and by the greatly increased number of school fairs. In 1914, only 264 schools with 208 school and 56 home gardens qualified for grants, but five years later, 1,020 public and separate schools conducted classes in agriculture and qualified for grants. Also in 1919, 33 high schools had adopted agriculture as an optional subject as against only 11 in 1914. In 1914, the number of schools in the province engaged in garden work was but 208. In 1918 it was 588, and in 1919, close upon 700. In 1909 there were only three school fairs held in the province; in 1919 there were 357, with 11,823 entries. It is estimated that only 250 people saw the first school fair with 58 children taking part, whereas in 1919, no fewer than 92,600 children and 107,500 adults attended the fairs.

Nearly all children are subject to worms, and many are born with them. Spare them suffering by using Mother Graves' Worm Exterminator, an excellent remedy.

"Oh, Mr. Mark, please buy a ticket to our entertainment! It is for a most worthy cause, I assure you."

"Certainly, Mrs. Clatter. And what is this cause?"

"Paying the expenses of the entertainment we gave last week for a worthy cause."

The Family Physician.—The good doctor is always worth his fee. But it is not always possible to get a doctor just when you want him. In such cases, common sense suggests the use of reliable home remedies, such as Dr. Thomas' Eclectric Oil, which is wonderfully effective in easing inflammatory pains and in healing cuts, scratches, bruises and sprains. The presence of this remedy in the family medicine chest saves many a foe.

WOMEN OF MIDDLE AGE

May Pass the Critical Period Safely and Comfortably by Taking Lydia E. Pinkham's Vegetable Compound.

Regina, Sask.—"I was going through Change of Life and suffered for two years with headache, nervousness, sleepless nights and general weakness. Some days I felt tired and unfit to do my work. I read Lydia E. Pinkham's Vegetable Compound a trial and found good results, and I also find it a very helpful Spring tonic and useful for constipation from which I suffer much. I have recommended Vegetable Compound to several friends, and am willing you should publish this."—Mrs. MARTHA W. LINDSAY, 810 Robinson St., Regina, Sask.

If you have warning symptoms such as a sense of suffocation, hot flashes, headaches, backache, dread of impending evil, timidity, sounds in the ears, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness, inquietude, and dizziness, get a bottle of Lydia E. Pinkham's Vegetable Compound and begin taking the medicine at once. We know it will help you as it did Mrs. Lindsay.

Important to Teachers.

The following amendments have recently been made to the Regulations respecting the requirements for an Elementary Certificate in Agriculture. A student who has completed the courses in Agriculture in both Lower and Middle Schools will be given an Interim Elementary certificate in Agriculture after such student will have completed his Normal School course. Another change has been made in the method of payment of expenses incurred by those attending the Summer Courses in Agriculture for teachers. In 1921 the teacher will pay nothing for board and lodging,—the Department of Education undertaking to settle for such expenses directly. The railway expenses will be managed as in 1920.

PEACE TIME RED CROSS WORK

On Tuesday evening a goodly sized audience gathered in the Town Hall, at the call of the local Red Cross Society to learn something about the movement now well under way for the extension of the work of the Red Cross Society to the needs of the world in times of peace. Its usefulness as an auxiliary force in war time has been amply demonstrated. Why should not the same agency be used for the relief of suffering in peace time? This question was ably dealt with and most satisfactorily answered by Mrs. H. P. Plumptre, President of the Ontario Division of the Canadian Red Cross Society. Acting upon the belief that a healthy people are most likely to be a happy and prosperous people, the first and chief aim of the present movement, as eloquently outlined by the speaker, is to raise the standard of the health of the Canadian people. An educative campaign is one of the first steps. All Red Cross Societies are urged to retain their charters, to increase their membership and to take up those branches of the educative and relief work that the community most needs. Junior Red Cross Societies are advocated and it developed, in the course of the discussion that followed, that the pioneer Junior Society of the province has been formed at Conway and is already doing good work. A membership drive will be undertaken soon and the Napanee branch with its splendid war record is not likely to take a second place in this new line of work.

A Triple Baptism.

A pleasing event took place at the home of Mr. E. V. Kerr, Selby, on Tuesday, April 19th, when Mr. and Mrs. W. A. Asselstine, Napanee, witnessed the christening of three grandchildren, namely Stanley Vennon Kerr, Muriel Augusta Armstrong and Howard Schuyler French. Rev. E. Farnsworth, Selby, accompanied by his wife, conducted the ceremony. A dinner was served by Mrs. E. V. Kerr in honor of the occasion.

Two False Alarms.

Some party or parties unknown were the cause of the firemen being called out twice on Sunday evening. The first alarm was rung in from box 26, about nine o'clock; the second from box 25, about twelve o'clock. These smart practices are not always done by the small boys, for whom an excuse might easily be found, on account of their age and lack of mature thought, but the older people who think it smart to ring in false alarms must certainly have a perverted idea of what they think is a joke. Some day one of these smart fellows will be caught and he will receive what he justly deserves.

BROUGHT GREAT HONOR TO WESTMOUNT SCHOOL

Miss Norma E. Shannon, of Saskatoon, Sask., and a former Napanee girl, has recently brought great honor to Westmount School of that city. She was successful in carrying off the 1st prize as Conductor of the Class "B", Grade III, Chorus Competition at the Public Schools' Music Festival, which was held in Bond Ave. Methodist Church, on the afternoon of April 29th, eleven different schools competing.

She also acted as accompanist for both the Class "A", Groups I and II Chorus of Westmount, which also had the honor of winning first prize in the morning session, and the Class "C" Groups IV. and VIII. Chorus of Westmount, which stood third from the top, being but three points behind the winners in the evening session. The test piece in this instance was a beautiful 3-part chorus "Fall on Me (Like a Silent Dew", by Coleridge-Taylor.

The two winning Conductors of Westmount were presented with beautiful tributes of spring flowers and sweets from an appreciative staff.

The Wall Paper Trade

For the season has started early, owing to the mild weather. We are ready to supply all the requirements of housekeepers, having now on hand the very largest stock ever, including the very latest in the different kinds. We can safely guarantee the very lowest prices, as we bought our present stock before the recent advances by the manufacturers. We have the different widths from 18 inch to 30 inch. If you buy the 22 inch paper you pay more for it than for the 18 inch. The manufacturer must pay more for the extra raw material, and for the colors that make the pattern. Every honest dealer will acknowledge that. Our prices run from 15c. per roll up. We are satisfied from the sales we have already made that our stock and prices are right. We have already been obliged to re-stock some of the leading lines, particularly the Oatmeals and their Borders.

We invite intending purchasers to see our samples and get our prices before buying.

Even the collar band and cuff edges need only a light rubbing between your hands

WHAT hard rubbing the old way of washing meant! Even though you boiled the clothes, the bad spots simply would not budge without a long session with the washboard. Now—with Rinso—you do next to no rubbing at all. RINSO not a cake soap—not a washing powder—but a new form of soap in granules, with power to cleanse the grimiest dirt just by soaking. Yet Rinso harms nothing—doesn't even redden your hands—safe as pure water itself. Here is what you do:

AT NIGHT—SOAK WITH RINSO
IN THE MORNING—JUST RINSE!

If you have a washing machine—Soak the clothes overnight in the usual Rinso way. The cleansing suds loosen every bit of dirt. In the morning operate the machine for a few minutes and the clothes are perfectly clean—even the most soiled spots.

Get a package of Rinso to-day at your Grocer's.

I.O.D.E. AT HOME IN HONOR OF MRS. F. W. HOWARD

On Friday afternoon, April 29th, the "United Empire Loyalist" Chapter, Imperial Order, Daughters of the Empire, met at the home of Mrs. John Gale Daly, Mrs. Daly having kindly extended the hospitality of her home for a farewell reception in honour of Mr. Howard, who is leaving Napanee to make her future home in Montreal. During the afternoon a most enjoyable musical was given. The short programme was made up by Miss Celestine Daly, who sang very sweetly, being accompanied by Miss Rowena Smith. Mrs. Franklin VanLaven also sang with much taste and expression, "Knowest Thou the Land", from "Mignon" by Ambroise Thomas, which was greatly appreciated, this celebrated song being but rarely rendered in a drawing room. After heard in a pleasing and unusual manner, gave a humourous recitation, and an encore, in the same vein.

The Regent, Mrs. A. T. Harshaw, then read a presentation address expressive of the gratitude and recognition of the Chapter, for all the faithful and dependable services Mrs. Howard had rendered, bestowing by the unanimous wish of the members, a life Membership, as a fitting tribute for her constant and unselfish work for the Chapter. Miss Edna Richardson, then pinned the Badge of Life-Membership on Mrs. Howard, who responded completely taken by surprise, very ably expressed her appreciation of this honour and kindness conferred upon her by her co-workers. All present then joined hands and sang "Auld Lang Syne" with much enthusiasm.

Immediately after the presentation a most delicious cup of tea and dainty refreshments were served in the dining-room. Mrs. J. H. Madden presided at the tea table, centred by a lovely basket of daffodils, from which was most artistically arranged, the beautiful Empire bouquet, given last year for second touch of colour. Miss Trumpour, Miss Preston, Miss Richardson and Miss Wilson assisted in serving the refreshments.

On returning to the drawing-room, Mrs. Thos. Symington gave a reading, which was most thoroughly enjoyed by all present. Miss Frances Dwyer and Miss Marion Wilson each gave charming vocal solos, which added greatly to the pleasure of all. Miss Hawley's instrumental solo, Miss Edna Richardson assisted in rendering the refreshments.

DR. R. F. RUTTAN RECEIVES HONOR.

McGILL PROFESSOR IS NOMINATED FOR BRITISH CHEMICAL SOCIETY.

Dr. R. F. Ruttan, M.D., D.Sc., F.R.S.C. director of chemistry at McGill University, and a Canadian chemist of world wide reputation, has been nominated at its annual meeting by the Montreal section of the Society of Chemical Industry of Great Britain, as President of the society. It was explained that as the annual convention of the society is being held in August in Montreal, the nomination rested with this section, and Dr. Ruttan was named with enthusiasm.

Dr. Ruttan, who will probably be President of the Society, is a native of Newburgh, Ont., where he was born in 1856. He graduated from Toronto University in 1881, and obtained the gold medal for chemistry at McGill in 1883, studying later for two years in Germany. In 1887 he entered McGill as lecturer, and ever since has been connected with that institution, gradually receiving promotion until in 1912 he was made director of chemistry for the whole university.

While first and foremost a keen scientist, Dr. Ruttan has always been interested in athletics, and was for several years President and Captain of the Royal Mounted Golf Club.

His scientific activities have been so many as to baffle enumeration. In research work he confined his attention almost entirely to organic and physical chemistry, but he also has investigated industrial and general chemical problems. One of the most important of the latter was the obtaining of legislation through the Royal Society of Canada, of which he has been president at various times, of legislation prohibiting the use of poisonous phosphorus in matches. As chairman of the advisory council of research he is now promoting a bill in the House of Commons to inaugurate a national research institute.

REPORT OF FEDERATION OF WOMEN TEACHERS' ASSOCIATION.

The meeting of the Federation of Women Teachers met in the Board Room of the Public Library, Napanee, on April 18th. The attendance was impaired by inclement weather. The President, Miss Mitchell, was in the chair. The minutes of the previous meeting were read and approved, then Miss Mitchell gave a very interesting report of the Federation.

Among other things the strike question was discussed. Miss Mitchell and her fellow colleagues considered that the gradation of the teaching was the most important and that strikes were carrying the professional side to extremes. They felt that there was a loss of dignity and fine feeling when such drastic measures were resorted to.

The feeling was expressed by all that many teachers were staying out of the Federation because they didn't approve of strike tactics, but such measures are not generally approved of by teachers throughout Ontario.

Miss Dennee on the spur of the moment gave a very interesting talk on the meeting, which was held at the O. E. A. for the benefit of trustees.

Election of Officers followed. Miss Mitchell, President; Miss Dennee, First Vice-President, and Miss Rockwell, Secretary-Treasurer. The Committee being the same as the previous year.

The meeting was adjourned, after visiting Mr. Caton's ice cream parlour.

Following is the report as given by Miss Mitchell:—

The annual meeting of the Federation of Women Teachers was held in West Hall, University of Toronto, on Wednesday, March 30th. There was a good attendance, the hall being filled to its capacity by the President, Miss Johnston, of London, in the chair. After the meeting was opened, a resolution was brought in to raise the membership fee to one dollar. After some discussion, in which several expressed themselves as being favorable, this resolution was carried. The main object in raising the fee is to have a paid organizer to be put out to any part of the province. In Scotland the membership fee for teachers' federation is twelve dollars. Two other resolutions were passed.

1. That the Secretary's salary be raised to $500.

2. That this federation be opposed to any system of grading. (In some inspectorates a report is made out by inspectors grading teachers according to their efficiency. This is then given to school boards.) It was thought that teachers' efficiency could not be fairly judged in this way.

The discussion of "Equal Salaries for Equal Work" was heartily entered into. One thought there would be more attention on equal basis. Another said that all those entering the profession would try to qualify as fully as possible. Miss Ross, the President of the Public School section, also spoke on behalf of this. It was thought that women were more conscientious than men and that there was no sex in brains. A case in the Ottawa Model School was reported where a lady teacher who was teaching a grade professionally taught by a man and was receiving the same salary. The federation expressed themselves as opposed to this in a resolution.

The report of the Canadian Federation was then given by Miss Brimacombe.

1. This organization was started last summer—two delegates from Ontario, Miss Chas. Fraser and Miss Brimacombe, being sent out. There were representatives from four western provinces. They met at Calgary. It was found that the provinces represented had all been working along the same line. The Dominion Executive was organized. Miss Arbuthnot, one of the Ontario delegates, being made Secretary.

2. The Canadian Dominion Federation involves:—

1. A fee of $25 1/2.
2. Sending a delegate every year.
3. Co-operation with other provinces in Dominion wide matters.
4. To get and receive information to and from other provinces.
5. To abide by a code of honour.

In some places cumulative sick leave pay is collected. Some of the provinces have a Board of Reference, which deals with salaries. These Boards are in difficulty with their teachers.

The announcement of a trip to visit the battlefields of Europe was made by Colonel Beatty. Information about this may be had by writing to Canadian Pacific Steamships, Ont.

The report on Superannuation was given by Mr. Gray. It was recommended that the period be reduced to shorten it to 35 years. Pensions were increased as the increase in salaries is worked out more into the fund.

Mrs. Rees' pupils gave an exhibition of folk-dancing with Spanish castanets. The numbers given were the Highland Fling, Roughey-Toughey Dance and Wand Drill.

An announcement was made regarding the Canadian Chautauqua to be held at Muskoka this summer. Teachers would be enabled to spend a very restful and beneficial holiday.

The same officers were elected for the coming year—President, Miss Johnston, London; Secretary, Miss B. Adkins, St. Thomas, Ont.

A. L. ROCKWELL,
Secretary.

ADDRESS AND PRESENTATION.

On Saturday evening, April 9th, very many friends and neighbours gathered at the home of Mr. and Mrs. Robt. Ballance to spend a social evening with them before they took up their departure for their new home in Selby. During the evening Mr. and Mrs. Ballance were called upon to step into the front room where was some upholstered wicker chairs, when Mrs. Irvine read the following address:—

To Mr. and Mrs. Robt. Ballance.

Again the people of this neighbourhood must meet to say farewell to one of the families which has been so pleasantly associated with them for many years, and to spend an evening in this house, which has been an inspiration for good to the whole community.

You have always been ready to help in time of need and honest and true to Christian principles. We regret the cause of your having to leave your old home, but rejoice that you will be so near in your new surroundings as to be near to our neighbours.

We present to you these chairs as a token of our sincere feelings of friendship, trusting that the rest and change will be all that is necessary to bring to you renewed health, and that we may meet and visit with you many, many years.

Signed,

WILLIAM GRAHAM,
ERNEST O. KERR.

As Mr. Ballance's condition of health allowed very little undue excitement, his Pastor, Rev. Mr. Irvine, kindly thanked the friends on behalf of Mr. and Mrs. Ballance, who much appreciated the kindness of their friends and neighbours, and trust they will all often visit them in their home in Selby.

Just something a little extra in Chocolates. Ask for the new kind, "Merritt's", at Hooper's.

TAMWORTH.

On April 18th Officer Wheeler discovered a cargo of liquor which certain parties had secured to celebrate the Referendum victory should the wet vote carry the day. After waiting a week for the owners to come and claim it, Mr. Wheeler shipped the liquor to the Government Dispensary. The men who bought the liquor thought it best not to allow their awful thirst to force them into the presence of Mr. Wheeler, and incidentally to pay a penalty of from $200 to $500.

Mr. Haggerty, the new baker, tried out his new oven the other day with great success." He expects to operate his bakery regularly within a few days.

The Bowes Co. are now ready to open up their new factory on Monday next, and are in a position to give efficient service to the farmers throughout the district. The Bowes Co. have spent a lot of money on their new plant, which is complete in every detail.

Many farmers went to-day to assist in the seeding of Mr. Johnston Hannah's new barn. It promises to be one of the largest and finest in the community.

TOWN COUNCIL

Council Chambers,
Napanee, May 2nd, 1921.

The regular meeting of the Council was held in the Council Chamber on Monday night.

Mayor Graham presided.

The members present were Reeve Boyes, and Councillors Hartman, Ming, Paul, Roblin, Steacy and Wilson.

Mr. McVicar, of the Highway Department, was present, and addressed the Council with reference to the tendering for taking out the balance of the rock in the Provincial Highway cut on Roblin's Hill. The Government has advertised for tenders to finish the job, and the speaker thought it would be to the advantage of the town more than an outside party to tender for the work. The Corporation would be using a large quantity of stone over a number of years, would have a short haul to store it, and other facilities for handling the work, where an outside contractor would be at a disadvantage. In addition to being paid for taking out the rock the town would get the stone for nothing. Mr. McVicar's contention was that both the Town and the Government could work together to their own mutual advantage on this work.

A petition was presented from E. Middleton and others for a cement walk on the Newburgh Road, from Vine's Corners to the easterly bound-ary. Referred to the Street Committee to report at next meeting.

A communication was read from the E. A. James Co., Toronto, advising Council that road oil in car lots would cost 12c. per gallon f.o.b. Napanee.

Chas. Pearsen appeared before the Council and put in a claim for damages on account of his little boy falling in the sewer excavation on Dundas Street East, and breaking his arm. He agreed to settle for $250.00. The matter was laid over.

Dame Ella Warner, President of Napanee Hospital Aid, requesting a refund of the charge for the use of the Town Hall for the hospital entertainment held there. On motion the sum of $100 was remitted.

Moved by Coun. Hartman and seconded by Coun. Ming, that a sum of $25.00 be offered for the work that will lead to the most and cleanest action of any one the men in the fake alarm of fire from one of the box alarm boxes in town. Carried.

Moved by Reeve Boyes, seconded by Coun. Roblin, that no rubbish or refuse of any kind be dumped in the corporation except by permission of the Chief of Police. Carried.

HABIT.

Habit is simply cultivated instinct. It is just as easy to cultivate good habits as it is to cultivate bad ones if you start right. The habit of cleanliness is one that stays for life, because it is comfortable and gives a feeling of respectability.

Every child that has been taught to take care of its wonderful little body, to wash hands and face and ears and teeth and take baths and to know the happiness of clean clothes, knows the happiness of clean children will carry that habit through life.

The personal habits that we form in our first twelve years are the ones that mould our personality. That is one of the reasons for beginning good habits early, particularly with the teeth. Children's mouths should be examined every three to six months. All cavities should be filled and every stain should be removed.

If temporary teeth are allowed to decay, food will pack in between them and make the gums sore.

Then the food will be chewed upon one side of the mouth until the other side becomes tender and the poor little fellows try to mince their food with their front teeth. It is impossible for anyone to masticate—that is, to chew his food—properly, with his front teeth alone.

If the food is not well chewed and mixed with saliva digestion is very difficult. A great deal of energy is wasted in trying to digest food that is sent to the stomach in chunks.

Nature tries to develop every child into a healthy adult. Every ounce of food that goes into a child's stomach should be converted into energy, but instead of making energy, much good food only makes more work.

Aside from all of the pain and poison from pus and the long list of illnesses that follow diseased and abscessed teeth, good digestion would be worth every effort that we could make to keep the mouth healthy.

Children with good teeth will grow up into men and women with good teeth because the good teeth build them. Did you ever notice a healthy young person with a poor set of teeth?

Lowe Brothers
A new way—a quick way to paint your floors
No need to lug out all the furniture. Just move it over to one side; then paint the other side.
Perspright Floors, and it is all done, and the room in use again. That means 2 days saved. But you can't do it with "any old floor paint." Assure as you make it, if you try it with anything but Lowe Brothers Lowe-Dry-Floor Paint, you will have a mess on your hands.
Lowe Brothers Floor Paint is made in a certain way to make it dry quickly, and hard, and still stand wear and tear. It gives a beautiful glossy surface, that can be wiped off as often as it gets dirty.
It is sold by only one dealer in town. That's us.

MONDAY NOT POPULAR DAY

Through the Ages It Has Had an Evil Repute, and for Various Cogent and Foolish Reasons.

Monday has always had a bad reputation. It began with one when it was first called Monday, or moonday, the day on which people felt moony, which is to say loony. The day before was sunday, and the primitive Saxon having probably suffered from being too much in the sun thought it was time to worship the moon and to name a day in her honor.

Out of that original insult have grown innumerable others as Black Monday, Blue Monday, Monday Land, Mondayish and hundred variations which you will find in the dictionary, says the Sun Francisco Bulletin. And seeing that this is Monday, and that you are probably afflicted with its psychological associations, let us save you the trouble of turning to Webster.

There is quite a lot about Monday in the dictionary. After puzzling through the derivations you come to:

Black Monday—Easter Monday, 1360: a remarkably dark day on which there were violent hailstorms; hence any Easter Monday. At boys' schools the first Monday after the holidays.

Blue Monday—In Bavaria, the first Monday before Lent, so named from the blue color of the church decorations. A time and occasion when the spirits are depressed.

Monday Land—Land whose possession by a customer depended upon his laboring for his lord one day in the week, usually on a Monday.

Mondayish—Like a clergyman on Monday; tired out.

With boys returning to school after the holidays, conversations faced with blue church decorations, containers swelling about horse, and clergymen recovering from their Sunday sermons on that day, is it any wonder that Monday has an evil reputation?

"Trouble with corns, are ye, Mike?" "Troubles with corns, are ye, Mike?"
"Yis."
"Where are they?"
"On the soles of me feet."
"Well, ye have one consolation. Nobody can stand on them but yerself."

The Purebred Imported Percheron Stallion Glenco, No. 5533, foaled April 20th, 1914, imported from Indianna February, 1914. This young horse should commend himself to all parties interested in improving their stock. He is of the finest breeding possible to purchase, being bred in Kentucky and registered in the Percheron Stud Book. It is a well known fact that this young percheron horse is the most valuable breed ever brought to this country, and his merits should be carefully investigated by anyone interested in breeding draught or farm horses, as he is one of the best Percheron horses in these counties. His pedigree will prove that he is bred from a family dating back to the first record of the Percheron horse. He has proven himself to be the best stock getter in these counties. He has colts that have never been beaten at the Picton shows, and they have been exhibited there the past three years. Glenco is a surprising traveller for a horse of his size. He is a Dapple Grey, weighs about 1800 lbs. when in condition, over 16 hands high, has a slightly dished face, showing great intelligence. The head is of medium length and wide between the eyes. The neck is arched and muscular, the back is short and strong, body round and close ribbed. The hind-quarters are broad and strong, the shoulders very muscular, nice clean flat legs with plenty of action; hoofs hard and sound and free from disease, which is seldom seen on a heavy horse.

Will be at F. D. Marsh's stables every Saturday during the season.

Terms, mare proving in foal, $18.00 payable 1st of February next. Mares not returned to the horse each week will be charged one-half insurance. Parties disposing of mares before foaling time must produce mares or pay insurance. All accidents at owner's risk.

M. GRANT THOMPSON,
16c Owner.

Campbell's (Carmote), (the original varnish stain so often imitated by other paint makers), is fine for varnishing around rugs and for home graining. Also makes old furniture like new. Sold in Napanee only at Wallace's Drug Store.

That is what everyone says who comes to our store and hears the *pure musical tone* of Edison's Amberola Phonograph, after listening to shrill "talking machines" and the metallic sound of ordinary phonographs.

That is what *you* will say when this revelation of *pure melody* greets your ears. No wonder Edison's Amberola has proved its marked superiority over ordinary phonographs in great public tests.

EDISON'S NEW DIAMOND AMBEROLA

is the world's greatest phonograph value—the "master product of Edison's master mind." Just consider its genuine *Diamond Point Reproducer*, which forever does away with the bother and expense of changing needles!

And *Amberol Records* are just as far superior to ordinary records. They are practically *indestructible*, and give *years* of enjoyment after ordinary records have broken and been thrown away.

When you consider that you can own Edison's Amberola on practically *your own terms* you must realize you owe it to yourself and your family to come to our store *without delay* and let us play the world's best music for you on this wonderful phonograph. Don't delay your visit—come today, tomorrow, as soon as possible—we will expect you. Bring all the family and your friends, too—they will all be welcome.

Easy Washing

You'll hardly believe it—until you try it. Just soak the clothes in the rich, pure, cleansing Rinso suds overnight (or for three hours) and then rinse them thoroughly either in warm or cold water. They will be as clean as though they had been boiled and rubbed.

RINSO—
Not a cake soap, or a chip soap, but new and better —fine granules so rich in soap that they loosen the dirt as the clothes soak.

If you have a washing machine—

Soak the clothes overnight in the usual Rinso way. The cleansing suds loosen every bit of dirt. In the morning operate the machine for a few minutes, and the clothes are perfectly clean—even the most soiled spots.

Judge—Have you ever been convicted before?

Defendant—Yes, I was caught bathing at a private beach once.

Judge—And since then?

Defendant—Since then I've never taken a bath.

Referring to the recent statement of a scientist that the Garden of Eden was located in Ohio, we are reminded of the Scotch laird who told a famous singer that Gaelic was the language of Adam.

The singer afterward spoke laughingly of the claim to another Scotchman, who remarked in all seriousness: "The laird was quite richt. Dinna ye ken that the Garden of Eden was in Scotland? Dinna ye ken that Adam's name was McPherson?"

Jack had been very mischievous and his mother's patience was worn to the limit. She had spoken to him several times without effect. Finally she said:

"You are a perfect little heathen."

"Do you mean it, mother?" asked Jack.

"Indeed I do!" was the irate parent's reply.

"Then, mother," said he, "why can't I keep that dime a week you give me for the Sunday School collection? I'm as hard up as any of the other little heathens!"

NEELY'S

An article in the Globe last week under the heading "Can a Retail Merchant be a Christian?" was answered by a celebrated divine.

With all due respect to his reverence, we submit that the answer must be given by the retailer.

We are advertising our FIREWORKS this week. As we were unable to supply the demand last year, we have not erred in that particular this time.

We have used our best judgment so far as we can revive our youthful impressions, and from later observation of the boy of to-day in selecting the "Big Noise" and the most brilliant effects.

We have stocked an assortment of PENNANTS with N-A-P-A-N-E-E distinctly lettered.

Pianos, Phonographs and other Musical Instruments are selling more freely and giving satisfaction to purchasers.

—On Wednesday evening Mr. Jas. Cole, Desoronto, met with a bad accident on the Desoronto road. Mr. Cole was going from Napanee to Desoronto, and a couple of miles out of town he took a sudden fainting spell and collapsed. His foot came down hard on the accelerator and the car plunged into a telephone pole, breaking the pole off a few feet from the ground. The car was badly wrecked, but strange to say Mr. Cole and his companion escaped with slight injuries.

A well known film buyer was chatting to a producer the other day and became interested in the subject of film acting that the latter thought he ought to be tactful and offer him a part.

When the film was complete the producer invited the buyer to see himself as he really was.

"Well," said the producer, and are you going to buy the film?"

"No", replied the buyer, as he grabbed his hat and stick, "I'm going to commit suicide."

The Red Cross Carries On---Why?

1. Because of demands made upon it in dealing with the terrible aftermath of disease and suffering which always follows war.

2. Because of the serious health conditions revealed by the war—more than half of our Canadian young manhood unfit for combatant military service.

3. Because an international conference of medical experts, realizing that voluntary organization was necessary as an aid to Governments in solving the world's health problems, decided that **"no other organization is so well prepared to undertake these great responsibilities as the Red Cross," and that "no movement deserves more the hearty and enthusiastic support of all people than does this."**

BASEBALL AT YARKER.

Odessa 13, Yarker 10.

The second game between the "Lucky Nine" and Yarker Junior Baseball teams was played on Saturday, April 30th. The game was occasionally interrupted by the Yarker fans, who in some cases, resemble lunatics. One of these showed his liking for Odessa by hugging B. Cairns while shaking his flats under the umpire's nose, while another heaved a bat at the umpire which B. Cairns just saw in time to dodge. The Odessa fans sincerely hope that none of these wild men come to Odessa to watch any further games between these two teams. Following is the line-up:—

Yarker—Richardson, Alton, E. R. Holland, Stewart, G. A. Dunn, Oldham, G. E. Dunn, D. Holland, and Simpkins.

Odessa—Hagerman, V. Kilgannon, B. Cairns, Kenyon, McConnell, C. Cairns, W. Kilgannon, O'Neil and Emmons.

The score by innings:—

Yarker	3	1	0	2	0	0	0	3	1	—10
Odessa	1	0	3	0	2	2	5	0	0	—13

B. Cairns led the batting with a triple in the fifth, with McConnell coming second.

Manager Clark would like to arrange a series of games with Verona, Harrowsmith, Newburgh, Bath or Sydenham, if they have junior teams.

IMPORTANCE OF EARLY CULTIVATION IN THE ORCHARD.

(Experimental Farms Note.)

If a cover crop has been left over the winter in an orchard it should not, as a rule, be allowed to grow in the spring until there is a good crop to plough under, especially in districts where droughts occur, but the land should be ploughed as soon as it is dry enough to work, not waiting for the plants to grow up; thus much moisture which would otherwise be transpired by the leaves of the plants will be saved and the chance of suffering from drought lessened.

A good setting of fruit depends very much on an ample supply of moisture in the ground at blooming and setting time, and if there should be a drought after a heavy crop of clover or vetch has been ploughed under late in the spring, conditions will not be at all favourable.

After the land has been ploughed, it should be kept well harrowed during the early part of the season to conserve the moisture as it has been found that there is a rapid decrease of moisture unless the surface soil is kept loose. Early cultivation is desirable also because it is important to get the soil warmed up as soon as possible by letting the air in and so making conditions favourable for growth early in the season. The greater activity in growth there is in the early part of the season, the more likely is there to be a good set of fruit, especially on rather old trees where the flow of sap through the fruit spurs is not as free as in younger trees, and if there are drying winds and a drought there may not be sufficient moisture to hold the fruit on the trees. An application of nitrogen on some soils has been found very useful in promoting greater activity of growth in the early part of the season and so better ensuring a setting of fruit.

The man who ran the elevator of the sky-scraper was talking to a passenger.

"The Judge certainly did soak him," he said. "He sentenced him to three years and ten days. Now I understand the three years all right; but what the ten days were for I'd like to know!"

"That was the war tax," said a quiet citizen who got aboard at the tenth floor.

When Governor Stephens of California was mayor of Los Angeles there was one man who, even more than others, harrassed the life out of him in regard to getting some kind of a job. Finally Stephens got the fellow placed doing some outdoor work in the public service department. The man was highly appreciative, and always tipped his hat to the mayor thereafter.

It wasn't more than two months until the fellow again showed up at the mayor's office. This time he said he wanted to be promoted.

"Promoted!" said Stephens. "Why, man, you want to get ahead too rapidly. Think what a short time you have been at your present job. Such vaulting ambition as yours will make you unhappy and discontented as you go through life. What sort of a job have you got your eye on, anyhow?"

"Well," said the caller seriously, "you know I've been driving a mule. And I thought if it could be arranged, I'd like to be promoted to driving a horse."

SAY CELLARS SHOULD BE DRY AS THE VOTE

BRANTFORD RESOLUTION URGES PROHIBITION VOTERS TO LIVE UP TO IT

Brantford, April 28th.—That clergymen advise their members to keep their cellars "cleaned up" during prohibition is suggested in a resolution passed at a congregational meeting of First Congregational Church here.

The members present at the business meeting coined that Christians who voted in favor of prohibition ought not to defeat the cause of the prohibitionists by keeping their cellars full of "wet" stuff.

The resolution reads:

"Whereas the importation of alcoholic beverages into the Province of Ontario will be forbidden after due time, as the result of the referendum taken April 10th, 1921, it is

"Resolved, by the Congregational Church of Brantford, in regular business session assembled, that no church member, of whatever denomination, having marked his ballot in favor of that prohibition, can conscientiously and honestly have in his home or cellar such articles which are prohibited of import; and that it is the duty of the Christian ministers to demand that the homes of the members of their congregations be clean and free from the taint of alcohol, as if it is required for medicinal purposes, it can be secured by a doctor's prescription; and that any stores so disposed of can with advantage be given the hospital, sanitarium or similar institutions;

"And that copies of this resolution be sent to the Rev. Ben. Spence, the Press, and the different city clergy, with the request that the same be read, published and acted on to as great a degree as possible."

Professor X, a very absent-minded man, was being shaved by the barber. After the operation he continued to occupy the chair, and the barber, thinking he had dozed off, said, "Askern, sir?"

The professor started. "Bless me, no!" he exclaimed. "I am not asleep. The fact is, my spectacles are decidedly smoked. When I look my glasses off I was no longer able to see myself in the mirror opposite and naturally I supposed I had already gone home."

Quickest for Healing

A cut sustained in the workshop, a sore which is unattended, results say in inflammation or blood-poisoning. You have to lay off for a day or two and it counts when pay-day comes round. Zam-Buk shuts out against such loss!

A little antiseptic Zam-Buk promptly applied to any fresh wound or injury prevents *disease infection* and risk of festering and ulceration, and takes away smarting pain and promotes quick healing.

At home and out of Zam-Buk is ever so useful. The baby's nasty rashes, the older children's cuts and bruises, the inevitable burn, or scald—for all these as well as for more serious skin troubles, such as eczema, ulcers, ringworm, etc., Zam-Buk is the unrivalled remedy.

Mr. J. W. Besland, 320, Craig St. E., Montreal, writes:—"Two of my fingers were so severely crushed that the doctor said they would have to be amputated. I decided to try Zam-Buk first, and applied the balm daily. Within a few weeks the injury was completely healed. My fingers were saved." 50c. box, all dealers.

THE DAILY MISERY OF ILL-HEALTH

Three Years of Suffering Quickly Relieved by "FRUIT-A-TIVES"

MR. GASPARD DUBORD

159 Avenue Pins IX, Montreal.

"For three years, I was a *terrible sufferer from Dyspepsia* and my general health was very bad. I consulted a physician and took his medicine and faithfully carried out his instructions; but I did not improve and *finally the doctor told me I could not be cured.*

At this time, a friend advised me to try *"Fruit-a-tives"* and I did so. After taking two boxes of *"Fruit-a-tives"*, I was greatly relieved; and gradually this marvelous fruit medicine made me completely well.

My digestion and general health are splendid—all of which I owe to "Fruit-a-tives".

GASPARD DUBORD.

WISE AND OTHERWISE

"Bill is going to retire from business for five years."

"Oh, I've heard him say that before."

"Yes, but this time the Judge said it."

Corns are painful growths. Holloway's Corn Remover will remove them.

Rafferty loored ten feet into a mining claim, and then abandoned it. Angeles took it up, and at eleven feet struck gold. When Rafferty heard the news, he exclaimed: "I'll never leave another claim until I've gone a foot further!"

Mother Graves' Worm Exterminator will drive worms from the system without injury to the child, because its action, while fully effective, is mild.

"They say few men ever really make much money before they're forth. I wonder why?"

"Probably because it takes them about that long to discover the folly of investing in oil stocks and mines and other get-rich-quick schemes."

The Friend of All Sufferers.—Dr. Thomas' Eclectric Oil is a valuable remedy to all those who suffer pain. It holds out hope to everyone and realizes it by stilling suffering everywhere. It is a liniment that has the blessing of half a continent. It is on sale everywhere and can be found wherever enquired for.

First Navvy—Ye know, it's hard lines on Jec, 'im bein' so short-sighted.

Second Navvy—Why? Yer don't need good eyesight for our job.

First Navvy—No, but 'e can't see when the foreman ain't lookin', so he has to keep on workin' all the time.

Fresh Supplies in Demand.—Where ever Dr. Thomas' Eclectric Oil has been introduced increased supplies have been ordered, showing that wherever it goes this excellent Oil impresses its power on the people. No matter in what latitude it may be found its potency is never impaired. It is put up in most portable shape in bottles and can be carried without fear of breakage.

"Do you notice the large number of horny-handed sons of toil who are now riding in Pullman cars?"

"I do," replied the travelling salesman. "And for my part, I'm glad to see them."

"Why so?"

"I'm hearing some brand new stories in the smoker."

Worms in children work havoc. These pests attack the tender lining of the intestines and, if left to pursue their ravages undisturbed, will ultimately perforate the wall, because these worms are of the hook variety that cling to and feed upon the interior surfaces. Miller's Worm Powders will not only exterminate these worms, of whatever variety, but will serve to repair the injury they have done.

AND WE VOTED "YES"

'Twas a balmy summer's evening
And a goodly crowd was there;
Such dope we got in days gone by,
But now it seems threadbare.

No more gin rickys can we have,
Or highballs when we choose;
Since the old bartender lost his job,
We've kissed them fond adeaus.

The sawdust and the polished rail,
Departed with a shock;
And bums in back lanes whisper now
Do you want to buy a crock.

PLAIN TALK NO. 5

Dear People,—No doubt you will be a little surprised at us for our past methods of advertising; especially our old customers, for they know us well and expect something out of the ordinary. We must apologize for no petition, as business is always more than brisk at this season and calls for our efforts so urgently that we scarcely find time to eat. Now, there is a reason for our success, and let us briefly state we mean to stick to our ideals. Our leather and workmanship is, and always will be, of the very best. We work on a small margin and give satisfaction to all. As you are aware, there are several grades of leather and it is possible to have boots at a very low cost, but, not so with us; we handle nothing inferior in quality, are best by far, so compare our work with others and be convinced. Our prompt service is also an item worthy of mention for we do everything same day as received. So all work left in the morning can be had that evening. We also carry the only unbreakable Shoe Laces in town. Don't ask for five cent laces for we would not handle them. Same good second-hand Boots for sale, cheap. Rubber Heels in a very few minutes. Yours for neatness and despatch.

SUFFERING OF YOUNG WOMEN

This Letter Tells How It May be Overcome—All Mothers Interested.

Toronto, Ont.—"I have suffered since I was a school girl with pain in my left side and with cramps, the growing worse each year until I was all run down. I was so bad at times that I was unfit for work. I tried several doctors and patent medicines, but was only relieved for a short time. Some of the doctors wanted to perform an operation, but my father objected. Finally I learned through my mother of Lydia E. Pinkham's Vegetable Compound, and how thankful I am that I tried it. I am relieved from pain and cramps, and feel as if it has saved my life. You may use my letter to help other women as I am glad to recommend the medicine."—Mrs. H. A. Goossen, 14 Rockvale Ave., Toronto.

Those who are troubled as Mrs. Goodman was should immediately seek restoration to health by taking Lydia E. Pinkham's Vegetable Compound.

Those who need special advice may write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. These letters will be opened, read and answered by a woman and held inactrict confidence.

Fatally Shot by Gun in Buggy.

On Monday of last week, Thos. Flannagan, Erinsville, while driving a buggy had a shot gun standing upright beside him. The gun slipped through a hole in the bottom of the rig and exploded, shattering his left arm. Mr. Flannagan was taken to the Hotel Dieu, Kingston, and given every attention and the arm was amputated in an effort to save his life. He passed away on Thursday and the remains were taken to Erinsville for interment.

Annual Meeting of Napanee Golf Club.

The annual meeting of the Napanee Golf Club was called on April 8th and transacted the usual business and adjourned to April 23th, at 8 p.m., in the Council Chambers. There was an exceptionally good attendance of both ladies and gentlemen, and the outlook for this season is far in advance of any previous year. In addition to considerable other business transacted, the Officers for last year were re-elected, and a standing committee appointed to select the local committees. The ladies of the town are displaying exceptional zeal and interest in the Club this season.

Annual Meeting.

The election of officers for the Epworth League of Morven Circuit was held in the Brick Church on Thursday evening. The officers are as follows:

Treas.—Mr. Percy Lake.
Organist—Miss Lauretta Smith.
Assistant Organist—Miss Helen Hall.

Death of Mrs. J. B. Blanchard.

On Wednesday night, at 10.30, the death occurred of one of Napanee's well beloved, in the person of Mrs. John B. Blanchard, who succumbed to a sudden attack of pneumonia, after only five days' illness. Mrs. Blanchard was formerly Miss Olive Empey, daughter of the late Geo. Empey, of Camden East, and was born in that village on April 2nd, 1838. On February 2nd, 1921, Mr. and Mrs. Blanchard celebrated the 63rd anniversary of their marriage, and after the long happy years spent together, the separation is unusually pathetic. Mr. Blanchard has the heartfelt sympathy of all his friends and acquaintances, particularly at the loss of one whose disposition was invariably cheery and bright, and whose path was strewed with deeds of thoughtfulness and kindness for others. She was the mother of four lovely daughters, Mrs. Geo. Bishop, of Brockville; Mrs. John J. O'Connell, of New York; the late Mrs. Frank W. Coates, of Kingston, and Mrs. Harry E. Smith, of Napanee. She is also survived by one sister, Mrs. L. D. Williams, of Camden East. The funeral takes place from her home this (Friday) afternoon, at 2.30 o'clock.

Wedding Bells.

The marriage of Miss Grace Brock Meredith, daughter of Mrs. Alfred W. Milne, to Arthur Lynn Callander, of Peterboro', Ont., took place on Tuesday evening, April 26th, at the home of the bride's mother and step-father, Mr. and Mrs. Alfred W. Milne, 170 Lincoln Avenue, Rochester, N.Y. Rev. John B. White, minister of the Gates Presbyterian Church, officiated, using the ring ceremony. The bride was attended by her sister, Miss Helen I. Milne, as maid-of-honor, and Aangier Boyd Meredith, brother of the bride, was best man. The bride's gown was of Harding blue satin, trimmed with Irish point lace. She wore a girdle bouquet of carnations. The maid of honor wore blue foulard with white figure and a girdle bouquet of white carnations. After the ceremony a wedding supper was served. The groom served in the Canadian army four months in France. He was gassed and once was buried by the debris from the explosion of an enemy shell. The bride is a niece of Mr. Leopold Carscallen, and granddaughter of the late C. J. Carscallen, of Napanee. Mr. and Mrs. Callander will be at home to their friends in Peterboro', where Mr. Callander is engaged in the printing business.

The Wall Paper Trade

For the season has started early, owing to the mild weather. We are ready to supply all the requirements of housekeepers, having now on hand the very largest stock ever, including the very latest in the different kinds. We can safely guarantee the very lowest prices, as we bought our present stock before the recent advances by the manufacturers. We have the different widths from 18 inch to 36 inch. If you buy the 22 inch paper you pay more for it than for the 18 inch. The manufacturer must pay more for the extra raw material, and for the colors that make the pattern. Every honest Dealer will acknowledge that. Our prices run from 15c. per roll up. We are satisfied from the sales we have already made that our stock and prices are right. We have already been obliged to re-stock some of the leading lines, particularly the Oatmeals and their Borders.

We invite intending purchasers to see our samples and get our prices before buying.

OBITUARY

Mrs. Thirza Crawford.

The death occurred April 6th, at the family home, 83 Buckley Avenue, Niagara Falls, of Thirza, beloved wife of Mr. William J. Crawford, at the age of forty-two years. The deceased, who has been a resident of the city for the past twenty years, was an ardent worker in the Merrison St. Methodist Church Ladies' Aid Society, and leaves a wide circle of friends to mourn her loss. Besides her husband and two daughters, Florence and Mildred, at home, the deceased is survived by two sisters, Mrs. J. VanAlstine, of Thorold, and Mrs. John Cline, of Napanee, and two brothers, Mr. George Crabbe, of Los Angeles, and Mr. Wesley Crabbe, of St. Paul, Minnesota; and mother, Mrs. W. H. Crabbe, Belleville.

The funeral was held from the family home on Sunday afternoon, at 2 o'clock. Interment was in Fairview cemetery. Rev. J. E. Todd officiated. The floral tributes were many and beautiful. The pall-bearers were J. Muir, G. Campbell, Major Stephens, W. Phemister, T. Arscott and M. Winterton.

The service at the grave was conducted by the Niagara Chapter, Order of the Eastern Star 23. Worthy Patron, Rev. J. Bonnar; Worthy Matron, Mrs. Ida Steele; Assistant Matron, Mrs. H. W. Fenton; Chaplain, Mrs. C. Didemus; Star Points, Mesdames Bessie, Jackson, Stringer, Brown and Bell, Marshall, Mr. Dilliestone.

"Kinda queer thing happened here" said the landlord of the Allegash tavern. "A man disappeared, leaving no trace. He was gone a long time without anybody's hearing anything from him. He got back the other day, and said he couldn't remember where he had been or anything that had happened to him."

"Ah!" returned the interested guest "He had been elected Lieutenant-Governor."

FRACTURED JAWS.

Usually when a jaw is fractured everybody knows about it. But there are cases—in fact a good many cases—where a jaw has been fractured either by a fall, or in boxing, or football, or in almost any sport—and the patient has never known it, and it is only by an X-ray examination for some other condition that the scar is discovered and it is realized that at some previous period the jaw had been broken.

Usually a broken jaw is very difficult to hold in place until it unites.

Where the pieces are not properly held, there will be a fibrous union. The fibrous union is a sort of a cartilage or gristle that grows across the broken spot and makes an extra joint. This condition, of course, cripples the jaw so that mastication is almost impossible.

When a jaw is fractured it is absolutely necessary to get a good bony union, so that the jaw will be as strong as ever.

During the war there were a great many cases of fractured jaws from gun-shot wounds, from explosion and shell fire, falling out of aeroplanes and so forth, and much was learned in regard to bone formation that was not known before.

When a jaw has been injured and remains tender for a length of time, it should be X-rayed very carefully to find out whether or not there has been a fracture.

Fractures of the upper jaw are more rare than fractures of the lower, because the upper jaw is not exposed as is the lower jaw.

The lower jaw is more of a buffer than any bone in the body and is naturally projecting in the very wide movements.

Fractures of the upper jaw usually heal more quickly than do fractures of the lower; and also, the upper jaw, being surrounded by tissues that extend to pull it into place, does not present the usual difficulty in splinting.

Fracture of the upper jaw will heal very nicely and permanent if it is allowed to go unattended.

OBITUARY.

Mr. William Burt.

The entire community was deeply shocked last Monday, April 26th, when it was learned that William Burt, one of the oldest settlers in the Bay Chaleur, had died that morning at 5.30. Mr. Burt had not been enjoying good health for the past year, but no one, not even the immediate relatives, was looking for so sudden an end. He arose early that day evening in his usual health and awoke the next morning, and looking at his watch remarked to his wife that it was 5.30 o'clock, turned on his side and passed away. He had retired from active farming and had been cautioned by his Doctor to be more cautious, as the heart was very weak. He had often expressed the desire that he pass away as it occured. And thus one of nature's noblemen passed. He was a quiet, unassuming man, a man of rare good judgment, a good farmer, a kind husband and an affectionate father. He was a member of the Presbyterian Church of Bay Centre, and having been a religious conviction was slow to express them to others. He was a good citizen and a credit to Ontario. He will be greatly missed among all those who were so fortunate as to know him intimately.

William Burt was born at Kingston, Ont., April 6th, 1851. He was married to Emma Louise Miller December 6th, 1882. They moved to Neebo, North Dakota, in the spring of 1886 and from there onto the farm in Bay Centre, which he bought, and has resided there since. He is survived by his wife, three daughters, Mrs. Chas. Elford, Mrs. Carson H. Kent, of Wallahalla, and Mrs. Herbert E. Watts, of Hyde Park, and two sons, Wm. George and Claude T. Burt, of Bay Centre. Other immediate relatives are—Three brothers, Edward, of Alberta, Can.; Sydney, of Walahalla, S.D., and Frederick, of Ontario; and two sisters, Misses Amy and Margaret Burt, of Ontario, Can. There also survive him and are living in Ontario, Can., his stepmother, Mrs. Jas. Burt; one half-brother and two half-sisters.

The funeral took place Thursday at the home in Bay Centre, at 1 p.m. and interment in the Walahalla cemetery. Rev. T. D. Stone, Presbyterian minister, officiated. The pall bearers were Alfred Knowles, Alfred Johnson, James Newell, Howard Best, John Schmidt and John E. Huffman.—The Cavalier Chronicle, North Dakota.

BASEBALL MEETING.

A meeting of those interested in baseball for the year 1921 was held in the Council Chambers on Friday evening last. There was a good turnout of baseball enthusiasts, and the following officers were elected:—

President—Mr. E. J. Roy.
Vice President—Mr. Norman Root.
Treasurer—Mr. Wm. Vine.
Secretary—Mr. Ray Huffman.
Executive Committee — Mr. M. P. Graham, Mr. J. H. S. Derry and Mr. W. A. Stacey.
Canvassing Committee — Mr. Wm. Vine and Mr. Fred McCullough.
Diamond Committee—Mr. M. P. Graham, Mr. J. H. S. Derry, Mr. J. I. Boyes and Mr. Fred McCullough.
Team Manager—Mr. Fred McCullough.
Assistant Manager—Mr. Ed. McCullough.

By motion, the suits and other regalia belonging to the Club was ordered to be handed in to the Secretary.

It was also arranged for the Secretary to communicate with Picton and Kingston with the object in view of arranging a league for this district.

The fee for membership was fixed at $1.00, and twenty-eight members were enrolled at the meeting.

The Canvassing Committee will make a canvas of the Town, and it is hoped that the citizens will back the boys up by donating to the support of the Club.

The Committee in charge of the Diamond at the Driving Park purpose putting the field in first class shape.

A good summer's sport is expected, as there are good teams in all the surrounding towns and villages.

Site Secured for Amherst Island Show Grounds.

J. Lockie Wilson, Superintendent from the Department of Agriculture, was in town last week, and with Warden Miller, and County Clerk Wilson, met the directors of Amherst Island Agricultural Society, at Stella, and inspected a proposed site for show grounds. The Superintendent selected that portion of farm land owned by Rev. M. Lindsay, fronting on Main street, Stella, together with small portions of land of Mr. Thomas Smith and Mr. John Turwell, adjoining the Lindsay plot. He will report to Lieutenant-Governor-in-Council, approving of above site and recommend issue of an Order-in-Council commending to arbitration proceedings being instituted (if necessary) to expropriate said lands. Messrs. Smith and Turwell have already given satisfactory options to the Society for portions of land required from them, and it is presumed Rev. Mr. Lindsay will do likewise. The Islanders give promise of furnishing one of the most interesting agricultural exhibitions in Eastern Ontario. Proceedings will be taken at once to procure the title to the lands and the Society hopes to have the necessary buildings completed in time for fall fair. The services of a Community Hall on the premises is also being agitated and favorable sentiment assistance for that may also be obtained. Men and women of Isle Tante strike again—you always hit the mark, and never bite off more than you can chew.

Mr. W. J. Paul, M.P., recently introduced to the Minister of Public Works, Ottawa, Hon. F. B. McCurdy, a deputation consisting of Mr. R. A. Fowler, M.L.A., Samuel Miller, Warden, W. G. Wilson, County Clerk, and John Kenny, Deputy-Reeve of Ernestown. Federal assistance to a ferry from Amherst Island to the mainland at Millhaven was requested. Dr. J. W. Edwards, M.P., Frontenac, and Dr. Albert E. Finley, M.P., Sosrris, Lennox, the latter an old Amherst Islander, accompanied the deputation and lent their assistance. After discussion the Minister expressed his appreciation of the efforts being made to overcome, in a measure, the isolation of the island by establishment of a ferry, and promised that the matter of proper dockage at Millhaven would receive immediate attention by his department. We understand that since the interview with the Minister an engineer of the department has visited the proposed site for a dock and taken measurements, soundings, etc., and will report thereon without delay. Such assistance by the government will have the hearty approval of the residents on the mainland, and when the ferry is established, as it no doubt will soon be, consequently have the pleasure of seeing the genial faces, and feeling the hearty hand shake of our good friends from the island.

NAPANEE SCHOOL BOARD.

Council Chamber,
Napanee, May 9th, 1921.

The Board of Education met in the Council Chamber, in the Town Hall, on Monday evening.

The minutes of the previous meeting were read and confirmed.

Miss Bertha Thomson made application for a position on the teaching staff of the Napanee Public Schools.

On motion the communication was filed and her name placed on the waiting list.

A communication from the Routley Warming and Ventilating Co., in reference to repairs to the furnaces in the Collegiate Institute and the repairs necessary to them.

The Secretary was requested to write the Routley Co. and ask if they have sufficient information to give the Board a price for the necessary work and that the Secretary summon a special meeting of the Board if necessary to consider the matter.

A letter from the Minister of Education to Mr. R. A. Fowler, in reference to a government grant to public schools and county's share of Collegiate maintenance, was read and ordered filed.

ACCOUNTS.

Napanee Express	$77 36
J. McLaren	85 85
The Robinson Co.	55 40
Wallace's Drug Store, Collegiate	48 07
Wallace's Drug Store, W. W.	4 00

On motion the accounts of Napanee Express, Robinson Co., and F. McLaren were ordered paid. Account of Wallace's Drug Store, was referred to Property Committee, with power to act.

On motion the Chairman of the Board and the Chairmen of the various Committees were empowered to have a cement walk built across the front of the West Ward School.

The School Management Committee presented a draft of a contract to be used in engaging teachers for the Napanee Public Schools and Collegiate Institute. The proposed contracts were thoroughly discussed and on motion adopted.

Mr. W. J. Trenouth asked for a bicycle rack at the West Ward School to hold the boys' bicycles. Also appealed to the Board to allow the pupils to attend a picture show on Empire Day, as guests of the I.O.D.E.

Miss Mitchell, Newburgh, was appointed a member of the Examining Board for Entrance examinations with the understanding that Mr. Trenouth be appointed by the Newburgh Board.

The matter of bicycle racks was referred to Messrs. Gleeson, Gibbard and Daly.

The Principal's report of Public Schools was presented and read.

Board adjourned.

REV. S. E. HARRINGTON HONORED.

Striking testimony was given to the esteem in which Rev. S. E. Harrington and Mrs. Harrington are held by the congregation of the Parish of Tamworth, the pastorate of which he has resigned, when a social was held on evening of May 4th, when a goodly number gathered in the Town Hall to spend a social evening with them. The gathering was presided over by Rev. Mr. McTear, Rural Dean of the Diocese. Short addresses were given by Rev. Mr. Irvin, Selby; Rev. Mr. Dickenson, Camden East; Rev. Mr. Byers, of Stirling; Rev. Mr. Clarke, of the Union congregation, and Mr. A. B. Carscallen. The Church Wardens presented Mr. Harrington with an address and a well filled purse, contributed by the congregations of Tamworth, Wentworth, St. Matthew's, Marlbank, and St. John's, Enterprise. Mr. Harrington thanked the people for their many acts of kindness to them during their stay in Tamworth. Refreshments were served and "God Save the King" brought the evening to a close.

Mr. Harrington is taking one year's leave-of-absence from all parochial work. During this time he hopes to be seen an untiring worker for the Church—but to the community also. The citizens of Tamworth are testifying to the high esteem in which he is held in reception on Friday evening, May 13th, in honor of Rev. Mr. Harrington and Mrs. Harrington.

All unite in wishing Mr. Harrington a speedy return to good health and a hearty invitation is extended to them to return to Tamworth.

Have you seen the new Spring Wall Papers at Hooper's?

CROYDON EAST.

We are having fine weather at time of writing.—House cleaning and gardening are the orders of the day.—Mrs. Bashford Close and Mrs. Charlie Lapum, of Deseronto, are the guest of Mrs. Johnston Hannah.—Mrs. A. Hughes and teacher, Miss Hughes, spent Sunday evening at Mr. E. A. Hannah's.—Mr. and Mrs. Gerow Hannah and family visited and spent Sunday the guest of his mother, Mrs. George Hannah.—Mr. and Mrs. C. Upper, Sunday at Mr. Robt. King's.—Mr. and Mrs. Alex. Hart spent Sunday with friends in the 5th line.—Mr. Nelson Hart.—Mr. and Mrs. Kenneth Stinson spent Thursday the guest of his sister, Mrs. Cecil Kellar.—Glad to hear that Mrs. Geo. Hannah is improving after her illness.—Miss Mr. John Kellar.—Mr. and Mrs. Robt. King spent Monday evening at Mr. R. J. Gerow's.—Mr. and Mrs. Ray King spent Friday evening at Mr. Robt. Potter's.—Wilbur Cressman and Miss Nellie Hart spent Sunday evening at Mr. Ed. Hart's.

ENTERPRISE EAST.

The farmers of this vicinity are taking advantage of the favorable weather to complete their seeding, and judging by the appearance of their farms, seeding will soon be a thing of the past.—Tamworth Creek factory opened on Monday, May 2nd, with Mr. Frank Thompson as maker, Mark Gilbert as helper, both experienced in engaging milk drawers for the season, but the manager has been successful in getting a sufficient number to insure more than an average amount of milk being delivered, although at a much higher rate than former years.—Tamworth Council in the Young Men's Hall, Chippewa, on Monday night, was largely attended and a good time was had by some of the farmers are busy loading their lumber at Wilkinson; also ties and other railroad supplies which were delivered during the winter.—Mr. Geo. Dopking spent Sunday in Napanee.—Mr. and Mrs. William Hayes, Tichborne, were the guests of Mr. and Mrs. John Finn over the week end.—Miss Mabel Kidd spent Sunday at Mrs. A. Dillon's.—Mr. Andrew Lyons at Mr. Arthur Kidd's.—Leo Finn left for Grass Hill on Tuesday, where he has received a position as telegraph operator.—Miss Grace Foster, of Trenton, is the guest of her sister, Mrs. Samuel Lyons.

You buy Tanalac at Hooper's.—The Medical Hall.

ARDEN

We are having very nice weather at time of writing.—Our cheese factory opened on May 1st.—The farmers are busy with their seeding.—The annual social and dance was a grand success.—The W. M. S. held an ice cream social on April 19th. The ice cream and cake were partaken of, a Referendum meeting was held, after which the ladies sold their autograph quilt, which sold for $13.00. Mr. William E. Dether, of Marietta, Ohio, was the luck one. There are something over one hundred and fifty names worked on the quilt. It was beautifully quilted at the home of the President, Mrs. R. E. Detter, who wished to thank those who helped in getting names and worked them on the blocks but did not belong to the W. M. S. They realized $79.00 in all for the quilt.—The Quarterly Board and Ladies' Aid of the Methodist Church met at the home for their annual meeting. The Ladies' Aid met at the Parsonage and the business was transacted in a Christian manner. The only change in the officers was that the President, Mrs. Miller, wished to be relieved of the responsibility. All were sorry, as she has been a very faithful worker. Mrs. R. E. Detter was elected President, by a unanimous vote, and Mrs. A. Miller, Secretary. After the business finished, the ladies returned to the Town Hall, where they held their tea, which was thoroughly enjoyed. The ladies were congratulated on their good tea.—Old Mrs. Yeomans was taken to Kingston Hospital for treatment.—Mr. and Mrs. Carey are spending a few days at her father's, Mr. W. W. Pringle.—Mr. and Mrs. C. W. Tinder and Mrs. S. Barker, of recently.—Mr. and Mrs. G. Thompson at Mr. W. McGregor's.

We have a few good empty paint oil barrels, which make good water barrels. BOYLE & SON.

BETHANY.

The cool dry weather of the past week has been a fine time for seeding, which is nearly done.—Mr. and Mrs. Orval Miller spent Sunday at Morley Goff's.—The members of the Quarterly Board and their wives met for the last quarter of the year at the Parsonage.—At the close of the meeting Mrs. Anderson served a dainty lunch.—Mr. and Mrs. A. Dean spent Sunday at Mr. Turnbull's, Richmond.—Mrs. Jas. Clark, Picton, and Mrs. Chas. Bailey, Stirling, spent a few days with Mr. and Mrs. Andrew Dempsey.—Mr. and Harvey Davey and Miss Arlie Spencer were quietly married at the Parsonage, on Saturday evening last. Congratulations.—A little girl has applied for board at the home of Mr. Harry Miller's, and Harry wears a smile.—Mr. and Mrs. Jas. Clark and Mr. and Mrs. Ed. Bartley spent Sunday at Deseronto.—Mrs. Joyce is spending some time visiting at Mrs. Bell, Belleville.—Mr. and Mrs. S. Wannamaker attended a few friends on Sunday.—The remains of the late Mrs. McCready, of Gretna, were interred in the Bethany cemetery on Tuesday. Much sympathy is felt for Mr. McCready in his bereavement, as they both were very favorably known here.—Mrs. Buchanan, of Napanee, is visiting her daughter, Mrs. Arbin Amey.

CHURCH STREET.

We are having beautiful weather at present, and nearly all the farmers are through seeding.—Miss Vida Parliament spent Sunday at Miss Bernice McGill.—Mr. and Mrs. G. B. Make $1,000 in Fifteen Minutes

Do you own a motor car—can you write a letter?

That is all that is necessary to enter this big prize contest.

Willys-Overland Limited believes the motor car is essential to your progress and Canada's prosperity. It wants the facts.

It is willing to pay $5,000.00 to get them for Canada. There will be 75 cash prizes awarded. You may get one but not unless you enter this contest.

See us regardless of the car you drive. Get an application blank. It does not obligate you. Write a letter on "What my car means to me", not exceeding 300 words.

It need not be a literary master-piece—just your own impression as an owner.

What is the Red Cross Doing?

The Red Cross in Ontario has:

1. Continued its war work in military hospitals.
2. Contributed to the relief of disease-stricken sufferers and undernourished children in Europe.
3. Co-operated with the Soldier Settlement Board in helping soldier settlers in emergencies due to sickness in the family.
4. Provided funds for three years for a course in public health nursing in the University of Toronto. The first class of fifty graduates in May.
5. Provided eight nurses for child hygiene demonstrations under the Provincial Board of Health.
6. Distributed to civil hospitals equipment and supplies left over from the war.

ONTARIO ENROLLMENT, MAY 22-28

We have seen a Canada organized for war; now let us have a Canada organized for good health.

It Testifies for Itself.—Dr. Thomas' Eclectric Oil needs no testimonial of its powers other than itself. Whoever tries it for coughs or colds, for cuts or contusions, for sprains or burns, for pains in the limbs or body, well know that the medicine proves itself and needs no guarantee. This shows why this Oil is in general use.

Campbell's (Carmote), (the original varnish stain so often imitated by other paint makers), is fine for varnishing around rugs and for home graining. Also makes old furniture like new. Sold in Napanee only at Wallace's Drug Store.

"Oh, I'm so glad we used Mellotone on our Walls"

People who are tired of wall paper and painted walls that look "painty," appreciate the soft, rich, velvety finish produced by Lowe Brothers Mellotone.

It's a flat oil paint, made in a variety of tints that match nature's wild-flower colorings. Is washable, sanitary, and has great lastingness.

Come in and see the sample panels and ask for interesting literature.

Rinso

Rinso can be used with cold water as well as with warm. Rinso is as harmless as pure water itself. Try this easy way of washing next Monday.

At Night—Soak the clothes in the rich Rinso suds.

Morning—Rinse them in either warm or cold water—that's all! They're ready for the line—clean and fresh.

LEVER BROTHERS LIMITED, TORONTO

If you have a washing machine—Soak the clothes overnight in the usual Rinso way. The cleansing suds loosen every bit of dirt. In the morning run them in the machine for a few minutes and the clothes are perfectly clean—even the most soiled spots.

Long Distance Service Is Now Classified

THE Classifications on long distance telephone calls in effect from midnight, April 20th, are of interest to all users of that service. It is possible, by a study of your long distance requirements, to effect savings in your long distance bills that are well worth while.

Station-to-Station Service

Station-to-Station service should be used when you are willing to talk to ANYONE at a distant telephone — that is, when you do not need to get a *particular person* on the line.

Station-to-Station service is not only cheaper, but more rapid and accurate than Person-to-Person service. On Station-to-Station service the call can be completed as soon as the distant telephone is answered, while on a Person-to-Person call the particular party wanted must be located and summoned to the telephone.

The charge for a Station-to-Station call cannot be reversed — that is, it cannot be charged to the telephone called, for in that case the telephone operator would have to locate a particular person to approve the charge, which would make it a Person-to-Person call.

Person-to-Person Service

When you make a call specifying that conversation is desired with a particular person at a given number, *Person-to-Person* service is used.

As this service requires greater operating labor and circuit time than a Station-to-Station call, the rate is about 25 per cent greater.

Examples of Different Rates

Following are examples showing the station-to-station and person-to-person rates for distances up to sixty-four miles:

Miles	Station-to-Station Rate	Person-to-Person Rate
0-12	$0.10	$0.15
12-18	.15	.20
18-24	.20	.25
24-32	.25	.30
32-40	.30	.40
40-48	.35	.45
48-56	.40	.50
56-64	.45	.55

Appointment and Messenger Service

Appointment calls and *Messenger calls* are special kinds of person-to-person calls.

An APPOINTMENT CALL rate, which is about 50 per cent higher than the station-to-station rate, is quoted for service when an appointment is made by the calling party to talk at a particular time.

When a person who does not have a telephone is called over long distance and a messenger must be sent to summon the party to the telephone, the MESSENGER CALL rate, which is about 50 per cent higher than the station-to-station rate, is charged, and to this is added the necessary messenger charges.

The Report Charge

When you place a call for a particular person or persons and for any reason they cannot be reached the same day at the address given, or will not talk, or if you make a call and you are not ready to talk when the other person is ready within an hour, a REPORT CHARGE is made. The report charge is about one-fourth the station-to-station rate. It is intended to cover part of our expense of handling the uncompleted call.

Special Evening and Night Rates

The EVENING rate, between 8.30 p.m. and 12 midnight, on station-to-station calls, is about one-half the day rate. The NIGHT rate, between midnight and 4.30 a.m., is about one-fourth the day station-to-station rate.

However, no evening or night rates are quoted on station-to-station calls where the day rate is less than 25 cents. On such short-haul calls the day rate applies. For longer distances special evening and night rates are quoted.

Because it is difficult to reach particular persons at night, when many are away from their homes and places of business, there are no special *evening or night rates* quoted for person-to-person calls. They apply only on station-to-station calls.

Warning to Our Readers.

The Beaver has been credibly informed that agents are going through out this district offering for sale stock in Western land companies in exchange for Victory Bonds. We wish to warn all our readers to have absolutely nothing to do with anyone offering stock for sale in any company without first consulting your banker or some other competent authority. If any strangers pretend that they can sell any stock that is a better investment than a Victory Bond, that statement alone should be sufficient to place anyone on his guard. Yet parties have been induced to part with Victory Bonds in exchange for stock about which they know absolutely nothing. The only safe guide is to refuse to buy anything until you know exactly what you are buying. Get your banker's opinion before investing in stock of any kind.

County Roads.

The County Roads and Bridges Committee of the County Council met in the County Clerk's Office on Tuesday to discuss County road matters. The meeting was called at the request of a visit to the County of an engineer from the Provincial Highways Department, who has intimated to the County Road Superintendent Anderson that the County is not living up to the Provincial regulations in respect to road building, and that the grants in aid of County Roads may be withheld unless the County starts constructing roads in accordance with the Provincial regulations. The Committee thoroughly discussed the matter and a deputation will likely go to Toronto to interview the Minister of Highways. The County takes the stand that it is doing all the work possible with the amount of money available for County road work, and living up to the regulations as nearly as possible, and that construction will be started when money is available for the purpose.

New Lodge at Tamworth.

Tuesday, April 21st, will long be remembered by the ladies of Tamworth, Ont., it being the event of the institution of a new Primary Lodge of the L.O.B.A., named Star of the East. Sister Featherston, Provincial Grand Mistress, was instituting officer, assisted by Sister Conway, Sister Clarke and Sister Deachane, of Napanee. Twenty-nine new candidates joined, and after the initiation ceremony of both degrees the election of officers took place, Sisters Conway, Clarke and Deschane acting as scrutineers. The election resulted as follows:—Mrs. Elizabeth McKnight, W. Mistress; Deputy Mistress, Sister Haggart; Chaplain, Sister Fannie Gilmore; Recording Secretary, Sister Donnavan; Fin. Secty., Sister Lochhead; Treasurer, Sister Gilmore; First Lecturer, Sister Hoffman; D. of C., Sister Bell; Inner Guard, Sister Kimmett; Committee, Sisters Wager, Adam, Milligan, Craig, and Parker; Second Lecturer, Sister Doupe; Outer Guard, Bro. McKnight; Guardian, Bro. Stinton. The officers were installed, and the business of the evening being finished the members and visitors were then invited to a most enjoyable banquet.

Can you think of a more delightful day's outing than the Steamer Brockville's excursion to Picton's Big Victoria Day Celebration on Tuesday, May 24th, will afford one, for beauty will greet the eye at every step of the journey. Then too the program of races that Picton is putting on is going to be well worth while, and lovers of baseball will see a double header game, Trenton vs. Picton, and Deseronto Collegiate vs. Picton Collegiate. Don't miss the pleasure this trip will afford you. 19a

Special Clearing Prices on Jersey Suits. Regular $35.00, $40.00 and $45.00 On Sale at $24.95 per Suit

Every woman loves a Suit. For motoring most women choose a Coat because suits are not as practical. The Jersey Suit has overcome this objection in a very satisfactory manner.

Our Suits are made from the famous Canadian made "Hawthorne Brand" Jersey. They are woven to keep their shape. Will not bag at the knees or punch out at the elbows. Created in charming irresistible outing styles. The colorings are pleasing and attractive.

Only 5 Suits to clear at $24.95.
Only 2 Suits to clear at $21.95.

We have also reduced greatly all of our exclusive Suits. These garments are made from Tricotines, Gabardines, Serges, in the most improved styles. See them.

New Shipments of Kiddies' Dresses To Hand Priced From $1.50 up.

"Cute" is the word which best expresses these charming little every-day frocks for tiny-tots and school girls, because sizes run from 2 to 14 years. Closely allied with "cute" we would suggest the word "Dependable", as these are very sturdy and strong and have every appearance of possessing good washing qualities. Some Dresses have Bloomers to match; others boast of dainty hand embroidery. Still others are in combination of colorings. Every Dress is just as smart as it can be. On display now.

RHEUMATISM

Rheumatism is produced by the accumulation of Uric Acid in the Blood and this poisonous acid attacks and inflames the membrance covering the joints and separating the muscles, thus producing severe pains. If the waste products to the system are not properly carried off, Uric Acid forms and is deposited in the joints and between the different layers of muscles. DR. HENDERSON'S HERB TABLETS will correct this by its action on the Kidneys, and removing the Uric Acid from the blood. Try them and watch the results. If they fail, your money will be refunded. 50c. and $1.00 a box at Hooper's Drug Store, Napanee, Ont. The Henderson Herb Co., Toronto, Ont. 19b

NAPANEE MUSICAL AND LITERARY CLUB.

The Annual Meeting of the Napanee Musical and Literary Club was held on April 27th. The President, Mrs. W. S. Herrington, gave a delightful address, stating that the object of the Club was not to make money, but to cultivate a taste for high class entertainments, and raise the standard of music and literature. She stated that the Club this year had been a success financially, and closed by paying a warm tribute to the members of the Executive and Board, for their hearty co-operation; to Mrs. G. Wilson for the able manner in which she arranged the schedule for the year; and to Mrs. W. Templeton, who acted as critic, her literary and musical ability making her a most valuable member of the Club.

The following officers were elected:

President—Mrs. W. S. Herrington.

First Vice President—Mrs. J. W. Robinson.

Second Vice President—Mrs. B. Black.

Recording Secretary—Mrs. C. I. Mayhew.

Corresponding Secretary—Mrs. C. Wilson.

Treasurer—Miss Alma Thompson.

NAPANEE BOARD OF COMMERCE.

A general meeting of the Napanee Board of Commerce was held in the Town Council Chamber on Wednesday evening, May 11th, at 7.30 p.m., for the purpose of obtaining the views of the Merchants of Napanee with regard to closing on Wednesday afternoon during the summer months.

After a lengthy discussion it was moved by Mr. D. B. Wilson, seconded by Mr. F. J. Roblin, "That in the opinion of the Napanee Board of Commerce it is desirable that all places of business should observe May 24th and June 3rd as whole holidays, and further that every Wednesday between the dates of June 8th and August 31st, (both dates inclusive), all places of business should close at 12 o'clock noon."

Moved in amendment by Mr. Wm. H. Boyle, seconded by Mr. O. S. Reddick, that the dates in the original motion be amended to read May 24th, June 3rd, and from June 15th to August 31st.

The amendment was declared carried when the vote was taken, and on motion by Mr. D. B. Wilson, seconded by Mr. F. J. Roblin, the decision was made unanimous.

The President and Secretary were also authorized to appoint a committee of two members to call on the Merchants of the town and obtain their consent to the terms of the resolution.

Mr. M. P. Graham and Mr. J. F. Roblin were named, and they or their representatives will call on all business houses during the course of the next few days.

The President and Secretary were also authorized to pay from the funds of the Board sufficient to defray the cost of printing window cards for distribution to the Merchants, advertising the Wednesday afternoon closing.

TRUMPOUR—WILSON.

On Wednesday morning the Church of St. Mary Magdalene was the scene of one of the prettiest weddings in many a day, when Marion, daughter of Mr. and Mrs. Edward Wilson, was united in matrimony to Mr. Mark Trumpour, of Kingston. The Church was lovely with spring blossoms, and the altar vases filled with pale pink and white roses, the decorations having been arranged by the Altar Chapter and girl friends of the bride. The solemn and beautiful service was impressively read by the Rev. J. H. H. Coleman, and the clear boy voices of the choir sang the hymns with unfaltering sweetness. The bride on the arm of her father, followed the choir to the chancel steps. Her gown was of snowy white charmeuse, with train embroidered with a lover's knot in pearls and lined with mauve Georgette. She wore a tulle veil with coronet of Carrickmacross lace, silver shoes and stockings, and carried an armful of Killarney roses with a shower of Sweetheart roses and sweet peas. Her only ornament was a string of Richelieu pearls, the gift of the groom. Although there were no attendants the register was signed by Miss Gladys Trumpour and Mr. R. B. Wiseman. Mendelssohn's wedding march was splendidly rendered by Miss May Hawley, who played the entire choral service. She was presented with a Fleur de lis brooch set with pearls.

A wedding luncheon was served at the home of the bride to the immediate families, and the house was a bower of flowers,—roses, tulips and lilacs. The mother of the bride wore black charmeuse with sequin trimming, a celephane hat with glycerine ostrich, and a corsage bouquet of mauve sweet peas. The groom's mother was in black satin and lace, with flowered toque. Miss Gladys Trumpour wore black taffeta, a mauve hat and a fur wrap; Miss Gertrude Wilson, niece wore black taffeta with touches of tangerine, and organdy hat to match; Mrs. Harrison, black and white Pussy willow and Georgette, with black and white hat; Miss Kathleen Wilson, accordian pleated brown satin and Gainboreau hat; Mrs. Buck, navy Georgette, with mohair hat to match.

The out-of-town guests were R. B. Wiseman and the Misses Wiseman, of Belleville; Miss Gertrude Wilson, of Trenton; Miss Waldron, of Trenton, and Mr. and Mrs. Phillip Harrison, of London, England.

Among the many handsome gifts were three of especial interest, one of two beautifully bound volumes of poems from the S. S. of St. Mary Magdalene, where for years Miss Wilson had worked as a teacher in the infant class, and was greatly beloved by the children. The second gift was a walnut dinner wagon, and silver bon-bon basket from the Choir, of which she has been a member since she was a school girl. The third gift was a walnut gate-legged table from her girl friends.

Mr. and Mrs. Trumpour left at noon for Montreal and Quebec, and on their return will reside in Kingston.

The Wall Paper Trade

For the season has started early, owing to the mild weather. We are ready to supply all the requirements of housekeepers, having now on hand the very largest stock ever, including the very latest in the different kinds. We can safely guarantee the very lowest prices, as we bought our present stock before the recent advances by the manufacturers. We have the different widths from 18 inch to 30 inch. If you buy the 22 inch paper you pay more for it than for the 18 inch. The manufacturer must pay more for the extra raw material, and for the colors that make the pattern. Every honest dealer will acknowledge that. Our prices run from 15c. per roll up. We are satisfied from the sales we have already made that our stock and prices are right. We have already been obliged to re-stock some of the leading lines, particularly the Oatmeals and their Borders.

We invite intending purchasers to see our samples and get our prices before buying.

HORSEMEN!

Following is the route during the season, health and weather permitting, of the Imported Clydesdale Stallion Montcreiffe Albium, more commonly known as "the Harrison horse", and whose Government certificate is Form 1 and his Enrolment No. 1676.

Monday morning leaves Newburgh, proceeds to Jas. Sewell's, Ernestown, for noon, Monday afternoon going to Centreville for Monday night, Tuesday morning he goes to Irvine Cronk's, Enterprise, for noon, remaining there until Wednesday morning. He then goes to Croydon for Wednesday morning, and to P. J. Whaler's for Wednesday night, Thursday morning he goes to Robin and afternoon he goes by way of Grieve's Corners and Forest Mills, to Wm. Graham's, for night. Friday morning he proceeds to the Somerset Dairy Farm, Empey Hill, for noon, and from there in the afternoon to Paisley House, Napanee, for night. He will remain in Napanee until 3 p.m. on Saturday, when he leaves for his own stable at Newburgh.

See this horse before deciding and you will see size, quality and action all combined. He is very sure and his stock are all that can be desired.

The terms are $15.00, payable by cash or note when mare proves in foal if settled for by April 15th, 1922. If not settled for on or before that date the fee will be $18.00. Parties disposing of their mares before foaling time, will be charged full insurance fee whether or not the mare proves in foal.

Look at the horse. Look at his stock. Look at the scarcity and price of good horses, and you will be looking after your own interests best by breeding your mares to "The Harrison Horse".

Yours for good colts and horses,
J. E. HARRISON,
Prop. Line 11 r. 1-4, Newburgh.

DARLING BABY BRIGHTENS HOME

Children's Laughter a Pleasing Sound

Atkins, Pa.—"I am writing to tell you what Lydia E. Pinkham's Vegetable Compound has done for me. We have children almost at [illegible] from one hour to nine- [illegible] ours is all they have [illegible] before my next one [illegible] I took a dozen bot- [illegible] our Vegetable Com- [illegible] I can say that it is [illegible] and medicine on [illegible] this baby is now [illegible] old, and a [illegible] you would not [illegible] anything to a [illegible] Everybody [illegible] is a very healthy [illegible] You have my [illegible] about these for [illegible] anybody."—Mrs. [illegible] 3rd Avenue, [illegible]

Nine letters of unsolicited praise received from [illegible] for Lydia E. Pinkham's Vegetable Compound. Nine says:

Marinette, Wis.—"I was in a run-down condition and very irregular. My doctor advised an operation. My husband brought home one of your booklets and I wrote Lydia E. Pinkham's Vegetable Compound. It overcame my trouble so that I now have a healthy baby girl since having been married 4 years. I am glad to recommend your medicine, and you may use my letter as a testimonial."—Mrs. H. B. Hall, 409 Dodge's St., Marinette, Wis.

There are many, many such homes that were once childless, and are now blessed with healthy, happy children because Lydia E. Pinkham's Vegetable Compound has restored the mother to a strong and healthy condition, as it acts as a natural restorative for ailments so indicated by backache, irregularities, displacements, weakness and nervousness.

Women everywhere should remember that most of the commoner ailments of women are not the surgical ones—they are not caused by serious displacements or growths, although the symptoms may be the same, and that is why so many apparently serious ailments readily yield to Lydia E. Pinkham's Vegetable Compound, as it acts as a natural restorative. It can be taken with perfect safety and often prevents serious troubles.

Therefore if you know of any woman who is suffering and has been unable to secure relief and is regretfully looking forward to a childless old age, ask her to try Lydia E. Pinkham's Vegetable Compound, as it has brought health and happiness into so many homes once darkened by illness and despair.

Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women" will be sent to you free upon request. Write to The Lydia E. Pinkham Medicine Co., Lynn, Massachusetts. This book contains valuable information.

HUGE BUSINESS WAS RUN BY FOUR MEN

LETTER WRITING AND TELEPHONE SHUNNED BY MACDONALD TOBACCO CO.

Recent circulation and disproval of an unfounded rumor to the effect that W. C. Macdonald, Reg'd., Inc., has been acquired by the Imperial Tobacco Co., recalls an industrial history which is perhaps the most remarkable in the chronicles of Canadian business. In these days of gigantic corporations (among such the Macdonald company is to be considered as one of the largest manufacturing enterprises in Canada), we seldom think of a "one-man business" otherwise than as a good prospect for the assignee; yet the Macdonald institution has always been, still is and will continue to be during the lifetime of its present owners, at any rate, a one-man business in the strictest sense of the term.

The largest producers of plug tobaccos in this country, and now among the largest, too, of cut tobaccos, it employs an office staff of five persons! Modern business men, recalling personal experiences, may be inclined to scout this statement, but it is none the less true. A business aggrevating many millions of dollars annually is transacted by five office employees. This condition, presumably, is a survival of the form of efficiency for which that enigmatic, taciturn business genius, the late Sir William Macdonald, was distinguished. In fact the spirit of the late founder still looms large in the conduct of the company's affairs—making rumors of the sale of that which has his character for its foundation, all the more ridiculous—as was instanced only the other day, when, in reply to a veritable bombardment of queries, the owners were finally prevailed upon to make a statement regarding the sales rumor, and did so in these laconic terms:

"No truth in rumor. Macdonald tobaccos will continue to be manufactured by us as independent manufacturers as long as the public calls for our goods.—W. C. Macdonald, Reg'd., Inc."

Was Founded in 1858.

William Christopher Macdonald founded his business of tobacco manufacturer in 1858, and since that time the name Macdonald has been one to conjure with in this country. The founder was a scion of a distinguished Scotch-Canadian family, and certainly he supplied all the keen business instinct and dominating unobtrusiveness for which his race has evinced a reputation, to the conduct of his affairs. Though in these days his products never were advertised, though he refused to encumber himself with business correspondence, ignoring all letters save those containing orders, and acknowledging those letters only by shipments, C.O.D., his name was a household word from coast to coast in the course of a few years. Because in his later life he consistently refused to take cognizance of such modern aspects of business as the telephone, the office building elevator, the automobile, etc., it has been alleged that he was not a progressive individual; but his success affords ample disproof of such a contention—a success unparalleled, perhaps, in the history of Canadian business, a success such as enabled him to be, next to the late Lord Strathcona, Canada's greatest philanthropist, to give more than fifty millions of dollars to the cause of Canadian theological and technical education, and which placed him among the world's wealthiest men. Further, the fact that in 1876, twelve years after his business was established, he employed 1700 men in his factory is phenomenal figure for those days, does not entitle him to be regarded as unprogressive. Possibly the most progressive business man of his day, he was also the shrewdest and most thorough. He had the business instinct and he developed the business genius. While other companies expanding their organizations, inclined to departmentization of their business Sir William, with that breadth of vision of his, still could give all the necessary attention to all the departments of his business, distribution, manufacturing, purchasing, etc., etc., which were actually incorporated in one sole department, of which he was the sole director a "one-man" concern if ever there was one. Sir William Velgeau says that the profitable continuance of his work was largely due to the fact that their company was conducted under the same scheme. In the person of his secretary he found a talent like to his, and that talent, transmitted to the sons of the secretary, Howard and Walter Stewart, still controls, solely, the business of W. C. Macdonald, Reg'd., Inc., for to these two men Sir William left the wonderful enterprise he built up.

While the Stewart brothers have recognized the merits of advertising with the result that their company is to-day one of the biggest advertisers in the Dominion, while they have taken cognizance of the automobile and of modern equipment, it is none the less true that the industry they control is still guided, and will during their lifetimes at least, solely by the spirit and unrivalled commercial wisdom of the late Sir William Christopher Macdonald. Hence, any rumors of the purchase of this business by other interests are at once untrue and illogical.

Washing after every wearing saves Silk Underthings

HALF the charm of silken things lies in keeping them fresh and sweet. Moreover perspiration discolors and shortens their life. Why not wash them after every wearing?

It's delightfully simple. Use the pure, gentle, cleansing LUX suds. Make just a bowlful, anywhere, any time. Just dip them up and down—press out the water—rinse—iron with a warm iron—and it's done.

LUX will hurt no fabric that pure water may touch. Sold at all grocers and department stores.

THE bruised forehead, trapped finger, cut hand, sprained foot, or smarting burn or scald, are quickly and safely healed with Zam-Buk. On the other hand, there isn't another remedy can compare with it for the treatment of eczema, ringworm, or other eruptive skin diseases which children catch from playmates.

Zam-Buk comforts the skin of the tenderest babe, for the balm is just a scientific blending of Nature's purest herbal extracts. There's nothing so mild and soothing as Zam-Buk in pain and irritation, yet it possesses a great antiseptic power. Coarse fatty salves and ointments merely clog up the skin. But Zam-Buk, owing to its extraordinary refinement is readily absorbed into the tiny pores, whence its purifying healing influence is carried into the *underlying* tissues.

That is why Zam-Buk is so wonderfully effective in dealing with deep-seated tuberculation or inflammation.

Mrs. T. D. Ruston, Children's Aid Society, Belleville, Ont., writes:— We never use anything but Zam-Buk for our children's cuts, burns, bruises and sores. Experience proves it superior to any other preparation we have used, and we say we really could not afford to be without Zam-Buk."

FREE! Mothers! Test this great healer to-day! Send 1c. to Zam-Buk Co., Toronto, for Sample Box.

EXECUTOR'S NOTICE TO CREDITORS.

In the Estate of Sarah Jane McKim, Deceased.

Notice is hereby given, pursuant to Chapter 121 of the Revised Statutes of Ontario, 1914, Section 56, and amending Acts, that all persons having any claims or demands against the estate of Sarah Jane McKim, late of the Town of Napanee, in the County of Lennox and Addington, Widow, deceased, who died on or about the 23rd day of April, A.D. 1921, are required to deliver or send by post prepaid to U. M. Wilson, Napanee, Ontario, Solicitor for George Wesley McKim, Executor of the last will and testament of the said Sarah Jane McKim, deceased, on or before the 21st day of May, A.D. 1921, their christian and surnames, addresses and descriptions, with full particulars of their claims or demands duly verified, and the nature of the security (if any) held by them.

And further take notice that after the said 21st day of May, A.D. 1921, the said Executor may proceed to distribute the assets of the said estate amongst the persons entitled thereto, having regard only to the claims or demands of which he shall then have received notice, and shall not be liable for the said assets, or any part thereof, so distributed, to any person or persons of whose claims or demands he shall not have received notice at the time of the distribution thereof.

U. M. WILSON,
Solicitor for the said Executor.
Dated this 26th day of April, 1921. 17d

AND WE VOTED "YES"

'Twas a balmy summer's evening
And a goodly crowd was there;
Such dope we got in days gone by,
But now it seems threadbare.

No more gin rickys can we have,
Or highballs when we choose;
Since the old bartender lost his job,
We've kissed them fond adeaus.

The sawdust and the polished rail,
Departed with a shock;
And bums in back lanes whisper now
Do you want to buy a crock.

PLAIN TALK NO. 5

Dear People,—No doubt you will be a little surprised at us for our past methods of advertising; especially our old customers, for they know us well and expect something out of the ordinary. We must apologize for repetition; as business is always more than brisk at this season and calls for our efforts so urgently that we scarcely find time to eat. Now, there is a reason for our success, and let us briefly state we mean to stick to our ideals. Our leather and workmanship is, and always will be, of the very best. We work on a small margin and give satisfaction to all. As you are aware, there are several grades of leather and it is possible to have boots fixed at a very low cost, but, not so with us; we handle nothing inferior in quality, are best by far, so compare our work with others and be convinced. Our prompt service is also an item worthy of mention for we do everything same day as received. So all work left in the morning can be had that evening. We also carry the only unbreakable Shoe Laces in town. Don't ask for five cent laces for we would not handle them. Some good second-hand Boots for sale, cheap. Rubber Heels in a very few minutes. Yours for neatness and despatch.

Scenic Trip Through Alberta and British Columbia.

A rare treat is in store for all who come to Trinity Church Sunday School Auditorium next Monday evening, May 16th. About 75 colored views of this most picturesque part of our Dominion will be thrown upon the screen by the use of the lantern. The descriptive part of the lecture will be given by Mrs. D. B. Wilson. The evening's entertainment will commence at 7.30. A short song service will be held before the lecture is commenced. This will probably be the last of this series of illustrated lectures held under the auspices of the Young People's Union for this season. Admission, Silver Collection. 19a

"At Home" at Tamworth.

On Wednesday evening, May 4th, a very pleasing event took place in the Town Hall, Tamworth, it being a presentation to Rev. and Mrs. Harrington, on the eve of their departure from the parish. Among the speakers present from a distance were Rural Dean Byers, from Stirling; Rev. Mr. Irwin, from Selby, and Rev. Mr. Dickenson, from Camden East. The local speakers were Rev. Mr. Clarke and A. B. Carscallen. The addresses were short and to the point, his fellow-Clergymen all uniting in giving Mr. Harrington the same character, "an honest, upright, true-hearted gentleman", as they had always found him in their many years' acquaintance. An address and a sum of money were presented to him and refreshments were served by the ladies. All departed, expressing regret at the necessity of severing their connection with him and wishing him renewed health in the future.

SEE "EMPTY ARMS".

At the Strand, May 20th and 21st. A picture worth your while. Headed by a Star of stage and screen, Cail Kane, supported by a noted cast of players, Thurston Hall, J. Herbert Frank and many others. This is the best chance ever offered you. Admission 25c. to all. Children under 12 years not admitted.

Greatest of all heroes are the mothers of men. And theirs is the greatest reward. For there is no joy known to human beings so rich and deep as the joy of motherhood.

Of all fools upon the earth none is so great a fool as the wife who will not be a mother. For she commits the unpardonable sin—the sin against herself—robbing herself of Nature's supremest satisfaction.

If because of vanity, fear or poverty, she refuses motherhood, she has sold her birthright for a mess of pottage.

Those who turn from nature usually land in perversion. The instincts if denied become diseased. Women who refuse children fondle dogs.

That maternal love which was intended to nourish an immortal soul is poured out upon a brute!

The stupidity of refusing God's greatest gift—the child! For statistics prove that women who bear children have better health, are happier and live longer than the barren.

Nature intended Woman for motherhood; if she avoids this she runs into greater dangers.

Children are the best guaranty of a successful marriage.

When God wants to carry His point, He plants His arguments in the instincts. It is the normal instinct of every right minded woman to want children.

Deny this supreme craving, and the starved nature warps into evil or sorrow.

No joy this side of heaven is comparable to the mother's joy to feel the baby hands upon her cheek, the baby lips at her breast.

Flesh of her flesh, soul of her soul, life of her own life, her child is God's own angel to bring her the highest pleasure in all His treasury of pleasures.

Just something a little extra in Chocolates. Ask for the new kind, "Merritt's", at Hooper's.

Boat "Paridle".

Starting Monday, May 9th, 1921, will run three trips weekly until further notice. Leaving Napanee Mondays and Thursdays at 7 a.m., Saturdays at 6 a.m., calling at Adolphustown. Returning, leaves Picton at 2 p.m., stopping at all docks en route. 19ap

Streets To Be Oiled.

At a special meeting of the Town Council on Monday evening a resolution was passed, authorizing the purchase of an 8,000 gallon tank of road oil to be used on the streets. The streets to be oiled are all those at present being sprinkled, with the exception of Dundas street.

Nurses Graduated.

Among the nurses who graduated from Kingston General Hospital at the graduation exercises held in Grant Hall last evening were:—Miss Mabel Detlor, Napanee; Miss Helen A. Davis, Napanee; Miss Sybil Gainer, Sydenham; Miss Jessie G. Forsythe, Harrowsmith. Miss Mabel Detlor was presented with the silver medal.

Struck By Train.

While crossing the Grand Trunk tracks near the freight sheds on Monday afternoon, Joseph Sykes, an employee of the Creamery, was struck by a freight train and thrown forty feet. The engine driver saw him on the track and blew the whistle, but Sykes went on unheeding and the train could not be stopped in time. When picked up it was found that he was not fatally injured, no bones were broken, but he was badly cut about the head, and severely shaken up.

Napanee Girl's Appointment.

Succeeding Miss Mabel C. Jamieson, who is shortly relinquishing the position of general secretary of the Young Women's Christian Association, Montreal, the appointment of Miss Nellie Brisco, Napanee, is announced. Miss Brisco has had considerable experience as a social worker, particularly in community work in the United States, her last appointment being that of community secretary for the Civic League at Reading, Pa. Prior to that, she was a worker with the Fonduk Commission in Portland. It is expected that Miss Brisco will assume her new duties on June 1st.

County Debentures Sold.

Tuesday the County Debentures to the amount of $30,000 were distributed to purchasers from the County Clerk's office. The sale of the debentures was placed in the hands of County Clerk Wilson and Reeve A. C. Tummon, of Richmond, and were disposed of at par to local buyers. The money goes to the Provincial Government to pay the County's share of Provincial highway construction in 1919. An additional amount of County Debentures to the amount of $40,000 will probably be issued to pay the 1920 share of highway expenditure, and there will no doubt be other large bills from the Highways Department before the road is completed.

Emerald General Store Is Destroyed By Fire.

The general store at Emerald, Amherst Island, was destroyed by a disastrous fire which broke out about four o'clock on Tuesday afternoon. The people of the village turned out and tried to fight the blaze, but the fire had gained too much headway and was assisted by a brisk wind blowing off the bay. The store has been occupied for some time by H. A. McGinn, who estimates his stock at about $5,000, and will suffer heavily by the loss. The buildings entailed were the property of Kingston parties, whose names have not yet been obtainable. Insurance to the amount of $5,000 was carried. This fire will cause quite an amount of inconvenience to the villagers at Emerald and the farmers living at the head of Amherst Island, as H. A. McGinn ran the only store in Emerald and the loss of his building and stock will necessitate a considerably longer trip into Stella for supplies.

Victoria Day, May 24th, is going to be a big day in Picton. Big Races, Big Double Header Baseball Game and a Big Dance in the Armouries at night will help make it so. Take in the Str. Brockville's excursion to Picton on that date, and enjoy a trip on the beautiful waters of the Bay of Quinte. Boat leaves Napanee at 9 a.m.; returning, leaves Picton at 6.30 p.m. Fare, 75c. 19a

TAMWORTH.

On Wednesday morning, May 18th, at 6 o'clock, after an illness of but a few days, Mrs. George Black passed to her rest, at the age of 58 years. The late Mrs. Black, one of the most highly respected citizens of the Township, was born in Sheffield in 1863, where having lived all her life, she was beloved by all who knew her. She was a devoted member of the Methodist Church, an ardent and faithful supporter of all church activities and a valued citizen of the community. In 1880 she married Mr. George Black, and to them were born seven children, three of whom are still living, Mr. Archie Black, of Tamworth; Mrs. M. Paul, of Hartney, Manitoba, and Mrs. B. Close, of Croydon. She leaves also two sisters, Mrs. Alex. Roberts and Mrs. H. York, both of Port Arthur. Her funeral will take place on Friday at 2 o'clock, in the Methodist Church. To the mourners in their sad bereavement is extended the heartfelt sympathy of the community.

On the evening of May 12th the citizens of Sheffield filled the Town Hall at Tamworth to its utmost capacity, when they assembled to present to Rev. S. E. Harrington an address and purse of appreciation prior to his leaving the village. Mr. A. B. Carscallen ably acted as chairman, and Mrs. W. W. Redden presented a programme of unusual merit, splendidly rendered by all taking part and thoroughly appreciated by the large gathering. The speakers of the evening were Mr. A. B. Carscallen, Mr. Aylsworth, Mr. Moss, Mr. Way, Mr. Richardson, Mr. Beckwith, and the Rev. Mr. Clarke. The address of appreciation was read by Mr. J. A. Hunter, the presentation being made by Mr. A. B. Carscallen. Following is the address:—

To Rev. S. E. Harrington, M.A.

Dear Mr. Harrington,—We, the citizens of Sheffield, desire to take this opportunity of conveying to you in some small way, our appreciation of your valued services rendered during your sojourn here of a little more than three years.

It is with deep regret we learned that, owing to ill health, you are compelled to leave us and take a protracted rest for the trust and pray that with God's assistance you will in the time to be restored to your former health and vigour, enabling you to again continue your vocation.

Your genial disposition, generosity, and upright character has been a source of inspiration to all who knew you and these impressions will long remain after you are gone from our midst. During times of sorrow and sickness, we ever noticed your endeavours to be either a comfort, to give relief to the sick and suffering. Your kind and courteous demeanour towards all, particularly the unfortunate, has made you countless friends.

As a citizen, we feel that we have come to Tamworth, we have found you all that could be desired, ever zealous and devoted to the cause in every way anything of benefit to the community. Your suggestions, on occasions, and criticisms were always cheerfully sought and ably given.

In conclusion we beg of you to accept this purse as a slight token of the esteem in which you are held by the citizens of Sheffield.

Presented on behalf of the citizens of Sheffield, this 12th day of May, 1921.

A. B. CARSCALLEN.
J. A. HUNTER.
W. W. REDDEN.
F. C. CONNOR.

After the reading of the address, the Rev. Mr. Harrington fittingly replied in a few words, and the very pleasant evening was brought to a close with the singing of the National Anthem.

Mr. W. J. Paul, M.P., who has been seriously ill for the past week, is reported to be much improved.

TOWN COUNCIL

Council Chambers,
Napanee, May 16th, 1921.

Council met in regular session on Monday evening, Mayor Graham presiding.

Members present — Reeve Boyes, Councillors Roblin, Wilson, Steacy, Ming, Hartman and Paul.

Minutes of the last regular and special meetings were read and confirmed.

A telegram was received from James, Proctor & Redfern, informing the Council that Mr. James was detained at Halifax, but could be in Napanee on Tuesday or Thursday.

A communication was received from the Union of Canadian Municipalities, asking the Council to join the Union, the fee being $10.00. Laid on table.

A communication was received from the United States Fidelity and Guaranty Co., saying their Company undertakes the bonding of contractors. Laid on table.

A communication was received from the American La France Fire Engine Co., setting forth the advisability of keeping the firemen's mask in good repair. Referred to the Fire Chief.

Moved by Councillor Roblin, seconded by Reeve Boyes, that we order a tank of 2,500 gallons of tar per cent. asphalt oil from the Imperial Oil Co., the Village of Newburgh to take at least 1,200 gallons. Carried.

Mr. Geo. Exley was present, and asked the Council for a grant of $250.00 to assist the band.

Moved by Councillor Ming, seconded by Councillor Steacy, that the sum of $250.00 be placed in the estimates as a grant to the Band, the band to play at least twelve concerts. Carried.

The Street Committee reported, recommending that no action be taken re the laying of a cement walk in front of Messrs. Conger's and Middleton's residences on the Newburgh road, and that the board walk be repaired. On motion the report was adopted.

A petition was received from E. R. McCabe and others, asking for a cement walk. On motion it was decided to take no action this year.

Moved by Councillor Roblin, seconded by Councillor Ming, that the matter of changing the location of the gooseneck for filling the watering tanks on Centre Street, near the corner of Bridge Street, be left in the hands of the Street Committee with power to act. Carried.

Moved by Reeve Boyes, seconded by Councillor Wilson, that Thos. J. McCallum be notified, pursuant to section 474 of the Municipal Act, that the Council intend to pass a by-law opening up the road allowance north of the Grand Trunk Railway easterly from the present 40-foot road to the limit of the road allowance as shown on the plan filed. Carried.

Moved by Reeve Boyes, seconded by Councillor Wilson, that notice of a proposed by-law establishing or laying out a highway connecting the present 40-foot road north of the Grand Trunk Railway, as shown on plan filed, with the Dairy Avenue, be published, pursuant to section 475 of the Municipal Act. Carried.

Moved by Councillor Roblin, seconded by Reeve Boyes, that the former conflicting by-law re excavations be rescinded and that a by-law be prepared making it compulsory that all excavations on the street line be done by the corporation, in order that the Street Committee shall know that proper connections have been made to the sewers, water or gas mains, and that the trench as made shall be properly tamped back into place; except the work done by the Public Utilities Commission, who have proper facilities, and men capable of making proper excavations, and excepting trenches due by the Hydro Electric Power Commission, who shall call on the Chairman of Streets when their trenches are ready to be filled, the Streets Committee shall then instruct the foreman of streets or personally inspect the work of tamping back the fill. Carried.

ACCOUNTS.

The accounts of The Hydro Electric Power Commission were referred to the Finance Committee, with power to act.

The following accounts were ordered to be paid:

Paving of Dundas Street

A well attended meeting of the Town Council and Board of Commerce was held in the Council Chamber on Wednesday evening, a number of business men and heavy taxpayers being present, the occasion being to receive the tenders for the paving of Dundas Street.

Mayor Graham presided, and in his opening remarks said he was sorry that there were not more business men present at the meeting to discuss the paving question. The ball had been started rolling by last year's Council, and the present Council had been successful in getting the matter in such a shape that it could be put intelligently before the ratepayers. In conclusion His Worship introduced Mr. James, of the James, Proctor & Redfern Co., Consulting Engineers, of Toronto, who read the tenders submitted. The firms tendering are two of the best doing business in Canada, the Warren Bituminous Paving Co., of Toronto, and the Standard Paving Co., of Ottawa, the latter firm having done considerable work on the streets in Belleville and have about completed their work in that city. Many of our citizens have seen and admired Belleville's main street and can form a pretty good idea of what Dundas St. would look like if paved. The tenders were as follows—the first column being the tender of the Standard Paving Co., the second column the tender of the Warren Bituminous Paving Co., and the third column the estimate of the engineers as furnished to the Town Council some weeks ago:

	S.P.	W.B.P.	E.E.
Wearing Surface, Per sq. yd.	$2.32	$2.40	$2.40
Concrete Base, Per cu. yd.	1.15	1.20	1.25
Curb and Gutter, Per ft.	1.18	1.20	1.00
Excavation, Per cubic yd.	1.38	1.60	1.50
Macadam Base, Per cubic yd.	4.50	5.50	5.00

Mr. James said that in their estimate of $100,000 for the completed job a concrete base was allowed for over the sewers, but he did not think this would be necessary on all of the road. It is intended, however, to put concrete wherever it was deemed necessary, so that when the work is finished it will be a first-class job and will stand up under the heavy traffic that it will be subjected to as a part of the Provincial Highway. In reply to a question as to repairs, the speaker said that as a rule for perhaps twelve or fifteen years a flush coat of asphalt would likely have to be put on at the rate of 10c per sq. yard (the prices) 10c. per square yard. He also felt that the entire work could be done before 1921 will be the gainers by the assistance they will receive from the Provincial Government. The amount the Town of Napanee would receive a grant from the Provincial Government of $32,000.00.

It is thought that possibly about $75,000.00 will be saved from the estimate by the fact that it will not be necessary to put down a concrete base over the whole of the street, and that the figures as given above and below are based on the length and not as far as can be ascertained, the top figures for the work.

The width of the proposed paving is as follows:

From the westerly limits to West Street, 24 ft.

From West Street to Robert Street, 36 ft.

From Robert Street to Adelphi Street, 42 ft.

From Adelphi Street to the iron bridge, 22 ft.

The cost of the work will be approximately $98,000. The Government pays $32,000, leaving a balance of $66,000 to be divided as follows: One-third to the town, one-third to the property on the north side of Dundas street and one-third to the property on the south side of the street. The approximate figures per foot frontage per year, extending over a period of twenty years, is as follows:

From the westerly limits to West Street, 2½c. ft.

From West Street to Robert Street, 4½c. ft.

From Robert Street to Adelphi Street, 4⅝c. ft.

From Adelphi Street to iron bridge, 2½c. ft.

Several questions were asked and answered by the Engineer, showing the attitude of those attending the meeting to be in favor of the paving, a long way towards paving the town's share of the cost, and it is a step in the right direction.

On June 1st, there will be two sessions, at 10.30 a.m. and 2.30 p.m. There will be several eloquent speakers at all the meetings, as there are expected about thirty-five ladies from different W. C. T. U.s. to speak. Every person welcome to all the meetings.

Picton having joined the Eastern Circuit for Racing is assured of having better horses and more of them for her Victoria Day Races, which will include a Free-for-all, 2.18 Class, 2.30 Class and a Named Race. In addition to the races there will be a double header in Baseball, Picton vs. Trenton, and Deseronto Collegiate vs. Picton Collegiate. Both teams are going to be bubmers and will delight all lovers of Baseball. You cannot do better than make Picton your objective if you want to have a royal good time on Victoria Day. 20a

VIOLET.

Most of the farmers in this community have completed their seeding and early planting, the warm weather of last week helping.—Mrs. S. G. Hogle is convalescing from a serious illness.—Mr. W. J. Sukker returned home after visiting Mrs. Norman Bunker, Ottawa.—H. Smith, son of Mr. and Mrs. Burton Smith, is improving after his painful accident of Saturday.—Mrs. William Sharpe is visiting friends in Hamilton.—Mr. and Mrs. George Drew and family were Sunday visitors at Mr. Percy Drew's.—Mr. and Mrs. Thos. Clancy and Marion were Sunday visitors at Mr. Walter Hogle's.—Mr. and Mrs. Harry Scouten's home has been brightened by a fine baby boy.—Mr. and Mrs. Fred Sharpe and small sons, Billy and Jack, were recent visitors at Bear Bristol's, Bath.—Mr. Arley Clarke is suffering with la grippe.—Mr. and Mrs. W. NEWBURGH.

Three friendly games of baseball have been played between the High School team of Newburgh and a team from Yarker, in which the High School boys won out, they winning two out of the three games.

The Tennis Club has been organized with Mr. Naylor as President, and Miss Mitchell as Treasurer. The fee for the season is $1.00, which may be handed to the Treasurer at any time.

For the information of readers at a distance we may say that we have had some hard frosts during the past week.

The marriage took place, on Wednesday, of Miss Beth Wilson, youngest daughter of Mrs. T. B. Wilson, to Mr. Hewitt, of Brockville. The ceremony, which took place at high noon, was celebrated by Rev. Mr. Cooke, in the presence of a few intimate friends. Miss Wilson, who is a professional nurse, spent most of her life and school days in Newburgh, leaving behind her many friends, and many good wishes follow the young couple for a happy and useful life.

Mrs. and Miss Quail attended the Nurses' graduation in Kingston last week.

Miss Alma Brisco is spending the week in Trenton with friends.

Mr. T. W. Dunwoody and sister, Bella, of Tyendinaga, spent a days spent week visiting their uncle and aunt, Mr. and Mrs. T. A. Dunwoody.

There have been some incidents transpired lately in Newburgh about which the parties thereto refuse to be interviewed. The writer is therefore relieved of what some curious people would call the duty of recording anything with regard thereto.

The High School Junior Baseball team won a game from the Seniors of Strathcona, the score standing 22-20 in favor of the junior boys, over which the boys are highly elated.

Mr. Alfred Rodgers, Jr., has billed the town with hand-made illustrated hand bills, advertising the Young Men's social on the 25th, which are veritable works of art.

ELMBROOK.

This paint film is less than 1\100 of an inch thick. What does that mean to you?
When you stop to realize that a two-coat film of paint is less than 1-100 of an inch in thickness, and that this thin film stands between your house and the weather, you can see the vitalness of buying the right kind of paint.
Lowe Brothers High Standard Paint forms a tougher film than any other paint we know of. It is elastic. It will not crack with the weather's changes. It is both weatherproof and waterproof.
It costs a little more than most paints, but it always covers more surface, therefore less paint is required and you actually save money at the very start. This fact, coupled with its long lastingness, makes it really an investment paint.
If you want to prevent future trouble, come in and talk over your paint problems with us.

Red Cross Aims In Ontario

1. To act as a voluntary auxiliary to the Ontario Government in its health work.
2. To co-operate with local Boards of Health, School Boards, and voluntary organizations working for good health.
3. To enlist the support of Ontario citizens in helping to establish Outpost Hospitals and Nursing Service in remote parts of the Province.
4. To create and maintain a reserve of money, garments and medical supplies, and to enlist voluntary aid, for emergencies, such as epidemics and disasters.
5. To create public opinion in favor of sound health measures.
6. To promote better health among children by the organization of Junior Red Cross auxiliaries in the schools.

THE CENSUS OF 1921.

We have been requested to give some details with regard to the Census.

The enumeration begins on June 1st and everything dates from that day, and the Census Enumerators are required to keep all the information they receive perfectly private, and it cannot be used either by the Government or by the Municipalities in any way in connection with taxes. Members of the Municipal Boards, Assessors, Collectors, Clerks and Treasurers are not allowed to act as Enumerators, and the Enumerators are sworn to secrecy and under a heavy penalty if they divulge any information given them when taking the Census, and they cannot substitute any person else to act for them. When they appear at the house to get the facts required, if you are not sure of their identity, you can require of them to produce their card of authority signed by the Dominion Statistician, R. H. Coats, and the Census Commissioner for the County, G. F. Ruttan, K.C.

The first schedule that the Enumerators have to fill out is that relating to population, and it is of the greatest importance that every person possible be enumerated on this schedule. The full name of each member of the family will be required, and the relationship of each member of the family, each employee, each boarder, and then the description of the house as to what it is built of, whether it is owned or rented, the rent that is being paid, whether it is a single or double house or terrace and the portion occupied by the family. Then the age and the place of birth of each person is required, and the place of birth and the nationality of the father and mother of the father or head of the family, and father and mother of the mother of the family; that is the grandparents, and if the parties have recently come into Canada, they are required to give the date of their migration and the date of their naturalization, and the country to which they owe allegiance; also to say whether they can read or write; speak French or English or any other language; and their occupation and their annual earnings. Also their religion.

The next schedule that will have to be filled out is a schedule as to the farms. Under this schedule the Enumerator is required to obtain full details with regard to each farm and this is placed upon a separate sheet and after being filled in is put away and cannot be seen by the next party visited. Full details are required of the acreage, the farm value on the 1st June, the farm expenses in 1920 and the crop of 1920, and the planting for 1921; quantity of fruit trees; quantity of firewood used and timber cut and for what purpose; quantity of maple syrup and sugar produced. Particulars of the horses, mules and cattle. Particulars of the milk productions of 1920, sheep and lambs and the wool crop of 1920. Pigs, poultry, eggs and chickens, bees and produce. Number of animals raised; animals slaughtered; animals raised on farm and sold alive in 1920; purebred animals on the farm on the 1st June, 1921. Farm facilities on the 1st June, 1921; co-operation in marketing, drainage and irrigation; and a schedule of the defective people—blind, deaf and dumb, idiotic, etc., and a schedule of the Manufacturing Firms.

The Districts into which the County has been divided for the Census, and a description of the districts and names and addresses of the Enumerators are hereunder made.

Mr. Ruttan, the Commissioner, or any of the Enumerators will be glad to give any information in regard to the matter, if asked.

Lindsay and family are visiting at her mother's, Mrs. J. Taylor.—J. E. McFarn has completed G. Richard's house.

Rinso

The Modern, Easy Washing Way—

No need at all for wash day to be a work day. Let Rinso do away with the weary rub of the wash board. Let Rinso do away with the steamy labor of the boiler. Let Rinso wash your clothes beautifully clean and snowy white in a new way—just by soaking in either warm or cold water. You make a rich, bubbly, cleansing suds with Rinso, put the clothes in, let them soak a few hours and then rinse them thoroughly. For dirty spots it will be necessary to rub between the hands.

STOP RUBBING—USE RINSO

STOP BOILING—USE RINSO

Rinso is not a "Washing Powder"

The fine granules of Rinso look much like a washing powder, but make this test: Use a heaping teaspoonful to a glass of boiling water, let it cool and then "turn it out."

"Washing Powder" —high in harsh chemicals —low in soap

RINSO —absolutely harmless. —so rich in soap it "jells!"

If you have a washing machine—

Soak the clothes overnight in the usual Rinso way. The cleansing suds loosen every bit of dirt. In the morning operate the machine for a few minutes and the clothes are perfectly clean—even the most soiled spots.

Would not be Without Zutoo Tablets At Any Cost

Mr. A. O. Norton, the millionaire Jack Manufacturer, of Boston, who recently died, was a great "booster" for Zutoo Tablets.

He suffered from headaches from childhood and when he found Zutoo Tablets stopped these headaches in a few minutes and left no bad effect; he began recommending them to his family and friends.

In an unsolicited letter, Mr. Norton says in closing:

"My family use them when ever needed with equally good results. I have frequently given them to friends who were suffering from Headache and they never failed to give quick relief. I always carry Zutoo Tablets in my grip on the road and WOULD NOT BE WITHOUT THEM AT ANY COST."

25 cents per box—at all dealers.

Unusual Things

Anything about the home that needs washing and that will not be hurt by pure water itself may be safely immersed in the creamy, pure, cleansing Lux lather.

Silk shades, hangings, oil-pictures and their frames, jewelry, bric-a-brac, heirlooms, etc., all are purified like new with Lux.

Fire at Verona.

Fire which broke out about two o'clock Wednesday afternoon in a storehouse owned by E. L. Amey, of Verona, swept E. L. Amey's general store and storehouse, L. Vermett's furniture store and workshop, the A.O.U.W. Hall, a frame one-storey building and the residences of E. L. Amey, J. Dier, H. Wagar and Mrs. Snider, as well as outbuildings attached, and a frame garage owned by Sam Campbell. In addition, most of the contents of the stores and fully seventy-five per cent. of the contents of the homes has been destroyed. The total damage is estimated at between eighty and ninety thousand dollars. Mr. Amey had forty-five hundred insurance and the others but little. Mrs. Snider, an aged lady, was ill and had been quarantined, and had to be assisted from her home in the path of the flames.

SUPREME COURT.

Non Jury Sittings of the Supreme Court of Ontario opened at the Court House on Monday, 16th inst., at 1.30 p.m., His Lordship Mr. Justice Orde presiding.

There was only one case entered for trial, Lynch vs. Perry, which was settled just before Court opened. Mr. Kerr, K.C., and J. E. Madden for plaintiff; Mr. Herrington, K.C., and T. B. German for defendent.

A motion re Belleville Rectory was set down for hearing asking His Lordship to decide what was to become of the surplus of the endowment on the above Rectory over and above $2000.00 paid to the Rector of St. Thomas' Church, Belleville. Two churches, Christ's Church and a small Mission church at Ft. Anne, claim to share in said surplus. Judgment reserved. J. B. Walkem, K.C., for the motion. G. F. Ruttan, K.C., for Christ Church, and Rev. Mr. Watson, of Shannonville, appeared for Pt. Anne Church.

This Week We Particularly Mention Hats For Mother and For Tiny Members of the Family

For dress-up wear "Fashion" sponsors Hats made from "Mohair". It just appears to be the most correct thing that one could choose to wear on those social occasions when a nice Hat is necessary. Possibly for a wedding or some such event of equal importance. These Hats are mostly done in Black, in shapes either large or small. Mounts and Flowers are the trimmings used. At present we are showing some extremely fine creations.

"Poke" Sailors or those in "Mushroom" shapes are most correct for tiny tots up to six and seven years of age. The Hats this season are in very fine straw and can be secured in almost every desirable color and in many combinations of colors. Choose your requirements early.

ROBINSON'S MILLINERY EXCLUSIVE BUT NOT EXPENSIVE.

Greet the Earlier Summer Days in Gowns of Taffeta Silk

FASHION CLAIMS THEM TO BE OF SUPREME IMPORTANCE

So fresh, so cool, so summery, so delightful are these Taffeta Dresses that immediately you will long to own one. Aside from these very desirable qualifications, they express much originality in style. Each garment is the finished work of an extremely skilled dressmaker, as much hand finished as it is possible to make them. They will go a long way in making your wardrobe what it should be for summer.

Nearly arranged Taffeta Pleatings, Frills, Panels, Tunics, Overskirts, Eyelet Embroidery, Laces, Organdy, Nosegays of Flowers, Ribbons and Buttons are combined in producing most desirable effects.

While Navy Blue is one of the best colors, yet Peacock, Taupe, Rookie, Brown, Copen and Black are in evidence.

ALL ARE EXCLUSIVELY STYLED.

ALL ARE MODERATELY PRICED.

WHY NOT TRY THESE ON SOME DAY?

DELIVERED FREIGHT PREPAID at any station in Eastern Ontario

15 Reasons Why You Should Buy A Percival Carriage!

It is lost on some men that there is a great chance for variation in each of the following materials which enter in the making of a carriage.

Buggies consist of wood, iron, steel, leather, cloth, carpet, rubber, paint and varnish. The spokes may be sawed oak instead of split hickory. Iron may be used instead of steel, etc., etc. The paint and varnish, when skillfully applied, may cover a multitude of sins of omission in construction.

Of course, experience may be the best teacher, but most people object to paying the high salary this teacher demands. There is one sure way to learning all the points of buggy construction. Buy a Percival. It is the best made, best in wood, best in steel, best in leather, best in trimmings and best in workmanship.

As to prices, well, we are joint owners of the Dominion Carriage Co., Ltd., Canada's largest vehicle factory, which sells directly to Percival's customers. That settles it.

The new budget having imposed a Sales Tax of 1% per cent. on tea, the onus is placed upon the Salada Tea Company of charging this on their invoices to the grocers, and after collection to pay it to the Inland Revenue Department. This is the only tax the consumer of Salada need pay to the grocer. There is a further tax of 2½ per cent. on importations of tea which the Salada Tea Company are paying themselves, and this is not being passed along to the grocers or the consumers.

RHEUMATISM

Rheumatism is produced by the accumulation of Uric Acid in the Blood and this poisonous substance attacks and inflames the membrance covering the joints and separating the muscles, thus producing severe pains. If the waste products to the system are not properly carried off, Uric Acid forms and is deposited in the joints and between the different layers of muscles. DR. HENDERSON'S HERB TABLETS will correct this by its action on the Kidneys, and removing the Uric Acid from the blood. Try them and watch the results. If they fail your money will be refunded. 50c. and $1.00 a box at Hooper's Drug Store, Napanee, Ont. The Henderson Herb Co., Toronto, Ont. 19b

The Wall Paper Trade

For the season has started early, owing to the mild weather. We are ready to supply all the requirements of housekeepers, having now on hand the very largest stock ever, including the very latest in the differenc kinds. We can safely guarantee the very lowest prices, as we bought our present stock before the recent advances by the manufacturers. We have the different widths from 18 inch to 30 inch. If you buy the 22 inch paper you may more for it than for the 18 inch. The manufacturer must pay more for the extra raw material, and for the colors that make the pattern. Every honest dealer will acknowledge that. Our prices run from 15c. per roll up. We are satisfied from the sales we have already made that our stock and prices are right. We have already been obliged to re-stock some of the leading lines, particularly the Oatmeals and their Borders.

We invite intending purchasers to see our samples and get our prices before buying.

MILLHAVEN.

Farmers have finished seeding and now want a rain, which would do much good.—The Bay View Women's Institute met at the home of Mrs. Harvey Amey Wednesday afternoon. —Mrs. Charles Fleming has returned home after visiting friends in Watertown, N.Y. She was accompanied by her sister, Mrs. O'Hara, and children, of Chicago. They are the guests of Harry Thomas.—Mrs. James Franklin, Toronto, is spending a few days at Fred Franklin's.—Mr. and Mrs. Fred Snider, Napanee, paid a flying visit at Charles Collins', on Tuesday last.—The quarantine for scarlet fever has been lifted from Robert Rickey's.

"My son," said the retired merchant, "when I was your age, instead of idling away my time and smoking cigarettes, I was laboring ten hours a day building rail fences."

"I'm proud of you, dad," retorted the modern youth. "Had it not been for your pluck and perseverance I might be forced to do the same sort of work to-day."

HORSEMEN!

Following is the route during the season, health and weather permitting, of the Imported Clydesdale Stallion Montcreiffe Albion, more commonly known as "the Harrison horse", and whose Government certificate is Form 1 and his Enrolment No. 1676.

Monday morning leaves Newburgh, proceeds to Jas. Sewell's, Ernesttown, for noon. Monday afternoon going to Centreville for Monday night. Tuesday morning he goes to Irvine Cronk's, Enterprise, for noon, remaining there until Wednesday morning. He then goes to Croydon for Wednesday morning, and to P. J. Whalen's for Wednesday night. Thursday morning he goes to Roblin and afternoon he goes by way of Grieve's Corners and Forest Mills, to Wm. Graham's, for night. Friday morning he proceeds to the Somerset Dairy Farm, Empey Hill, for noon, and from there in the afternoon to Paisley House, Napanee, for night. He will remain in Napanee until 3 p.m. on Saturday, when he leaves for his own stable at Newburgh.

See this horse before deciding and you will see size, quality and action all combined. He is very sure and his stock are all that can be desired.

The terms are $15.00, payable by cash or note when mare proves in foal if settled for by April 15th, 1922. If not settled for on or before that date the fee will be $18.00. Parties disposing of their mares before foaling time, will be charged full insurance fee whether or not the mare proves in foal.

Look at the horse. Look at his stock. Look at the scarcity and price of good horses, and you will be looking after your own interests best by breeding your mares to "The Harrison Horse".

Yours for good colts and horses.

BUTTER AND CHEESE.

Canada's Trade With the United States in These Commodities.

In 1919 the United States reached its peak in the export of butter, the amount going abroad that year being 23,739,960 lbs., of which 203,372 lbs. came to Canada. In 1917 our neighbours exported 66,050,013 lbs. of cheese, that year being their busiest in that commodity. Of this amount 460,680 lbs. came to Canada. Our best export year in these products was 1920, where of 37,454,172 lbs. of butter imported by the United States we supplied 10,493,311 lbs., and of 15,993,725 lbs. of cheese imported by that country we furnished 4,031,404 lbs. But last year was very exceptional for, in the first twenty years of the century, our imports from the United States of butter amounted in all to 12,554,553 lbs. and our exports to 9,394,981 lbs., and of cheese to 12,607,143 lbs. in imports and 4,031,015 lbs. in exports.

Reverting to the year the world war broke out, namely 1914, we find that the United States imported 7,200,699 lbs. of butter of which we only supplied 500,623 lbs., and 56,477,044 lbs. of cheese of which 1,346,128 lbs. was from this country, or less than one-fortieth. Taking the years 1910 to 1918, official figures issued both from Ottawa and Washington show that Canada imported practically 60 per cent more butter from the United States than she sent to that country. The greatest disparity, however, was in cheese, as in those years we imported from the United States no less than 10,214,594 lbs., while we only supplied to that country 2,743,583 lbs. In the last six years the United States has exported 245,196,429 lbs. of cheese against 31,370,357 lbs. in the previous six years and imported 108,655,646 lbs. against 287,205,591 lbs. In the same period, that is in the last six years, Canada exported to the United States 6,724,692 lbs. of cheese and imported from there 8,124,603 lbs., and in the previous six years exported to the United States 2,372,447 lbs. and imported from that country 2,935,905 lbs. Thus in each case we imported more than we exported. Of butter in the last half dozen years Canada exported to the United States 16,277,598 lbs. and imported from that country 7,136,639 lbs. In the previous six years we exported to the United States 2,724,406 lbs. and imported from there 3,121,412 lbs.

That the trade of the United States in dairy products exceeds greatly in exports is proven by the fact that for the last four years the average value in exports has been $97,711,557, while the imports from all countries have only averaged $15,902,570, or less than one sixth. The manufacture of condensed milk increased enormously in the United States during the war. The demand having since fallen off, it is evident that there must either be a lessening in the production of milk or the surplus must be used for the making of butter and cheese.

For Scalds and Burns. — Dr. Thomas' Eclectric Oil is a standard remedy for the prompt treatment of scalds and burns. Its healing power quickly soothes the pain and aids a speedy recovery from the injury. It is also an excellent remedy for all manner of cuts, bruises and sprains, as well as for relieving the pains arising from inflammation of various kinds. A bottle in the house and stable saves many a doctor's and veterinary's fee.

Art Gallery Attendant—This picture is labeled "Ready for the Bath." Shouldn't it be "Ready for the Ball?" Official—Mm! Lay it aside and I'll confer with the artist.

Painless and perfect in their action, Miller's Worm Powders are always a safe and reliable remedy for children who show symptoms of worms. These symptoms are easily recognizable in a feverish restlessness, frequently ending in convulsions. A point of notable importance is that after Miller's Worm Powders have expelled the worms, the stomach and bowels are toned up into a very healthy condition.

After a sermon by an old colored preacher, one of the brethren said to him:

"Br'er Jenkins, how far off, you reckon hell is?"

"How old is you, Br'er Thomas?" asked the preacher.

"Well, suh, ef I don't miss my kalkerlations I is sixty-fo'."

"Well," said the preacher, "w'en you wuz born iner dis worl', hell wuz jes' sixty-fo' years off, an' all I got ter say is, ef you ain't in sight er it now, it ain't yo' fault!"

"All the Boys Want a Ride on My New C.C.M."

TOMMY STEVENS has one big kick—

All the boys want to ride his new C. C. M. bicycle.

Tommy says, "The fellows pester the life out of me. Before one of them has finished a ride, some other fellow is

Coaxing for a Turn

They all seem to like my new C. C. M. a lot better than their own bikes."

Aside from this one kick, Tommy is tickled to death with his new bicycle.

He admits he can hardly blame the fellows for wanting to ride it. It runs so much easier. And when the boys ask him why, Tommy tells them about the

C.C.M. Triplex Hanger

It reduces friction. And there's a freedom from those mean "tights and loose" spots often developed by other hangers.

Tommy says, "It makes a C. C. M. bicycle run so smooth and easy you'd almost think you were riding down grade. And I can feel the Triplex fairly sizzle with power and pull away like mad when I hit her up!"

Boys! Girls! Have you ridden a C. C. M. Bicycle with the C. C. M. Triplex Hanger? Get your father to go to the dealer's with you and see one.

The New Models Are Beauties

The last word in bicycle style and smartness. Wonderfully smooth enamelling that fairly sparkles. And the "bright as sunshine" nickelling is done over copper so it can't rust.

All C. C. M. Bicycles have the New Hercules Positive Drive Coaster Brake — the kind that coasts farther and has no clumsy side arm.

The C. C. M. is *"A Real Bicycle for a Real Boy."*

And there's a special one that the boy won't outgrow. Equally good for a lad of nine or a youth of twenty. Step into a C.C.M. dealer's and ask to see the *C. C. M. 18-in. Curved Bar Model.*

SERVICE STATION C·C·M BICYCLES

THERE are over 1,000 C. C. M. Service Stations in Canada carrying genuine C.C.M. parts and giving C. C. M. service at reasonable cost. Look for the above sign.

Pelting rains. Driven snows. Ice-laden roofs. All of the stormy weather trials. Is your roof prepared to resist these trying conditions? Will your home be dry and snug during stormy months?
If not, investigate the Vulcanite Self-spacing Shingle and Hexagon Slab Shingle. In them you will find qualities that insure complete weather protection. They are attractive, durable, fire-resisting and weathertight.
These two exclusive Vulcanite Shingles are made from tough, fibrous felt thoroughly saturated with asphalt.

DENBIGH.

Bush fires have been raging at different directions, but so far nothing has been started near the village. Considerable fighting was done, but was promptly resorted to and a light shower of rain last night also assisted in subduing them some, but was hardly effective enough to extinguish them.—Harry Slater, a former Denbigh boy, but now a citizen of Zeta, in the Nippissing District, was a couple of weeks here paying a visit to his mother, Mrs. Hannah Slater, who had rented her farm to Mr. Thos. Dool, disposed of her chattels, and accompanied him to New Ontario, with the intention of making her future home with him.—Mr. Andrew Kerr has also leased his farm for ranching purposes to R. and H. Fritsch, and has moved with his family to Prince Edward County.—Miss C. Chatson is away on a visit to her brother, Frank, and to her sister, Mrs. Albert Stein, in Brockville.—Mr. and Mrs. Victor Wienecke and Carl Wienecke, Tweed, paid a week's end and Sunday visit to their parents, and a few other friends here, and Albert Wienecke and Albert Falk returned with them to Tweed to pay a visit to friends there.—Robert Conner, one of the oldest and most esteemed former citizens of this municipality, passed away on the 2nd inst., after a couple of years' illness, at the home of his son-in-law and daughter, Mr. and Mrs. George W. Pennock, in the Township of Raglan, at the age of 87 years and 4 months. He was born in Londonderry, Ireland, came to Canada, and was one of the pioneer settlers in this municipality upwards of sixty years ago, and always lived here until about two and a half years ago, when he disposed of his property and made his home with the intention of spending the remainder of his busy life with his daughter in Raglan. The funeral was held at the Vennachar cemetery on the 5th inst., and the unusually large number attending it showed the great esteem in which he was held by all who had known him. He left besides his daughter, Mrs. Pennock, three sons, Robert Wesley, Postmaster at Vennachar; Asa, who also resides near Vennachar, and James, who a couple of years ago, made his home in the United States.

HIS LIFE RUINED BY DYSPEPSIA

Until He Tried "FRUIT-A-TIVES" The Wonderful Fruit Medicine

MR. FRANK HALL

Wyevale, Ontario.

"For some two years, I was a sufferer from *Chronic Constipation and Dyspepsia.*

I tried every remedy I heard of without any success, until the *wife of a local merchant recommended 'Fruit-a-tives'.*

I procured a box of 'Fruit-a-tives' and began the treatment, and my condition commenced to improve immediately.

The Dyspepsia ceased to be the burden of my life as it had been, and I was freed of Constipation.

I feel that *I owe a great debt to 'Fruit-a-tives'* for the benefit I derived from them."

CHANGE OF BUSINESS AT YARKER.

The general store business recently conducted by R. F. Holland, at Yarker, has been sold to Messrs. Vandervoort Bros. The purchasers are well-known in this community, having heretofore conducted stores at Harrowsmith and Yarker.

The business will be under the management of Claude Vandervoort, a young and progressive business man. Mr. Vandervoort has had several years experience in this line.

He will have connected with him in an advisory capacity, Messrs. G. Merton Vandervoort and Harry Vandervoort. These men are all well-known in this vicinity, and the public should have every confidence in the quality of goods handled and the fairness of prices charged.

Merton Vandervoort is manager of a wholesale produce and commission business at Belleville, and this store should have one of the best outlets in this vicinity for disposing of farm produce at the highest prices obtainable.

Harry Vandervoort is a representative of one of Toronto's leading grain furnishing houses; and the stock of goods carried in this line should be of the best quality.

MORE COMPANIES IN LONSDALE OIL LANDS

ONE CORPORATION HAS OPTION ON THIRTY THOUSAND ACRES OF LAND

Four more companies, three Canadian and one American, are investigating oil prospects in Tyendinaga Township, near Lonsdale. The Transvaal Shares Corporation, Limited, a British concern, were first in the field and hold seven thousand acres of farm land in the neighborhood of Lonsdale. This latter corporation is applying to the Government for permission to drill on a large tract of land, which, if granted will bring holdings up to 30,000 acres approximately. Mr. W. H. Reeves, representative of the corporation, states that one or all four of the companies represented by the corporation will begin drilling in a very short time and that one of the four rival companies is about to begin drilling.

ECZEMA Defied Doctors & Specialists

"Though one could hardly have been more discouraged at the time when I heard about Zam-Buk, I decided to try it. I applied dressings of the balm regularly and for bathing purposes used only Zam-Buk Medicinal Soap. Very soon there was such decided improvement that I was encouraged to continue. The combined use of Zam-Buk and Zam-Buk Soap soothed and thoroughly purified my skin of disease." Zam-Buk's

SKIN-SOOTHING ESSENCES

penetrate to the root of eczema, ulcers, ringworm, poisoned sores, etc. Zam-Buk not only clears away unsightly surface eruptions like pimples, blotches and rashes—it literally uproots eczema and other obstinate skin disease from *the underlying tissues.*

The first dressing of Zam-Buk soothes and cools the skin and ends irritation. Then when it has antiseptically purified the diseased parts, Zam-Buk promotes a new growth of clear healthy skin. All dealers 50c. box.

AND WE VOTED "YES"

'Twas a balmy summer's evening
And a goodly crowd was there;
So let's hope we got in cars gone by,
But now it seems threadbare.

No more gin rickys can we have,
Or highballs when we choose;
Since the old bartender lost his job,
We've kissed them fond adieus.

The sawdust and the polished rail,
Departed with a shock;
And bums in back lanes whisper now
Do you want to buy a crock.

PLAIN TALK NO. 5

Dear People,—No doubt you will be a little surprised at us for our past methods of advertising; especially our old customers, for they know us well and expect something out of the ordinary. We must apologize for repetition, as business is always more than brisk at this season and calls for our efforts so urgently that we scarcely find time to eat. Now, there is a reason for our success, and let us briefly state we mean to stick to our ideals. Our leather and workmanship is, and always will be, of the very best. We work on a small margin and give satisfaction to all. As you are aware, there are several grades of leather and it is possible to have boots fitted at a very low cost, but, not so with us; we handle nothing inferior in quality, are best by fact, so compare our work with others and be convinced. Our prompt service is also an item worthy of mention for we do everything same day as received. So all work left in the morning can be had that evening. We also carry the only unbreakable shoe laces in town. Don't ask for five cent laces for we would not handle them. Some good second-hand Boots for sale, cheap. Rubber Heels in a very few minutes. Yours for neatness and despatch.

Signals. Napanee.

The conclusion of the School of Signalling will be celebrated by the members of No. 1 Section 3rd Signalling Company, commanded by Capt. Bradley, by a practical demonstration in Signalling on Monday next, commencing at 7 p.m. In addition to the display of Visual Signalling, there will be demonstrations of line telephoning, cable laying and various other interesting features that will bring into use the many kinds of instruments used by this section. A pipe band has been offered by Kingston, and if arrangements can be completed for transportation this band will play the section for a short march through the town and play in Armouries during inspection. The route to be followed from Armouries to the Royal Bank as far as Gibbard's factory, returning via Post-office. Major W. A. Stroud, Officer commanding the Company, and Captain Lake, M.C., District Staff M. D. No. 3 will be present, the former will make his first official inspection of this Unit. Captain Lee will give a short talk on "Signals in the War". All are welcome.

SILLS—ROBINSON.

On Thursday evening, May 19th, one of the largest and most attractive weddings in Napanee for several years, took place in Trinity Church at six o'clock, when Dorothy Edith, only daughter of Mr. and Mrs. J. Edward Robinson, was united in marriage to Ralph McDonald Sills, son of Mr. and Mrs. E. H. Sills. Rev. Dr. S. J. Shorey was assisted in officiating by the Rev. W. D. Harrison, uncle of the bride. The church was decorated with feathery white lilac, exhaling a fragrance of spring, and giving an air of romance to the most interesting of all ceremonies. Prof. Baird was at the organ and played the following appropriate voluntaries: "The Question" and "The Answer", by Wolstenholme, and "Be Thou Faithful", Mendelssohn. As the strains of the march from "Lohengrin" were softly and solemnly played, the lovely little bride, on the arm of her father, entered the church, gowned in white charmeuse, inset with silver lace, a girdle of orange blossoms, and a court train lined with shell pink Georgette crepe, falling from the shoulders. Her tulle veil was headed with seed pearls and was arranged in a coronet caught with orange blossoms. Her slippers were white satin, and she carried a shower bouquet of sweetheart roses and valley lilies. On her wrist she wore the gift of the groom, a gold wrist watch. The groom was attended by his cousin, Mr. Ross Sills, of Toronto. The maid-of-honor was Miss Gladys Bartley, of Toronto, whose dress was of pale green satin with large hat to match, and an armful of Ophelia roses made a charming contrast. The bridesmaids were Miss Mildred Brereton, of Toronto, who wore pale pink Georgette over satin, and Miss Mildred Gray, of Sharbot Lake, who completed the rainbow of delicate colors, in a pale blue Georgette and satin dress. Both maids wore picture hats to match their gowns and carried white roses. The ushers were Mr. Harold Baker, of Toronto, and Mr. Frank Bell, of Napanee.

During the signing of the register, Miss Lois Derry sang Sanderson's "Until" in a wonderfully effective manner. The recessional was Mendelssohn's wedding march. After the ceremony at the church a reception at the bride's home on Robinson Street, was held, to which a hundred guests were invited. Mrs. Robinson received with her daughter, in a silver Duchess brocade with touches of rose and gold tissue, a black mohair hat trimmed with rose, a corsage of rose and white sweet peas completing a very charming costume. The groom's mother, Mrs. E. H. Sills, was in navy blue with gray hat and gloves and wore roses at her belt.

The drawing-rooms were massed with white lilacs and potted plants. The light from many candles gave a brilliant aspect to the little supper tables, with their sparkling silver and cut glass, and bowls of pink roses.

Mr. and Mrs. Sills left last night for a motor trip, the bride travelling in a blue serge suit embroidered in blue and pheasant, with a chic little hat of blue and pheasant and veil to match. They were showered by their many friends with rice, confetti, and good wishes. Many exquisite gifts were presented to the young couple, and best wishes for a happy future are extended by all who know them.

OBITUARY.

Frederick M. Robinson.

After an illness extending over two years and a half, Frederick M. Robinson passed away at Rockwood Hospital, Kingston, on Thursday. The late Mr. Robinson was a solicitor in the employ of the Ottawa Electric Co. for twelve years, and a splendid mechanic. He leaves a widow and two small children, Harry, aged eight and Margaret, aged five, to mourn the loss of a kind and loving husband and father. The remains were brought to Napanee and the funeral took place from the residence of his father-in-law, Mr. W. H. Hunter, on Saturday afternoon. Services were conducted by Rev. Dr. Shorey, and interment took place at Riverside cemetery. The Oddfellows of Napanee held their services over the remains and accompanied the funeral cortege as far as the railway bridge on its way to the cemetery. Deceased was a Past Grand of Carleton Lodge, I.O.O.F., Ottawa. Floral tributes were placed on the casket from the staff of the Ottawa Electric Co., pillow from the Hunter family, wreath from the mother and children; spray from father and brother; links from Carleton Lodge; sprays from the Ready Helpers of Trinity Church and Sunday School, and from Mrs. R. J. Dickinson and Mr. and Mrs. F. E. Smith. Those from out of town attending the funeral were Mrs. Gerard Dunn, Ottawa; Mrs. W. Bullock, Toronto; Mr. and Mrs. Wickett and son, and Mrs. Campbell, Belleville; Mr. Royal Quick, Brighton, and Mr. Joe McDonald, Watertown, N.Y.

Lily Gertrude Hawley.

A sad event occurred at the home of Mr. and Mrs. Charles Hawley, Mount Pleasant, on Thursday evening, May 12th, 1921, when death claimed their youngest daughter, Lily Gertrude, at the early age of nearly six years. Deceased was the victim of an attack of appendicitis, and although an operation had been performed at Kingston General Hospital, death followed a few hours after it. She was a bright little sunbeam, both at home and at school, where she had attended regularly for the past year and up to the day before she died. Her death came as a severe jolt to the entire neighborhood.

The funeral service was conducted at the family residence by Rev. E. Farnsworth, Pastor, on Sunday, May 15th, at 11 a.m., and was largely attended. The bearers were six of her boy friends, George Russell, Francis Lynch, Orville Storey, Walter Hudson, Robbie and Clayton Woodcock.

We cannot understand why God in His wisdom has seen fit to remove this Blossom so suddenly from our midst, but God's ways are not our ways, and she is now in Heaven with her Creator. Besides her bereaved parents, Harry, May, Leonard, Gerald and Ralph are left to mourn the loss of a loving little life. We join with a host of others in extending to the family our deepest sympathy in this their hour of affliction.—Kingston and Belleville papers please copy.

Address and Presentation.

Mr. John Rodgerwell.

Dear Friend,—The limited time at our disposal after learning of your intended departure, will not permit us to do little opportunity of expressing our very great appreciation of your life and your services in the community.

But we assure you that we were not unaware of your many virtues, and are gratifying to you to know that your unselfish life, generous disposition and affable manner have left lasting impressions upon your many friends and we feel sure that the influence for that will not be disturbed by either time or distance.

We trust that you may be successful in the pursuit of life in your new surroundings, and that those with whom you now associate may find as we have found the real worth of your sincere life.

As a small token of our regard for you, we ask you to accept this purse, and trust that it will serve to remind you of your many friends at Switzerville and Carrie, and that you may be successful in the carriage business and prosperity wishes for you.

Signed on behalf of the congregation.

HEWITT—WILSON.

A pretty wedding took place at the home of Mr. T. E. Wilson, Newburgh, on Wednesday, May 18th, when her youngest daughter, Miss Elizabeth, was united in marriage to Mr. Manford Gerald Hewitt, son of Mr. William Hewitt, of Carlow Settling. The bride looked charming in a gown of ivory Georgette over white satin trimmed with ivory lace and ornamented with bouquet of sweetheart. She wore a tulle veil with Juliet cap and carried a shower bouquet of pale pink roses and lily of the valley. At high noon the bridal party left the drawing room on the arm of her uncle, Mr. George Bigley, to the strains of Lohengrin's wedding march played by Miss Kathleen Wilson. After the ceremony which took place under an arch of white and purple lilacs, the guests partook of a dainty and delicious buffet luncheon. After a happy hour spent with their friends, Mr. and Mrs. Hewitt left for Toronto, where they will spend a short time, the bride wearing a handsome navy blue suit with veiled hat to match and a seal fur. The out-of-town guests were Mr. and Mrs. William Hewitt, parents of the groom; Mr. and Mrs. Clifford Hewitt and Mr. and Mrs. Wallace Johnston.

OBITUARY.

Margaret Henderson.

On Friday, May 12th, 1921, there passed peacefully away one of the oldest and most respected residents of the Town of Napanee.

Margaret Henderson, who was a daughter of John Scott, of Ebenezer, was born in Ireland, in 1832, and came to this country when about a year old. The family lived for some years in Adolphustown, but finally settled at Ebenezer, in Tyendinaga. Here her early years were spent. She was one of a large family, only two of whom are now left to mourn her loss, Henry, of Northport, Michigan, and David, of California. She was one of the pioneer school teachers of the County, having taught successfully for a number of years. In 1870 she married John Henderson, merchant, of Lime Lake, one of the early settlers of Hastings Co., who predeceased her some fourteen years.

When quite young she was converted to God and united with the Methodist Church, of which she was to the end a faithful and zealous supporter. She leaves a large family to mourn her loss, her stepchildren, William, Thomas, Robert and Andrew, of Napanee; John, of Port Huron, Michigan; George, of Lime Lake; James, of Parish, New York; Mrs. Elijah Jarmin, Lime Lake; Mrs. Herman Masters, Hamilton, and Mrs. Thos. Alexander, of Hillier, P. E. County; and her own family, Mrs. E. W. Hudgins, of Parish, New York; Mrs. M. B. Alexander, Napanee, and Mrs. J. Lucas, Lime Lake.

Although Mrs. Henderson had nearly reached the advanced age of 89 years, her mind was as keen and her intellect as brilliant as ever, while her interest in and knowledge of the current events of the day far surpassed that of many younger persons.

She was one who was always youthful in thought, fearless in speech, true to her convictions, a kind and obliging neighbour, a generous and indulgent mother and a faithful friend.

Her loss will be greatly felt not only by the family, but by the large circle of friends and acquaintances, with whom she came in contact. Up to within a few days of her death she was active as ever. But on Wednesday morning she was taken suddenly ill. Medical advice at once summoned, but in spite of all that loving hands could do, she passed peacefully away at 8 o'clock on Thursday night.

Her funeral, which took place from the residence of her daughter, Mrs. M. B. Alexander, Richard St., on Sunday, was largely attended. The short service at the house was conducted by her Pastor, Rev. Dr. Shorey. Her pall-bearers were her six sons. The remains were then taken to Lime Lake church, near which a good many years of her life had been spent. This church, though crowded to its utmost capacity would not hold the large crowd of neighbours and friends who came to show her respect and honour.

A very able and inspiring address was delivered by Rev. E. R. Cooke, of Newburgh, a former Pastor. He also assisted in the services by Rev. Dr. Wilson, of Roblin, Pastor of the Methodist Church, Napanee, who spoke very highly of deceased, emphasing especially the fact that her life had been one of Faith and Prayer, and taking for his text, "Precious in the sight of the Lord is the death of his saints". The Choir rendered beautiful and appropriate music. She was interred by the side of her husband in the cemetery at Lime Lake. Friends were present from New York City, Port Huron, Mich., Parish, New York, Trenton, Belleville, Odessa, Selby and Hillier.

Mrs. George Black.

On Wednesday morning, May 18th, 1921, at 6 o'clock, after an illness of but a few days, Mrs. George Black, of Napanee, passed to her rest, at the age of fifty-eight years. The late Mrs. Black was one of the most highly respected citizens of the town, and was born in Sheffield in 1863, where she lived all her life and was beloved by all who knew her. She was a devoted member of the Methodist Church, an ardent and faithful supporter of all church activities, and a valued citizen of the community. In 1880, she married George Black, and to them were born seven children, four of whom are still living, Archie Black, of Tamworth; Mrs. M. Paul, of Hartney, Man.; and Mrs. B. Close, of Croydon. She also leaves two sisters, Mrs. Alexander Roberts, and Mrs. H. York, both of Port Arthur. Her funeral took place on Friday at 2 o'clock to the Methodist Church. To the bereaved in their sad bereavement is extended the heartfelt sympathy of the community.

Durwood D. Garrison.

Durwood D. Garrison, son of Mr. and Mrs. C. N. Garrison, of Colebrook passed away in Kingston on the 14th inst., after a long illness, the last few months of which he was confined to his bed. The deceased was twenty-four years of age and was born and lived all his life in Colebrook. He was well and favorably known in the locality, having been engaged in the well drilling business since a boy. He was a member of Athena Lodge, I. O. F., No. 306, and Albion Lodge, A. F. & A. M., No. 209, both of Harrowsmith. He is survived by his wife, one daughter, Miss Dorothy, one son, Durwood N., his parents, one brother, Frederick, and three sisters, Mrs. E. D. Shangraw and Miss Luella, Colebrook, and Mrs. A. S. Lee, Antwerp, N.Y. The funeral took place on the 16th inst., from Reid's undertaking parlors, Kingston, from whence the remains were taken to Cataraqui where interment was made.

To have the children sound and healthy is the first care of a mother. They cannot be healthy if troubled with worms. Use Mother Graves' Worm Exterminator.

Paving Contract Let

The Council held a special session on Wednesday evening, matters pertaining to the paving of Dundas Street alone being considered.

Upon request by the Government the Council passed a formal resolution asking the Government for a grant towards the cost of paving the street.

The Council also authorized the Clerk to advertise the intention of the town to construct the aforesaid pavement, as required by statute.

A resolution was passed accepting the tender of Standard Paving, Limited, of Ottawa, to do the work, with the proviso that a satisfactory grant is made to the town by the Government.

Mayor Graham reported that he has been in communication with the town of Cobourg and Whitby as to the amount of grant these towns think they should receive from the Government. The above towns, along with Napanee, were given to understand that the latter body has now decided that they will pay only 40 per cent.

In view of the above, a delegation, consisting of Mayor Graham, W. A. Grange and Colwyer Robinson, was appointed to act in conjunction with officials from the formerly mentioned towns to wait on the Minister of Highways and endeavor to secure the 50 per cent. grant as originally promised. This delegation will meet the Minister on Tuesday next.

Loucks and his father returned home with them to spend a limited time.—Don't forget the Willowdale play in the Parish Hall this Friday evening, given by the Ladies' Aid for the benefit of the Methodist Church. Napanee Orchestra will furnish the music. A good programme will be provided.—There will be a goodly number of prominent speakers present.—The W. C. T. U. Convention in the Methodist Church next Tuesday and Wednesday. Do not fail to hear Mrs. Pugsley, of Toronto, on May 31st, at 7.30 p.m. Every person welcome to all the meetings. Tuesday at 10.30 a.m., 2.30 p.m., and 7.30 p.m., same on Wednesday at 10.30 a.m. and 2.30 p.m.

SWITZERVILLE.

The recent showers did marvelous work in refreshing the dust stained fields and gardens of the country. We hope they will also drown the numerous pestiferous mice and rats. Entertaining, but showing no hospitality.—The community service was conducted by Mr. T. B. Brethen on Sunday evening.—On Victoria Day the ball game between the two contestators at an interesting baseball match between Wesley team and Unit of Switzerville, the score being 29 to 16 in favor of the latter.—On Tuesday evening last a party met at Mr. A. Moore, a large crowd gathered to enjoy the monthly social evening. A good programme was rendered and we were pleased to hear Rev. Mr. Brethen, of Wesley, who spoke on miscellaneous subjects.—Mr. and Mrs. Fred Wales attended the wedding of their brother's sister at Waterford, on Wednesday of last week.—The monthly meeting of the Women's Missionary Society was held at the church on Thursday, May 19th.—Mr. and Mrs. Ralph Hoffman, of Napanee, visited Mr. Craig's.—Mr. and Mrs. Hewitt at Mr. Wm. Lewis' on Tuesday.—We are sorry to learn of the illness of little Carrie Funnell, and hope to hear good news of her recovery shortly.—Mrs. Mrs. W. Clark at Mr. John Pinkney's, and Mrs. J. Perkins at Mr. J. Frink's.

YARKER.

The many friends of C. E. Jackson received a shock when it was learned that he had passed away in Kingston General Hospital, on May 22nd. He was taken ill only a few days before and was hurried to the hospital suffering from appendicitis, and was operated on at once, but was found to be too far gone and only survived about 24 hours. He leaves a loving wife and one son, John, 8 years old. Mrs. Jackson was in the hospital at the same time, receiving treatment, but was able to attend the funeral. Mr. Jackson's funeral was held in the Methodist Church, Yarker, and was largely attended. Rev. Mr. Everson and Rev. Mr. Stewart officiating. The remains were taken to Sydenham for burial. The sorrowing friends have the deepest sympathy of the entire community. Mr. Jackson belonged to the Masonry, the Oddfellows and the Orange Lodge, the Masons taking charge of the burial service.—Miss Jean Barry returned from Kingston General Hospital, much improved. — The city spell has broken, and the rains of the last few days has done a great deal of good, and there is every prospect for a very good crop this season. — A. H. Holland is installing a new bake oven.

MORVEN.

The 24th was celebrated in rather a quiet way, planting corn and potatoes seemed to be the chief sport of the day.—Mr. and Mrs. Charles Wilson are enjoying a new Chevrolet car.—Mr. and Mrs. Charles Garrison, Napanee, spent the 24th with their son, Lloyd Garrison.—Miss Stella Napanee, has been spending a few days with Mildred and Hattie Milling. —Mr. and Mrs. Clarence Sharp spent Sunday in Harrowsmith.—Mr. and Mrs. Irwin Sharp spent Sunday at Mr. and Mrs. Roy Garrison's.—Mrs. John Hall has been visiting at Trenton.—Master Howard Purdy at his cousin's, Roy Garrison.—Mr. and Mrs. J. F. Walker, Garrison, motored for a few weeks' motor trip.—Mrs. Charles Garrison spent last week with her daughter, Mrs. Percy Lake.—Mr. and Mrs. J. Almond Gordanier, Toronto, were around calling on friends Monday.—Mr. and Miss Bedell, Prince Edward, spent Friday with their cousin, Mrs. J. B. Miller.—Mr. and Mrs. B. Harpm at Miss Hinch's, Fair View.—Miss Ada Lake spent the 24th with her friend, Mildred Milling.

Mureseo you buy at Hooper's.

NEWBURGH.

A baseball game was played between Tamworth and Newburgh on Wednesday, the score standing 12 to 14 in favor of the home team. It is a matter of wonder to this correspondent that players should be so much chewing at baseball games, at least some of them. This was a marked feature of the Tamworth-Newburgh game, not so much on the part of the players as by the spectators. The umpire was regarded by experts as either not up to his job or inclined to be unfair in some of his decisions. Even so this is a matter that in our humble opinion should be left to the players themselves and should not be interferred with by a lot of lusty throated spectators. When the return game is played, unless the Tamworth people cut it out, the same thing will happen again only perhaps more of it and the sport is spoiled. It might be a good thing to put a lot of our baseball lore in cold storage.

Things got started the week with an exciting and we may add regretable event. Mr. Wartman's premises were that made to enter Mr. Quaid's grocery store, where a light of glass was partially removed from a storeroom window. The matter was placed in the hands of County Constable Brien, who after some investigation, arrested two young men, named Peters, but after examination of the prisoners and of their lodgings, they were discharged.

A record crowd is expected at the lawn social on June 10th, under the auspices of the Newburgh Orange Lodge.

Mrs. Hewitt, (nee Miss Beth Wilson), whose marriage we announced last week, was presented with a beautiful tea service and mahogany tray by a number of her Newburgh friends who gathered at the home of her mother to bid her progress. An address was read, to which the bride and groom suitably responded, after which a lunch was served and a pleasant social hour spent. Mr. Hewitt is a farmer and lives near Brockville. The young couple will go to their home on a farm, Gladlowed by many good wishes.

Mrs. Arch. Holmes and daughter, Phyllis, of Lindsay, are visiting in the village, the guests of her brother, Mr. William Files, and family.—Files.

Major Ernest Paul, M.D., of Fort William, made a flying visit as his mother's, on Saturday.

We notice by last week's Eaden Lake Reporter that there are no differentially warned away from that village for at least two days next week, when there is to be a reunion of thirty-five ladies, all eloquent speakers. We venture to say, however, that some men will have the temerity to go.

Wallace's Crow Poison will pid your corn patch of crows.

WHITE LAKE.

Messrs. Reid and A. Cook and sister, Annie, of Godfrey, were renewing acquaintances in this vicinity last week.—Mr. and Mrs. Edmund Bowker, of Bowker Lake; J. Kearns and sister, of Ballahac, and M. Kearns, of Marlbank, were the guests of Mr. and Mrs. G. Brown, on evening recently. Mr. and Mrs. F. Bush and son, of Deseronto, spent a night last week at Mr. W. Kendall's.—Mr. and Mrs. N. Richmond and Miss I. Brown, of Lemster, at Mr. G. Brown's.—Mr. and Mrs. D. Switzer, of Westplain, at Mr. J. H. Baker's, on Saturday.—Miss W. Flynn, of Maple Ridge, is spending a few days with her sister, Mrs. J. McAdams.—Mr. and Mrs. W. H. Williams motored out and spent Sunday with Mr. and Mrs. R. Martin, Selby.—Mr. E. Kendall made a business trip to Napanee on Saturday.—Mr. and Mrs. Ed. Schodrafft, of Tamworth, visited on her father, Mr. J. H. Baker, one day last week.—Mrs. D. Dwyer was the guest of Mrs. J. McAdams, recently.—Mr. and Mrs. Herrington, of Grove, spent the week end with Miss E. Kendall.—Messrs. J. Young and E. Coughlin at R. Kirk's.—Mr. and Mrs. George Williams at W. H. Williams.—Mr. and Mrs. Bert Clark, family at W. Kendall's.—Mr. W. Hendershot at J. Young's.—Mr. D. Owen at G. Mowers'.—Mr. Jas. York at O. Deshane's.—Mr. H. Ward left this week for Bogart, where he intends to open up a general blacksmith shop.—Mr. H. Keech, of Monroe, is spending a few days with friends here.

MAPLE AVENUE.

The farmers are all through seeding and are busy planting potatoes, but Jack Frost is making his usual trips.—Mr. and Mrs. Nelson O'Neal spent Sunday at Mrs. A. Herrington's.—Miss Grace McGaughey spent a few days at S. Thompson's.—James Parks, of Arden, at Nelson O'Neal's.—Mr. and Mrs. Darius Smith spent Tuesday evening at James McGaughey's.—Miss Hattie York spent the week end with friends of Miss Grace McGaughey.—Clifford Storms was the guest of Miss Olive Peters.—Miss Ruth Hannah, of Odessa, at James McGaughey's.—Mr. Anson Davis and mother, of Napanee, spent Sunday at H. Peters'.—A few from here attended the sale of the stock of the late Chas. Emberly, at Bethel Street on Tuesday.—Mrs. T. Woodcock is suffering from a severe attack of quinsy, and is very bad at time of writing.—Mr. Herbert Smith has treated himself to a new car.—Mr. and Mrs. Max McDonald at H. Peters'.—Measles cases are all better and the children have been moved from the houses.—Miss Edith Peters at her father's, H. Peters.—Mrs. Roy O'Neal and children at Nelson O'Neal's.—Mr. Herbert Smith had a narrow escape from being killed by his horses running away, and throwing him from the wagon. When picked up he was unconscious, but is better at time of writing.—Mrs. A. Rose at her daughter's, Mrs. Darius Smith.

AUTOS FOR SAFETY, NOT FOR SPEED.

SANE DRIVING PLAN OF DESIGNERS — FAST CARS ARE SPECIALLY CONSTRUCTED.

So long as motor cars are built there will always be people whose primary idea in the ownership is a car that will get over the road at express speed, but they are in the minority. The average buyer of today is more interested in the riding qualities of the car than in racing possibilities.

There is not an automobile built to-day that has not got more speed than it is safe for the average owner to drive it at. Railroad trains with specially built roadbeds and every foot of the way guarded do not average much better than 40 miles an hour. How foolish then for the motorist to attempt to drive his car on the open road where any minute he is likely to meet a vehicle coming from the opposite direction or in from a side road 40 or 45 miles an hour.

Then the Catastrophe.

So long as the road is clear and everything goes fine all is well. Let a tire give way, or a sudden turn with something coming the other way looms up and the brakes fail, then there is danger. Many a telegraph pole or tree alongside the road, as well as numerous culverts, bear mute testimony of their being the final stopping place of the car of the speed merchant.

It is not the man who drives fastest on the road for short stretches that covers the most ground in a day. It is the driver who sets a safe pace and holds it up hill and down that puts the miles behind him in a day's travel. Most people motor for pleasure, which means that they wish to view the scenery as they go along. This they cannot do if travelling at breakneck speed. Their whole thought is focussed on the road ahead with no time left to see what is to be seen.

Should Use Railroads.

People who are really in a hurry to reach their destination should use the railroads. Railroad companies make a specialty of operating trains that cut down distance between various points to the minimum of time. The only automobiles that are built for speed are the racing cars which perform on the motor speedways of the country. They are especially built machines with extra oiling systems and everything else about, their construction designed for just one purpose, the greatest number of miles an hour it is possible to drive a motor vehicle.

Stock automobiles are designed and built for the average conditions of service, which means safe and sane driving, and when called upon to do more than this it is not long before the excessive driving begins to show up in scored cylinders, burnt out bearings, loosened bodies and other motor car ills. Failure of cars so driven to render economical service cannot be charged up to the maker of the machine, but up against the individual owner. A motor car in many respects is a delicate piece of machinery and as such must be given proper care and attention.

Rinso

Just Soak the Clothes in Rinso Suds—then Rinse

It's not a cake soap—not a chip soap—not a washing powder, but a wonderful new form of soap—in granules—which washes clothes immaculately clean—gleaming white—without either rubbing or boiling.

These pure granules are so rich in cleansing value that they loosen the hardest dirt while the clothes soak for a few hours. Yet Rinso is so harmless that it doesn't even redden your hands.

It seems almost unbelievable that RINSO

cleans so easily. Just soak the clothes for a few hours in the pure, rich, cleansing Rinso suds—then rinse a few times in either warm or cold water and they are as clean and white as though you had boiled and rubbed them for hours. One trial will convince you.

Try RINSO Next Monday

Follow the easy directions on the Rinso package and see how it soaks out the dirt that you used to get out by main force.

If you have a washing machine—

Soak the clothes overnight in the usual Rinso way. The cleansing suds loosen every bit of dirt. In the morning operate the machine for a few minutes and the clothes are perfectly clean—even the most soiled spots.

A LUX Shampoo is a real luxury

Perfect cleanliness and a refreshing stimulant for the scalp are the best of all means for ensuring hair health. In other words—try a LUX shampoo.

Dissolve a tablespoonful of LUX in a gallon of very hot water, whip into a creamy lather, and then temper with cool water. Rub well into the scalp—you'll enjoy the invigorating, cleansing sensation. Then rinse thoroughly in fresh tepid water and dry the hair in the sun if possible, never with strong heat.

Lux is sold at all grocers, department stores, etc.

YOUR TEETH.

By Rea Proctor McGee, M.D., D.D.S.
Editor of Oral Hygiene

IN LATER YEARS.

Time lies in wait for every man and will get him sooner or later if something else doesn't. When time begins to get a man the question is, how well is he prepared to resist the downward drag of years? We know this drag is slow, but we all hope to make it slower, but we all hope to make it slow. It must be terribly disconcerting for a man to suddenly have the skids knocked out from under him and to miss the pleasure of the long, quiet twilight of life.

Not that any of us are yearning for that "quiet twilight" business, but it is the best we will have when it comes, so let's make the most of it.

It is a fact that men and women past fifty years of age, who have perfect teeth, are remarkably free from chronic disease. Very few people who are past fifty years and who show advanced pyorrhea and decay of the teeth have anything like normal health.

There are people seventy to ninety who have nearly perfect teeth and their splendid health leads us to believe that there is a definite connection, in old age, between good teeth and good health.

Many old people are vigorous who have well-fitted artificial teeth, much healthier in fact than people of the same age who have advanced pyorrhea, or a number of abscessed roots, or both, in their mouths.

Good artificial teeth are far preferable to diseased natural teeth.

Artificial teeth are made from porcelain. A great deal of careful study has been put upon the shapes, colors, types and contours of porcelain teeth.

The making, and fitting of plates to the mouth, and the arrangement of the teeth, both from the artistic and from the mechanical aspect, has been reduced almost to an exact science in America.

If we keep our machinery in good repair as we go, we will have no regrets when the time comes to reduce speed and jog along quietly to the end of the road.

The Many-Purpose Oil—Both in the house and stable there are scores of uses for Dr. Thomas' Eclectric Oil. Use it for cuts, bruises, burns, scalds, the pains of rheumatism and sciatica, sore throat and chest. Horses are liable very largely to similar ailments and mishaps as affect mankind, and are equally amenable to the healing influence of this fine old remedy which has made thousands of firm friends during the past fifty years.

I SUFFERED FIVE YEARS

Finally Was Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Paris, Ont.—"For five years I suffered from pains caused by displacement of my organs and in my back. All of this time I was ill; for work and was taking different medicines that I thought were good. I saw the advertisement in the papers of Lydia E. Pinkham's Vegetable Compound and took it faithfully. I am now in perfect health and do all my own work. I recommend it to others, and give you permission to publish this letter in your little books and in the newspapers as a testimonial."—Mrs. D. CASSADY, Box 261, Paris, Ont.

Why women will continue to suffer so long is more than we can understand, when they can find health in Lydia E. Pinkham's Vegetable Compound!

For forty years it has been the standard remedy for female ills, and has restored the health of thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, irregularities, etc.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

Out of the Present into the Past

It is interesting to note the excellent preservation of some old family residences. So well do they "fit into the picture" that except for their architecture one might almost imagine them the product of the present age, yet in reality they stand as silent tributes to the wise precaution against decay and deterioration on the part of a former generation.

Any house that is worth building should also be worthy of preservation by means of paint. The maximum of protection is found in

B-H "ENGLISH" PAINT
70% Pure White Lead (Sanitary Corrosion Mfg.)
30% Pure White Zinc
100% Pure Paint

The formula (70% Brandram's Genuine B.B. White Lead and 30% Pure White Zinc) produces a paint with a fine, smooth surface that does not crack, chip or peel and a surface protecting film that will defy the elements.

Investigate B-H "English" paint—you'll find most Canadians use it because of its economy and lasting qualities. A trial will make you a convinced adherent to this brand that goes so far and lasts so long.

ADDRESS AND PRESENTATION.

To Wesnn's Missionary Society of Ebenezer Methodist Church held their annual meeting on May 4th, and elected the following officers for the coming year:—

Pres.—Mrs. Harry Jackson.
Rec.-Sec.—Mrs. Norris Kay.
Cor.-Sec.—Mrs. Frank Thompson.
Treas.—Mrs. Geo. Fenwick.

A pleasing feature of the afternoon was the presentation of a life membership certificate and an address to Mrs. (Rev.) Robeson, the retiring President. The address was as follows:—

Dear Mrs. Robeson,—Another year of the W. M. S. has drawn to a close, which has been to us through your leadership a profitable year, both spiritually and financially.

We have felt your earnestness both in and out of our meetings and your ability to lift up our W. M. S. in membership. Not only this, but you have helped us in the study of our book, "Bible and Missions", helped us to get a clearer vision of our duty to God and to each other, and a desire to have been brought very near to our Saviour.

We should like to show you our appreciation of your work by making you a life member of our W. M. S. Kindly accept this as a small token of love from the members of our W. M. S., and may you be a blessing to others as you have been to us, is our prayer.

Signed on behalf of Enterprise W. M. S.

Summer Days bring thoughts of Summer Clothes. This Week-end we are especially featuring throughout our Store the new Summer lines of Wash Materials and Wearing Apparel for Men, Women and Children.

June 3rd comes on Friday this year. Store will be closed all day. The first Half-Holiday of the season is June 15th. Our Store will close at 12 o'clock sharp. Kindly arrange your shopping days accordingly.

Wear Waists of Voile in Hot Weather

THEY ARE COOL, COMFORTABLE, AND CLEVER IN STYLE

This season the devotee of Voile Waists will be gladdened with the Waists obtainable. Aside from the exquisite styles featured you will find they are at least one-third lower in price and in some cases they are about one-half less. When it comes to style, the over-blouse is most popular. The "over" part generally confines itself to a neat, good-fitting band dropping gracefully over the skirt. Of course we are showing "tuck-in" styles, and these come in no mean range of styles and values.

Fine Embroideries, rare Laces, Hand-drawn effects are extremely good-looking. All sizes up to 48. A pleasure to show you.

Men's Straws

The real hot summer days are here and we would advise you to choose your Straw Hat now. There is nothing like keeping cool, and a Straw Hat will help you wonderfully in this respect.

Sailors will be the leading hats this year. We have some splendid values for you, ranging in price from $2.50 up. Medium and wide Black bands. Choose yours now. Toyo Panamas, Fedora shape, at prices ranging from $2.50 to $4.00. These, while not as durable as the sailors, are very comfortable hats.

Genuine Unbleached Panamas. Fedora shape. Great value at $5.00 each.

Replenish Your Stock of Summer Lingerie

PRICES ARE LOWER THAN LAST YEAR.
STYLES AND QUALITIES BETTER THAN EVER

Corset Covers, Envelope Chemise, Gowns, Skirts, Step-ins, are here for your choosing in a great array, embracing the practical and the fastidious in style. The Cottons are extremely fine this season and when worn under the summer dresses they reflect good taste and refinement.

We have "steered" a straight course, nearly as good would not answer, we are selling nothing but the best that is satisfaction for you and a pleasure for us.

Also procurable are pretty Lingerie garments made in Silks, Satins and Crepes.

We invite your inspection.

Light Weight Caps For Motoring, etc.

There is always a demand for these Light Weight Caps, and you will find a splendid assortment here for your choosing. $1.00 to $1.50 each.

Men's Outing Shirts

So many men prefer the Shirts with collar attached for the hot weather, that we have placed in stock two lines which are top notchers in value. The line which we would particularly call your attention to is a woven cloth, Blue ground work with White stripe. Regular $2.50 for $1.89. All sizes from 14½ to 18.

Kiddies' Straws

As usual we are to the front with an elegant line of Children's Straws. You will have to see them for yourselves, as space will not permit us to give a description of each line. Small and medium shapes in all White, all Black, Navy brims and White crowns. From 50c. up to $2.50.

Lisle and Silk Hosiery for Men

See the splendid values we are showing in Lisle and Silk Hosiery for men. All the popular selling colors are here for your choosing.

Pongee Silk Shirts

Another shipment to hand of Pongee Silk Shirts. Sizes from 14 to 16. Priced at $5.00 each.

Men's Two-Piece Balbriggan Underwear

Two excellent lines for your choosing this year.

No. 1, Simpson's, a splendid garment at 75c. each.

No. 2, Zimmerknit, a finer yarn than Simpson's. Priced at $1.00 each. All sizes in stock.

Boys' Summer Jerseys

A very popular garment for the hot weather. All sizes now in stock. We are showing an extra good one at 50c. in several colors and combinations. We also carry the Zimmerknit at 65c. each.

A GLIMPSE AT CANADA'S AGRICULTURAL WEALTH

A table riven in the Report of the Dominion Minister of Agriculture for the year ending March 31st, 1920, places the value of all the field crops in that year at $1,312,915,500, and the value of dairy products at $247,531,252. The number of horses in the country is given as 3,667,369, the number of milch cows as 3,548,457, other cattle as 6,536,574, sheep as 3,421,958 and swine as 3,040,070. Except in swine these numbers are slightly in advance of those given in the previous year and swine are quoted as more numerous than in 1915, 1916, and 1917. A noteworthy statement is that in three years of the war the Imperial War Office was supplied under the supervision of the Dairy branch of the Department with hay, oats and flour to the value of $98,631,568, representing 481,250 tons of hay, 76,495,221 bushels of oats and 984,782,080 pounds of flour, for which approximately 24,000,000 bushels of wheat were required. Another statement of special interest is that the live stock that came under the supervision of the officers of the Markets and Intelligence division of the Live Stock Branch, during the year was in excess of 2,000,000 head, valued at over $200,000,000. During the year, 3,788,158 pounds of wool were graded by the branch for farmers' co-operative organizations. The dairy business is shown to have developed greatly, especially in the Prairie Provinces, where the output of creamery butter has increased in a decade from 5,478,304 lbs. to 25,856,711 lbs. The number of Publications issued during the year by the Publications Branch of the Department was 2,400,000, including 200,000 market reports. A vast variety of information is given in the departmental report, which details in a comprehensive, well digested way, the operations during the year of all the experimental farms and stations and all the branches and divisions.

—Chas. Jackson, a well known conductor on the Canadian National Railway, living at Yarker, was taken suddenly ill with appendicitis one day last week and taken to Kingston General Hospital. An operation was performed, but he failed to rally and passed away on Sunday morning. The remains were taken to Yarker and the funeral took place on Tuesday afternoon. His wife was in the hospital at the same time as Mr. Jackson was taken ill.

—The Maple Leaf Branch of the Lennox Women's Institute will be addressed by Miss F. McLean Alexander, of Toronto, at the Lutheran Church, Morven, on June 2nd, at 2.30 o'clock, her subject being "Putting all into Life that Life will stand". Miss Alexander is a trained nurse of charming and refined personality. She has had several years of hospital experience in India and has rendered most acceptable service in the demonstration lecture courses with the Ontario Women's Institutes. She is especially popular with our young girls. At the close of the meeting light refreshments will be served by the Maple Leaf ladies. Good music is being prepared also. The public are cordially invited to be present. Mrs. W. G. Freits, Secretary.

—Miss Flora MacDonald Denison, organizer and former President of the Canadian Suffrage Association founder of the Whitman Fellowship for Canada, and widely known writer and lecturer, died on May 23rd, at the home of Dr. J. P. Campbell, Toronto, where she had been a guest for some time. A pioneer worker for women's suffrage, and an extensive writer on the subject, she frequently lectured in the interests of the ballot for women in Canada and the United States. In recent years her name had been especially associated with efforts to perpetuate the memory of Walt Whitman and her summer home at Bon Echo, on Lake Massanoga, became the headquarters of the Whitman fellowship for Canada. She is survived by one son, Merrill Denison.

—The funeral services of Miss Inda V. Lawrence, Bath, took place at the residence of her parents, at the "Knoll" on Tuesday morning. Rev. Dr. Walsh, Bath, her pastor, conducted the services and spoke in high terms of the deceased, with many words of comfort to the afflicted family. Miss Lawrence was a very bright young lady of cheerful and pleasing disposition and much beloved by her associates. She was a teacher of music, and was a pianist of more than ordinary ability. Her health had been giving away for about two years and the end came on Sunday afternoon when she peacefully fell asleep. Many beautiful flowers showed the thoughtful love of her friends. The remains were taken to the Sydenham vault and interment will be made later in the family plot in the cemetery there.

Clerk—Since I married, sir, I find that my salary is not large enough.

Cynical Employer—The usual discovery, my young friend. And it never will be again.

Porter—Miss your train is coming. Precise Passenger—My man, why do you say "your train" when you know it belongs to the company?

Porter—Dunno, 'miss. Why do you say "My man" when you know I belong to my old woman?

The swain and his swainess had just encountered a bulldog that looked as if he might shake a mean lower jaw.

"Why, Percy," she exclaimed as he started a strategic retreat. "You always swore you would face death for me."

"I would," he flung back over his shoulder, "but that dog ain't dead."

Fishing in Hawaii.

The boat which the Hawaiians use for fishing and purpose hunting is very long and narrow, pointed, and curved upwards at either end, and capable of holding five or six men. By an ingenious system of "outrigger," the terrific surf is rendered almost powerless to upset the craft: for standing out from one side of the boat are two light poles, across the ends of which is lashed a beam similar in shape and length to the boat's keel, so that at a distance you might think you saw two boats fixed parallel to each other. The outrigger forms a stay to the boat on the side wherever it is fixed, and the other side is equally supported because only a very great strain could possibly weigh up such a contrivance.

The paddling is done from the stern, and fishing begins as soon as the little vessel is clear of the reefs; and in a very few hours she has as many fish as she can hold. The catch is taken ashore alive in pots, and skin buckets, and disposed of at the public market; many of the Islanders consume it not only uncooked, but still living.—New England Fisheries.

The Isle of Dogs.

The Isle of Dogs, facing Greenwich hospital, as flat a bit of land as one could well wish to see, is to be made blossom again, if not as the rose, at any rate as much as it lies within the power of a garden city to make it. In the days when Greenwich was the royal residence, the kings of England ferried across to the north shore to visit their farms, or, as with Henry VIII, the kennels in which his hounds were kept. Since then the face of the land has been covered with wharves and warehouses, while the West India docks have severed it from Poplar and mainland. The new garden city is to cover nine acres by the old Millwall football ground. The houses and flats will have gardens of their own, the roads are to be lined with trees, and the number of modern appliances is to make the Isle of Dogs the residential quarter the envy of the whole of the east end. On the west of the Isle is Limehouse reach, with its flavor of Rogue Riderhood and the undistinguishable Mill Pond bank, Cubitt's basin, and the Old Green Copper rope walk.

The Wall Paper Trade

For the season has started early, owing to the mild weather. We are ready to supply all the requirements of housekeepers, having now on hand the very largest stock ever, including the very latest in the different kinds. We can safely guarantee the very lowest prices, as we bought our present stock before the recent advances by the manufacturers. We have the different widths from 18 inch to 30 inch. If you buy the 22 inch paper you pay more for it than for the 18 inch. The manufacturer, must pay more for the extra raw material, and for the colors that make the pattern. Every honest dealer will acknowledge that. Our prices run from 15c. per roll up. We are satisfied from the sales we have already made that our stock and prices are right. We have already been obliged to re-stock some of the leading lines, particularly the Oatmeals and their Borders.

We invite intending purchasers to see our samples and get our prices before buying.

THE HISTORY OF YOUR NAME.

ALLEN.

Variations—Allen, Alan, Allin, and Ailwyn.

Racial Origin—Scottish.

Source—A Clan.

As a family name, Allen and its variations are the outgrowth of the clan organization of Scotland, and like most names of the Scottish and Irish divisions of the Celtic race, can so be traced back to a single individual. This, of course, is no infallible guarantee of blood, however, for in both ancient Scotland and ancient Ireland it was customary for outsiders who became followers of the chief and were adopted into the clan to take the clan name.

There are many branches of the Allen line to-day, but virtually all of them trace back to Alan, a count of Brittany, who crossed to England with William the Conqueror and obtained grants of land in Scotland. It was a descendant of this Alan also who founded the Stuart line, which later became the royal family of Great Britain.

As a given name, the origin of Alan is lost in obscurity. It may have been taken over from the classical languages before Christ. Theoretical attempts have been made to trace it back to the mythical Greek poet Olen, credited in the classical legends with having been the first to write hymns in hexameter. It is certain that it was in use among the Celts of northern Europe, in the forms of Alawn, Alwn and Ailwyn before the Roman Empire extended its way to those parts, for it was taken into the Latin in the form Elian.

But there is no indication that it developed into a family name in any other land than Scotland.

A Remedy for Earache.—To have the earache is to endure torture. The ear is a delicate organ and few care to deal with it, considering it work for a doctor. Dr. Thomas' Eclectric Oil offers a simple remedy. A few drops upon a piece of lint or medicated cotton and placed in the ear will do much in relieving pain.

Andrew Carnegie was once asked which he considered to be the most important factor in industry—Labor, Capital or brains. The canny Scot replied, with a merry twinkle in his eye: "Which is the most important leg of a three-legged stool?"

Leg that Wouldn't Heal

"Every since a boy of fourteen," writes Mr. John Redmond, of West Frampton, Que., "I had trouble with a bad leg. I used many remedies. Though some appeared to heal the ulcer for a while, *it always broke out again as bad as ever.* This last time I suffered continuously for nine years, and the old remedies had absolutely no effect.

"The limb was in an awful state when someone advised me to get Zam-Buk right away. I had only used this herbal healer a few days when I began to see great improvement. So I continued the treatment, for even Zam-Buk needs time to have a complete effect. However, I am glad to tell you that it was only by the aid of Zam-Buk that the leg was eventually thoroughly healed. Never a sign of the ulcer since."

Before you buy a tire, ask these questions about its maker.

Is he still in business? Has he been in business ten years? Or even *five* years?

Why don't the manufacturers of "cheap" tires stay in business longer?

Because their market is soon exhausted. The maker of cheap tires soon covers the entire list—and then he must quit.

But another similar maker springs up in his place—and the merry game goes on. Faith and Hope are beautiful things in this dull world—but the faith and hope of some men in "cheap" tires is really pathetic.

Goodyear is the world's largest maker of tires. Goodyear owns rubber plantations, cotton plantations and fabric mills. Goodyear enjoys the economies of years and years in tremendous production and sales. And a tire good enough to carry our name is at all times the economical tire for you to use.

The car manufacturer who uses thousands of tires a year knows. And Canadian automobile makers over a period of ten years have sold half their cars with Goodyear tires.

The tire dealer knows. And the best 4000 of them in Canada sell Goodyears.

This is a year to put your motoring on a careful basis. It is a year to watch your gasoline consumption, to take care of your car—and to use Goodyear Tires.

HE WAS INQUISITIVE

"Beg pardon, sir, but you have it in your power to do me a great favor and one that I will gladly repay," said a stranger who entered the business offices of a banknote.

"I? I am afraid you have made a mistake. I am of no use to anybody," said the banknote. "I have just failed for half a million, and with no assets."

"So I heard."

"You knew it, and yet you say I can be of service to you?"

"Yes, sir; I beg you will not refuse."

"But what can a miserable banknote like me do for any one?"

"I want you to tell me, sir, how you got so much credit."

A man remarked that he came from a very large family.

"How many of you are there?" he was asked.

"Well, there were ten of us boys," he said, "and each of us had a sister."

"Good gracious!" exclaimed the other. "Then there were twenty of you?"

"No," said the boastful man, "eleven".

Washerwomen are scarce and dear—so she just used her brains; she had heard about Sunlight—she bought it, read the directions carefully and now has a *better*, cleaner wash with far more satisfaction than ever before

Sunlight Soap

Rubbing the bar of Sunlight over the wet clothes—putting them to soak—rinsing them—and hanging out to dry doesn't sound very hard, does it? It's the Sunlight way. Insist on getting the soap you ask for—SUNLIGHT SOAP.

"RAINMAKER" HATFIELD SUCCEEDS.

Medicine Hat, Alta., May 20th.—Old Jupiter Pluvius must be on friend Hatfield's pay roll, according to terms with Charles M. Hatfield, the rainmaker. After making rain for about a month, prairie farmers have asked Hatfield to turn off the moisture for a few days. These tillers of the soil, who for years have been experiencing droughts, are satisfied that Hatfield can deliver the rain as per contract, and as Hatfield has already about $3,000 for his month's work, everybody is happy, except those who continue to sneer at the rainmaker's "scheme".

Whether or not Hatfield's presence in the district is responsible, the fact remains that rain has come since his arrival. He landed here in a downpour. "Old timers" declare they have never seen such heavy precipitation or such a continuous presence of so many heavy clouds. Is Hatfield responsible? Hatfield has erected his apparatus on the eastern shore of Chappie Lake, a substantial body of water, with several smaller lakes surrounding it. The structure, or tower, is twenty-four feet high, supporting a wooden tank fourteen feet square, stated by Hatfield to be the largest tank he has yet used. It is in this that the chemicals are placed which form the secret process.

As Hatfield explains it, the production of rain by artificial means necessitates the localizing of moisture in the air and condensing it to the point of precipitation. To obtain this result, he says, "I use certain chemicals which I treat by means of heat, the fumes of the evaporating chemicals mixing with the surrounding air and causing what may be described as an over-turning in the atmosphere." He says further, "There is no magic in my methods, nor do I trust to luck; it's the appliance of certain scientific principles fully developed over a period of twenty years."

Hatfield is accompanied by his brother, B. A. Hatfield. They live "the simple life" in a small shack alongside their apparatus and remain there until their contract expires. His brother served with the American artillery in France, and as it rained almost every day while they were there, his companions decided he was responsible.

"Rain enough, stop for a few days," This is the copy of a telegram from J. Dupeyre, of Dollard, Sask., to R. S. Ratliff, Secretary of the United Agricultural Association, under whose auspices Hatfield has made his contract to supply rain.

The area which is covered by his "secret" extends from Medicine Hat to Saskatchewan, near Swift Current.

At the rate of $8,000 for four inches of rainfall in May, June and July, Hatfield has easily sliced off $3,000 already.

In answer to the farmers who are now getting too much rain, Hatfield says: "Do not fear." He wants to tap the clouds while they are available, because June may be a hot cloudless month, and he admits that he cannot bring rain from a cloudless sky.

"Don't worry this year or any other year about plenty of moisture when we operate," he boasts, "I am absolutely confident of success."

Hatfield says his reception at Medicine Hat has been very flattering, also that the location of his apparatus was an ideal one, the altitude is 2,400 feet, and thousands of tons of moisture are lifted by air and wind daily from Chappice and the surrounding lakes.

He says he is prepared to demonstrate to the people and the Government that this secret is effective, and hopes to do this by continuing his tests over a period of five years. "Surely," he states, "they will believe that I have something to do with it if there is an abundance of moisture for this and the following four years."

"Does your wife take in washing, Sam?"

"No, sah."

"But I understand she did take in washing, Sam?"

"No, sah, you's wrong. I takes in de washin', sah, and I takes de washin in out. All m' wife does is t' stay at home and do it, sah."

Archbishop Ryan once rebuked a priest for wearing a most disreputable-looking hat.

"I would not give this hat for twenty new ones," said the priest. "It belonged to my father who fell in the rising of '48."

"Ah!" was the archbishop's retort, "evidently he fell on the hat."

Do not allow worms to sap the vitality of your children. If not attended to, worms may work irreparable harm to the constitution of the infant. The little sufferers cannot voice their ailments, but there are many signs by which mothers are made aware that a dose of Miller's Worm Powders is necessary. These powders act quickly and will expel worms from the system without any inconvenience to the child.

HORSEMEN!

Following is the route during the season, health and weather permitting, of the Imported Clydesdale Stallion Montcreiffe Albion, more commonly known as "the Harrison horse", and whose Government certificate is Form 1 and his Enrolment No. 1670.

Monday morning leaves Newburgh, proceeds to Jas. Sewell's, Ernestown, for noon, Monday afternoon going to Centreville for Monday night. Tuesday morning he goes to Irvine Cronk's, Enterprise, for noon, remaining there until Wednesday morning. He then goes to Croydon for Wednesday morning, and to F. J. Whalen's for Wednesday night. Thursday morning he goes to Roblin and afternoon he goes by way of Grieve's Corners and Forest Mills, to Wm. Graham's, for night. Friday morning he proceeds to the Somerset Dairy Farm, Empey Hill, for noon, and from there in the afternoon to Paisley House, Napanee, for night. He will remain in Napanee until 3 p.m. on Saturday, when he leaves for his own stable at Newburgh.

See this horse before deciding and you will see size, quality and action all combined. He is very sure and his stock are all that can be desired.

The terms are $15.00, payable by cash or note when mare proves in foal if settled for by April 15th, 1922. If not settled for on or before that date the fee will be $18.00. Parties disposing of their mares before foaling time, will be charged full insurance fee whether or not the mare proves in foal.

Look at the horse. Look at his stock. Look at the scarcity and price of good horses, and you will be looking after your own interests best by breeding your mares to "The Harrison Horse".

Yours for good colts and horses.
J. E. HARRISON.

Constipation

It is a disease-producing malady, and if not corrected may result in serious complications. In good health the bowels should move freely at least once every day, carrying away the waste products from the Blood and Liver. If this function fails or is irregular, the work of removing the poisons falls on the skin and Kidneys, with the result of the latter organs becoming congested and clogged. The Blood becomes poisoned. Indigestion sets in, the Kidneys become deranged, and a severe if not fatal illness is brought on. DR. HENDERSON'S HERB TABLETS correct this trouble by its action on the Liver, causing a healthy flow of Bile, exerting a soothing and toning influence on the whole Intestinal Tract. 50c. and $1.00 a box at Hooper's Drug Store, Napanee. AND WE VOTED "YES"

'Twas a balmy summer's evening
And a goodly crowd was there;
Such dope we got in days gone by,
But now it seems threadbare.

No more gin rickys can we have,
Or highballs when we choose;
Since the old bartender lost his job,
We've kissed them fond adeaus.

The sawdust and the polished rail,
Departed with a shock;
And bums in back lanes whisper now
Do you want to buy a crock.

PLAIN TALK NO. 5

Dear People,—No doubt you will be a little surprised at us for our past methods of advertising; especially our old customers, for they know us well and expect something out of the ordinary. We must apologize for repetition, as business is always more than brisk at this season and calls for our efforts so urgently that we scarcely find time to eat. Now, there is a reason for our success, and let us briefly state we mean to stick to our ideals. Our leather and workmanship is, and always will be, of the very best. We work on a small margin and give satisfaction to all. As you are aware, there are several grades of leather and it is possible to have boots fixed at a very low cost, but, not so with us; we handle nothing inferior in quality, are best by far, so compare our work with others and be convinced. Our prompt service is also an item worthy of mention for we do everything same day as received. So all work left in the morning can be had that evening. We also carry the only unbreakable Shoe Laces in town. Don't ask for five cent laces for we would not handle them. Some good second-hand Boots for sale, cheap. Rubber Heels in a very few minutes. Yours for neatness and dispatch.

Everything is in readiness for Belleville's Big Blow-Out on King's Birthday, Friday, June 3rd. The Veterans are putting on one of the biggest days that has ever been seen in this district or Eastern Ontario. They are offering $1800.00 in purses for Horse Races. There will be three races, namely: 2.18 Class, $600.00; 2.30 Class, $600.00; Free-for-all, $600.00.

Extra! Extra! Extra! Spectacular Musical Ride will be given by a detachment of the Royal Canadian Mounted Police of Ottawa, formerly The R. N. W. M. P. This feature was secured only after great difficulty and enormous expense and will be worth the price of admission in itself. Everyone should see this feature.

If you want to see a real ball game, come to Belleville on June 3rd and see the famous Sincees of Toronto and Belleville meet in a fast game. The Argyll Concert Band will furnish the music for the day.

Dancing will take place on the grounds and a special dancing floor is being provided. There will also be vaudeville of excellent type and an indoor circus will be on the grounds as well.

At night there will be a grand performance at the Griffin Opera House and dancing at Bennett's and Johnstone's Academies at night, 9 p.m. Good music will be provided.

Grand street parade at 11 a.m., so come early and stay late as there will be something doing every minute. For the convenience of the public a ticket booth will be down town in the morning. Keep Friday, June 3rd, the King's Birthday, reserved and spend the best day of your life at Belleville. 21a

HOGS WANTED.

Richmond Farmers' Co-Operative Association.

Will not ship any more live stock until further notice. A car of seed corn has arrived.

22tf SID. C. S. McKIM, Manager.

Hogs, Cattle, Calves, and Heavy Horses Wanted.

Will ship hogs on Tuesday, May 31st, and will pay the highest market price for select hogs weighing 150 lbs. and over; 4c. off sows. Bring on your good veal calves, as I have a large contract for a large quantity with the Harris Abbatoir, and can pay as much or more as any other buyer. Light and young calves under 100 lbs. will not be accepted at any price. Phone 238 before selling.

C. W. RAMBLY.

Hogs Wanted.

Will not ship hogs this week, but will ship Saturday, June 4th, and will pay the highest market price.

Phone 47. G. H. WILLIAMS.

A clergyman lost his umbrella in church. As it was not returned during the week, he addressed the congregation next Sunday and told them of his loss.

"I do not expect the thief to reveal himself here," he said, "but at least he might have the decency to repent and throw the umbrella over my garden wall.

His words proved effective. That afternoon fifty umbrellas came over!

Let your home show the pride that is within you. Plant flowers and grass seed. Trim up the shrubbery and vines. Paint your house with Lowe Brothers High Standard Liquid Paint.

You can always bank on the quality of the paint bearing the Little Blue Flag trademark on the label. It may cost a little more per gallon than other paints, but it spreads further and easier, so you'll save money at the start on both your material and labor bills.

This paint also holds its color and lasts longer than most other paints. That means you will not have to repaint as often as formerly.

We will be glad to show you that the difference between Lowe Brothers and other paints is more than a mere difference of opinion. Ask for color card and interesting literature.

NAPANEE CHAUTAUQUA JUNE 24th TO 30th

(Watch next week's papers for program in detail).

Eleven double programs make up this big six-day event without counting the Junior Chautauqua features. The purchase of a season ticket reduces the cost of admission more than one half, giving you the world's best music, lectures and entertainment for the least money.

The local Organization have made Napanee the banner Chautauqua town in Ontario, doing all the work of preparing and selling out the guarantee absolutely without charge. No one in connection with the Napanee Chautauqua Committee, nor any ticket seller receives a cent for their work and they also pay for their own tickets. They do this believing in community spirit, and also believing that the Chautauqua is the travelling University of the common people. Every town makes any profit in the community, in fact, in many towns the Local Committee are paid the Banner Chautauqua Town, and the Local Committee have a reserve fund not a little over $2000 on hand. This will be held on hand for a time in case of a bad year, and when the end whatever profit accrues must be devoted to patriotic or charitable purposes according to a motion passed unanimously by the Committee.

Get the co-operative Spirit and join in this week's festival of entertainment and information. Buy your Season Ticket now. Last year the first Season Ticket was sold to a resident of Napanee.

Remember the dates, June 24th to 30th.

BICKNELL'S CORNERS.

We are having real hot summer weather at present, and a nice little shower now and then, which is appreciated very much.—The farmers are busy planting corn and potatoes. Everything looking very promising for a good crop.—A quiet wedding took place on Wednesday last, May 25th, when one of our popular young ladies, Miss Helen Simmons, was united in marriage to Mr. Roy Samson, of Newburgh. The happy couple are spending their honeymoon in Toronto. We all join in wishing them a happy wedded life.—Mr. and Mrs. James Sweet of Milton spent Sunday with their daughter, Mrs. James Curran, Mercer.—Mr. and Mrs Percy Wilson and children with her parents, Mr. and Mrs. E. Garrison, Petworth, on Sunday.—Quite a number from around here attended the auctions last week of Mr. Gordon Edinson's and Mr. Thomas Clancy's.—Mr. James Sewell is making great improvements around the corner with a nice new wire fence.—Our Bicknell Corner people are organizing a baseball team, mostly married men.—Quite a number from this street attended the W. C. T. U. convention at Camden East.—Much praise and credit is extended our teacher, Mrs. J. Fairbairn, for a real social evening which was enjoyed at the school house on the evening of May 27th, and for her kind hospitality during the evening. I think our kiddies have no reason for not loving their teacher.

TAMWORTH.

Jas. McDonald, Dave A. Reid and Jas. Hymers were shingling a house on the Sandhill Road.—The scaffold gave way, and Dave A. Reid was badly hurt and may be laid up for some time. The rest got off with a few bruises.—Joe Hunter and Jas. Hunter of Mandaumin Island, are visiting their friends in town.—May 24th passed off very quietly with a large crowd in town.—The Sunday School County convention will be held here on Tuesday and Wednesday evening. Everybody welcome.—Stewart Storrings met with a heavy loss on Thursday night about 12 o'clock, when his drive house caught fire, losing the entire contents, which consisted of automobile, a gasoline engine, separator, all his farm implements and 18 pigs, the cause of the fire is unknown. Loss amounted to about $4,000.—Mr. Harrick has come to town as teller in the Merchants Bank.—Mr. Jones has taken Mr. Appell's place as Manager in the Sterling Bank.—Mr. Appell having gone to Toronto.

ELMBROOK.

Mrs. Alonzo Potter and daughter, Miss Norma Potter, spent Friday forenoon with Mrs. Levi Rose.—Mr. and Mrs. Lewis Brown, of Toronto, are visiting at Mr. and Mrs. Percy Clark's; also at Mr. Henry Blakely's, and with Mr. and Mrs. Willie Blakely.—Mr. and Mrs. Ernest Ackerman and family, of Toronto, are visiting at his former home, near Picton.—Miss Carrie Delong is spending a couple of weeks with her aunt, Mrs. W. J. Potts, and other relatives at Trenton.—Mrs. George Burley is suffering with a severe ailment of the hand. We hope for a speedy recovery.—Mr. Henry Goodman, of Bethany, visited his aunt, Mrs. Herman McQuaid, and Mrs. J. Harcus, in Picton; also with Mr. and Mrs. Herbie McQuaid.—Mr. and Mrs. H. E. Sills took dinner with Mr. and Mrs. Herman McQuaid, on Friday.—Mr. and Mrs. Alonzo Potter and family spent Sunday with Mr. and Mrs. Blake Richards.—Mr. and Mrs. Wilfred Unger and Aleita, and Miss M. BOWLING

A meeting for the choosing of skips and general business was held in the Club House, on Monday evening.

The President, Mr. J. Moffatt, tendered his resignation on account of pressure of other business. His resignation was accepted, and Vice-President, W. S. Herrington, was elected President. 2nd Vice-President, J. E. Robinson, was elected 1st Vice-President, and Mr. P. Gleeson 2nd Vice-President.

On motion it was decided to choose 18 skips by ballot. The skips then chose their rinks. It was decided to open the season on Friday, June 3rd, by playing the President's and Vice-President's match.

Following are the rinks and skips:

CONFISCATE EVERYTHING

There is some talk of a bill to be introduced at the next session of the legislature authorizing the confiscation of private stocks of liquor, with compensation. John O'Neill, Liberal member for Southeast Toronto, admits he has been "talking that way a lot." He is worrying over the unfairness of conditions which permit the rich man to have a cellar full of liquor to enable him to endure the drought, while the poor man must go dry.

There is a good deal of seeming unfairness in the world. It seems unfair that the rich man should be able to ride around in his comfortable automobile while the poor man must walk. Why not confiscate the automobile? Or to get at the root of the matter at once, why not confiscate the rich man's riches? If we are going in for Bolshevism or Communism or something like that, let us make a thorough job of it. Why should one man be allowed to have more coal in his cellar than another? Some people have more brains than others. Perhaps it would be impossible to confiscate brains, but we might take a hint from the Russian Bolshevist who suggested that education be made a crime, so that all men might be on a basis of equality. At any rate, let us have a referendum.—Woodstock Sentinel Review.

Hall's Catarrh Medicine

Those who are in a "run down" condition will notice that Catarrh bothers them much more than when they are in good health. This fact proves that while Catarrh is a local disease, it is greatly influenced by constitutional conditions. HALL'S CATARRH MEDICINE acts through the Blood Purifiers and Tonic Tonic and Blood Purifiers, acting through the blood upon the diseased surfaces of the body, thus reducing the inflammation and restoring normal conditions.

BASEBALL AT BATH.

On Tuesday, May 24th, a Junior team from Odessa met one from Bath and was beaten 17 to 14. It was an excellent batting practice for both teams and a batting rally that began in the eighth nearly tied the score with Bath. It was just nipped in time by a spectacular catch made by E. Daverne. B. Cairns and Simmons both landed on Holt's fancy curves for home runs, and G. Clarke stopped another for a three-bagger. C. Cairns doubled in both of his first trips to the bat. The line-ups were:

Bath—G. Mellow, c.; Holt, p.; Young, 1b.; H. Northmore, 2b.; E. Daverne, s.s.; M. Mellow, 3b.; C. Daverne, r.f.; Calver, c.f.; Hall, l.f.

Odessa—G. Clarke, p. and 1b.; Shannon, 1b.; B. Cairns, p. c.; Kenyon, 2b.; O'Neil, s.s. c.f.; Parsons, r.f.; Smith, l.f.; Cairns, 3b.; Heath, l.f. s.s.; R. Clarke, c.f.; Emmons, c.

The score:—

Bath	5	1	4	1	1	0	2	2	—	17
Odessa	1	0	1	2	2	0	4	2	—	14

"Did you see Dusty Bill while you was East?" inquired Three-Finger Sam.

"Yes," disswered Cactus Joe. "And I'll say that with all his money he's the same old sport, settin' into the swiftest game he can find."

"Playin' cards?"

"Yes. But not our kind. Bill and his folks have discovered a new game called 'Society', played with visitin' cards. A whole lot of it depends on 'bluffin' and the ante runs up into the thousands."

YOUR TEETH.

By Rea Proctor McGee, M.D., D.D.S. Editor of Oral Hygiene

DIET.

When a raw recruit has been in the service long enough to learn that the shells and bullets that miss him do not hurt, he becomes a veteran. When he learns by experience that the missiles that strike him do hurt, he becomes a casualty.

The best way to have our teeth become veterans in the service of good health is to take care of them.

It is foolish to expose the teeth and mouth to needless infection by carelessness. Even with the best care that we know how to give, there may be decay of the teeth and infection of the gums, but by careful brushing as a habit, and early treatment of the few teeth that are attacked by bacteria, the mouth may be kept healthy and serviceable as long as the rest of the body.

In addition to proper brushing of the teeth, the diet is of great importance.

We commonly think of diet as a treatment for digestive disturbances only.

The mouth is the front door of the stomach and every decayed tooth, and every inflamed spot on the gums, is really a digestive disturbance. No part of the mouth, stomach, or intestines can be diseased without affecting, to some extent, the rest of the tract.

It is possible so to arrange the diet of a child that the development and retention of the teeth is reasonably assured, and, at the same time, the digestion and general health are benefitted.

The one food in the world that is exactly suited to an infant is mother's milk. The children of mothers who are able to nurse them normally have a big lead in the race for life.

When the first baby teeth come in, there is a demand for something more than liquid food. The little teeth must chew, and the gums need pressure.

From seven to nine months of age, baby should have a little toast with butter twice each day. After nine months, rusks and firm milk puddings, a little boiled fish and well cooked chicken come next. Do not forget that butter fat is absolutely necessary for growth.

The proper diet early, has been found very effective in the case of good teeth.

"Copyright 1921, by Rea Proctor McGee."

Wallace's Crow Poison will rid your corn patch of crows.

Constipation

It is a disease-producing malady, and if not corrected may result in serious complications. In good health the bowels should move freely at least once every day, carrying away the waste products from the Blood and Liver. If this function fails or is irregular, the work of removing the poisons fails on the skin and kidneys, with the result of the latter organs becoming congested and clogged. The Blood becomes poisoned. Indigestion sets in, the Kidneys become deranged, and a severe if not fatal illness is brought on. DR. HENDERSON'S HERB TABLETS correct this trouble by its action on the Liver, causing a healthy flow of Bile, and exerting a soothing and toning influence on the whole Intestinal Track. 50c. and $1.00 a box at Hooper's Drug Store, Napanee. Wedgwood Ben, M. P.

When you see Wedgwood Ben, British "M. P." you are not surprised that he should suggest the nickname that he should suggest the nickname of "Buttons." Though about forty years old, he looks just the height, size and age of the boy Buttons of the English household. He is scarcely five feet high. His body is slender as a boy's. His cheek is peach blossom and the expression of the face, with rather comic eyes, is exactly the look of the typical street gamin of London, with its shrewdness, its imperturbable good humor, and its readiness to take on any little job. Wedgwood Ben might act the part of Peter Pan on the stage, or perhaps the Artful Dodger, or analogy is to Charlie Chaplin of the films.—San Francisco Argonaut.

Patriotic Imagination.

Every one who knows anything at all about real English country people knows how vivid and unexpected their talk often is. Imagination kindles in them quite startling similes; as in that Sussexbitre man who, to a British officer's remark that the guns in Flanders could be heard very plainly from the cliffs that day, replied: "They baint the guns; they be the trapplnz of Drake's drums."

Mr. Higginson had been away from home for a week and on his return found that burglars had visited the house during his absence, and, although one had been wounded they had succeeded in getting away.

"And so you shot a burglar while alone and unprotected?" he said to his wife. "You are a brave little woman! What became of him?"

"The other man carried him off," she replied.

"The other man?" he asked.

"Yes," she said, "the one I aimed at."

HOW TO GROW CABBAGE

Advice on the Culture of This Favorite Vegetable.

Early and Late Varieties Require Different Treatment—Good Counsel as to Storing the Crop—Growing Cauliflower.

(Contributed by Ontario Department of Agriculture, Toronto.)

Early cabbage seed is generally started from the 1st to the 15th of March in a hotbed or house window. When the second set of leaves is showing, the seedlings are transplanted into flats in rows two inches apart each way, or into the small dirt band. This will give good, sturdy plants ready for the cold frame the last week in April. If these plants are then properly hardened off, they should be ready to transplant into the field by the 8th to 10th of May. The soil for early cabbage should be a warm, sandy loam in a good state of cultivation. The plants are preferably set 20 inches between the rows and 18 inches in the row. They are given careful cultivation during the growing season.

The late crop is generally started about the 15th of May in an open seed-bed or cold frame. The rows in the seed-bed are 4-6 inches apart, the seed being scattered quite thickly in the row. Where the cabbage maggot is troublesome it will be necessary to grow the plants under cheesecloth frames. These plants should be ready to set in the field from June 15th to July 1st. When we are setting plants which have little soil on their roots, as often happens in the late crop, we carry the plants to be set out in a pail which is partly filled with a batter made of cow manure, loam and water. This gives some moisture to the plant and a certain amount of readily available food. The plants are set 24 inches in the row and 30 inches between the row. As this crop does best under cool conditions, it should, if possible, be put in the moister part of the garden. Both crops must have sufficient moisture if they are to grow quickly. Nitrate of soda may be used to advantage around the plants at the rate of 150-200 pounds per acre, or what would be put on a ten-cent piece to each plant. On account of the solubility of nitrate of soda in water, better results are obtained by making two applications of 75-100 pounds, first when the plants are beginning to grow after transplanting, and, secondly, when the head is beginning to form.

Cabbages are generally cut off so as to leave 3 or 4 of the outer leaves to protect the head. This should be done before too severe freezing weather injures the cabbage. They will not keep so well if they have been severely frozen.

Late cabbage may be stored in cellars, pits, or any like place. The temperature should be held at about 34 deg. F. and provision made for air circulation so that no moisture collect on walls or ceilings. Where one is storing in cellars, the cabbages are best placed on slatted shelves made one above the other about 2 feet apart. The cabbage may be laid on these, one or two layers deep. Where there is no good cellar storage, a pit may be made outside in a place which is well drained. The ground is covered with a layer of straw and the cabbage placed on this face down in layers of first five cabbages side by side, four on top of this, then three, then two, and finally one, thus forming an "A" shape. Tuck in the outer leaves of the first layer under the heads. The outer leaves of each layer are allowed to hang over the layer below to form a roof. The pile is then covered with six inches of straw and about six inches of soil. Every 10 or 15 feet a tile should be placed in the pile to ventilate up through the soil and straw, thus forming a ventilator. All plants give off moisture, and unless we had an opening for it to escape the cabbage would soon begin to rot. If severe weather comes, these can be stuffed with straw and opened again when the weather moderates. The covering of the pit should also be increased by more straw manure as the weather becomes more severe. Cabbage can be taken from the pit on warm days. Cabbage which are not quite fully grown may be dug with the roots attached. These can then make a certain amount of growth.

Cauliflower is handled in the same way as cabbage. If cauliflower gets a severe setback in transplanting to the field, it will tend to cause it to go to seed instead of to form a good head. More especially is this so with the early crop in the warm summer weather. In many small gardens it is generally grown as a fall crop. The plants are shower growers than cabbage and will do better if started about two weeks earlier if we with a maximum number of good heads. When the cauliflower shows a head about two inches in diameter the outer leaves should be drawn together and tied so as to exclude the light, thus giving a pure white head. Cauliflowers that have not fully developed may be dug up, roots and all, and hung in a cool cellar. There they will continue to grow, giving a delicious head after the ordinary season of cauliflower is over. Fully developed heads may be cut off, wrapped in oil paper and stored in a cold room at 32 deg. F. to 34 deg. F. Here they will keep well till Christmas time.—A. H. MacLennan, Vegetable Specialist, Toronto.

The trees in the apple orchard may be scraped down so as to make more effective the later spraying of the trunk and main branches. Egg masses of the Tussock Moth, conspicuously white against the dark bark, may be removed by means of a wire brush or hook on a pole.

Long-tailed lambs are unsightly, and are apt to become very filthy.

"Who is the young man over yonder, so well dressed, whom all the girls seem to be admiring?"

"Why, he's the pink of perfection."

"And who is the ordinary looking man near him with a baby in his arms?"

"Oh, he's just a plain poppy."

"I HAVE PROVED"

Zam-Buk invaluable for eczema, both in the case of my baby and myself," says Mrs. L. Bonin, of West Arichat, N.S. She adds: "Baby's skin was badly broken out, but repeated applications of Zam-Buk entirely cured it.

"In my own case, I had eczema on my hands, which made it very inconvenient for me to do my housework. Particularly was this so, as it aggravated the trouble so to put my hands in water. By using Zam-Buk, however, I soon got relief, and it was not very long before every trace of the trouble had disappeared. I really think no home should be without Zam-Buk."

Zam-Buk is equally good for all skin injuries. All dealers 50c. box.

Likes It Cool.

In Iowa it gets pretty cold at times, but when the thermometer gets so low that the natives are complaining of the cold, Mrs. James Reed, of Zearing, Ia., wishes for some real weather. She does not think it is cold until the thermometer reaches 20 or 30 degrees below zero. The explanation of this is that she is a full-blooded Eskimo. She was married to James Reed while he was on a prospecting expedition, and when she was employed as an interpreter to the Friends' Mission at Kotzebue. They moved to the United States so that their five children might have the advantages offered there in the matter of religion.

It Stops Them.

In the western part of Brown county a farmer has found a plan to keep autoists from speeding by his home. Last summer several of his chickens were killed by automobiles, and when one of his pigs, weighing almost 100 pounds, was crushed under the wheels of an auto, he decided it was time to do something to stop them. He did.

He dug small ditches, one foot wide and eight inches deep, across the road about ten feet apart, and this plan proved successful. He says that after a machine going at 25 miles an hour strikes one of these ditches and the occupants of the machine are almost thrown out, the machine always slows down to a very slow gait.—Indianapolis News.

Filipinos Want Motors.

American motor vehicles continue to predominate in the Philippine market. The total number of trucks registered in 1918 was 567, with a tonnage capacity of 1,052 and passenger capacity of 6,345. Due to the lack of railroads and the need to transport agricultural products, motor trucks are beginning to play an important part in the country's commerce.

Wait Return.

Somebody says the old-fashioned penny collar is coming back. We doubt it—the cost of white paper will prevent it.—Houston Post.

"Is it true, Tom," asked the shade of Theodore Hook, "that you supplied the sculptor with the marble block for your own statue?"

"Certainly not!" replied the shade of Hood. "Had I done so he'd have been sure to chisel me out of it."

Lowe Brothers

This paint film is less than 1\100 of an inch thick. What does that mean to you?

When you stop to realize that a two-coat film of paint is less than 1-100 of an inch in thickness, and that this thin film stands between your house and the weather, you can see the vitalness of buying the right kind of paint.

Lowe Brothers High Standard Paint forms a tougher film than any other paint we know of. It is elastic. It will not crack with the weather's changes. It is both weatherproof and waterproof.

It costs a little more than most paints, but it always covers more surface, therefore less paint is required and you actually save money at the very start. This fact, coupled with its long lastingness, makes it really an investment paint.

If you want to prevent future trouble, come in and talk over your paint problems with us.

DO ALL MY HOUSE WORK

Before I took Lydia E. Pinkham's Vegetable Compound I could hardly get about.

Coburg, Ont.—"For many years I have had trouble with my nerves and have been in a general run down condition for some time. I could not do my work half of the time because of the trouble with my monthly sickness. I was told of Lydia E. Pinkham's Vegetable Compound by friends and advised to try it. It has done me good, and I am strongly recommend it. Since I have taken it I have been able to do all my own work, and I also know friends who have found it good. You can use these facts as a testimonial."—Mrs. ELLEN FLATTERS, Box 763, Coburg, Ont.

Why will women continue to suffer so long is more than we can understand, when they can find health in Lydia E. Pinkham's Vegetable Compound?

For forty years this good old fashioned root and herb remedy, which contains no narcotics or harmful drugs, has been the standard remedy for female ills, and has restored the health of thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, irregularities, etc.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

Rinso

You need not rub

You need not boil your clothes

The wonderful new soap in granules, just soaks the dirt out of your clothes in a few hours. No need to use the wash board or boiler.

Moreover, Rinso saves your clothes. In these pure, cleansing suds they soak as safely as in water alone. There are no harsh chemicals to eat the fabric. Just rich, pure suds, so mild they do not even redden your hands.

If you have a washing machine—

Soak the clothes overnight in the usual Rinso way. The cleansing suds loosen every bit of dirt. In the morning operate the machine for a few minutes and the clothes are perfectly clean—even the most soiled spots.

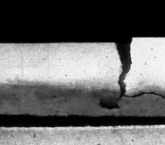
Sunday, June 12th, at 3 p.m., a special service is to be held in the old Historic Hay Bay Church, Adolphustown. His Honor Judge Lavell, Kingston, will be the speaker for the occasion. Plan to come and join in the great throng of worshippers on that day.

The man in the rainbow stockings was trying to play golf. The difficulty was, of course, to hit the ball. It was an much easier to hit the ground. He hit that every time. The turf flew in all directions. Swish! Swosh! Flop! More excavations. Something was wrong somewhere. It couldn't be his stockings. It must be the links. He turned helplessly to his opponent. "What do you think of these links?" he exclaimed.

"What do I think of 'em?" gasped his opponent, wiping a bit of soil from his lips. "Pouf! Best I ever tasted!"

Keeping the Road Open



(National Crop Improvement Service.)

"The isolation of country life is becoming largely a myth. Any man who has an automobile, and every live farm family has one, will not ever feel lonely if he can say day in the year travel as many miles as his machine will make both winter and summer.

"Every community is entitled to passable roads at all times," says Mr. R. Rider, president Canadian Steel & Wire Co. "The road which is most satisfactory is undoubtedly built of reinforced concrete and one of its great features is that regardless of the weather, these roads can be kept open with the snow plough and the dreaded January thaw or spring breakup will lose their terrors.

"Every town and village ought to have a co-operative arrangement with the farmers to keep the roads open 365 days in the year. Being snowbound is a relic of the past."

An Indestructible Fence

(National Crop Improvement Service.)

"Two of the greatest enemies to every farm are bogs and weeds, but if you have a properly constructed fence, you can burn out the weeds along the fence lines without damage and rid yourself of pitch pests. Besides your fence is grounded when ever a steel post is used and danger to your live stock from lightning is greatly reduced," says Mr. R. S. Rider, president, Canadian Steel & Wire Company.

"The use of steel fence posts has become so general during recent years that there is no longer any question but what they are the solution of the fence post problem.

"While the wooden fence post still has many friends, it is usually not an economy because the labor in making that post and the comparatively short life of the post, makes it much cheaper to buy a steel post of the proper size for the work required of it.

"The steel post when properly made, is heavily galvanized inside and out with an extra heavy coat of rustless zinc below the ground line.

"There is another economy and that is that you can drive the steel posts without digging the holes, and the bottom of the post automatically spreads, making a wedge-shaped anchor to hold the post firmly in place.

"The man who wishes to sell his farm would be wise to replace his old ramshackle fence with a woven wire fabric on steel posts. It will enhance its value several thousand dollars and give it a look of thrift which is worth good money."

HOME MADE POWER UTILIZING FARM WASTES

(National Crop Improvement Service)

"The demand for gasoline is growing day by day and economists are always prophesying that the world's supply will soon become inadequate," says Mr. C. H. Chilton, editor of the County Agent and Farm Bureau.

"Science has already taught us, however, that almost every growing plant contains alcohol which can be distilled at a very low price per gallon, and which in many respects is superior in power to gasoline.

"There is nothing wasted on every farm to furnish its heat, light and power. The machinery is all available, and it is time that we should give this matter the most careful consideration. The principal difficulty of this plan will be to accumulate enough farm refuse to make the project profitable. Therefore it would be wise to have the outfit owned by some farmers' organization which will first encourage all farmers to supply a proportionate share in order that there may be sufficient material to make the plan successful."

"What is the hardest thing about skating when you're learning?"

"The ice."

Lure of the Outdoors Boosts the Demand for Sports Wear to High Point

Women are well represented in Athletics both on the Field and in the Stands, and they want apparel to fit the part. Canadian manufacturers of fabrics and wearing apparel have done their share in creating suitable garments of wearing apparel. Our Store can supply you with many becoming creations in Skirts, Sweaters, Dresses, Waists, Middies.

THE ROBINSON CO., LIMITED, Napanee.

Have Freedom on The "Links" or the "Green" in One of These Attractive Sports Skirts

Separate Skirts constitute a large part of Sports' Costumes to-day. They not only provide variety, but they express individuality. We have just added to our stock some very exclusive originations.

These Skirts all come in the pleated styles and are obtainable in numerous colorings. The material is an extremely fine finished Flannel and comes in a striped and checked combination. The pattern lends itself beautifully for skirt making.

Procurable is one Skirt in a beautiful Tango shade. Another in Apple Green, and still another in Mahogany.

These three are priced $20.00 each. Many others are less.

100 Per Cent. Pure Wool in Sweater Coats Lovely Colors for Summer

Knitted Outer Wear seems assured of continued popularity with the admirers of sportswear. Fashion has put her seal of approval on the Sweater which must be modish of cut and serviceable in nature.

The tie-back Sweater is replacing the pull-over. This type of garment possesses all the youth of its former rival and meets the approval of its wearer because it can be donned in a hurry.

Obtainable are shades which match-up with separate Skirts of any hue. Price $4.00, $4.50 and $5.95.

In hip length Sweaters, "The Peter-Pan" and "The Tuxedo" are the popular styles. These come in a magnificent range of colors, of which the Heather Shade predominates. Priced from $6.50 to $11.00.

Wear Admiral Middies. They Are Made In Canada.

While amply cut to assure perfect freedom and comfort, they embody the latest styles and are of the finest quality and workmanship. "Admiral" Middies in Cottons, Silks and Flannels, all colors, guaranteed fast, bear the Canadian insignia on the higher priced lines.

We carry at all times a complete range of sizes and styles in "Admiral" Middies. This season "The Balkan" is the popular Middy. Obtainable in all White, White with detachable Flannel collar, or White with detachable drill collar. Sizes from 2 years up. May we show you?

IN MEMORIAM.

In sad memory of my beloved husband, C. Edward Ellis, who died June 6th, 1919.

Two years have passed, and oh! I long to see the love light
In your deep blue eyes so true;
And I long to hear your footstep 'ere another evening's dew;
I long to hear that loving voice,
Sweet music to my ears,
And I long to press those loving lips
That are to me so dear;
I long to see my darling,
It would make my heart so light,
And I wish that you were coming,
Coming home to me to-night.
For twenty years our loving hearts
were closely bound together;
But, oh! that chain is broken now,
and one link gone forever;
But God will clasp the broken chain
Closer when we meet again.
When alone in my sorrow, the bitter
tears flow,
There stealeth a dream of the dear
long ago;
And unknown to the world you stand
by my side,
And whisper dear one, death cannot
divide.
Anchored by love, death cannot sever
I sadly miss you, and will forever.
22a Sadly missed by lonely Wife.

IN MEMORIAM.

In loving memory of our dearest father, C. Edward Ellis, who departed this life on June 6th, 1919.

We do not know what pain he had,
We did not see him die;
We only know he passed away
And never said good-bye.

"Repeated baking tests have shown that Marquis wheat makes a loaf of very much finer quality than any other of the wheats; that the Marquis will make a loaf fairly large in volume but yellow in color and coarser in texture.

"As the rust menace spreads, there will be great temptation for Canadian farmers to grow a so-called 'rust resistant' wheat. The worst of these is probably Red Durum, which was introduced in North Dakota at a time when rust was making terrible attacks on the world's wheat. This wheat is rather prolific and has a heavy kernel, but should not deceive the farmer because this wheat will not make bread nor macaroni, and its only merit is that it is heavy and may be used in export to improve the weight of light and chaffy grains," says Mr. Bert Ball, director, Spring Wheat Crop Improvement Association.

"The Canadian Northwest grows the best spring wheat in the world and flour made from it always sells for a superior price. If Canadian farmers will breed quality, and market only their finest wheat, mills will always pay a premium for fancy cars."

(National Crop Improvement Service.)

Canadian oats lead the world for quality and are in great demand for seed in every civilized country, but oats generally receive little attention and are raised in a haphazard sort of way. Very few farmers put in seed plots, although there is no other crop which responds so readily to intelligent selection and treatment.

Careful experiments have proven conclusively that the formaldehyde treatment of the seed for smut frequently increases the yield more than would be naturally expected from simply replacing smutted heads with sound ones.

This is probably due to the fact that the grain is attacked by other seed-borne parasites which are as effectually checked as smut, adding to the general health of the grain.

Seed Grain Fundamentals.

1. Select the variety for your neighborhood best adapted to soil and climate. If it is decided to put in both an early and late oat, do not get them mixed. It will be fatal to both.

2. Fan and grade your seed until you have removed all shriveled and broken kernels, sticks, chaff and weed seeds.

3. Test your seeds for germination in a wet blotting paper and plant only strong-sprouting seed.

4. Treat your seed grain with formaldehyde to prevent smut and other diseases.

5. Put oats in early.

MELON AND CUCUMBER

These Require a Warm Soil at Planting Time.

Different Types of Melons Require Different Handling — How to Grow Cucumbers and Squash — Raising Rhubarb.

(Contributed by Ontario Department of Agriculture, Toronto.)

Melons are in the class of vegetables which require a warm temperature for their growth. The length of time that they require to mature any quantity of fruit is longer than our period of freedom from frost. For this reason we generally start the seed in a hotbed and give it at least one transplanting before setting in the field. There are two methods of growing melons: one which is used with the small or Rocky Ford type of melons, the other for the large Montreal. The young plants are started the same way in either case.

The seed should be started about the 1st-15th of May in small pots filled within ¾ of an inch of the top with loose mellow loam; place the seed on this and cover with ¼ of an inch of sand. Keep them at a temperature of 75 deg. with sufficient water. When they are outgrown this small pot they should be transplanted to 5-inch pots. We grow two plants of Rocky Ford melons in a pot, but only one of the Montreal type.

For the small melons we generally plant them in hills four feet apart. We dig out a hole at each place, fill it nearly to the top with fresh horse manure prepared as if for a hotbed, then cover with six inches of soil. In this soil we set the young plants when danger of frost is over. If we wish them a little earlier, we may cover them with a small cold frame about 20 inches square. After three or four melons have set it is well to nip off the ends of the growing shoots. This forces all of the food into the fruit, and makes them grow more rapidly. The melons should be placed on a board or berry box to keep them off the earth, and turned frequently to make them ripen more evenly.

The seed of the Montreal melons is started between the first and middle of April and the plants are shifted to larger pots as they require. About the middle of May we dig out a furrow where the row is to be, about 18 inches wide and 18 inches deep, the length of the patch. This we fill nearly to the top with manure, prepared as it would be for a hot-bed, cover with six inches of soil and cover over with frames and sash. The plants are set in these about every two feet in the row. These frames are kept over them until all danger of frost is past. Each day, if the weather is fit, they must be carefully aired. After a time the glass is left off entirely during the day, but held close at hand to be replaced if needed. The plants must be kept carefully watered, as this is very necessary to produce strong growth. Melons and cucumbers should not be grown close together.

Cucumbers are generally planted in hills three feet apart. Some of the soil is dug out, the hole filled with well rotted manure, three or four inches of soil are placed over the manure, and the seed planted on the south side. The seed may be started in many sections by May 25th, as danger of freezing will, in most seasons, be over before it is up. Plant 8-10 seeds in a hill and thin the plants down to three after danger from cucumber beetle is over. We may start some seed in pots as we did our melons, and transplant them into the field after danger of frost is past. If we care to spend the time we may trim the plants as is done in the greenhouse. This is very simple, once the fruiting habit of the cucumber is understood. The cucumber has the male and female parts in separate blossoms, the male flowers being borne much more freely. Female flowers are usually borne in the leaf joints near the end of the main stem or in the first leaf joints of the side shoots. The leaf joints nearest them bear clusters of male flower. If we pinch off the end of the shoot just past these male flowers, at the leaf joints new side shoot will appear bearing cucumbers. Continuous trimming, if carefully done, will produce many more cucumbers and less vine.

Squash seed is planted in the same way as cucumber. We must, however, give more space between hills because of their greater growth. Six feet will be sufficient. We seldom trim squash. But if we wish larger specimens it is well to stop all growth after a few squash have set.

Raising Rhubarb.

The easiest way to start a rhubarb bed is to buy roots, and if they are too large, to split in sections with a spade, being sure that each section has a bud in it. These are then planted three feet apart in the row with the bud just below the surface of the ground. The ground should be in good condition before planting. This is best done in the spring. If the plant grows well this first summer, we may make a few small pullings the second season, but not before. The third season you can pull as often as required as long as you do not completely strip the plant. The plants should be well manured each fall with well-rotted manure, and in the spring this is worked into the soil. Every three or four years, begin to throw up many seed stalks, they should be lifted, split in sections and replanted.

You can brag about your garden all winter if you have your canned evidence on the dinner table.

Really there is nothing to canning fruit and vegetables except care, cleanliness, fresh products, jars and heat.

Bobbie—My father must have been up to all sorts of mischief when he was a boy.

Johnny—Why?

Bobbie—'Cos he knows exactly what questions to ask me when he wants to know what I've been doing.

WHILE rambling aimlessly via the country crossroads and almost overcome by the seductiveness of its voluptuous beauty, the utter futility of calling attention to China, Glass, Pottery, Brass, Wicker or any other ware was evident to the least imagination; and the picnic lust so obsessed one that, in his association of ideas, Paper Plates, Cups, Tablecloths, Serviettes, Towels, etc. (all of which we have in stock), together with a well filled lunch basket and a shaded spring, completes the picture. An inspiring novel or snappy magazine will help round out a perfect day

DOMINION RUBBER

THE CURSE OF THE AGE.

The curse of the age is the automobile. It has driven all the steamboats out of commission and ruining all the railways of the United States and Canada and Railway Commissioners are at their wits end to know the cause of the railways' deficits,—that is the cause and the cause alone. The last steamboat on the Bay of Quinte, the "Belleville", had to quit and lay up at Kingston, after giving it a good fair trial, not starting till late in the season. They are destroying the highways faster than men and money can repair them. They are the means of robbers and murderers committing more crimes than ever was known before their use, being a means of rapid escape from justice. Those using them should not be allowed to enter a railway car at any time or place, but let them finish their journey alone in what they so highly prize. And every Bob Jack with his hair parted in the middle has one who might better be home at work than wasting his time in sporting about in seed time and harvest in the hay day of his life.

But, sir, there is one consolation that their reign will be short. The low prices coming for labor and produce will not support them, and for want of repairs and fuel to run them, they will soon become a mighty big heap of "junk" in all parts of the country. The old saying "a fool and his money soon parts", and the men that made them have become millionaires, and will be laughing in his sleeves the way he got his money.

The passenger rates should be lowered instead of raised for they would receive one hundred per cent. more of travellers who cannot now afford the high rates, and in consequence the roads get nothing. Who does not remember the post stamp on letters, once 5c., then 3c., non-supporting; then 2c. came, and it became more than supporting. So with railway fares if lowered to 2c. a mile would soon show a big increase in receipts. The people own the railways, it would be fair for all, for they have to pay the deficits now, and can't afford to travel with such high rates. Give the people with small means, who have to pay taxes, an equal chance with the people of much means. Lower 2nd class fare to 2c. a mile and raise 1st class fare to 4c. a mile. It is the rich who are causing so much unrest in the world,—limitation of capital should be introduced in the next Parliament of Canada.

FRED. MEMBERY.

Methodist Church Napanee District Meeting

A few of the more important points touched on at the meeting are as follows:—

The questions of pastoral visiting and distribution of membership cards were brought up. It was thought advisable that each ministers as far as possible, ought to distribute his own membership cards; also revise his membership roll.

It was felt that the number of appeals for money for the different funds of the church was fast becoming a problem. In addition the propriety of printing "deficiency" in the year book, where a fund was asked for and not received, was questioned.

This district holds a good second place in the matter of having the National Campaign Fund paid up. Some charges had 91 per cent. paid on April 30th.

The Chairman was asked to communicate with the proper Methodist and Presbyterian authorities to give the pastors of circuits, where a union has been effected, the authority to administer the charges. There has evidently been some trouble along this line.

The Sunday School reported an increase in all matters except the observance of Decision Day. It was recommended that all schools observe Rally and Decision Days.

The membership of the Church showed an increase, as well as the majority of the Church funds.

The next District Meeting will be held in Trinity Church, Napanee.

Kitty, aged four, had been naughty and her father had had to administer vigorous correction before going to business.

That an impression had been made was apparent when, on his return from business in the evening, Kitty called upstairs with frigid politeness: "Mother, your husband's home."

Before you buy a tire, ask these questions about its maker.

Is he still in business? Has he been in business ten years? Or even *five* years?

Why don't the manufacturers of "cheap" tires stay in business longer?

Because their market is soon exhausted. The maker of cheap tires soon covers the entire list—and then he must quit.

But another similar maker springs up in his place—and the merry game goes on. Faith and Hope are beautiful things in this dull world—but the faith and hope of some men in "cheap" tires is really pathetic.

Goodyear is the world's largest maker of tires. Goodyear owns rubber plantations, cotton plantations and fabric mills. Goodyear enjoys the economies of years and years in tremendous production and sales. And a tire good enough to carry our name is at all times the economical tire for you to use.

The car manufacturer who uses thousands of tires a year knows. And Canadian automobile makers over a period of ten years have sold half their cars with Goodyear tires.

The tire dealer knows. And the best 4000 of them in Canada sell Goodyears.

This is a year to put your motoring on a careful basis. It is a year to watch your gasoline consumption, to take care of your car—and to use Goodyear Tires.

MACDONALD'S CUT BRIER

¶ MACDONALD'S "BRIER" has become a Canadian institution. Smoked by the men who made history. In the bush, on the trail, in mining camps, prospectors' huts, factory yards, on trains, steamships, in the luxurious homes and downtown clubs of our Canadian cities—Macdonald's has always been recognized as *the* smoke.

¶ MACDONALD'S CUT "BRIER"—the same tobacco but in new form—maintains every Macdonald tradition since 1858, and gives to smokers—*more tobacco for the money.*

WISE AND OTHERWISE

"What is the hardest thing about skating when you're learning?"
"The ice."

For years Mother Graves' Worm Exterminator has ranked as a reliable worm preparation and it always maintains its reputation.

Small Boy—What's the use of washing my hands before I go to school, mother? I'm not one of those who are always raising them!

The ease with which corns and warts can be removed by Holloway's Corn Remover is its strongest recommendation. It seldom fails.

Curate (at local football match) — How do you think we shall get on? Captain—Well, sir, our goalkeeper ain't much use, our centre-forward has a gammy knee, and the left half-back may not turn up, but—my brother Jim is refereeing for us.

Stop the Cough.—Coughing is caused by irritation in the respiratory passages and is the effort to dislodge obstructions that come from inflammation and in consequence the cough will cease. Try it and you will be satisfied.

First Cocky (on horseback)—That cove ye've had wurkin' for yer ark-ed me fur a job this mornin'. Was he a steady chap, Ryan?
Second Cocky—He was. If he'd ha' bin inny stiddier he'd ha' bin motionless.

"The man was in a reverie and the lady was in a tantrum. They collided."
"The man was in what?"
"A reverie. And the lady was in a tantrum."
"I suppose both machines were badly damaged?"

Its Quality Sells It.—The fact that so many thousands of intelligent people continue to use Dr. Thomas' Eclectric Oil speaks volumes for its healing efficiency. Ever since it was first introduced it has grown steadily in public favor, owing entirely to its manifold usefulness in relieving and healing sickness. As a specific for cuts, burns, scalds, and various inflammatory pains its record is beyond reproach.

Landlady (to prospective lodger)—The only thing is trains make a little noise, though you'll get used to them after the first night or two.
Irish Gentleman — That'll be all right. Shure, I can go and schlape with me brother for the first two or three nights.

Sleep is the great nourisher of infants, and without peaceful sleep the child will not thrive. This cannot be got if the infant be troubled with worms. Miller's Worm Powders will destroy worms and drive them from the system, and afterwards the child's rest will be undisturbed. The powders cannot injure the most delicate baby, and there is nothing so effective for restoring the health of a worm-worn infant.

ANOTHER VICTIM OF RHEUMATISM

Entirely Well After Six Weeks' Treatment With "FRUIT-A-TIVES"

MR. AMEDEE GARCEAU

52 Hickory St., Ottawa, Ont.

"I was for many years *a victim of that terrible disease, Rheumatism.* In 1915, I was laid up for four months with Rheumatism in the joints of the knees, hips and shoulders and was prevented from following my work, that of Electrician.

I tried many remedies and was under the care of a physician; but nothing did me any good. Then I began to take 'Fruit-a-tives' and in a week I was easier, and in six weeks I was so well I went to work again.

I look upon this fruit medicine, *'Fruit-a-tives', as simply marvellous in the cure of Rheumatism,* and strongly advise everyone suffering with Rheumatism to give 'Fruit-a-tives' a trial."

ROD AND GUN IN CANADA

Followers of Izaak Walton will look forward to the June issue of Rod and Gun in Canada, which is now on sale at the news stands. In this number there are five fishing stories and articles by such well known authors as A. Bryan Williams, F. V. Williams, S. C. Cain, Robert Page Lincoln and S. H. Howard. "The Silver Doctor", an interesting story of fishing in the Shekak Canyon, is worthy of especial mention. The hunter and firearms man has been well looked after in this issue by C. S. Landis, the guns and ammunition expert. In addition to this feature, the latest proposed amendments to the firearms permit laws are published in full. Conservation, Kennel and the other departments are up to their high standard. Rod and Gun in Canada is published monthly by W. J. Taylor, Limited, Woodstock, Ont.

Senator Knox was once compelled by financial affairs to visit a boom town in the West.

In the evening, as he sat in the office of the corrugated iron hotel trying to digest a dinner of salt pork and beans, the landlord thrust a three-cent cigar into his hand and said:

"I sartinly am proud of Boomville! Would you believe it, sir, that two years ago there wasn't no town here at all?"

"Humph," said Senator Knox. "And what makes you think there is one here now?"

AND WE VOTED "YES"

'Twas a balmy summer's evening
And a goodly crowd was there;
Such dope we got in days gone by,
But now it seems threadbare.

No more gin rickys can we have,
Or highballs when we choose;
Since the old bartender lost his job,
We've kissed them fond adeaus.

The sawdust and the polished rail,
Departed with a shock;
And bums in back lanes whisper now
Do you want to buy a crock.

PLAIN TALK NO. 5

Dear People,—No doubt you will be a little surprised at us for our past methods of advertising; especially our old customers, for they know us well and expect something out of the ordinary. We must apologize for repetition, as business is always more than brisk at this season and calls for our efforts so urgently that we scarcely find time to eat. Now, there is a reason for our success, and let us briefly state we mean to stick to our ideals. Our leather and workmanship is, and always will be, of the very best. We work on a small margin and give satisfaction to all. As you are aware, there are several grades of leather and it is possible to have boots fixed at a very low cost, but, not so with us; we handle nothing inferior in quality, are best by far, so compare our work with others and be convinced. Our prompt service is also an item worthy of mention for we do everything same day as received. So all work left in the morning can be had that evening. We also carry the only unbreakable Shoe Laces in town. Don't ask for five cent laces for we would not handle them. Same good second-hand Boots for sale, cheap. Rubber Heels in a very few minutes. Yours for neatness and despatch.

SAMSON—SIMMONS.

A very quiet wedding took place at Trinity Methodist Parsonage, Napanee, on Wednesday, May 25th, at noon when Helen Mary Simmons, eldest daughter of Mr. and Mrs. Wesley Simmons, Bicknell's Corners, was united in marriage to Mr. Robert Roy Samson, only son of Mr. and Mrs. John Samson, Newburgh, Rev. Dr. Shorey officiating. The young bride looked charming in her travelling suit of navy blue serge, with maize Georgette blouse, and a very neat little mohair hat trimmed with French flowers, and wearing a penant set with pearls, the gift of the groom. After the ceremony Mr. and Mrs. Samson left on the 2.30 train for Toronto, where they will spend a short time.

MILLS—HOWELL.

On Monday, May 16th, the home of Mrs. Annie Howell, South Napanee, was the scene of a pretty wedding, when her only daughter, Ethel, was united in marriage to Mr. Cornelius Mills, an honored returned soldier and citizen of this town.

The ceremony was performed by Rev. F. H. P. Anderson, in the presence of the family, and the young people were attended by Mr. John Howell and Miss F. Mills. Mrs. Howell served dainty refreshments, and the young couple motored to Toronto and other western points. The bride was becomingly gowned in navy tricotine with orchid lace trimmed blouse and the coat handsomely trimmed with iridescent beads.

On their return, on Monday, 30th May, a large number of friends gathered at Mrs. Howell's home and showered Mr. and Mrs. Mills with good wishes and a splendid array of silver and cut glass. The friends from Gretna presented them with a mahogany table and electric lamp. The young couple will make their home in Belleville.

Origin of Nautical Terms.

What is the origin of the nautical term "dead reckoning?" Perhaps the general impression is that the prefix "dead" is so common in technical terms related to the ship and its rigging that it is merely the mariner's way of expressing himself. There are "dead-eyes," "dead-lights," "dead-wood," "dead-door," "dead-flat," and a host of others, and all savor more of the ozone than of etymological necessity. But there is a peculiar interest in the origin of "dead reckoning," which has always been regarded as one of the most puzzling terms to trace. The old-fashioned method of keeping the ship's log before the admiralty supplied specially printed books, was to use small, loose sheets of paper, ruled into several columns. The latitude column bore the figures to admit the words "deduced latitude." In full at the head, the words were abbreviated to "Ded. Lat." "Dead" easily became corrupted into "dead," and hence the singular phrase for describing the mariner's "deduced" position on the high seas.—Christian Science Monitor.

OF SPECIAL INTEREST

to householders who have not done any papering to their walls this spring, but who have rooms that should be done. Our sales this season have broken all records, but we started with a stock of almost double the usual size, and in order to further reduce will offer for two weeks, bargains that cannot be surpassed anywhere. It is not because we are afraid that the prices will be lowered by the manufacturer before another season,—in fact, they are all agreed that there is no chance of a drop in wall papers; raw material and labor keeping just as high as at any time during the war. We have quite a number of lines, good stock, up-to-date patterns and colorings, that we will offer at prices lower than same goods can be bought for at the factory, to-day. Handsome lines for kitchens, dining rooms and bell rooms at 15c. per roll, that are sold everywhere at 25c. And so on, up to 60c. paper, now offered at 35c. If you think of doing any papering this present year, you will not regret it if you buy your paper from us, and do it now.

We will offer at actual cost every Boy's Wagon, Cart, and Wheelbarrow in stock.

Base Balls from the cheapest for the boys up to the official League.

Window Shades, Room Mouldings, Picture Hooks, Push Pins, etc. If you paper a room and have it pleasing to the eye, do not spoil it by driving in nails on which to hang your pictures, but spend a few cents more and put up a picture moulding.

Bring in those Pictures you want framed, and have them done now before they get soiled.

CHAUTAUQUA'S BACKBONE IS THE LECTURERS.

The lectures are the backbone of every good Chautauqua program. Hundreds of people during the season are heard to remark, after listening to one of the startling addresses, "That lecture alone was worth the cost of my season ticket."

Messages Are Broad.

Believing that the Chautauqua pro-vides one of the freest forums to be found anywhere, the messages pre-sented are timed to be heard an hour. They are accurate, vigorous and moving. They touch all phases of life for the help, encouragement and entertainment of all kinds of people. They are not partizan in politics or sectarian in religion.

They are not propaganda.

They are intensely patriotic with a high conception of what patriotism means.

Serious Problems Discussed.

Chautauqua speakers are intensely interested in doing all they can to help in the solution of some of the world's and Canada's most pressing problems. Yet while presenting problems of interest them most, they always re-member that it is necessary to enter-tain—amuse the mind in the right sense.

Everything that tends to help our fellows to a bigger, better life and the communities served to a larger outlook and a more acute sense of science, is deemed worthy of a place in this Forum.

The subjects discussed this year cover a wide variety—humor, inspira-tion, travel, serious discussions of great world problems.

Noted Canadian Speaker.

Perhaps foremost should be men-tioned Dr. Robert Norwood, a Canadian by birth and education, who is well known throughout the Dominion and especially Ontario for his vigor-ous though splendid oratory. For a number of years Dr. Norwood was pastor of the Memorial Anglican Church of London, Ont., and was call-ed from there to the Memorial Church of St. Paul, Philadelphia. He is mak-ing a splendid impression in that city by his earnest and powerful messages He will appear on the last evening of the Chautauqua. His subject is "The Dominion and Its Destiny."

High-Class Musical Lecturer

The inspirational lectures will al-ways have a large place in the good work of Chautauqua and in which people can be inspired toward the better things in this life is well worth while. C. H. Stoad and his purposeful lecture, "Seeing Life While You Live," will long be remembered. In this lecture he emphasizes the essen-tials of courage, faith, humor and vis-ion. Mr. Stoad is President of the In-ternational Lyceum and Chautauqua Association. He has been connected with business and university life; has been an educator in the States for many years, and is one of the most spirational speakers on the Chautau-qua platform.

"Sea Power and World Freedom"

Major Arthur E. Bunnells of Mont-real, who will appear on the after-noon of the third day of the Chautau-qua, is also well known in Canada and the United States. He served as a chaplain in the war and was specially commissioned which took him along the trouble battle line. Then he was as-signed to the American troops and was with them at the Battle of Chat-eau Thierry. Later he was connected with the British Ministry of Informa-tion and was for a time the guest of the British Admiralty and was present at the surrender of the German fleet. His subject, "Sea Pow-er and World Freedom", embodies the lessons experienced by this able speaker who is intensely interested in bring-ing about a continuous world-wide peace. Major Bunnells recently de-livered this address to an audience of over three thousand assembled in Symphony Hall, Boston, and on the next day pronounced him "one of the most brilliant speakers of the day."

"The Funniest Man Since Bill Nye"

The most difficult place in that as-signed to the speaker of the first day. The task this year falls to Mr. Her-bert Leon Cow, the king of the jolly producers. Mr. Cope is known to Ontario audiences—in fact his people have lived in Ontario for many years. His subject is "Family Remedies." Mr. Cope has seen much of life in his brief career, and life has taught him much. During the war he did his part to cheer the lives of the boys in the camps and over in France—"Kill-the-Blues" Cope the soldier boys fondly named him. But he does more than merely kill the blues; he leaves every-one better for having heard him.

Marvelous Travelogue—By Dr. Poole.

The best and the most expensive travelogue given on Chautauqua will be given on the evening of the fourth day by Dr. Frederic Poole, coming di-rect from a ten months' tour of the United Kingdom. His subject is a fascinating one, "With Allenby in Palestine and Lawrence in Arabia". No phase of the recent great conflict will linger more in human memory with greater satisfaction and grati-tude than the campaign which, under General Allenby and Colonel Lawr-ence, resulted in cleaning the holiest spots of the earth from the defiling and degrading influence of the Turk-ish tyrant.

The story of this wonderful cam-paign will be shown in beautifully colored motion picture pictures. It is an epic of the East. Allenby is the liberator of Jerusalem, and Law-rence as the uncrowned king of Ara-bia, are shown and presented in the most romantic phases of the war. Dr. Poole's presentation of this lecture in the United Kingdom for nearly ten months has been acclaimed by the British people, government officials, Bishops and Generals as the most amazing and fascinating story ever presented from a British platform.

ADOLPHUSTOWN.

Sunday last was the occasion of the visit of the Lord Bishop of the Dio-cese, Dr. Bidwell, to S. Alban's Church His Lordship was greeted by an un-usually large congregation, the church being filled to its utmost capacity, and although benches were placed in the aisles and rear of the church, many were unable to gain admittance After the baptism of the infant dau-ghter of Major and Mrs. Loyst, fif-teen candidates were presented by the Rector for confirmation. The service throughout was exceptionally inspir-ing and helpful. The church was pro-fusely decorated with syringa, peon-ies and roses.—The Girls' Altar Guild held a social evening last Monday, at the home of the President, Miss Ag-nes Smith. An old fashioned camp fire was the centre of attraction, around which games were played, and dancing on the green was thoroughly enjoyed by the young folks. A pleas-ant feature of the evening was the presentation of a gift from the Altar Guild to the Rector and his wife, to mark the fourth anniversary of their marriage.—A goodly number accom-panied our boys to Deseronto on Wed-nesday to enjoy the baseball game.—The Dramatic Club is giving their two plays, "More Blunders Than One", and "A Poor Married Man", in the Masonic Hall, Bath, on Friday, June 17th.—Neilson's ice cream is now be-ing served every Saturday evening in the Church Hall, by the Ladies' Guild. —Mrs. C. Allison is to-day entertain-ing a few friends, it being the occa-sion of the anniversary of her birth-day—Mrs. F. Pollard, who spent last week with her sister, Mrs. Smith, in Kingston, has returned home.—Mr. and Mrs. David Smith visited their daughter, Mrs. Compton, in Catara-qui, last week.—Mrs. Clark, who has been spending the winter in Picton, is now the guest of Mrs. Duffett, sr.—The Misses Johnston, Napanee, spent the week end with their parents, Mr. and Mrs. H. M. Johnston, "The Wil-lows".—Mr. Ephraim Fitchett left this week for a visit with relatives in Madoc.—Mrs. Hardy Pollard, who has been ill of pleurisy, is now convales-cent.—Miss Gertrude Chalmers and Miss Ethel Hines were the delegates to the recent convention of the Wo-men's Auxiliary in Brockville.—Mrs. Stanley McNinch and children, Gan-anoque, visited Mr. and Mrs. Instant, this week.—The Girls' Altar Guild met at the Rectory last Tuesday even-ing to make plans for their annual strawberry and ice cream festival, which will be held on Mr. Marshall Mallory's lawn, in the near future.—Mrs. J. Garvin and son spent Sunday in Picton.

ARDEN

The recent rains have made every-thing look prosperous for the farmers. —We have had another fire in Arden, the shack of George Loyst was burn-ed May 24th. We understand it was insured for $500 or $600.—The Sun-day School convention on the 31st was very interesting. There was a good attendance at the night session.—An ice cream social will be held to-night (Friday) on the parsonage lawn, un-der the auspices of the Ladies' Aid.—Mr. W. W. Pringle is having the out-side of his house re-painted.—Mr. and Mrs. C. W. Snider and Mr. and Mrs. W. McGregor took tea and spent the evening at Mr. W. W. Pringle's, in honor of their two daugh-ters, Mrs. Matheson, of China, and Mrs. Carey, of Toronto.—Mrs. H. Hutton is very sick at present, and under Dr. Mather's care, and a nurse from Tweed. We hope for a speedy recovery.—Mr. and Mrs. C. W. Snider spent Sunday at Mr. W. McGregor's. —Mrs. McCutcheon, of Toronto, at her father's, Mr. Alexander.—Rev. and Mrs. Stocker and little daughter, Muriel took tea and spent the evening on Monday with Mr. and Mrs. W. Mc-Gregor.

WILSON'S CROSSING.

The late rainfalls have been very beneficial to our crops, which are looking fairly well.—Mrs. Alport is recovering from her late illness.—Mrs. Dens, of Napanee, is spending some time with Mrs. Robert Potter.—Mr. and Mrs. M. H. Switzer and Rus-sell, Mrs. Ed. Ellis and Miss Edna Ellis spent Saturday last in Napanee. —Mr. and Mrs. Sylvester Kellett, Bree spent a few days recently with her sister, Mrs. Dowling, Chippewa.—Mr. John Quinn, of Point Anne, re-newed old acquaintances at Wilson's Crossing last week.—Mr. and Mrs. Robert Potter and children spent Sun-day with Mr. Potter, Mr. William Jen-kins, and called on Mrs. Ed. Ellis on Sunday evening.—Mr. Ross Loucks and mother spent Sunday in Napanee at her daughter's, Mrs. James Fen-wick.—Donald and Sarah Wilson, of Tamworth Continuation School, are home for their holidays.—Miss Ella King is with her brother, Mr. Manson King.—Miss Alport is home from Kingston, visiting her parents.—Mr. S. D. Wagar, Enterprise, has taken the census at Wilson's Crossing.

BETHEL.

The crops are looking better since the recent rain.—Mr. and Mrs. Barn-hart, of Hay Bay, spent Sunday at Levi Salsbury's.—Mr. and Mrs. J. Galbraith attended the funeral of her brother, the late James Rogers, at Camden East, on Wednesday.—Mr. and Mrs. W. McWilliams visited at Mr. Jas. Skinner's, Camden East, re-cently.—Mrs. Edgar Salsbury has re-turned home, after visiting her par-ents, Mr. and Mrs. Clancy, Hinch.—Mr. and Mrs. Perry Alkenbrack and baby spent the week end at Mr. Geo. Jeffrey's, Glenvale.—Mrs. Fred Mc-Williams visited Mrs. W. Perry, Cam-den East, one day last week.—Mrs. Helena Asselstine spent the week end at her home in Selby.—Mrs. John Al-kenbrack attended the W. M. S. Con-vention in Napanee on Tuesday.

Dundas Street Pavement

A deputation consisting of Mayor M. P. Graham, J. E. Robinson, representing the local Board of Commerce, and W. J. Grange, Town Clerk, waited upon the Hon. F. C. Biggs, Minister of Highways, on Tuesday, June 7th, in respect to the paving of Dundas street, being a connect-ing link in the Provincial Highways sys-tem. There were deputations also from other towns on the highway route, name-ly, Trenton, Cobourg and Whitby, whose paving problems are similar to that of Napanee. In a former interview with the Highways Department Napanee had been given to understand that the government would make a grant equal to 60 per cent. of the cost of a 20-foot strip, but recently it was learned that the policy of the de-partment had been changed and that the allowance to be made to towns would be 40 per cent. instead of the 60 per cent. as mentioned. The deputation urged strong-ly upon the Minister that the 60 per cent. should be granted, as the towns were al-ready carrying as heavy a load of debt-ure indebtedness as they could carry and the tax rates were very high. The Minis-ter, however, explained that when the 60 per cent. was originally promised the government had expected to be able to use the moneys set aside by the Dominion Government for good roads. There had, however, been correspondence recently between the two governments, and the authorities in Ottawa had finally settled upon the policy that no portion of the highways moneys set aside by them could be used for the construction of good roads in any towns, but this money could and would be applied only in aid of roads in the rural districts. The Dominion Gov-ernment having so definitely decided to this manner in which their moneys could be expended, the Ontario Govern-ment were forced to reduce the amount of aid they could give and had reluctantly been obliged to limit the grant to towns to 40 per cent. The Minister gave the deputation a very patient and courteous hearing, but could not be induced to alter the policy. The difference between the 60 per cent. and the 40 per cent., as far as Napanee is concerned, will amount to about $10,000.00. In view of the decided stand taken by the government it is not further fact that considerable money has already been spent on Dundas street in making proper sewer and water connec-tions, and further that it would cost a great deal of money to put this street in proper and proper repair for traffic, the Council decided not to apply for aid from the government and has entered into an agreement with the government. The contract for the paving has also been let, and the successful tenderer, namely, the Standard Paving Company, will start work immediately. It is hoped that the new pavement will be completed in about two months. The cost of the work, after deducting the government grant, will be apportioned as follows: One-third to the municipality and the balance, upon the ratepayers as a local improvement upon a frontage basis.

Re Gas Plant.

The deputation that waited upon the government on Tuesday last, also waited upon Mr. Biggs in connection with the matter in respect to letter on page two re operation of the gas plant. The deputation pointed out the hardship to the citizens of Napa-nee that would follow the closing of the plant, especially on so short a notice, and asked that in any event if the plant were to close down that a reasonable notice be given. The Commission explained that he had been misled by the reports as to the fact for the fiscal year ending Oct. 31st, 1920, the plant had lost on operating ac-count the sum of $2,674.19, and for the six months ending April 30th, 1921, the loss had been $4,000. In view of these facts, and further, that the Gas Company were willing to operate no longer contract operations. They promised, however, to reconsider the date of closing down, and stated positively that the time would be extended to August 1st, and possibly to Sept. 1st. They considered also that the only hardship to our ratepayers would be in the matter of gas ranges, as there were only about half a dozen who used gas for illuminating purposes, and that the electric ranges, when installed, were at least as economical as gas. The Com-mission hoped to be able to make the price of electric ranges and electric heat-ers, including installation, as low as $100 and would spread the payment for same over three years, and that there will be given by the Commission later by local advertisements.

ENTERPRISE.

June is with us once more and everyone is enjoying the fine weather.—The grain crops are looking splendid. Hay a little light, but a few more showers will make a good crop.—Mr. Charles Graham is busy getting his barn and outbuildings in a finish.—Mr. Guy Fenwick was taken suddenly ill last Friday and had to be called in and pronounced it a bad case of appendicitis, and on Saturday advised a speedy operation. He was hastily taken to Kingston General Hospital, accompan-ied by Dr. Rogers, and on the day was operated on by Dr. Rogers, assisted by Dr. Dowling and Dr. Bedford, and is doing well and protecting care of our Heavenly Father the operation was very successful and we hope to see Guy home well in Kingston with him.—Mr. A. E. Smith had a very bad accident happen to his eye last Friday. While examining a car bat-tery he was charging by a lighted match close to one of the cells to look in and the gas flew up in his eyes, burning his left eye badly. We are sorry to say both eyes, so the sight is not lost, and is able to see in the one eye to get around. Messrs. Stanley Bell, James Milligan and Ed. Rogers have painted their resi-dences, and they look fine.—Mr. George Fenwick, Sr., has purchased a fine driving horse and is also clearing a piece of land to field from Mr. Earl Bell and are fitting up a race track and baseball grounds for the summer amusements.—Mr. Daniel Wagar, our patrolman, is having gravel drawn and is preparing it on and for the side walks.—Mr. Clayton Brown is building a fine cement block residence on the new cemetery cottage at Shipsgan Lake.—Miss Edna Clark is over her recent illness, and is able to be out again.—Rev. Mr. Scem-mel gave a very fine sermon last Sunday in St. John's Church, and will again take the service next Sunday at 7.30 p.m.

Annual Meeting of the Bay of Quinte Branch of The Woman's Missionary Society

ABOUT 300 DELEGATES VISIT NAPANEE TO ATTEND THE CONVENTION

The Twenty-eighth Annual Meet-ing of the Woman's Missionary So-ciety of the Methodist Church, Bay of Quinte Branch, opened on Tuesday afternoon, June 7th, in Trinity Church with the President, Mrs. A. W. Grange, in the chair.

The opening service was taken by members of the Executive. After the singing of a hymn, Mrs. James Kendry, of Petersboro', read the Scrip-ture from St. Luke's Gospel, 24th chapter, beginning with the 13th verse and they were going out to evangelize the world, they needed lessons in sim-plicity, faith, humility and tenderness.

Band leaders need just such lessons as they learned. They are in charge of a teacher-training class for Mission work. Many of the greatest mission-aries of the past began their prepara-tion in childhood. In your Mission Band may be a future Carey, Morri-son or Livingstone.

Band leaders are the first to pos-sess the mighty field of the life and intellect and soul of the child. Hearts of children are tender and pure and minds plastic as wax. The lessons taught will never be forgotten. The youthful mind will retain them like marble. Child is full of faith and trust. They are easily interested if something worth while is provided for them. They are enthusiastic, will undertake any task and offer no ex-cuse. They are always ready to help a leader, especially if they love that leader.

Missionary workers for the local church of the future are Band here. A Mission Band leader is a co-worker with Him. She can make the Band work as interesting that the boy or girl will feel called to His service. A child's religion is natural positive, straight and idealistic; also social, ex-plosive and emotional. In conclusion, if being remembered by the beautiful and the good is a satisfaction, then we shall be abundantly gratified, for childhood never forgets. Like the seed that sinks from view, our efforts may disappear for a time, but fruition is sure to come, some time, some-where.

An excellent paper, "The Value of Childhood", was given by Mrs. F. W. Riches, of Cambray. She applied the apt saying that a child is just a little animated mass that has ten thousand springs to make him giggle, but none to keep him still. She emphasized the six common traits of childhood, viz., restlessness, curiosity, imitation, fun, yearning, and appetite. It is impos-sible to reach religiously the child of three years of age, but it does absorb the Christian atmosphere. A little tot looking at a pic-ture of Jesus with his arms around his children, asked, "Mother, what was for slut man not his arms around dee little boys?" Mrs. Riches said that one of a novice sear would the impres-sion have been as potent for good? The speaker emphasized the wis-dom of satisfying the child's natural curiosity, and the opportunity of tell-ing about God and His works, thus preparing the way for the higher truths of life. She urged Mission Band leaders to grasp their opportunity of se-curing the child's mind, and at the same time impressed the need of sin-cerity of purpose and conduct, because the child is so keenly a detect instinctively.

Dealing with the fifth characteristic the speaker said: "Who has not seen the child yearning for the rest of its mother's arms? Did it ever occur to you that that little germ was the one that grew and grew until in later years it was the love that formed friendships, partnerships, and family life? Guard it well!" She urged the in the parents the necessity of being chums of their children, and used very effectively the following lines:

Mother is a playmate, she will always treat me kindly.
Playmate who will yield me what true happiness demands;
She will never let my feet stray into the brambles blindly.
Mother's just a bigger little girl who understands.

She gave a large place in the suc-cess of the Band to the good story-teller, as children learn all uncon-sciously and without effort from a story.

In closing the splendid paper she said: "Am I making a drastic state-ment when I say that by the time the child has reached the years of his character has been formed? Like a piece of china, it may be fired several times before it can reach perfection, but it has already been moulded." To this end we need Mission Bands to make a missionary impress that will last during all the years.

The Quiet Half Hour was presided over by Mrs. (Rev.) Rogers, Napanee, and was a period of restful communion with the Christ of Missions.

Wednesday Afternoon, 2.30.

Mrs. F. W. White, Superintendent of Christian Stewardship, spoke of the large place women have in the final solution of world problems, and to this end we must take time to be holy that the solution may be a right one. We are stewards of the Gospel of the Lord Jesus Christ. How are we measuring up to our stewardship? If we are to be real Christian stew-ards we must have the Christ spirit and do His work in His way. She emphasized the stewardship of per-sonality as the key to all other forms of stewardship. The speaker urged the need of a Stewardship Study Class in each Auxiliary. Number of Christian Stewards reporting, 379.

Mrs. (Rev.) Irwin, Oshawa, directed a part of the discussion on Christian Stewardship, speaking on "The Wom-an and Her Purse."

Band meetings, by Mrs. Garland. (Paper printed later).

Mrs. Ross, Peterboro', gave advant-ages and privileges of being a Mission Band leader. In part her paper was as follows:

Childhood comes twice to none. While we have it we prize it lightly, when gone we look back fondly to it. Childhood is all sunshine. It pos-sesses such a depth of meaning that no wonder Jesus set a little child in the midst of the Apostolic Band. As they were going out to evangelize the world, they needed lessons in sim-plicity, faith, humility and tenderness.

Band leaders need just such lessons as they learned. They are in charge of a teacher-training class for Mission work. Many of the greatest mission-aries of the past began their prepara-tion in childhood. In your Mission Band may be a future Carey, Morri-son or Livingstone.

TOWN COUNCIL

Council Chamber,
June 6th, 1921.

Council met in special session on Monday morning, Mayor Graham presiding.

Councillors present—Messrs. Boyes, Roblin, Paul, Wilson, Hartman, King, and Steacy.

Messrs. Frink & Huyck applied for permission to instal a gasoline tank and pump on the corner of Bridge and Centre streets.

Request was granted, subject to regulations of Council.

A letter from the Bell Telephone Co., replying to request of town for removal of poles on Dundas street. The Bell Telephone Co. refuse to remove poles on account of cost, unless the town will reimburse the Company for the greater portion of the cost.

The following letter was received from the Hydro-Electric Commission, respecting the Gas Plant;

The Town Clerk,
Napanee, Ont.

Dear Sir,—The Commission believes that the Council and citizens of Napanee are aware that the Napanee Gas Plant has always operated at a loss, and that the losses have been particularly heavy during the last few years when prices of labor and material have been increasing so rapidly. The Commission for a time had hope that eventually conditions might improve sufficiently that the Plant might operate without a loss, but it has now become quite clear that no hope remains of this, even at the present rate, which is undoubtedly extremely high.

With the paving of Dundas street about to be commenced, the Commission is faced with an expenditure of over $5,000 for renewal of mains and services under the paved area. Facing as it does the already large operating losses, the Commission is unable to contemplate the sinking of further large sums in the Plant, and it is therefore reluctantly compelled to notify the Council and citizens that the Plant will be closed down on July 1st. The Commission feels sure that the Council and citizens will understand thoroughly that it is only as a last resort the Commission has decided to close down a public utility which has operated for so many years as the Napanee Gas Plant.

The Commission will shortly announce the details of an attractive scheme under which present gas users may purchase electric ranges under exceptionally favorable terms. It is hoped that many of the present users of gas will become users of electric current for cooking purposes, and the Commission can recommend this, knowing that the results from the consumers' point of view will be most satisfactory.

Yours truly,
F. A. GABY,
Chief Engineer.

The matter was referred to the Town Solicitor for an opinion.

An agreement between the town and the Provincial Government, respecting the Dundas Street paving, was laid before the Council, under which the government agrees to pay 40 per cent. of the cost of a 20-foot pavement.

A By-law authorizing the signing of the agreement was put through its various stages and finally passed.

A letter from Mr. E. A. James, respecting surface sewers and quantities required, was laid before the Council.

The matter was referred to the Streets Committee with power to enter into a contract for the storm sewers necessary.

On motion it was decided that no circus, menagerie, or wild west show be allowed to show in Napanee until after July 1st.

Mayor Graham, Town Clerk W. A. Grange and Mr. J. E. Robinson were appointed a deputation to go to Toronto and discuss the agreement with the Highways Department, also the Hydro-Electric, re Gas Plant.

If Miller's Worm Powders needed the support of testimonials they could be got from mothers who know the great virtue of this excellent medicine. But the powders will speak for themselves and in such a way that there can be no question of them. They act speedily and thoroughly, and the child to whom they are administered will show improvement from the first dose.

LORD BYNG, OF VIMY, THE NEW GOVERNOR-GENERAL

The appointment of Lord Byng, of Vimy, as Governor-General of Canada in succession to the Duke of Devonshire was announced officially on Friday.

General Byng first took over the command of the Canadians in February, 1916, succeeding General Alderson. He commanded the Canadians in several victorious actions against the Germans previous to the crowning achievement at Vimy Ridge. Before the war he had seen much military service, during the South African War, 1899-1902, and in various African and Egyptian campaigns.

Julian Byng was born on September 11th, 1862, and was the seventh son of the second Earl of Strafford. Lady Byng was Mary Evelyn Moreton, daughter of the Hon. Sir Richard Moreton. They were married in 1902.

General Lord Byng, of Vimy, G.C.B., C.C.M.G., M.V.O., was created the first baron of Vimy in 1919, and his title connects him with the famous engagement at Vimy Ridge, from April 9th to May 3rd, 1917, when under the command of General Byng the Canadian corps in France, attacking on a front of 8,000 yards penetrated to a depth of six miles, capturing 7,000 prisoners and 67 guns and with them the strongest position on the British front. Gallant troops, superb generalship, and elaborate pre-arrangements were factors which contributed to the success of the Canadian corps. After Vimy General Byng was promoted to the command of the Third British Army.

Lady Byng has written several books.

A Boston man who was passing the night at a hotel in a Southern town told the colored porter he wanted to be called early in the morning. The porter replied:

"Say, boss, Ah reckon yo' ain't familiar with these heah modern inventions. When yo' wants to be called in de mawnin' all yo' has to do is jest to press de button at de head of yo' bed. Den we comes up an' calls you."

W. C. T. U. Convention.

The Twelfth Annual Convention of the Women's Christian Temperance Union for the Counties of Hastings, Lennox and Addington, was held at Camden East on Tuesday and Wednesday, May 31st and June 1st, 1921.

Beautiful weather greeted the delegates as they gathered at the opening session on Tuesday morning. Following the Devotional Exercises taken by Mrs. (Rev.) Cooke, our greatly beloved President, Mrs. Gibson, of Belleville, took charge of the sessions of the day, and which proved to be a real up-lift in every way to all present. The morning was taken up principally by the receiving of reports from the Superintendents of the several departments of work.

The Recording Secretary in commencing her report, spoke of many things which cannot be tabulated in a statement, yet which count so much, and for which our Union stands. This was especially true during the past year while we were in the midst of the Referendum Campaign, when assistance was given many mothers, while they went to the polls. Nor can we measure prayer. Because of the prompt reply from Secretaries of the Unions, etc., she was enabled to hand in this encouraging report:—Eight Unions, with membership of 446, and 4 honorary members, and holding 86 regular meetings and 20 public meetings. There is also 1 Y. with membership of 26, three Loyal Temperance Legions with membership of 43. The total money raised during the year was $1,342.55. Seven Unions observed day of prayer, and fifty pledges secured outside of Unions.

The Treasurer handed in a very gratifying report and asked the Convention to have the fees collected early in the Unions. Mrs. Dunwoody, Evangelistic Superintendent, gave a splendid report of work done in this line and emphasized the importance of the work of Evangelistic Superintendents of Unions, to whom there is being sent a list of rules. Mrs. Parks, Press Reporter Superintendent, spoke of activity in all Unions. Mrs. Rogers, Scientific Temperance Superintendent, gave some pointed suggestions for this Department. Mrs. Hatton, Peace and Reform Superintendent, reported work being done where necessary, and feels there is much women can do in looking after any in trouble. Mrs. Irvine, Citizenship Superintendent, gave a report of interest and full of thoughts. Mrs. Curry, Anti-Narcotic Superintendent, reported advancement in this department. Miss Farley, Medal Contest Superintendent, in giving her report, suggested, now that the campaign is over, that we double our diligence in this work.

Miss Dunbar, Travellers' Aid Superintendent, reported work being taken up quite generally, also the collecting of Surprise Soap wrappers by many of the Unions, and particularly the collecting of 3276 wrappers by the W. C. T. U. of Belleville. The Unions were asked to make the money value of these wrappers over to Travellers' Aid Work, as a prize for them.

Miss Gardier, L. T. L. Superintendent, brought a very fine report from the L. T. Leaves. The victory of April Fete is the greatest benefit to the work and gives this work needs following up, and Public School Boards know of the importance of the work they would insist upon it being brought into all schools.

IN MEMORIAM.

In loving memory of our dear hero, Signaller Fredrick Arthur Lancaster, Days of sadness still come o'er us, Tears of sorrow often flow; Memory keeps your picture near us Whom God called five years ago.

Youth has its raptures, but old age Its pangs;
It's certainty that sorrow soon must cease;
Christ's crown of everlasting comes at death's release.
I have loved, and then, alas! I gave,
But he who was so young, so true, so brave—
Waits there to welcome us beyond the grave.

Hall's Catarrh Medicine

Should not be confounded with "many" condition will notice that Catarrh bolsters up much more than when they are in good health. This fact proves that while Catarrh is a local disease, it is greatly influenced by constitutional conditions. HALL'S CATARRH MEDICINE is a Tonic and Blood Purifier, and acts through the blood upon the mucous surfaces of the body, thus reducing the inflammation and restoring normal conditions.

WILTON.

At the Methodist parsonage, on Monday, May 30th, Miss Vera, daughter of Mr. and Mrs. Newman Babcock, Newport, and Maitland, youngest son of Mr. John Boulton, Wilton, were united in marriage by Rev. H. J. Latimer. The young couple left by auto for Napanee.—Mr. Charles Stover spent last week in Yardino attending the Grand Council of Chosen Friends.—Several from Wilton attended the lawn social held in Yarker on Saturday evening, given under the auspices of the I. O. O. F. Lodge.—Miss Frankie Barley, Toronto, is visiting at the home of her sister, Mrs. Chas. Stover.—There will be no service in the Methodist Church on Sunday, June 12th, as anniversary services will be held in the Presbyterian Church on that day.—On June 19th the Rev. J. W. Parsons will deliver his valedictory sermon before leaving for his new field of labor in the west.

"Why is it, Sam, that one never hears of a lunatic committing suicide?" inquired the Northerner.

"Well, you see, it's disawy, boss. When a white physician has any trouble he sets down an' gits to studyin' 'bout it an' worryin'. Then firs' thing you know he's done killed himself. But when a nigger sets down to think 'bout his troubles, why, he jes' nacherly goes to sleep!"

A Prime Dressing for Wounds.—In some factories and workshops carbolic acid is kept for use in cauterising wounds and cuts sustained by the workmen. For better to keep on hand a bottle of Dr. Thomas' Eclectric Oil. It is just as quick in action and does not scar the skin or burn the flesh.

J. L. Boyes & Son

Annual Meeting of the Bay of Quinte Branch of The Woman's Missionary Society

(Continued from page 1).

soul shrivels in the process; the second, who uses her purse as a medium for selfish gratification, and the third, who accepts and uses her purse as a God-given trust.

Mrs. Laird, Strangers' Secretary, reported work done only on one year. The purpose of this department is to get in touch with the immigrant and other strangers within our gates. A Strangers' Secretary was appointed on the Board of Managers, with a Secretary in each Branch. The immediate appointment of a Strangers' Secretary in each Auxiliary is urged, so that we may get in working condition this year. It shall be the duty of the Strangers' Secretary to co-operate with the pastor in visiting strangers and the sick, also to arrange for teaching English to foreigners.

Miss —— suggested that during the year social evenings be held, to which young men be invited, thus interesting our future men in the Auxiliary work. Also to keep up missionary interest have biography of some lady missionary and read short portion at each meeting. Owing to the need and lack of leaders in prayer small groups meet and pray together in order to gain confidence.

Miss Nellie Rich prepared a paper on "Our Literature, Its Use and Abuse", which was read by Miss Taylor. Among other good things she said, "when there is no knowledge there is no interest, where there is no interest, there is no action". It is the learning in a new light that, "Other sheep have I which are not of this fold, these also I must bring" that vitalizes missionary literature. Let us fellow workers no longer remain uninformed but let us resolve to use the great wealth of missionary enthusiasm and then to arouse the enthusiasm of others.

"How to Influence the Outside Girl", was the subject of a very interesting paper read by Miss Soliman. If we interest anyone we must have something of interest. We must advertise our meetings, make it as far reaching as possible; vary the announcements. Use the press. Keep a list of new comers and give them a personal invitation.

Let every Circle member be a "Look-out Committee" for recruits. Have as many take part on the programme as possible. Every outside girl is God's outside girl whom He wants us to bring inside.

Mrs. E. W. Caffey gave a splendid address on "The Golden Rule as applied to our non-Christian Sisters". "Whatsoever ye would that men should do to you do ye also to them likewise". This command has been known as the Golden Rule, a name given to it on account of its extreme value. All that we expect and desire of others in similar circumstances we shall do to them. This makes us impartial, candid, just. This law is what the balance wheel is to machinery. It prevents all irregularities by the moral world. It is easily applied its justice is seen by all all must acknowledge its force and value. How has the Golden Rule been applied to our non-Christian sisters? One could safely say that we have in every particular done to our non-Christian sisters as we would be done by. Have we given to Missions as much of the money as we would expect men to give if men were in our places and we were in theirs? Have we sought to find out for ourselves the exact condition of our hidden sisters, and then knowing these conditions have we applied the Golden Rule? To-day, as Christian nations, can we say, and if we say, looking over the record of our past, that we have done to the non-Christian races as we would have them do to us? But let us turn to a brighter side and see for a few minutes where and how we have applied the Golden Rule. No person would claim that the Christian missionary enterprise has been the sole source of recent progress by the non-Christian world. But when all fair...ures are admitted it remains true that the main spring of human progress has been for 1900 years and is to-day the Christian faith. The moral dynamic that transformed our wild forefathers, the Saxons, Celts, and Scandinavians into civilized nations, was not science, then unborn, not politics, literature or art. It was Christianity.

What definite steps have we taken to bring our sisters into the circle of Christian civilization?

First, I would suggest the translation of the Bible or a large part of it into about five hundred different languages or dialects. This has indeed been a gigantic task. We owe everlasting debts to such men as Crawford, in Central Africa, and Carey and Martin in India, Judson in Burma, and Morrison and Williamson in China. Secondly, let us look at the second form of social service rendered by our missionaries, first educational. Take the schools,—they give training to the children of Christian parents and equip men for Christian careers. Second, they give to the missionaries access to the plastic minds not yet blinded by false teaching. Third, they form a point of contact with the non-Christian homes around them, they train leaders, ministers, laymen for the native church, without which native leadership can never prosper. Fifth, they diffuse knowledge of the Christian Bible, Christian songs, and Christian habits. The need of one achievement has been along the medical line and here we enter a most fascinating field. Wherever our missionaries are working to-day they are attempting to minister to the entire life of man. The "Healing of the Seamless Dress", once confined to Palestine, is now carried to the ends of the earth. The women of the harem for centuries inaccessible to any Christian message, are now easily approached by the woman physician and the trained nurse. Our medical missionaries reaching the soul through the body, and the body through the soul, are girding the globe to-day with the most modern and most intelligible of all versions of the Christian Bible.

Lastly, I would mention social reform. The work of the missionary is not all constructive. Sometimes he must tear down and uproot before he can plant new crops. We have moral evils flourishing in our lands before there is this difference, they are not consecrated and protected by our religion. Drunkeness, licentiousness and cruelty exist in London and New York as well as in Calcutta and China, but in London and New York they exist in spite of our religion, in Calcutta and China they are protected and encouraged by religion. Has the Golden Rule been applied to our non-Christian sisters? We have fallen short in its application, but thank God, to-day the young widows of India are no longer buried on funeral pyres. Again the opposition of the missionaries to the foot binding of women in China has been constant and in recent years has stirred the Chinese themselves to serious reform and with the freeing of the feet has come to some extent the freeing of the mind.

To-day we need women training in the healing art, women of penetrating minds, indomitable patience, women strong and fearless, women winsome and womanly who will offer themselves either as missionaries or in other departments of work who will live their lives in non-Christian lands. For every woman who maintains in the foreign field a Christian home is an object lesson in the community around her. There are to-day thousands of young Canadian women living petty lives, because devoted to petty tasks. Let us go forward and possess all the lands. Our northern Canadian sisters dimly realize that they stand on the threshold of a brighter day. Democracy is spreading. Christianity comes as a social salvation. To all our non-Christian sisters, burdened, weary, sadly wise, comes the great offer "Behold make all things new".

Miss Turner, of Campbellford, gave a very helpful and inspiring talk, taking for our subject Queen Esther, giving us four reasons why Queen Esther and we were living to-day would be a member of the W. M. Soc. First, she became a member of the King's household. She got into saving relationship which gave her the right to ask requests and to expect to have them granted. Second, she became interested in the stranger without the gates. Have we ever become as interested in Jesus Christ who suffered without the gates? Third, she became a personal worker. She asked the maids in the palace to fast with her for three days. As a member of the W. M. S. she would do intelligent personal work, getting others interested in the work. Fourth, Esther worked. She went to the king. She was actuated by the same spirit which possesses our missionaries.

Miss Turner concluded her remarks with an appeal to the Government in words, works, money and prayer to heed John 3:16 heard around the world.

(Balance of report next week.)

SUCCESSFUL BROADWAY COMEDY. "IT PAYS TO ADVERTISE"

It is good news that we announce Percival Vivian, the great Broadway star, is coming back this summer. He will be remembered for his wonderful acting two summers ago in "Seven Keys to Baldpate," and before that in the Ben Greet productions of Shakespearean plays. He is a protege of Ben Greet, who brought him to America from London many years ago. Vivian was a success in London and has played before royalty. In New York he has been both actor and producer—highly successful in both. By paying a large salary for Vivian and a large sum for the royalty on "It Pays to Advertise", it is possible to present this summer the biggest play success ever undertaken in Chautauqua.

The Story of the Play.

The comedy success, "It Pays to Advertise" is known as the leading laugh-producer of all the successes of George M. Cohan. It has drawn large audiences in all the large cities of the English-speaking world, and has kept the boards for ten years.

The story is that of a rich father, whose son was a lazy spendthrift. The rich man's stenographer, as a result of a wager with him, induces the son to get busy. The son becomes associated with a man who is soaked in the secret of advertising and they go into the soap business.

These young business adventurers concern themselves not with the manufacture of soap, but with advertising it. Their whole business venture is based on advertising. They have very little money but use their wits to get credit. Their advertising campaign is a tremendous success—orders come in by the thousands. It is then that the weakness of their business system manifests itself—they had forgotten to make any soap. At about this time their advertising bills become due and bankruptcy faces them. However, by shrewd manipulation of their resources and by mirth provoking subterfuges they stave off failure and manage to sell their trademark and orders at a big profit to the soap trust, of which the father is the President.

The play abounds in humorous situations that have an appeal for everybody, and without a doubt this great comedy-drama will be the most successful that has ever been produced at Chautauqua.

Well-Balanced Cast Secured.

Mr. Vivian has the entire theatrical field from which to select his cast. Many theatres are closed in the summer, which means that splendid actors and actresses are not employed, and, therefore, welcome an opportunity to join a Chautauqua company. He explains why a better cast can be secured for summer than for a company booked 40 to 50 weeks during the months. While Mr. Vivian will play the leading role, he has surrounded himself with an excellent cast, each adapted to his or her part. All have appeared on Broadway successes and are artists of experience. The usual high class of work given in the proper staging of the play and a finished theatrical production may confidently be expected. 22a

—The Napanee and Picton Golf Clubs played a match on the Napanee Golf Course yesterday. The game was very keen and interesting, the Napanee Club winning by 13-6. After the game the contestants resorted to the Campbell House Hotel, where a nicely prepared dinner awaited them. All parties concerned had a most enjoyable afternoon.

—The Napanee Ladies' Bowling Club held their first meeting of the season at the Club Rooms on Friday afternoon. Owing to unfavorable weather the men could not play off the games which had been arranged for the holiday, but notwithstanding the uncertainty of the weather a great number of ladies turned out and afternoon tea was served. The Executive Committee had charge of the refreshments. Mrs. J. E. Madden, President, poured tea, assisted by Mrs. C. I. Mayloe. The following ladies also lent their assistance: Mrs. P. Gleason, Mrs. E. L. Bedore, Mrs. E. I. Boyle, Mrs. E. J. Pollard, Mrs. M. Taylor and the Misses E. Hawley, C. Grange and G. Mclaughlin. Judging by the prospects, the Ladies' Club will be very successful.

CAMDEN EAST.

Mrs. (Rev.) Spencer, of Gananoque, spent last week end in the village, her former home, with Miss L. WEDDINGS.

Huxtable—Taylor.

A very interesting wedding was solemnized on Wednesday morning, June 1st, 1921, at 10.30 o'clock, at the home of Mr. and Mrs. L. H. Stover, Camden East, when their niece, Miss Genevieve Taylor, graduate nurse of Hamilton Hospital, was united in marriage to Dr. E. W. Huxtable, of Newburgh.

The bride, who was unattended, entered the drawing room with her aunt Mrs. L. H. Stover, and looked charming in her going-away suit of navy tricotine, maize Georgette blouse and black mohair hat.

The ceremony was performed by Rev. H. J. Latimer, Pastor of Camden East Methodist Church, and the wedding marches were played by Miss Alice Williams. Immediately after the signing of the registry, Dr. and Mrs. Huxtable left for a short motor trip in the Doctor's new car. On their return they will reside at their beautiful home in Newburgh.

The Doctor and his bride have the very best wishes of Camden East and community. During the sickness of the past few winters many of us have cause to be grateful for the Doctor's kind and skillful ministrations which we cannot forget. Mrs. Huxtable as well has come to the rescue in many an emergency, and will be very much missed from our homes. The Church and Choir are losing one of their active and helpful workers, but we are glad that she is not going so far but that we may see her often. May their lives be long, happy and prosperous together.

McFadden—Ansley.

Barrie's first June bride for 1921 started on the matrimonial voyage the first day of the month. Miss Hazel Maud Ansley and Mr. Ephriam McFadden, of the Superintendent's staff, Grand Trunk Railway, Allendale, were married at the home of the bride's parents, Mr. and Mrs. J. W. Ansley, No. 4 Collier St., Barrie, formerly of Newburgh, on Wednesday afternoon.

The bride, who was given away by her father, in a bower of roses and other blossom decorations, wore her going-away suit of navy blue and a jet maline hat. She carried a bouquet of ophelia roses and was unattended. The ceremonw was performed by the Rev. R. J. Fallis, of Collier St. Methodist Church.

Besides immediate friends, the out-of-town guests were, Mr. and Mrs. H. F. Bell, of Napanee, and Mr. and Mrs. Ralph Langdon and children, of Bracebridge, sister of the bride.

Numerous presents, including cut glass, silverware and china, were showered upon the young couple. The groom's gift to the bride was a handsome chrome.

Mr. and Mrs. McFadden left on the 5 o'clock train for a honeymoon to the Pacific Coast. En route they will visit Mr. and Mrs. J. S. Galbraith, of Vernon, B.C., sister of Mrs. Ansley, and his uncle at Vancouver. Following a thirty day honeymoon trip, Mr. and Mrs. McFadden will reside in Allendale.—Barrie Examiner.

Amey—Lemmon.

On Wednesday, May 18th, 1921, a quiet little wedding was solemnized at Morven, at the home of the bride's brother, when Grace Luella, only daughter of Mr. and Mrs. D. H. Lemmon, was united in marriage to Alfred Ernest Amey, both of Ernesttown. Rev. R. C. Tait officiated. The parlor was prettily decorated with lilacs. The bride, who was given away by her father, looked charming in a gown of shell pink silk with silver trimming, and was attended by her sister-in-law, while her brother acted as best man. The groom's gift to the bride was a gold wrist watch, to the bridesmaid a gold brooch, and to the best man gold cuff links.

After the ceremony, which was attended by the bride's relatives and a few friends, they proceeded to the dining room, where a nice supper was served. Shortly after Mr. and Mrs. Amey left for the groom's home, the bride wearing a white silk crepe-de-chene blouse trimmed with blue embroidery and beads, copenhagen silk poplin skirt, fawn coat, white fur and white hat with pink trimming. All join in wishing Mr. and Mrs. Amey a long happy wedded life. Among the presents was a twelve-piece Pyrex cooking sett.

ON November 30th last, the Muskoka Free Hospital for Consumptives was destroyed by fire.

On January 14, this year, Sir William Gage, founder of the institution—the one man who had contributed most largely to its support, and for twenty-five years the outstanding friend of needy consumptives—died.

The Muskoka Free Hospital for Consumptives, destroyed by fire on November 30th last, must be replaced by buildings, larger and fireproof.

Accommodation is needed at the Muskoka Free Hospital for 400 adults in early stages of the disease. This will ensure 250 of them to their homes and loved ones—cured. The remainder will be greatly benefited.

A few months for each patient soon means thousands cared for.

Funds are urgently needed for this work.

Again—adults in advanced stages must be treated at the King Edward Sanatorium, on the banks of the Humber, near Weston. Extensions are necessary. Many of these patients can be saved.

And again—little children—stricken with the dread disease—must be cared for at the Queen Mary Hospital for Consumptive Children, near Weston. Ninety per cent. of these are saved to become healthy men and women.

Funds are urgently needed to cover the cost of extensions.

Further, funds are urgently needed to carry on the work of The Gage Institute in the City of Toronto, where the needy poor come for free examinations, including X-ray, and for medical and nursing assistance.

Fifteen thousand needy consumptives have been cared for to date at the hospitals conducted by the Association.

"Every Needy Consumptive Must Still be cared for"

YOUR TEETH.

By Rea Proctor McGee, M.D., D.D.S.
Editor of Oral Hygiene

THE MAGIC OF THE TEETH.

No other person has ever seen a picture or a landscape of a beautiful face or a sunset just as you see it.

No one has ever heard a piece of music or a thunderstorm just as you hear it.

When you and your dearest friend read the same book or hear the same story you will always differ a little in your understanding of it.

This is because every impression that comes to you is moulded by your own personality. Your personality is like an export and import tax; it touches every act of it—it affects every impression, both coming and going.

Personality is the sum of all of your experiences and of your ideas and of your memories, plus your physical condition. Your appearance is a large factor in your effect upon other people; it is one of the great factors in your effect upon yourself.

We all love magic and the supernatural because the everyday humdrum of solid fact gets upon our nerves.

Fairy tales are not for children, they are for grown-ups.

We call them "novels" and we always expect the magical power of good to overcome the sorcery of evil.

Our heroes and our heroines we always endow with beauty, health, energy or youth, because in our experience these conditions give a desirable personality and contribute to a happy present and a genial old age.

Our villains we endow with forbidding faces, crooked bodies, often with ill-health, because we know that these things warp the disposition and frequently change a pleasant personality into an unpleasant one.

Did you ever hear of a beautiful heroine or a manly hero whose smile showed a row of decayed teeth or inflamed gums? Do you remember how quickly "Dr. Jekyll's" even and beautiful teeth changed into protruding snaggle teeth when he became "Mr. Hyde?"

Your mouth and teeth make up seventy-five per cent of your facial expression. Who wants to look like "Mr. Hyde"?

"Copyright 1921, by Rea Proctor McGee."

Rinso

Soak the clothes—the dirt rinses away

RINSO is not a cake soap, not a chip soap, not a washing powder, but fine granules of wonderful cleansing power that soak the dirt out of your clothes. Dirt is so thoroughly dissolved that it floats away in either warm or cold rinsing water. This does away with the boiler and wash board—it makes wash-day work truly easy and simple.

If You Have a Washing Machine—

Soak the clothes overnight in the usual Rinso way. The cleansing suds loosen every bit of dirt. In the morning operate the machine for a few minutes and the clothes are perfectly clean—even the most soiled spots.

SKIN DISEASES AND CONSTIPATION

What Mr. G. Proaton, Gordon St., Ottawa, says:

Gentlemen:—It is a great pleasure for men to recommend Dr. Henderson's Herb Treatment for constipation, having received great benefit from them in that respect, also your Hou-Tan Ointment. Ten months ago my youngest child, which was then eight months old, had her head all covered with boils. We purchased a box and of a short time, they all disappeared, and she has now a beautiful head of hair, which convinces me that it is a splendid preparation for the hair, as well as curing the disease. No family should be without a preparation of that kind in their home.

Dr. Henderson's Herb Tablets and Hou-Tan Ointment are two excellent preparations for all forms of skin diseases. Don't fail to give them a trial and you like others would not be without them in your home.

THE TORTURES OF RHEUMATISM

Happily Stopped When He Began To Take "Fruit-a-tives"

3 OTTAWA ST., HULL, P. Q.

"For a year, I suffered with *rheumatism*, being forced to stay in bed for five months. I tried all kinds of medicine without relief and thought I would never be able to walk again.

One day while lying in bed, *I read about "Fruit-a-tives"* the great fruit medicine; and it seemed just what I needed, so I decided to try it.

The first box helped me, and I took the tablets regularly until every trace of the Rheumatism left me."

VIOLET.

Mr. Thos. Clancy raised a fine barn on Saturday. A large number of friends and neighbours came to his assistance.—On May 19th a demonstration of ploughing was done on the farm of H. Drew & Sons, by the Fordson Tractor. A number of farmers called to see the wonderful little tractor plough its way along. The following Monday a competition of ploughing was done on the farm of Ernest Wright by the Samson and Fordson Tractors. Farmers from far and near enjoyed the demonstration. — Ross Sager and Roy O'Neil have secured the contract for drawing the extra supply of milk to the Condensery. — Mrs. Jas. and Miss May Macdonald were the guests of Mrs. Clarence Drew on Monday afternoon.—Mrs. W. Brown has returned to her home in Peterboro, after visiting her sister, Mrs. W. H. Drew.—Mr. and Mrs. W. Close and Mr. and Mrs. Arch Close motored to Verona on a fishing trip, May 24th.—Miss Hilda Taft spent the holiday at her home in Kingston.—A number of our neighbours are enjoying new cars, Mr. Herbert Robertson a Chevrolet, Mr. Kenneth Valentyne a Chevrolet, Mr. Ernest Clark a new Ford, and Mr. Harve Smith a McLaughlin. — Sir. Alfred Shewell's clothing caught in the belt of his saw mill on Thursday morning. He was fortunate enough to suffer no serious injuries, but was badly shaken us. — Mrs. Jas. Lake, Long Lake, and Mr. and Mrs. George Drew, Desmond, spent Friday at Henry Drew's.—Mrs. Ernest Wright spent Thursday the guest of Mr. and Mrs. Jas. Dunlop, Kingston. — The Entrance pupils, Edna Lemmon, Ford Scouten, Earl Peters and Willie Smith, pupils of Miss Greta Anselstine, tried their first exams. at Odessa, on Saturday.—The Sunday visitors were: Mr. and Mrs. Snider at W. Close's; Mr. and Mrs. A. H. Scouten and Ford and Archie at Verona; Mr. and Mrs. J. O'Connor, Mrs. D. Wright, Watertown, and Mrs. George Detlor, Odessa, at E. A. MOSCOW.

The copious showers of the past two weeks have transformed the whole country-side into a landscape of beauty and the heart of the farmer is rejoiced. The grain crop is very promising, but it is not expected that the hay will be a very heavy crop this year. The planting is about completed. There seems to have been more corn sown this year than usual, but the acreage of potatoes in this section is the smallest in years, so look out for a scarcity this fall with higher prices than prevail at present. — We are pleased to note that Mrs. C. A. Baker and Ward returned home from the Kingston General Hospital on Saturday last.—Mr. Wm. Close is erecting a fine new addition to his barn, with Mr. Clancy, of Wesley, as the contractor, and Mr. Albert Pearson, our genial mail carrier and butcher, has broken ground for a forty foot poultry house.—The school house is nearing completion, McKelvey & Birch, of Kingston, being the contractors for this public work.—Mr. Henry Huffman, our local carpenter, has just completed a fine new building for Mr. Marshall Millsap, of Colebrooke, and is at present engaged in building a new basement for Sanford Degroff.—Mr. Charlie Amey, our Census Enumerator, is making his rounds, and finds his work more arduous than was anticipated.—The County Road machinery has reached this district at last, and we are informed that the Engineer, Mr. Anderson, is under sealed orders to start at Colebrooke and proceed on the County Road, with the repair, toward Moscow, but we were unable to learn how far; however, we presume that the Lord, the Reeve and Mr. Anderson know.—Quite a number from here attended the I. O. O. F. lawn social at Yarker on Saturday evening, and report a good time.—Baseball is a topic for conversation here and two of our local fans will complete the Yarker team for the season's contests.—Now, Mr. Editor, the budget from Moscow being heavier this week than usual, I had almost forgotten to tell you that the big event of the season, in so far as Moscow and the County of Lennox and Addington is concerned, is the big lawn social which will be given by the Orangemen, at Moscow, on the evening of the 16th June, when all the roads will terminate here on that occasion, and the tickets cost only 25c.

Mr. M. R. Reid, of Sharbot Lake, I. P. S., made an official visit to the Public Schools in this vicinity last week, and Mr. W. Pringle, of Arden, Provincial Road Inspector, made an examination of some of our public roads.—F. Stein and Chas. Both have commenced their work as Census Enumerators in their respective districts.—The Court of Revision of this year's assessment roll was held at the Denbigh House on May 28th, and the decisions made were not all to the satisfaction of the appellants.— The Spring session of the 9th Division Court was held in Chas. Both's Hall on the 31st ult., Judge H. A. Lavell, of Kingston, presiding. Three interesting cases were up for trial, and the spacious hall was not large enough to accommodate all the persons who had come to listen to their disposal. — Mrs. E. Norris, of Napanee, is enjoying a visit with her parents, Mr. and Mrs. Falk, here at her old home. — Mr. Geo. Ball, of Palmer Rapids, is for a few days a welcome visitor of his parents, Mr. and Mrs. S. Ball.— Mr. J. Youmans, of Tweed, also spent a few days here partly on business and visiting relatives and old friends and former neighbors.

AND WE VOTED "YES"

'Twas a balmy summer's evening
And a goodly crowd was there;
Such dope we got in days gone by,
But now it seems threadbare.
No more gin rickys can we have,
Or highballs when we choose;
Since the old bartender lost his job,
We've kissed them fond adieus.
The sawdust and the polished rail,
Departed with a shock;
And bums in back lanes whisper now
Do you want to buy a crock.

PLAIN TALK NO. 5

Dear People,—No doubt you will be a little surprised at us for our past methods of advertising; occasionally our old customers, for thuy know us well and expect something out of the ordinary. We must apologize for repetition, as business is always more than brisk at this season and calls for our efforts so urgently that we scarcely find time to eat. Now, there is a reason for our success, and let us briefly state we mean to stick to our ideals. Our leather and workmanship is, and always will be, of the very best. We work on a small margin and give satisfaction to all. As you are aware, there are several grades of leather and it is possible to have boots fixed at a very low cost, but, not so with us; we handle nothing inferior in quality, are best by far, so compare our work with others and be convinced. Our prompt service is also an item worthy of mention for we do everything same day as received. So all work left in the morning can be had that evening. We also carry the only unbreakable Shoe Laces in town. Don't ask for five cent laces for we would not handle them. Some good second-hand Boots for sale, cheap. Rubber Heels in a very few minutes. Yours for neatness and despatch.

Napanee Won From Deseronto.

An interesting game of baseball took place at the Napanee Driving Park on Saturday, between the clubs of Napanee and Deseronto Public Schools, the former winning by two runs. The score was 11 to 9. Rodgers and Stewart pitched a good game for Napanee, while Maracle and Holligan did good work for Deseronto.

BASEBALL AT ODESSA.

After getting off to a bad start against Bath on Wednesday evening, June 1st, the Odessa Juniors tightened down and won, with the score of 18 to 14. It was a steady batting practice for Odessa, while at the same B. Cairns held the Bath team down pretty well. B. Cairns apparently was out of his batting stride but McConnell, Emmons, N. Kilgannon and C. Cairns all hit for extra bases, McConnell and Emmons both hitting twice for three bases, and N. Kilgannon's and C. Cairn's big hits being doubles to the left of centre field. This is one game apiece for these two teams and doubtless the next one will be real interesting. The line-up:—

Bath—M. Mellow, 1b.; Putman, c.f. and 3b.; Calver, 2b. and c.f.; White, r.f.; G. Mellow, c.; Holt, p.; Hoselton, l.f.; Young, s.s.; Mott, 3b.

Odessa—N. Kilgannon, 3b.; V. Kilgannon, r.f.; Emmons, c.; Kerr, c. s.s; McConnell, 1b.; C. Cairns, c.f.; O'Neill l.f.; B. Cairns, p.; Kilgannon, 2b.; Fynn, 2b.

The score:—

Bath	0	1	3	0	1	0	0	3	0	—18
Odessa	1	0	3	2	2	1	1	3	2	x—18

SPAFFORD—SPAFFORD

A pretty June wedding was solemnized Saturday, June 4th, at 12 o'clock, at the home of Mr. and Mrs. J. M. Spafford, Switzerville, when their daughter Helen Geneva was united in marriage to Wallace Christopher Spafford, of Toronto, son of the late W. and Mrs. Spafford. The house was beautifully decorated with pink and white roses and ferns. The bride, who was escorted by her father, looked most charming in her gown of white crepe-de-chene and lace edged with seed pearls and finished with bands of ermine for delicately lined with the palest pink georgette. She carried a huge bouquet of ophelia roses and wore sprigs of orange blossoms in her hair.

The groom's gift to the bride was a handsome solitaire pearl ring. The bride's only sister, Mrs. H. W. Kaylor, of Morven, played Lohengrin's wedding march. After the ceremony, which was performed by Rev. E. B. Cooke, Newburgh, the guests partook of a very dainty buffet luncheon, after which the happy couple, on leaving by motor for Ottawa, were showered with rice and confetti.

The bride looked lovely in her traveling suit of brown silk tricolette embroidered in brown silk and trimmed with tangerine silk, and wore small brown hat with veil to match. Mr. and Mrs Spafford will reside in Toronto.

Among the numerous gifts were a handsome check from her father and mother and a large silver platter from the church.

Those who attended the wedding from a distance were: Mrs. J. S. Bawlaine, of Kingston; Mr and Mrs. Bruce Spafford, of Toronto; Mr. and Mrs D. Spafford, Mrs. G. F. Spafford and Mrs. W. Spafford, Picton; and Mrs. Rupert Sizeman, of Toronto.

All Chocolates at Hooper's Drug Store are now sold at pre-war prices. You pay no luxury tax.

OF SPECIAL INTEREST

to householders who have not done any papering to their walls this spring, but who have rooms that should be done. Our sales this season have broken all records, but we started with a stock of almost double the usual size, and in order to further reduce will offer for two weeks, bargains that cannot be surpassed anywhere. It is not because we are afraid that the prices will be lowered by the manufacturer before another season, in fact, they are all agreed that there is no chance of a drop in wall papers; raw material and labor keeping just as high as at any time during the war. We have quite a number of lines, good stock, up-to-date patterns and coloring, that we will offer at prices lower than same goods can be bought for at the factory to-day. Handsome lines for kitchens, dining rooms and bed rooms at 18c. per roll, that are sold everywhere at 25c. And so on, up to 60c. paper, now offered at 35c. If you think of doing any papering the present year, you will not regret it if you buy your paper from us, and do it now.

We will offer at actual cost every Boy's Wagon, Cart and Wheelbarrow in stock.

Base Balls from the cheapest for the boys up to the official League.

Window Shades, Room Mouldings, Picture Hooks, Push Pins, etc. If you paper a room and have it pleasing to the eye, do not spoil it by driving in nails on which to hang your pictures, but spend a few cents more and put up a picture moulding.

Bring in those Pictures you want framed, and have them done now before they get soiled.

Tommy was always a troublesome boy and at grammar he was always at his worst.

"What gender is 'phonograph'"? asked the teacher one day.

"Feminine gender," promptly replied Tommy.

"No, no; it's neuter!" returned the teacher sharply.

"Well, it ought to be feminine," was Tommy's unblushing reply; "'cause it repeats everything it hears!"

SPENCER—KAYLER.

A very lovely wedding took place at the home of Mr. and Mrs. Richard Hubbs, Paul St., Picton, on the evening of Wednesday, June 1st, 1921, when their niece, Frederica May Kayler, was united in marriage with Calvin Clapp Spencer, of Midland, son of Mr. and Mrs. C. C. Spencer, King St., Picton. Rev. Alfred Brown, B.A., B.D., performed the ceremony, and Miss M. U. Tobey played the wedding music. The drawing room was decorated with fragrant syringas, which were wreath ed above the windows and mantel, and arranged in huge bouquets, the space allotted to the bridal party being banked with ferns. The living room was bright with mauve and yellow irris, while the dining room was irris and yellow roses. The bride wore a pretty white shoe with sweetheart roses and ferns, while the hall was sweet with white and pink garden flowers.

The bride, who was given away by her uncle, was charming in an exquisite gown of white crepe meteor, overdress of chantilly lace with pearl tassels, narrow train and long veil of filmy net, caught with orange blossoms, and white slippers. She carried a shower bouquet of Ophelia roses and lily of the valley, and wore a beautiful necklace of pearls, the gift of the groom. The bride was gift of the groom. The bride was attended by her cousin, Miss Bernice Kayler, of Morven, who was gowned in turquoise blue kitten's ear charmeuse, adorned with silver lace, silver slippers, and bouquet of Russel roses and maize sweetpeas. The groom was supported by his brother, Dr. Harry Spencer, of Picton. The groom's gift to the bridesmaid was a silver vanity case and chain, and to the groomsman, a handsome travelling bag.

Following the ceremony and congratulatory period the bridal supper was served, the table, with the wedding cake in the place of honor, being fragrant with sweetheart roses in cream and white. Mr. C. Clapp Grant proposed the toast to the bride the groom responding. Other toasts were "The Bridesmaid" proposed by Mr. J. H. Porte and "The Parents" by Mr. Robert Dulmage, the groomsman responding to the former and Mr. Richard Hubbs and Mr. C. Clapp Spencer to the latter. Mr. Grant also called upon Mr. D. H. Spencer, grandfather of the groom, who added a few appropriate words. Contratulatory telegrams were read and messages from friends unable to be present.

Mrs. Hubbs was gowned in navy blue charmeuse enriched with lace and lace scarf. Among the guests noted were the bridesmaid, Miss Mrs. Dwight Kayler, Toronto, in beaming frock of King's Blue; brother uncle, Mr. Gideon Grant and Mrs. Grant of Toronto, the latter in handsome orchid taffeta; Mr. and Mrs. Edward Charles and Wray Kayler, of Morven, also aunts of the bride with Mrs. Edward Kayler in black crepe de chine prettily embroidered in silver; Mrs. Mrs. Mrs. Mrs. Dwight Kayler, Toronto, in beaming frock of King's Blue; brother uncle, Mr. Gideon Grant and Mrs. Grant of Toronto, the latter in handsome orchid taffeta; Mr. and Mrs. Edward Charles and Wray Kayler, of Morven, also aunts of the bride with Mrs. Edward Kayler in black crepe de chine prettily embroidered in silver; Mrs.

What It Means to Own a Velie

It means the satisfaction of knowing that you are driving the Authoritative Style—the Pattern Car of 1920—so acknowledged at the shows and in every big motoring center.

It means more power than you ever had in a light six before—money saving power from the amazing new motor with internally heated vaporizer burning low-grade fuel. Performance equaled by few, not excelled by any other car in the light six field.

It means the comfort of deep-tilted, soft-plaited, genuine leather upholstery—more conveniences—new ideas everywhere. Six models, open and closed, to choose from. A car for your need or preference.

W. C. T. U. Convention.

Following is the report of the second day's proceedings of the 12th Annual W. C. T. U. County Convention of Hastings, Lennox and Addington, held at Camden East, May 31st and June 1st.

(Continued from last week).

Opening exercises were led by Mrs. Vannest, of Enterprise.

After reading of Minutes and Roll Call, the following officers were elected:—

Honorary President—Mrs. Williams Belleville.

President—Mrs. Gibson, Belleville.

1st Vice-President—Mrs. N. Miller, Napanee.

2nd Vice-President—Mrs. R. Graham, Trenton.

Treasurer—Miss Reeves, Belleville.

Recording Secretary—Miss Farley, Belleville.

Corresponding Secretary—Mrs. O. N. Rockwell, Napanee.

L. T. L. Secretary—Mrs. Benjamin Denison, Selby.

Associate Secretary—Miss Gandier, Newburgh.

While the officers were being elected Mrs. Lockwood, of Enterprise, gave her report on Temperance in Sunday Schools, showing that Enterprise is certainly the banner union in this department.

Mrs. Pugsley closed the session with noontide prayer.

Wednesday Afternoon.

Devotional Exercises were concluded by Mrs. Armitage, after which the following Superintendents were appointed:—

Evangelistic—Mrs. Crow, Trenton.
Citizenship—Mrs. (Rev.) Irvine, Selby.
Anti-Narcotic—Mrs. Curry, Trenton.
Flower and Fruit—Miss Hill, Belleville.
Moral Education—Mrs. Dunwoody, Newburgh.
Parlor Meetings—Mrs. Douglas, Napanee.
Law Enforcement—Mrs. Armitage, Napanee.
Press—Mrs. Parks, Napanee.
Scientific Temperance—Mrs. (Rev.) Rogers, and Miss Anderson, Napanee.
Temperance in Sunday School — Mrs. Lockwood, Enterprise.
Medal Contest—Mrs. J. L. Wilson, Enterprise.
Exhibition and Fairs—Mrs. Pringle Selby.
Travellers' Aid—Mrs. J. W. Perry, Camden East.
Missionary, Lumber Camp — Mrs. Elizabeth Sexsmith, Wilton.
Canadianization—Mrs. Geo. Cole, Belleville.

Mrs. Pugsley then conducted a "School of Methods", showing how any department may be developed. She emphasized that through a parlor meeting more people may become conversant with the work, which they need only to know to become interested. She spoke of the scientific effect of alcohol on the system, and many other interesting truths.

Mrs. Miller presented a plan of work for the following year.

1. That the Evangelistic Superintendent of the Unions urge the members to a more faithful observance of the noontide prayer.

2. That typewritten suggestions, as given by Mrs. Dunwoody, be sent to each Evangelistic Superintendent in the County and to Provincial Evangelistic Superintendent.

3. That posters be used in each Union for educational use in teaching Scientific Temperance.

4. Recommended that each Union set apart a sum of money called a Thanksgiving Fund, administered under the Executive and scattered helpers for the increasing of membership and extension of work.

5. Recommended that each Union contribute of their funds to augment the County funds.

Miss Lucy Anderson, as convener of Committee, submitted the following resolutions:

1. Whereas conditions all over our land have made woman's work more strenuous and as the legal knowledge of our women cannot be maintained without correct information, therefore be it resolved that each year the latest amendments to the laws re status of women, and those of special importance to our W. C. T. U. department of work, be printed in our annual Provincial Report, that those already printed be thoroughly revised such as sec. 2, page 171 of report, etc. so those women just awakening to their responsibilities may get the latest revised "Abstract from Law".

2. Resolved that we impress on Unions the necessity of all Travellers' Aid Superintendents co-operating in the safeguarding of our young people by keeping in touch with Dr. Sara Detweiler.

3. Resolved that we urge our W. C. T. U., as a body, to press for a stricter enforcement regarding the censorship of the character of the moving pictures, that they may be used to elevate instead of lowering the moral tone of our youth.

4. Resolved that the County of Hastings, Lennox and Addington are in agreement with the Provincial Union in engaging a Scientific Temperance Secretary.

5. Resolved that this Convention place itself on record as heartily disapproving the present form of prevailing fashions and that they form themselves into a dress reform league to stand for a hygienic, modest and moral style of dress, and would recommend a membership campaign for the same, under the Moral Education Department. Also that they memorialize the Branch W. M. S. meeting in Napanee, June 7th to 9th.

6. Resolved that we tender our heartiest thanks to the entertaining Union, who has so cordially ministered to our comfort, and to our hostesses, who so kindly welcomed us to their homes; also to the Choir and other singers, and to all who brought greetings and good wishes to our Convention. To all who have in any way contributed to make this, our twelfth convention, a success.

We are especially indebted to Mrs. Pugsley, our Provincial Officer, for practical information and her most able and entertaining address.

Mrs. Dickson, President Camden East Union, responded.

Moved and carried that Mrs. Sexsmith be delegate to Convention at London.

Convention was closed by singing "God be with you till we meet again".

BASEBALL AT BATH.

The Odessa Junior team won its second game with Bath on Thursday evening, in a close and exciting match. The final score was 10 to 9. Hall, pitching for the home team, kept the hits pretty well scattered until the seventh, when eight men faced him, bringing in half that number of runs. B. Cairns was hit steadily until the end of the fifth and it looked as though Bath had the game, but he tightened down and held the home team scoreless while his team mates tied the score. Emmons proved himself a first class back stop when he stopped a ball with his knee in order to keep a runner on third. In the ninth both teams resorted to pinch hitting. B. Cairns tripled and came home while W. Kilgannon was batting "Billy" then flied out and McConnell struck out. N. Kilgannon singled and Emmons knocked his second three-bagger of the game. Kenyon knocked a grounder and reached first, but O'Neil was threw out at first. For Bath, M. Mellow fouled to N. Kilgannon, Northmore tripled and G. Mellow doubled, but was caught a moment later between B. Cairns and N. Kilgannon. Hall tripled for the second time during the game, and Calver, batting for L. Daverne, fanned.

The line-up was as follows:—

Odessa—Kenyon 2b., O'Neil 1.f., B. Cairns p., W. Kilgannan r.f., McConnell 1b., C. Cairns s.s., W. Kilgannan c.f., N. Kilgannon 3b., Emmons c.

Bath—M. Mellow 1b., Northmore s.s., L. Daverne 3b., Armstrong l.f., G. Mellow c., White r.f., Mott r.f., Young c.f., C. Daverne 2b., Hall p.

The score,—

W. M. S. CONVENTION

(Continued from last week).

Evening Session, Wednesday.

The ladies of Napanee Auxiliaries provided most excellent entertainment in half-hour recitals preceeding the evening sessions given by an orchestra in Grace Church on Tuesday evening, and by the Organist on Wednesday evening in Trinity Church.

On Wednesday evening a very colorful and delightful pageant, "The Striking of Canada's Hour", was presented by the members of the Mission Bands. It was excellently rendered and presented in an attractive way the extent of Canada's opportunity and the demands of her responsibility.]

Mrs. (Rev.) Garscallen, of Chentu, China, delivered a very able and comprehensive address on Wednesday evening on "The Status of Women in Non-Christian Lands".

By way of introduction she explained that eighteen years ago she and her husband went to China under the General Board and during that time have been doing educational work, and she expressed great admiration for missionaries of the W. M. S.

Speaking directly of her subject she emphasized three signs of a new day. First, a changed attitude towards women by men. Second, a craving for education amongst adult women, by the under-privileged women—women of this class just waking up. This craving will have its effect on the future work. Third, a large increase in girls' school under Government and Missionary control. There has been a large increase in attendance, there being in six years, seven times as many girls, and three times as many boys. Four Women's Clubs and Societies have been organized, five women's magazines edited, and conventions for self-improvement held.

The women are in one of three stages of development, the primitive stage, the self conscious stage, or the stage of voluntary self-sacrifice. Many have passed through the first stage, and are to-day in the second stage. They ask for education, amusement, political power and rights. One effect of the revolution in China was the new status of women. No wonder many a woman is thrown off her balance by unexpected liberty. This craving for power is a good movement if it results in drawing restless souls into the full liberty of Christ, but this presents no easy task.

Some of the women have reached the stage of voluntary self-sacrifice, and these are the hope of the nation.

The entry of the Government into educational affairs has changed our problems, and how to meet the present crisis is the problem of the Mission Board. Many of the Government schools for girls will graduate a great mass of half-educated girls, inadequately fitted for the struggles of life.

The walls to guard woman's purity are rising very slowly. If they are not built, her future state will be worse than the first. The missionary training safeguards the women and we find Christian education in her trail.

A new emphasis is being placed on Primary work. The proper place to begin is at the kindergarten, where we have the child at the impressionable age. Household Science and all it represents is receiving attention and as so few of the women will enter professions, it is wise to train them in home-making.

The progress of any country is measured by the status of its women. Do you who are here interested in Missions, but only seventy thousand out of two hundred thousand Methodist women are in the W. M. S. Any woman who understands the need will be interested." The speaker concluded her address with an appeal to the delegates to go to their homes to interest the women in their communities.

Thursday Morning.

Mission Circle and Band, Secretary —Mrs. M. E. Wilson, Cambray.

Mission Circle and Band, Treasurer —Mrs. Foley, Bowmanville.

Superintend. Church Stewardship—Mrs. F. White, Plainfield.

Strangers' Secretary — Mrs. J. Laird, Picton.

Conference Representative — Mrs. (Rev.) Caffery.

The Quiet Hour was under the direction of Mrs. E. Farnsworth, Selby, and was a time of refreshing and reconsecration.

After lunch, delegates to Board of Managers were appointed, and were Mrs. Harris of Madoc, Miss Coone and Mrs. Callery.

Miss Turner introduced to us our study book, "Canada's Share in the World's Task", opening up to us its wealth of treasure.

Courtesy Committee's Report.

The members of the Bay of Quinte Branch of the Courtesy Committee, through the convener and committee, wish to extend our sincere and hearty thanks to all who have in any way contributed to the success of this Branch Meeting, and I am sure you all agree with me that it has been most successful.

We feel that we have been greatly favoured in having with us the President of our Board of Managers, Mrs. Sewell, and also Mrs. Carscallen, direct from the "firing line". Our object from these two ladies for their addresses can be practical and inspiring advice on best be shown, not by any words of praise which we may utter now, but by greater zeal and effort in the Master's work during the coming year.

We wish to thank the Pastors and Officers of these two beautiful churches, in which we have met, for their use; for the very kindly way in which they have presided at our evening meetings and for their sympathy and encouragement throughout. We would thank the organist, choir leaders and choirs for beautiful music which they have provided, including the orchestra on Tuesday evening and the organ recital Wednesday evening. You have given us real musical treats on both occasions and we are very grateful. And how shall we express to the Mission Bands and their leaders our appreciation of their part in the program! The beautiful and impressive pageant, "The Striking of Canada's Hour", so well rendered by these young people will not soon be forgotten and will inspire us to greater efforts in our own corners of the field that Canada our beloved home land, be not weighed in the balance and found wanting. And just here let us not forget the little people. We have loved them for their sweetness and their songs.

And now we would thank especially the women of the entertaining Auxiliary and those who have opened to us their homes and hearts. Upon them has fallen much of the work which has made this meeting a success. From the time you met us at the station with the smile of greeting and the hand of welcome you have made us feel at home. You have entertained us royally in your homes and in your churches, and we assure you that we shall always cherish pleasant memories of our stay in your "quiet, peace-loving little Town of Napanee".

Recipes For Successful Mission Band Meetings.

The following paper on "Recipes for Successful Mission Band Meetings" was read at the Convention on Wednesday morning of last week by Mrs. Garland, of Oakville:—

A young lady, who was a school teacher, was going to be married. She had very little knowledge of the culinary art, and an older sister was giving her instructions in all the mysteries of puff paste, light cakes and fluffy biscuits. She had a nice little book in which she wrote down the recipes. She was very particular about her writing, and very careful about every detail; in fact, she asked so many questions that her sister finally said, a little impatiently, "Well, you know you have to use your own judgement about these things, in order to have successful pies, cakes and biscuits."

Now the subject of this paper is "Recipes for Successful Mission Band Meetings", and I would say, right in the start, that you have to use your own judgment in order to have successful Band meetings. You have to put your own individuality into the work, and use your own well-thought out plans and methods. A few practical hints or suggestions might be given, however.

First, in order to insure success, it is very necessary to have the parents interested, especially the mothers; and how may this be done?

Here is a little printed program of the year's work of a Mission Band. On the outside are the names of the Superintendent and officers of the Band. Inside are the dates and topics of each meeting. The whole Band, having been divided into committees, the names of each committee with its convener, is also given for each month. Down at the bottom of the program is this note: "Parents are urgently requested to kindly make every effort to have their children present at each meeting unless prevented by sickness".

Sometimes it is the brightest members who take the most part in Mission Band meetings, but this program is a most systematic method of having every child take her part sometime during the year.

A copy is given to each child to take home and show her mother, who then sees the note to parents at the bottom. She also sees just the month and just the topic in which her child is to take part, and even though it is not till the last month of the year, still she knows it is coming, and that her child has not been overlooked and she at once becomes interested.

I called at a home and right on the parlor table was this little program. I don't think it was there by accident either. The mother was proud to see her two little girls' names in print, and have them on the program, and it was there right on the parlor table and that mother has shown her interest all through the year, both in a financial way and by helping her little girls in their Mission Band exercises, and when the mothers are interested the battle is half won.

Next, the children themselves must be interested and kept interested. Perhaps this is a more difficult problem. And how shall we keep them interested in Mission Band meetings?

Shall we provide treats of candy occasionally or refreshments or constantly keep before them some bazaar or entertainment for which they are working? How much better it would be to make use of the Study Book and put all our thought and energy into making the programs bright, interesting and instructive, so that the children will look forward to "Mission Band Day".

In so doing, let us make use of the blackboard, maps, pictures and curios, for we know that anything which appeals to the eye, makes a much more lasting impression than that which appeals to the ear.

A little boy was asked why it was that things taken in at the eye make a more lasting impression than when taken in at the ear, and he said, "Well when anything goes in at one ear, it goes out of the other, but when anything goes in at the eye there's no hole at the back of the head and so it stuck.

Too much cannot be said in favor of the Study Book for this year.

The first chapter, telling just how the Bible was handed down to us, is wonderful; then the stories of the pioneer missionaries in India, Burma, China, Japan and other countries, are most fascinating and thrilling and cannot fail to develop a missionary spirit in children, the primary object of our Mission Bands.

Sometimes children enjoy playing with toys which they manufacture themselves much more than with those which come from the store, and just so, perhaps they take more interest in pictures which they draw themselves than in those which are provided for them. I have here some pictures which the children drew on the Study Book. Used a good deal. Somewhat soiled. All having knowledge of the Book will recognize the twins "Peter and Polly" as they thought they would be carrying home the Big Little Library.

In one Mission Band the leader had a pair of chop-sticks, given her by a returned missionary from China, and on the day of the lesson about Robert Morrison in China, she took a little blue bowl of cooked rice with the chop sticks to the meeting so any of the children who wished might try to eat with chop sticks just like Robert Morrison did, and all these things make an impression.

In order to prepare for the monthly meetings the committee for the month may meet at the home of the leader and sitting around the table she may go over the chapter with them, assigning parts to each one and arranging all the program. After this, a treat may be given, also a short time spent in amusement. The children generally go home from this meeting very happy, all promising to get up their work and do the best they can.

One or two open meetings may be held during the year, in which the Pastor, the mothers and the W. M. S. are invited, the program consisting of a review of the work gone over. This gives those present an idea of what the Band is doing, and as a result, they will be more interested. Light refreshments and a social half-hour at the close will give the leader opportunity to talk with the mothers.

And now with regard to successful recipes for the financial part of our Mission Bands.

A lady much interested in missionary work made the remark that her experience had been that if you had real, good, successful Band meetings, you needn't worry about the financial part of it, I believe this is true, to a very great extent. When the parents and children are interested how much more easily the mite boxes are filled. This year, in one Band, as an encouragement, the leader promised that the family having the most in their mite boxes would be rewarded by her completing the amount to make one of them a Life Member. This idea was not original, as in the Palm Branch—that most excellent little missionary paper, which every member should take—I saw that in one place the minister's wife had supplemented the amount to make the highest a Life Member, but as our ministers' wives usually have too many demands already, upon both time and money, the leader made this offer herself. The way it turned out, however, the family having the most, made one of themselves a Life Member as they had $6.07 in their mite boxes. They deserved the reward, however, so a second Life Member was made in that family. The former Mission Band leader made the next highest a Life Member and from denominations the one coming next was also made a Life Member; so we had four Life Members in all, from the mite boxes, and instead of $25.00, the original amount in the mite boxes, the total of $33.17 was realized.

"We know that instead of raising money by entertainments, free-will offerings are much to be preferred, especially in Auxiliaries and Circles, but as children have so little money of their own, it may be allowable to have one good entertainment a year, and if possible, have every selection of the program missionary. Some children, however, have a weekly or monthly allowance and it is well to begin at once and educate them in tithing.

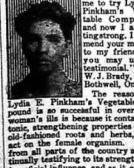
But while we are teaching our children to study and give let us not forget to teach them to pray for missions. A Band leader on the Cobourg District, has been successful in getting the older girls to pray in the meetings. In our Band we have not got that far, but have taken a step, however. We get sentence prayers in sheets from Room 410, especially adapted for Mission Bands, and at the committee meetings give a prayer to each member to say every night till the meeting, then we have five or six girls ready to offer these sentence prayers in public, and some of the little girls have said that even after the meeting every night when they said their prayers, they didn't forget to add their little missionary prayer. We hope that later their own prayers may supplement these and perhaps take the place of them altogether, as these are only supposed to be stepping stones. At any rate, if they do nothing more, they give children the habit and get them accustomed to the sound of their own voices in public prayer.

A good plan, also, is to have the Band pray during each month for some special missionary, also have a letter sent to her from the Band. We do not expect our busy missionaries to always answer our letters, but one of them very kindly replied to us, and I would just like to read the closing sentence of her letter, which reads as follows:—"You will be able to interest your Mission Band members in the Chinese, Japanese and foreign children and the work done among them on the Coast; for the children in the hope of the world, and only as we interest and instruct them in the great missionary work our church has undertaken to do, can we say, "Thy will be done on earth as it is done in Heaven", for these children of this generation must be ready and willing to go and tell the joyful story of Jesus and His love to the boys and girls in heathen lands. May your Mission Band be a great blessing to others".

And lastly, in order to have successful Band meetings, may we, as leaders, take up the work with renewed earnestness and devotion, may we be more consecrated, enthusiastic and intelligent leaders of the children. May God give us wisdom, patience, tact, love and all necessary requirements, and may we conscientiously do our very best, then pray and trust in God to do what we cannot do, and he will answer our prayers, for he is able to do exceeding abundantly above all that we ask or think.

OF INTEREST TO WOMEN

This is a Short Letter, But It Proves the Reliability of Lydia E. Pinkham's Vegetable Compound.



Bothwell, Ont.—"I was weak and run down, had no appetite and was nervous. The nurse who took care of me told me to try Lydia E. Pinkham's Vegetable Compound, and now I am getting strong. I recommend your medicine to my friends, and you may use my testimonial."—Mrs. W. J. Bewry, R.R. 3, Bothwell, Ont.

The reason why Lydia E. Pinkham's Vegetable Compound is so successful in overcoming woman's ills is because it contains the great, strengthening properties of good old-fashioned roots and herbs, which act on the female organism. Women from all parts of the country are continually testifying to its strengthening, beneficial influence, and as it contains no narcotics or harmful drugs it is a safe medicine for women.

If you want special advice write Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. Your letter will be opened, read, and answered by women only.

An Outstanding Tire Achievement
A New and Better Clincher All-Weather Tread Tire

Better even than the famous Goodyear All-Weather Tread Clincher which has been used as regular equipment on half the cars built in Canada using this type.

Finer in appearance—double cure process.

Greater air capacity.

Better able to withstand road-shocks and the battle of the miles.

A tougher tread.

Practically eliminates tread separation.

Practically eliminates mold pinching.

This new Goodyear Tire is not an experiment. For over two years the Goodyear Company has been building it in the United States. It has been used on hundreds of thousands of cars.

Reports from motorists, dealers and Goodyear branches give this tire a consistently good record.

"These Clinchers are proving our best tires."

"Mileage received from them is more than satisfactory to the user and complaints are few."

"There seems to be no doubt that they are superior."

Goodyean dealers have this new tire on sale now. It is a cost reducer. It puts motoring on a more economical basis. See it today.

The following teams were competing Thursday night to finish the tournament:—Wiggins vs Corkill, Allison vs Leonard, Barrett vs Taylor, Huffman vs Graham.

"I've often been struck by the extreme hauteur of saleswome. Don't you suppose merchants suffer from it?"

"I know one who does. He tells me he feels like sneaking in the rear door of his establishment because he suspects that his personal appearance does not meet with the approval of his clerks at the front door."

In an ancient English mansion which recently changed hands on account of the ups and down of war time fortunes there dwells and works a parlor maid of very expensive and rather cultured and superior type. Her mistress does not mind the expense, but is often too much bothered by the culture.

"Ma'am," said the maid, meeting her mistress in the hall, "there is a mendicant at the door."

"Then tell him," said the mistress of the mansion, "we have nothing to mend."

OBITUARY.

Thos. E. Fox.
Mr. Thos. E. Fox, a highly respected citizen, died at his residence, Robert St., on Sunday last. Deceased was born in Napanee sixty-two years ago, the son of the late Mr. and Mrs. Anthony Fox, and has lived in Napanee all his life. He was well known and much thought of by a large circle of friends. He leaves to mourn the loss of a loving husband and father, his widow and four children. Mr. Fox was an esteemed and faithful employee of The Robinson Co. for the past fifteen years. The funeral took place from his late residence on Tuesday morning at 9 o'clock. Services were held in St. Patrick's Church, after which interment took place at the R. C. cemetery. The family have the heartfelt sympathy of a large circle of friends in this their hour of sorrow.

THE YOUNGEST SUCCESSFUL ENTERTAINER ON THE CONTINENT.

The youngest successful entertainer on the continent is Miss Alice Louise Shrode, who will give two thirty-minute programs on the second day of Chautauqua.

Miss Shrode has been a success for several years; she is now twelve years old and is accompanied by her mother as a companion and pianist. Stories, songs, imitations, dances, and whistling make up the program of this little lady. In all she attempts she is an artist and a huge success. She has appeared before the largest Chautauqua audiences known on the continent—and has been invited to return to many of them.

Children from six to sixty-six will be delighted with her program.

SPECIAL SALE OF ELECTRIC RANGES INSTALLED.

For a limited time we are again giving our customers an opportunity to equip their homes with electric ranges and water heaters at very attractive prices.

During our former campaign we installed a number of ranges, and the records of their operation proves conclusively that electric cooking is most desirable and economical.

Many customers have expressed regret that they did not take advantage of the very attractive price at that time, so we hope that they will not again let this opportunity pass.

Where desired we are extending payments over a period of twelve months.

Already a number have placed their orders, and we would suggest that you call at our office early and obtain full details of our plan.

HYDRO-ELECTRIC POWER COMMISSION OF ONTARIO. 24a

OF SPECIAL INTEREST

to householders who have not done any papering in the walls this spring, but who have rooms that should be done. Our sales this season have been all records, but we started with a stock of almost double the usual size, and in order to further reduce will offer for two weeks, bargains that cannot be surpassed anywhere. It is not because we are afraid that the prices will be lowered by the manufacturer before another season,—in fact, they are all agreed that there is no chance of a drop in wall papers; raw material and labor keeping just as high as at any time during the war. We have quite a number of lines, good stock, up-to-date patterns and colorings, that we will offer at prices that the same goods can be bought for at the factory to-day. Handsome lines for kitchens, dining rooms and bed rooms at 15c. per roll, that are sold everywhere at 25c. and as high as up to 60c. paper, now offered at 35c. If you think of doing any papering this present year, you will not regret it if you buy your paper from us, and do it now.

We will offer at actual cost every Boy's Wagon, Cart and Wheelbarrow in stock.

Base Balls from the cheapest for the boys to the official League.

Window Shades, Room Mouldings, Picture Hooks, Push Pins, etc. If you paper a room and have it pleasing to the eye, do not spoil it by driving in nails on which to hang your pictures, but spend a few cents more and put up a picture moulding.

Bring in those Pictures you want framed, and have them done now before they get shaken.

Business Well Maintained By Merchants Bank of Canada: Substantial Gain in Deposits

Profit and Loss Account Shows Satisfactory Profits For Year—Surplus of $293,375 Carried Forward After Payment of Dividends and Bonus—Current Loans Amount to $112,000,000.

The strength of the Canadian banking system during the period of deflation is strikingly reflected by the statements of the larger Canadian banks. The annual report of The Merchants Bank of Canada, details of which have been made public, is the first of the larger banks to make its appearance for the fiscal year to April 30th.

This covers almost the twelve months during which deflation has progressed throughout the country, and on this account it will be of special interest to shareholders of Bank to know that its business has been so well maintained. During the war period, as is well-known, all the Banks undertook special business for the Governments. For the past year there has been a general tendency to adjust these special undertakings and to go back to formal lines of business.

The Merchants Bank is particularly interested in the growth and development of Canadian commerce, agriculture and industry. On this account its business is closely related to the whole general public of the country. There will be special interest to see whether during the period of deflation and lessened industrial activity the people of the country have been able to keep on adding to their savings. As far as the Merchants Bank is concerned, its clientele have been able to do this, as deposits bearing interest at the end of the fiscal year amounted to $120,904,549, an increase of approximately $6,000,000 for the year.

Notwithstanding the changed conditions and the lessened requirements of customers, current loans have been well maintained. These now stand at $112,269,195. Of this amount current loans and discounts in Canada total $109,183,592 and loans to cities, town, municipalities and school districts $3,085,602.

Of the total assets of $190,367,409, liquid assets amount to $69,427,380. Included in them are Dominion and Provincial Government Securities, amounting to $11,039,225, up from $7,893,229 in the previous year, while Railway and other Bonds, Debentures and Stocks stand at $5,020,059, as against $4,507,688. Canadian Municipal Securities and British, Foreign and Colonial Public Securities other than Canadian amount to $13,153,737, practically the same figure as a year ago.

During the year the Capital of the Bank was increased to $10,500,000, up from $8,400,000. In the same period the Reserve Fund has also increased to $9,450,000, up from $8,400,000.

The Profit and Loss Account also contains a number of interesting features. Even during the period of lessed activity, all the dividends have not only been comfortably earned, but the Bank has, in addition, been able to pay a bonus to shareholders. Profits for the year amounted to $1,462,229. In addition there was received as premium on new stock $1,050,000. The amount brought forward from the previous year was $260,774. This made the total amount available for distribution $2,713,595, which was appropriated as follows:

Dividends and Bonus	$1,273,635
Government War Tax on Note Circulation	96,585
Transferred to Reserve Fund from Premium on New Stock	1,050,000

leaving a balance to be carried forward of $293,375.

The principal items in the general statement of assets and liabilities show as follows:

Total Assets	$197,587,855
Liquid Assets	69,427,380
Current Loans	109,183,592
Loans to cities, towns, municipalities, etc.	3,085,602
Deposits not bearing interest	28,783,831
Deposits bearing interest	120,904,549

An Heroic Campaign

"With Allenby in Palestine and Lawrence in Arabia"

What British Papers Have Said

Dr. Frederic Poole comes to Chautauqua direct from a nearly ten months' tour of the United Kingdom, where his great illustrated lecture on "With Allenby in Palestine and Lawrence in Arabia", was enthusiastically praised by the press, by educators, government officials, generals and the people. The following copied verbatim from the Southampton Daily Echo, Southampton, England, is a sample of the news reports received throughout the entire tour:

"Seldom has Southampton had the opportunity of listening to such a wonderful story of military genius and gallantry, such an amazing unveiling of the mysteries of the land of the Arabian nights, as is being presented at the Coliseum this week. The travelogue, "With Allenby in Palestine and Lawrence in Arabia," is being screened there, and the stirring story is most eloquently told by Dr. Frederic Poole, field officer of the United States Educational Corps, A.E.F.

America Blows Our Trumpet

Mr. Poole, in presenting this wonderful story to the crowded audience, apologized very neatly for his nationality. He explained that the films were originally taken for production in the United States, but when the British War Department were told of it they invited them to bring the story to England. The Americans were diffident about it, but considered that this was a tale that should be told wherever the English language is spoken. The British were too modest to "blow their own trumpet", and so it was left to someone else to do it for them.

The films and lantern slides are certainly of great excellence, whether they show the troops in action and at work, or whether they depict the ancient cities of Arabia and Palestine, and the mystery-steeped country in which the campaign was fought. The first part of the travelogue deals with the advance of the British by way of Gaza, on Jerusalem, and depicts in realistic fashion the terrible hardships the troops had to endure. The pictures of the Holy City and its surroundings are marvellous. They are not only beautiful in themselves, and of surpassing interest, but many of them are quite unique.

Young English Hero.

The second half deals with the romantic story of Col. Thomas Lawrence, the young Englishman, fresh from Oxford, who organized the revolt of the Arabs against the Turks. He welded into an efficient fighting force tribes who had been at war for centuries, and in the face of insuperable difficulties, swept the Turks from Arabia, and, joining hands with Allenby in the summer of 1918, helped in the final annihilation of the Turkish forces in the Near East. The story of this young man's achievements, set forth in glowing terms by Dr. Poole, proved a fascinating theme, and held the audience spellbound as they listened to how he disappeared when on leave, and emerged from obscurity as the "Uncrowned King of Arabia," and to how he refused a knighthood, the C. B., the V. C., and the highest honors of many governments.

A Thrilling Story.

"Some may say that we have seen enough of the war, but no one will say so after visiting the Coliseum. Such a story will thrill the breasts of Britishers for centuries yet to come, and whether it is agreed or not that it was right that to Americans should have gone the honor of telling it to the world, there is no doubt that the matter is in exceedingly able hands. Dr. Poole's remarks are all based on actual experience and not on hearsay. He has a neat wit, with which he enlivens his discourse, and when—as occasionally occurs—the tense interest of the thrilling epic slackens for a moment, his little anecdotes bridge the gulf capitally."

OBITUARY.

Mary Dunlop Paul.

At her home in Camden, after a long illness, on the morning of May 31st, 1921, there passed peacefully away one of the oldest residents, Mary Dunlop, relict of the late J. Harvey Paul, in her seventy-seventh year. Deceased was born April 12th, 1844, in the County of Antrim, Ireland, and when nine years of age came with her parents, George and Nancy Dunlop, to settle in Camden. It was after a long and stormy passage of three months in a sailing vessel that they joined two of her brothers, who had emigrated a few years before. They had settled in a neighborhood of native lives of Ulster, including the Grahams, Wilsons, Harrys, Camerons, MacNeils, MacGregors, Marmions, Dougans, and others we do not recall. Here enduring the hardships and discomforts of a new country, they cleared their farms and raised their large families. She was the youngest of ten children, only one, William Dunlop, of Kingston, surviving her. On September 9th, 1868, she married J. Harvey Paul, and moved to Lonsdale, County of Hastings, where they lived until 1875, when they settled his grandfather Woods farm in Camden, which had been cleared of the primeval forest by Bradford Woods, a U. E. Loyalist. There they lived and died, her husband having predeceased her three and a half years. There they reared their family of eleven children, all of whom survive. They are Mrs. Andrew Moore, Napanee; Mary Alice, of Syracuse; George B., of Newburgh; James H., of Jamesville, N.Y.; Frank, Reuben, Minnie and Pearl, of Saskatchewan; John S., of Toronto; Clarence A., of Napanee, and Percy, who occupies the homestead, which has been in the family since it was first settled one hundred and fifty years ago. In spite of the care of her large family, Mary Paul found time to nurse the neighbor women in their sickness and was universally loved and respected. Naturally a kind and clever woman in spite of being denied the advantages of higher education, yet she saw that her children should enjoy those advantages. The funeral on June 2nd, at 10 a.m., was conducted by her Pastor, Rev. E. B. Cooke, at the Newburgh Methodist Church. Her sons acted as pall bearers, and her friends and neighbours were there to pay their last respects.

RICHMOND TOWNSHIP S. S. CONVENTION.

Richmond Township Sunday School Convention was held in Empey Hill Church on the afternoon and evening of June 6th. Mr. L. Brown, President of the Association, was in the chair. Rev. Mr. Farnsworth took charge of the devotional exercises.

A nominating committee was appointed, and reports from the different departments of the Sunday School were called for. Mrs. Smith, work were called for. Mrs. Smith, Superintendent of the Cradle Roll, reported 238 babies, 112 beginners, 185 primary and 50 juniors. She gave excellent reports of the work done through that department.

Owing to the absence of Miss Baker Mr. S. C. S. McKim read the report of the girls' work. "The Canadian Girls in Training" programmes for the mid-week meeting were very highly recommended, and may be secured by communicating with Miss Jennie Baker, at Napanee.

Mrs. Burnell Denison had charge of the missionary work and gave a report of the splendid work being done in the different schools of the Township. A missionary Sunday is being observed each month in nearly all the schools. The following was the amount raised by each school for missions:—Grace Church, Napanee, $200.00; Trinity Church, Napanee, $80.00; Selby, $114.00; Selby Beacon Lights, $40.00; St. Andrews, $92.70; West Plain, $18.00; Forest Mills, $7.00; Shark's Corners, $5.00; Elmer, $25.00; Empey Hill, $40.00.

Mrs. N. Miller, Superintendent of the Temperance Department, stated seven schools give definite temperance instruction. Fiedge signing is taken up in three schools. In the Salvation Army no person is accepted as a member who uses strong drink. They may be a member but not an officer of even the lowest rank if they use tobacco.

Rev. W. P. Fletcher, of Toronto, delivered the address in the afternoon, after which he conducted a round table conference.

Supper was served by the ladies of Empey Hill church.

In the evening the opening exercises were conducted by Rev. Mr. Tate, of Mecaster. Special music was rendered by Empey Hill Choir. The report of the nominating committee was read, and the following officers were elected for the ensuing year.

President—Mr. Alex. Collins.
Vice-President—W. E. Jackson.
Secretary Treasurer—J. C. Hudgins
Children's Department—Mrs. R. J. Smith.
Young People's Division—C. D. Black, (boys), Miss J. Baker (girls).
Adult Division—L. S. Brown.
Home Department—Mrs. J. Topping.
Teacher's Training—Mr. E. J. Corkill.
Missionary Department—Mrs. Burnell Denison.
Temperance Department—Mrs. N. B. Miller.

Mr. MacGregor, President of the County Sunday School Association, conducted an installation of officers.

Rev. W. P. Fletcher then gave the main address, which was very inspiring and instructive.

The Convention was closed with prayer led by Rev. Mr. Rogers.

The next convention will be held at Forest Mills.

Health cannot be looked for in the child that is subject to worms, because worms destroy health by creating internal disturbances that retard development and cause serious weakness. Miller's Worm Powders expel worms and are so beneficial in their action that the systems of the little sufferers are restored to healthfulness. all the discomforts and dangers of worm infection are removed, and satisfactory growth is assured.

FREE OF TERRIBLE KIDNEY TROUBLE

After Three Years of Suffering, "FRUIT-A-TIVES" Brought Relief

MADAME HORMIDAS FOISY

624 Champlain St., Montreal.

"For three years, I was ill and exhausted and I suffered constantly from *Kidney Trouble and Liver Disease.*

My health was miserable and nothing in the way of medicine did me any good. Then I started to use 'Fruit-a-tives' and the effect was remarkable.

I began to improve immediately and *this wonderful fruit medicine entirely restored me to health.* All the old pains, headaches, indigestion and constipation were relieved and once more I was well.

To all who suffer from Indigestion, Constipation, Rheumatic Pains or great Fatigue, I advise the use of 'Fruit-a-tives'."

Madame HORMIDAS FOISY.

MAPLE AVENUE.

The farmers are all through seeding and planting, and the late rains of last week have improved the looks of the meadows.—Mrs. S. Harton is seriously ill and under the care of Dr. Stratton. We hope to see her around soon.—David Snider, an old resident of this place, had the misfortune to fall and dislocate his hip. He was removed to the General Hospital on Sunday, where he is doing as well as can be expected.—Mr. Orlo Snider and family at Almond Brown's, Yarker, on Sunday last.—Miss Hazel Robinson with Miss Grace McGaughey for a couple of days.—Mr. and Mrs. John Hagerman and daughter at Mr. Eldon Freeburn's. — Anson Davis, Clifford Storms, Clarence O'Neil and Geo. Griffith at Hardy Peters'. — Edmond Peters, who has been seriously ill, with Dr. Stratton in attendance, is gaining nicely at time of writing.

Miss Nellie Lucas is able to be around again, after a recent illness; also Mr. Clark's two little boys, after a relapse of scarlet fever.—Mrs. Norman McMillan, of Napanee, is spending the week at Thos. Storey's.—Mrs. T. Woodcock, Mrs. H. Peters and Mrs. N. O'Neil spent yesterday with their mother, who is very sick.—Mr. and Mrs. Roy Rose and family, of Peterboro', spent a few days with his parents, Mr. and Mrs. A. Rose; also a friend, Mrs. White.

DESMOND.

We don't know whether Mr. Hatfield is anywhere near or not, at any rate we appreciate the copious showers of late.—Miss Lila Bell is home for the holidays from the Newburgh High School.—Mr. and Mrs. W. Close took tea Sunday at Mr. Robt. Millsap's.—Mr. Fraser Paul, who has been visiting his grandmother, Mrs. J. W. Bell, spent the week end with friends in Kingston.—Mrs. Arthur Parrott, of Switzerville, spent a few days with Mrs. L. B. Switzer, this week.—Mr. Richard Quinn is building a new kitchen and verandah, which will make quite an improvement.—Our neighbor hood picnic was held at the lake on Wednesday. Everyone seemed to enjoy the day.—Mr. Anthony McKeown is very happy over the arrival of a little daughter.—Just kindly bear this intimation.—Our annual lawn social is to be held on the Church grounds on the evening of July 8th. Further notice later. Admission 25c. Save the last quarter from Chautauqua and spend it with us.—Mr. Okel Drew spent an evening, recently at Mr. S. Shane's.—Mr. Davy Drew and family, Mountain Grove, at Mr. Geo. Drew's, Sunday.

Internally and Externally it is Good.—The crowning property of Dr. Thomas' Eclectric Oil is that it can be used internally for many ailments as well as externally. For sore throat, croup, whooping cough, pains in the chest, colic and many kindred ailments it has curative qualities that are unsurpassed. A bottle of it costs little and there is no loss in always having it at hand.

VERONA.

On Wednesday evening, June 8th, a quiet wedding was solemnized at the home of Ira Reynolds, when Mrs. Janey Jones, Sharbot Lake, was united in marriage to Albert S. Schram, Rainy River. The ceremony was performed by the Rev. W. H. Gregory, after which refreshments were served and the happy couple left on the mid-night express for Toronto, London and other points. They will take up their residence in Crediton, Ont., where Mr. Schram has a position.—At four o'clock Wednesday afternoon, June 8th, the home of Charles Davey was the scene of a quiet wedding, when Hazel A., second daughter, was united in marriage to Herbert Lee, Elgin, Ont. Miss Della Wattals acted as bridesmaid; while William Davey, brother of the bride, assisted the groom. Rev. W. H. Gregory officiated, assisted by Rev. C. V. Fairbairn. After a sumptuous repast the happy couple left for Toronto. On their return they will reside at Elgin.

LETTER TO THE EDITOR.

Grimsby, Ont., June 6th, 1921.

Dear Editor,—As Mrs. Jane Gardner, formerly of Ottawa, has many friends in Napanee and Newburgh, I thought I would drop you a few lines telling you of a small garden party given by her on Saturday, June 4th., at her home, Maple Avenue, Grimsby Mountain. The lawn was beautifully decorated with Chinese lanterns and flags, with hammocks, swings and teeter. The prizes given were a handsome toy for the children, cup and saucer for the ladies and a box of cigars for the men, which were to be won by shooting with a rifle. After the sports were over all moved to a table set under the beautiful maples, long enough to seat thirty-five or forty, which was decorated with pink roses and fairly groaned with the amount of good things to eat. After all were seated, "Be Present at Our Table" was sung, and all had a merry chat. The friends were from Buffalo, Toronto, Hamilton and Grimsby. I must say I felt proud of my aunt to hear all the praise spoken at the gorgeous supper, all prepared by herself, and the grand success of everything, so nicely arranged. Just as the party was beginning to say good-bye, Mrs. Gardner asked the attention of the friends for a moment, as she had a surprise to spring on them, and told them it was her birthday party and hoped that all present would feel as well and as much like celebrating their 75th birthday as she did that night, when three hearty cheers went up for the grand success of the party, and thanks and good wishes for Mrs. Gardner, who has made lots of friends since coming to Grimsby.

Thanking you for space, I will close.

Yours very truly,
J. ERNEST PRICE.

LETTER FROM M. SAAD.

On Board S. S. Olympic,
May 17th, 1921.

To the Beaver.

Dear Friends,—I am sending you all my best regards from the steamer. I have been on board for four days. The weather is very nice and the passengers all happy. The time changes one hour ahead every twenty-four hours. From Canada to France there is five hours difference. I will be in Paris on Saturday, May 21st. This steamer is one of the largest steamers in the world,—length 882 ft., beam 92 ft., tonage 46350, room for 2500 passengers besides crew of 860; engines 50000 horse power, speed 22½ miles in one hour. I will be in Paris for ten days and around the battle field in W. France, and I will write to you from there. Hope you are all well and wishing you good luck.

Yours sincerely,
M. SAAD.

A Power of its Own.—Dr. Thomas' Eclectric Oil has a subtle power of its own. All who have used it know this and keep it by them as the most valuable liniment available. Its uses are innumerable and for many years it has been prized as the leading liniment for man and beast.

Copalline, the Varnish that suits all purposes and stands the most rigid tests. Insist on Copalline. All size cans at Wallace's.

SKIN DISEASES AND CONSTIPATION

What Mr. G. Prouton, Gordon St., Ottawa, says:

Gentlemen:—It is a great pleasure for men to recommend Dr. Henderson's Herb Treatment for constipation, having received great benefit from them in that respect, also your Hou-Tan Ointment. Ten months ago my youngest child, which was then eight months old, had her head all covered with boils. We purchased a box and in a short time, they all disappeared, and she has now a beautiful head of hair, which convinces me that it is a splendid preparation for the hair, as well as curing the disease. No family should be without a preparation of that kind in their home.

Dr. Henderson's Herb Tablets and Hou-Tan Ointment are two excellent preparations for all forms of skin diseases. Don't fail to give them a trial and you like others would not be without them in your home.

50c. and $1 a box at Hooper's Drug Store, Napanee, Ont.

AND WE VOTED "YES"

'Twas a balmy summer's evening
And a goodly crowd was there;
Such dope we got in days gone by,
But now it seems threadbare.

No more gin rickys can we have,
Or highballs when we choose;
Since the old bartender lost his job,
We've kissed them fond adeaus.

The sawdust and the polished rail,
Departed with a shock;
And bums in back lanes whisper now
Do you want to buy a crock.

PLAIN TALK NO. 5

Dear People,—No doubt you will be a little surprised at us for our past methods of advertising; endeavoring to suit customers, for they know us well and expect something out of the ordinary. We must apologize for competition, as business is always more than brisk at this season and calls for our efforts in urgently that we scarcely find time to eat. Now, there is a reason for our success, and let us briefly state we mean to stick to our ideals. Our leather and workmanship is, and always will be, of the very best. We work on a small margin and give satisfaction to all. As you are aware, there are several grades of leather and it is possible to have boots fixed at a very low cost, but not with us; we handle nothing inferior in quality, are best by far, so compare our work with others and be convinced. Our prompt service is also an item worthy of mention for we do everything same day as received. So all work left in in the morning can be had that evening. We also carry the only unbreakable Shoe Laces in town. Don't ask for five cent laces for we would not handle them. Same good second-hand Boots for sale, cheap. Rubber Heels in a very few minutes. Yours for neatness and despatch.

The Napanee Orchestra will furnish a good musical programme, and there will be dancing in the Parish Hall from 11 o'clock till 2 o'clock for all who desire to dance. Tickets of admission to the lawn social 25c., and to the hall for the dance 50c. 24a

Special Service.

The special service held Sunday last in the Old Hay Bay Church was one of spiritual uplift and historic interest. His Honour, Judge Lavell, of Kingston, delivered an address on the subject, "The Church", which was not only inspirational but also intensely practical in its application. The large number of people present was sufficient evidence to the fact that the "Old Church", 1792, still holds a large place in the historic interest of the descendants of the United Empire Loyalists and the pioneers of early Methodism of the Quinty District.

Drowned While Bathing.

Reginald Beasley, a young farmer of Adolphustown, was drowned at the sand banks, about a mile down the river on Sunday morning. Mr. Beasley, with a number of other men, were bathing and he evidently took a cramp and sank in fifteen feet of water. His companions immediately tried to render assistance, but it was nearly two hours before the body was recovered. Master Harry McCumber found the body and Master Willie Maracle brought the body to the surface by diving. The remains were taken to Messrs. Minp & Hambly's undertaking parlors. Mr. Beasley was a returned soldier and some time ago purchased the Buck farm in Adolphustown through the soldiers' settlement board. He expected to be married next month to a daughter of Mr. Boomhower, who is living on the Spencer farm, where deceased was spending the week-end.

SCHOONER KATIE ECCLES SPRANG A LEAK.

The schooner Katie Eccles, coal-laden, on her way from Oswego to Napanee, had a close call in a storm on Saturday night. She ran into some very heavy weather and sprang a leak, but was able to get into Bath before dark.

A telephone call was sent to the Donnelly Wrecking Company, Kingston, for aid. The tug, William Johnson, was sent to the scene, with syphons. It was found that the coal carrier had taken on a great deal of water in her deck aft. The water was pumped out and the vessel was on Monday morning able to clear for Napanee and arrived here Monday noon.

The Katie Eccles was loaded with a cargo of coal for P. Gleeson. The schooner has been engaged in the coal carrying trade for some years and is under the command of Capt. Mitchell, Portsmouth.

Popular Yukon Hotel Proprietor Died in Dawson City.

James B. O'Neill, pioneer hotel man of Dawson, Whitehorse and Ditaread, died at Dawson City, on June 8th, 1921, after a lingering illness. He was the most popular man in the Yukon, 41 years old, and was a native of Napanee, Ont. His father, formerly station agent for the Grand Trunk Railway at Napanee, now lives in Vancouver, where he has other relatives. Dr. O'Neill, a Vancouver dentist, is his brother.—Vancouver Sun, Vancouver, B.C.

VIVIAN, HIMSELF, TO APPEAR AT CHAUTAUQUA.

This summer an unusually strong comedy has been selected, and better still, the management has induced Mr. Vivian, himself, to appear in the leading role. To accomplish this, it is necessary to pay much more than ever before. The play secured is none other than George M. Cohan's greatest comedy success, "It Pays to Advertise," and after running for more than two years in one of the big cities in the country, as long in other cities like Boston, Philadelphia, and Chicago. There are at least three laughs in every minute of the action of the play; furthermore, the play teaches many a lesson to the business men. It is interesting to note that the leading female role will be played by the excellent English actress, Irene Beavina. A cast of competent actors who have been playing in Broadway successes this season will appear in the six other roles.

GRETNA.

(For last week).

The Township S.S. Convention held here on Friday, June 10th, was one of the most successful ever held in the township. Reports from nearly every department were given, and all who had part in the programme were present. Addresses were given by Miss Gemmill, of Toronto; Mr. Claude Brethen, Switzerville, and Rev. Mr. Tait, Morven, and were all interesting and inspiring. Miss Gemmill is one of the best workers that has been sent out by the Ontario Religious Education Council, and she attended our Township Conventions. Two solos were rendered by Miss Marion Miller, and Miss Thelma Hambly, and a chorus by Hay Bay Choir, and were each and all appreciated. Mr. Macgregor, County President, occupied the chair in the evening and expressed himself as delighted with the progress made by the Sunday Schools of the township. He also presented to Mr. Shantz in Teacher Training to members of the class at Anderson, which has done splendid work under the leadership of Mrs. (Rev.) Anderson. We are hoping for even better results another year. The officers for the ensuing year were appointed by the Executive during the evening.—The road gang, who have been with us since last fall, have completed Sharp's Corners to commence work there. The road has been greatly improved, but there are still places that could be improved.—Several men are busy on the farm getting in the hay. We are ready to be connected up with the Bell at Napanee.—Arrangements are being made for a big day of sports, baseball matches, etc., at the Union Township Sunday School picnic to be held in Mr. Newton Parks' grove, on July 6th. Bring your baskets and come along. Have a treat, and enjoy the day.—Picking strawberries is the order of the day, but they are not a large crop this year, still are fairly plentiful.—Misses Marion Walmsley and Ethel Joyce are home from the N. C. I. for the holidays.—Mr. and Mrs. Ralph Bowerman spent Sunday with her parents here. —Mr. and Mrs. Volney Woods, Robt. Jones, spent Sunday with Mr. and Mrs. Ross Joyce.—Mr. and Mrs. Robt. Moore attended the union meeting at Robin on Sunday afternoon.—Mr. and Mrs. C. Mellon and Mr. and Mrs. D. Walmsley spent Sunday with Mr. and Mrs. Earl Walmsley, Bartolph.—Mr. and Mrs. R. Moore and Mr. and Mrs. W. Hambly and Mrs. Clifford Moore spent Tuesday of last week in Kingston.—Mr. Jas. Hambly, Toronto, is visiting Miss Marta Hough.

McLEAN.

The variety shower at Mr. John Rollin on Tuesday night of last week, in honor of Mr. and Mrs. Charlie Brooks, well attended. Mr. Mr. Phillips Embury and Miss Luella Kellar, Mountain Grove, were quietly married on June 15th. Mr. and Mrs. Embury gave them a variety shower and dance on Tuesday night of this week. Rose Bancroft Purdy, Lambs, Michigan, and Mrs. Will Vealey, Dead River, are visiting Mr. and Mrs. W. C. George Babcock.—Mr. and Mrs. Chas. Brown have returned to Kingston, after spending the honeymoon at Mc-Lean and Mountain Grove.—Mr. Albert Smith and family spent Sunday at A. Cousins'.—Mr. and Mrs. Harry Kellar and Mr. and Mrs. Henry Kellar spent Sunday at A. Embury's.—Mr. and Mrs. Damon Goodberry at George Goodberry's.—Mr. Percy Hall and Mr. Geo. Babcock's, on Sunday evening.—Mr. and Mrs. A. Cousins at R. Reverley's, on Sunday afternoon.—Mrs. May Wagar and Geo. Beverley are visiting friends in Napanee.—Mrs. Pha Wagar at Wilkinson.—Mr. Jack Embury at Will Cousins'.—We notice a little error in last week's Whig. There have been no gypsies camping at All Cousins'.—Mrs. Will Cousins, Mrs. Eliza Rawley and Miss Zelda Cousins took in the dance at Mountain Grove on Friday night.

OBITUARY.

Mrs. Hugh Davy.

There passed away at her residence, Thomas Simpson, on Tuesday, June 14th, 1921, Mary Jane Lowry, relict of the late Hugh Davy. The deceased, a daughter of the late Robert Lowry, was born and lived all her life in Napanee. She was a member of Trinity Methodist Church, and will be missed in the Church and by a large circle of friends. She leaves to mourn her two daughters, Mrs. T. J. Glover, Mrs. Duncan Thompson, and Mrs. W. C. Weir, and one granddaughter, Miss Juanita Thompson. The funeral service was taken by Rev. A. J. Wilson, in the absence of her Pastor, Rev. S. J. Sherry. Interment took place at Riverside cemetery. The family have the sympathy of their many friends in their hour of sorrow.

THE THIRD HAND.

It is very amusing to see a couple of foreigners, or even home folks sometimes, waving and gesturing wildly with their hands in an ordinary conversation.

We don't seem to consider that it is up to the hands to help with the talk and do a little of the mouth's work occasionally; the mouth certainly does enough work that belongs to the hands.

From our earliest infancy to tottering old age we use the mouth as an amateur workshop, testing laboratory, carry-all, thread-cutter, pencil-sharpener, lubricator, wrench, vise, weapon of offense and defense—and for unnumbered other duties in addition to its proper work.

In fact the mouth is commonly used as a third hand.

This means an enormous amount of wear and tear—upon the teeth, gums and jaws—that does not come from chewing alone.

Almost everything that is put into the mouth has infection of some kind upon it.

The very fact that we suffer so little from this overuse of the mouth shows that the saliva must be a germ-killer to a very considerable extent but the saliva does not always protect us from infection from these outside sources.

Many very serious conditions arise from the "third hand" use of the mouth. In addition to infection the unreasonable strain upon the teeth often breaks the enamel and occasionally breaks off whole teeth, fillings are loosened; decay is encouraged and the irritation to the lips, cheeks, gums and tongue favors cancer.

The habit of biting threads instead of cutting them causes a chronic inflammation of the membrane that covers the roots of the teeth and will cause the loss of the teeth." It is much more comfortable—and cheaper—to buy scissors.

In fact the value of the mouth is so great that it is poor economy to abuse it.

Relationship Between Size Of Farm and Efficient use of Labour.

(Experimental Farms Note.)

In the developed agricultural areas of British Columbia the average of values placed on land is considerably higher than it is in any other province. Production costs, other than use of land, are also high. With these two production factors at a high level and with a big local demand for fresh farm produce, the trend of farm acreage has been toward the smaller working unit, two acres or less, the one-man-size farm. The per acre capitalization going higher, managing ability not generally improving, and employed labour efficiency not all that could be desired, are conditions that are having a big influence to convert many of the larger "staple food" producing farms into a greater number of "luxury food" producing farms. Hence we see a big increase in glass house equipment, small fruit plantings, ornamental stocks, poultry runners, etc.; all run on the one-man or family-labour scale. This small farm business will be profitable so long as it does not overtake the local market for luxury food crops, such as flowers, fruits and poultry. The small farm with its more intensive culture, with its higher percentage of human labour, chargeable to each unit of production, is quite a different undertaking from the large farm where horse power and machinery may be used in a large way as an end to low cost of production.

The small area farm does not offer sufficient room for the operation of the larger labour saving machines and power, neither will it permit such capital cost. Many products, few machines and much human energy is the requirement for the small farm.

If labour on a farm be kept fully employed and moving at a speed that will give maximum production, some hone may be entertained for profit. With labour not employed to the limit, all production will be absorbed in maintainence; there will be little or nothing in either cash or produce that can be called profit. The large farm, if well organized as a producing business, offers greater opportunity of ways and means of keeping labour employed to the limit. The size of a farm, to be profitable, must be determined by its location, and the energy and ability of the individual operator. No farm should be so small as not to keep the operator and his family fully employed, using the best tools and power, during the entire year. No individual should operate a farm of larger size than his managing ability warrants.

A farm business that entails too much labour for one man and yet not enough for two men is out of balance and not likely to be as profitable as it should be. A farm business just large enough to keep one man fully employed, but on which the labour of two or three men is being expended, can not be profitable, since efficient use of labour can only be secured by adjusting the individual to the farm or the farm business to the individual.

OBITUARY.

James Rogers.

The Angel of Death passed over the vicinity of Tamworth on Tuesday, May 31st, claiming as its victim James Rogers, eldest son of the late James Rogers, of Sheffield. Deceased was born and brought up on the old homestead where he died. His health had been failing for some time, and although he sought help from different physicians, he fell a prey to that fatal disease, Pernicious Anemia.

Besides his mother he leaves three sisters and one brother, two residing in the West, and two in Camden Township. The funeral was held in St. Andrew's Church, Tamworth, Rev. Mr. Clarke officiating. The remains were placed in the family plot in the cemetery here, awaiting the Resurrection. "In the midst of life we are in death".

DENBIGH.

Albert and Siegfried Warlick and their sisters, Valesca and Lucy, of Vanbrugh, former Denbigh boys and girls, made an auto trip to their old home here and enjoyed about a week renewing old acquaintances and visiting relatives and former neighbors. Herbert Warlick accompanied them home and paid a return visit to his uncle, Emil Warlick and family at Vanbrugh.—Wm. Warlick, jr., his sister, Louise, and Miss Jennie Ball also paid them a visit.—Mrs. H. Fritsch and baby went to Ottawa to consult a Specialists about some ailment from which the latter is suffering, and Miss Bertha Stein went along to pay a visit to her sister, Mrs. G. M. Merkel, and family there.—Mr. and Mrs. Victor Gonsolus, of Toronto, and baby are enjoying a visit with their parents and relatives here at their old home, and Mrs. A. Armstrong, of Tweed, is a welcome guest of her parents, Mr. and Mrs. Wm. Warlick, sr.—Mr. G. Warlick, of Vanbrugh, is engaged to do some carpenter work for several residents of our village which is making some advancement as a direct telephone service between here, via Vennachar and Plevna, to Lavant Station, is now being established, and a Continuation School is to be started on the 1st day of September next.—The Misses Margaret Adams and Anna Stein, High School students of Renfrew, have arrived home to spend their summer vacation with their parents.

NOTED HUMORIST TO APPEAR AT CHAUTAUQUA.

The opening address of the Chautauqua, given the evening of the opening day, will have much humor in it and will be delivered by one who is known in all parts of North America as the "funniest man since Bill Nye". He is Herbert Leon Cope, born in Canada, and a favorite speaker here. (Copetown, Ontario, was named for his grandfather, who settled there in the forties). His subject is "Family Remedies", and it will be well for all who attend to have their buttons well sewed on, for after Cope gets under way, it is one wave of hilarity after another that sweeps over the tent. And it is said that there is a serious purpose back of every one of his stories and humorous thrusts—he is not a mere buffoon, but a man with a serious purpose.

TIP BURN OF POTATOES.

(Experimental Farms Note.)

Trouble which is widely distributed and very prevalent in some seasons, and to which the name "Tip Burn" has been given, is to be found among our potato crops. This trouble takes the form of a gradual burning and drying-up of the leaves of the plants, often commencing at a comparatively early stage in their growth and, in many cases, if allowed to go on unchecked, slowly but surely involving the whole of the plants so that they die down a considerable time before the tubers are fully developed.

The appearance of this trouble in the fields is often mistaken by growers for Late Blight. There is, however, a marked distinction between the two, for Late Blight may commence by attacking any part of the plants—leaves and stems alike—has a dark, water-soaked appearance and, in its early stages, is damp to the touch, while Tip Burn invariably commences at the margin or tips of the leaves and has a decidedly dry appearance and touch with the exception of after rain. It also appears much earlier in the season than Late Blight has ever been recorded and does not cause the death of the plants so rapidly. Nor has it ever proven so destructive as Late Blight, although evidence has been obtained that in seasons when it is severe and where no effort is made to check, a considerable reduction in the yield of marketable tubers, due to the premature death of the plants from this cause, may result.

Investigators of this trouble are not yet in agreement as to the cause. The observations of some have led to the belief that a period of hot, dry weather during the growing season causes the leaves to throw off moisture more rapidly than it can be furnished by the plant, the result being the appearance of Tip Burn. This theory seems, however, to be disputed by the fact that the trouble is not found in the hot regions of the Western States where the temperature often becomes excessive and the air is especially dry.

More recent investigations lead to the belief that this burning of the leaves probably follows the depredations of sucking insects. These investigations are not yet complete, but enough evidence has been produced to serve as a warning to potato growers to keep these insect pests thoroughly under control in an endeavour to avoid Tip Burn.

We have found in our experimental work with potatoes that Bordeaux mixture will to a large extent control this trouble. In 1918, when it was extremely prevalent, we had several plots to which, for the purposes of experiment, Bordeaux mixture was not applied. These plots suffered from a severe attack of Tip Burn and the plants were all killed down by the second week in August, while other plots on the same land, and to which, for the control of Late Blight, Bordeaux mixture was regularly and thoroughly applied, suffered to a very slight extent only, the plants remaining green until frost came. Bordeaux mixture acts as a repellent to the Leaf Hopper, as well as a protection to the plants. Many other cases, in addition to that referred to, have come to our attention, bearing evidence that regular and thorough spraying with this mixture will reduce to a minimum the ravages of Tip Burn.

LIFE WAS A MISERY TO HER
Says this Woman Until Relieved by Lydia E. Pinkham's Vegetable Compound.

Owen Sound, Ont.—"I suffered for ten years with female organic trouble, pains, backache and indigestion, and was weak and had such bad pains I could hardly walk or stand up at times. When I would a sweep I would have to go and lie down. I could not sleep at night, and would wander around the house half the time. I tried everything but nothing did me any good, and the last doctor I had told me he never expected me to be on my feet again or able to do a day's work. One day one of your little books was left at my door and my husband said I should try a bottle of Lydia E. Pinkham's Vegetable Compound. I thank God I did, for it relieved me, and I am now well and strong. I think there is no remedy like the Vegetable Compound for anyone who has my troubles, and have recommended it to many neighbors. You can publish my letter for the benefit of those I can reach."—Mrs. Hewitt A. Mitchell, 1767 7th Ave., East, Owen Sound, Ont.

If you have any symptom about which you would like to know write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for helpful advice given free of charge.

Oven the collar band and cuff edges need only a light rubbing between your hands

WHAT hard rubbing the old way of washing meant! Even though you boiled the clothes, the bad spots simply would not budge without a long session with the washboard. Now—with Rinso—you do next to no rubbing at all. RINSO not a cake soap—not a washing powder—but a new form of soap in granules, with power to cleanse the grimiest dirt just by soaking. Yet Rinso harms nothing—doesn't even redden your hands—safe as pure water itself. Here is what you do:

AT NIGHT—SOAK WITH RINSO
IN THE MORNING—JUST RINSE!

If you have a washing machine—Soak the clothes overnight in the usual Rinso way. The cleansing suds loosen every bit of dirt. In the morning operate the machine for a few minutes and the clothes are perfectly clean—even the most soiled spots.

Mr. and Mrs. Young and daughter and Mr. and Mrs. Pringle and daughter, of Marlbank, motored to Napanee and spent the day with Mr. and Mrs. John Soby and family.

Mrs. Mark Trumpour, who recently came to Kingston as a bride, received for the first time since her marriage at her home on Lower Union street, on Friday, wearing her charming wedding gown of white charmeuse, embroidered in seed pearls with Cluny-Chantilly lace and a touch of orchid in the georgette lining the train and in the knot of tulle tying her bouquet of deep pink roses. Her mother, Mrs. Edward Wilson, Napanee, received with her, gowned in black satin with sequin trimming. The house was fragrant with roses, sweet briar, the loviest flower of June, filling the fire place. Pink roses centred the polished tea table, falling on the madeira cloth, and still roses were in small silver vases. Here Mrs. C. H. Finkle made the tea and Miss Rogers cut the ices, with Mrs. C. H. Boyes, Mrs. T. H. Renton, Miss Gladys Trumpour, Napanee, and Miss Douglas, as their assistants. All afternoon the pretty rooms were filled with visitors, glad of this opportunity to welcome this young matron and her husband to Kingston. — The Whig, Kingston.

Chautauqua Programme, 1921, Is The Most Popular Ever Given in Ontario.

The following telegram to the local Chairman, gives some idea of the way the programme is proving out in the town where it has already been given:

Niagara Falls, June 18th, 1921.

J. E. Robinson,

Chairman Napanee Chautauqua.

Have just seen entire six day programme. The strongest, best balanced yet given. Cope, Stout, Poole, Runnels, Norwood, enthusiastically received. Music fine, Play, "It Pays to Advertise" funnier than "Nothing But the Truth." People here declare it the best programme of the past four years.

R. J. ALBER,
Chautauqua General Manager.

Two Calls Sustained.

At the quarterly meeting of the Kingston Presbytery, in Napanee, on Tuesday, a call was extended by the congregation of Wolfe Island, to Rev. D. T. Lancaster, as was also a call by the congregation of Melrose, Lonsdale and Shannonville to Rev. J. Mackay.

Fire at Northport.

Tuesday afternoon, between five and six o'clock, the Village of Northport, Prince Edward County, was visited by a fire, which at one time assumed a very threatening aspect, endangering a number of buildings. Only by the combined efforts of the villagers was the village saved. The fire destroyed a large frame house owned and occupied by Albert Rowe, and spread to the drive shed of Mr. Graham, and also to a barn, the property of Alexander Anderson. At this point the fire was stopped. The loss to Mr. Rowe will amount to about $5,000, partially covered by insurance. Mr. Anderson's loss is about covered by insurance.

For an invigorating and refreshing cup of tea use "Daly"—the highest grade obtainable. For sale at Wallace's.

When Nearly One Hundred Years of Age William Thompson Worked in the Fields.

William Thompson, an inmate of the Home for the Aged, Kingston, who on Monday celebrated the 101st anniversary of his birth, is certainly not one of those who were credited with being dissatisfied with the treatment received in the home, for when interviewed on Monday, he stated that after over a year's residence "the institution had used him well." He further stated that previous to the present occasion he was in the home for eight months a few years ago, and he was glad to come back of his own free will.

Although the failure of his sight and hearing has necessarily made moving about practically impossible, the old gentleman is still in very good health and sitting up in a chair was able to speak in a remarkably clear voice and showed an excellent memory. Born in Fredericksburgh, which at that time was known as "Secondtown", on June 20th, 1920, he lived there for fifteen years, later moving to Sheffield where he spent seventy years of his life in farming. At that time the methods of farming were very crude, and he well remembers his father cutting the grain with a sickle. The roads were at that time few and far between and in very poor condition.

At all times of his life Mr. Thompson had to work hard, and about twenty years ago he moved to Napanee where he was engaged in lumbering. Mr. Thompson has always enjoyed the best of health and up to a year or two ago was able to do his day's work in the field until his eyesight began getting poorer, and prevented his getting about, but he was sure he could still do light work if he could see what he was doing. He told of one day when he was eighty-five years of age, he went out into the field and tired out three men on the mower, thus showing his remarkable strength. He stated that although for over fifty years he had been a smoker, one day he fell asleep with his pipe in his mouth, and accidentally set fire to his whiskers. That day he swore off smoking and has not smoked any since. This to most people would seem almost impossible.

Friends of Mr. Thompson were extending their congratulations on Monday afternoon and expressing the wish that this remarkable man might see more anniversaries.

THE COUNTRY PAPER.

When the evenin' shade is fallin' at the endin' o' the day—an' a fellow rests from labor, smokin' at his pipe an' the balls of Punkin Row, who's got who spent, be fortune up or down, as the lillie country paper from the ol' home town. Now I like to read the dailies an' the story papers too, and at times a yaller novel, an' some other trash, don't you? But when I want some readin' that will brush away the frown I want the little paper from the ol' home town.

Don't complain of the high prices on Wall Paper until you see the special values at Hooper's.

COMIC OPERA ANOTHER FEATURE.

There is much entertainment and amusement in the two programs to be given at Chautauqua by the Gilvan Light Opera Singers, especially in their evening program when they will present in costume and with all the action of the operatic stage a condensation of Gilbert and Sullivan's famous comic opera, "Ruddygore", that was so successfully revived last winter at the Park Theatre, New York City. A quartet of excellent singers with a brilliant young pianist makes up the company. In addition to the "Ruddygore" feature, they will offer a scene from "Madam Butterfly" and sing selections from a number of other well-known operas. Music lovers, as well as those who want entertainment to predominate in any program, will be especially well pleased with the programs of the Gilvan Light Opera Singers.

SPECIAL SALE OF ELECTRIC RANGES INSTALLED.

For a limited time we are again giving our customers an opportunity to equip their homes with electric ranges and water heaters at very attractive prices.

During our former campaign we installed a number of ranges, and the records of their operation prove conclusively that electric cooking is most desirable and economical.

Many customers have expressed regret that they did not take advantage of our very attractive price at that time, so we hope that they will not again let this opportunity pass.

Where desired we are extending payments over a period of twelve months.

Already a number have placed their orders, and we would suggest that you call at our office early and obtain full details of our plan.

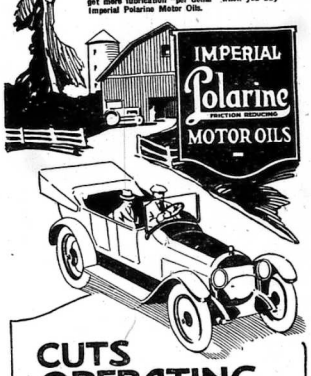
Quality maintains economy. You may pay ten "per gallon" for other lubricating oils, but you get more lubrication "per dollar" when you buy Imperial Polarine Motor Oils.



CUTS OPERATING COSTS-

THE economy of using Imperial Polarine Motor Oils extends over practically every item of motor operation.

The lubrication afforded at every friction point and the gas-tight pisten-to-cylinder seal means a big saving in fuel bills and a noticeable increase of power.

Through perfect protection of all motor parts, undue repair bills are avoided and depreciation is greatly reduced. By using Imperial Polarine Motor Oils you can save dollars this year on maintenance alone. Besides, you realize more profit and greater usefulness from your car.

Always use the grade of Imperial Polarine recommended on our Charts for your type of motor. See Charts at your dealer's or write to 56 Church Street, Toronto, for a copy of our interesting booklet, "Automotive Lubrication," which contains the complete Chart of Recommendations.

TWO INSPIRATIONAL ADDRESSES TO BE GIVEN AT CHAUTAUQUA.

The sort of lectures or addresses that inspire their hearers to wish to become of more account in life and to be better citizens have been classed as inspirational lectures and are always popular. Two such lectures will be given at Chautauqua, the first by William H. Steet, President of the International Lyceum and Chautauqua Association and a man of affairs who devoted a part of his time away from business delivering lectures. His theme when he speaks here will be "Seeing Life Whole", a very important matter to every individual in the world. There is much humor and entertainment in his address. The other inspirational speaker is a Canadian, Major Arthur Rannells, of Montreal, who will speak on "Sea Power and World Freedom". Major Rannells frequently crosses the line and tells large audiences in Boston or New York or Philadelphia that the sea power of Britain saved the freedom of the world in 1914, and they cheer him! Major Rannells saw the surrender of the German Fleet and will tell briefly of that interesting event at the close of the Great War. He is a speaker of rare power and sweeps his audiences into the enthusiastic current of his oratory.

NOTABLE DEVELOPMENT IN POULTRY BREEDING

The Experimental Farms of the Dominion are doing some excellent work in poultry breeding. After four or five years, birds and strains have been produced of exceedingly high productive capacity. At Kentville, N.S., eleven breeding pens contain birds that in their pullet year laid an average of 197 eggs, the highest bird laying 270 eggs in 52 weeks. At this station a Barred Rock pullet laid 104 eggs in 104 days. In sections where a few years ago ten or a dozen eggs a year from a hen were a rarety, there are now hundreds that run to from 153 to 250. In the Eastern Townships, Quebec, 266 eggs have been reached and from 150 to 200 is a common record. In the Prairie Provinces the Experimental Farms have reached high record. At Indian Head, Sask., last year 105 pullets had an average of 163.7 eggs, the highest being 292. At Lethbridge, Alta., the average production has increased two or three times over what it was nine or ten years ago. New Brunswick has a similar tale to tell, one hen at Fredericton reaching 256 eggs in a year. British Columbia, however, takes the palm. At the Agassiz Experimental Farm, 200 eggs are common and from 250 to 270 are not rare. At the Vancouver Island station 200 pullets gave an average of 193.97, 82 going above 200. The high production of 300 eggs in a year has been reached for one pullet. Hens that cannot lay 200 in a twelve month are not wanted and no cockerel is retained unless his mother laid 250 eggs in her pullet year. It should be noted that high class breeding stocks and eggs are available to the public from the Experimental Farms. This opportunity is being well taken advantage of, the demand for pedigree cockerels, through which the best egg laying results are obtained, far exceeding the supply.

Many children die from the assaults of worms, and the first care of mothers should be to see that their infants are free from these pests. A vermifuge that can be depended on is Miller's Worm Powders. They will not only expel worms from the system, but act as a health-giving medicine and a remedy for many of the ailments that beset infants, enfeebling them and endangering their lives.

The Comfort Costs You Nothing

Usually you pay for comfort and style.

But not in Goodyear Cord Tires.

The comfort from resiliency of these fine tires is a bonus. On the basis of mileage alone they cost less to use. The saving in car-depreciation, the saving in gasoline, the easier riding, are all clear profit to you.

Ask any motorist who uses Goodyear Cords if you want to know what real comfort is. Look over the cars which have been run thousands of miles on Goodyear Cords and note their good mechanical condition.

Inquire regarding Goodyear Cord Tire mileage for economy's sake. Note the tremendous increase in sales of these tires—because they cost less to use.

Certainly truck-owners are not much influenced by comfort or looks in buying tires. But Goodyear Cords dominate the pneumatic truck tire field. That's because both truck and tires cost less in the end.
